## OUR PLACE

### ***PRIORITY STATEMENT***

The Shire of Broome has an abundance of unique natural features, coastal attractions, significant streetscapes, historic precincts and a mix of old and new urban developments.

Our aim is for all communities and settled areas, including the Broom Township, to be a place where the natural environment, on which life depends, is maintained, whilst at the same time the built environment contributes to the economy and a quality lifestyle for all.

Preserving the Shire's natural environment is a critical community outcome. Council will put into place strategies that nurture and improve the Shire's unique environment and biodiversity.

The Shire will work in partnership with the community and other agencies to ensure responsible and accountable management of both the natural and build environments is achieved in the short term and for future generations.

## OUR PROSPERITY

### ***PRIORITY STATEMENT***

Our region has grown significantly over the past years in terms of population, economy and industry – this will continue! Balancing ecological sustainability with economic growth and retaining the 'look and feel' of Broome and its environs are an ongoing challenge for the region. Encouraging appropriate investment and business development opportunities to ensure a strong, diverse economic base is essential for community prosperity and the success of our future generations.

Focusing on developing clear pathways linking education with employment for our youth and the community at large is essential as we aim to retain our local people and continue to build a skilled and highly motivated workforce.

Business and Industry partnerships must be fostered to ensure sustainable economic growth is achieved, along with the provision of affordable and equitable services and infrastructure. Ensuring development meets community needs and legislative requirements whilst creating close community relationships and enhancing our understanding of local heritage and cultural issues will continue to be a major focus. The built environment must contribute to the economy, long term viability of the region and provide a quality lifestyle for all.
