Subject: Memorial seat at Old Broome Jetty

Broome Shire Council
Broome 6725

Dear Broome Shire Councillors,

I am writing to you today to ask that you will support my request for a seat to be placed at the end of the old Broome Jetty at Town Beach.

I am asking that the seat be built in remembrance of my son Ron Foy who recently passed away and whom visited the site since childhood.

Being a sea person of Yawuru decent he had a strong cultural connection to that area therefore seat at the site would hold a great significance for him and our family, culture and heritage.

This proposed seat will cater for all people who go out to see the staircase to the moon as well as people that just want to sit & look across the bay.

I hope that the council will look favourably on my request.

Yours faithfully,

Elsta Foy
