

PARTIAL ROAD CLOSURE BROOME - CAPE LEVEQUE ROAD

Users of the Broome Cape Leveque Road are advised of the proposed partial road closure of a section of the Broome – Cape Leveque Road from the end of the bitumen south of the Manari Road turn-off to the start of the northern sealed section south of Beagle Bay, to all classes of vehicles of gross vehicle mass (GVM) 11 tonnes or more for the 2017/2018 wet season.

The wet season commences from when appreciable rain occurs, or from 1 December 2017 (whichever occurs first) through to 31 March 2018.

Exemption permits will be only considered for heavy vehicles in excess of 11 tonne GVM when assessed as providing transport servicing the essential needs of Peninsula Communities or as otherwise determined by the CEO.

The load limit will be strictly enforced in the interests of keeping the road open for all Community traffic for as long as possible and for emergency purposes.

All other 4WD road users are advised to restrict use during heavy rain periods, or when water is flowing on the road.

The road may also be totally closed to ALL traffic at short notice, during very wet periods.

Submissions from any person/s who may be affected by the partial road closure will be received up until noon Friday 17 November 2017. These should be addressed to the CEO, Shire of Broome, PO Box 44, Broome WA 6725 or Fax 9191 3455.

All enquiries should be made to the Infrastructure Department on 9191 3408.

Sam Mastrolembo
Chief Executive Officer
