as at period end**

Unrestricted	\$ 10,971,962
Restricted	\$ 38,125,784
	\$ 49,097,746

Receivables

Rates	\$ 6,182,708
Other	\$ 3,040,058
	\$ 9,222,766

Rates Receivable (Refer Note 6)

**Accounts Receivable Ageing (non-rates)
(Refer Note 6)**

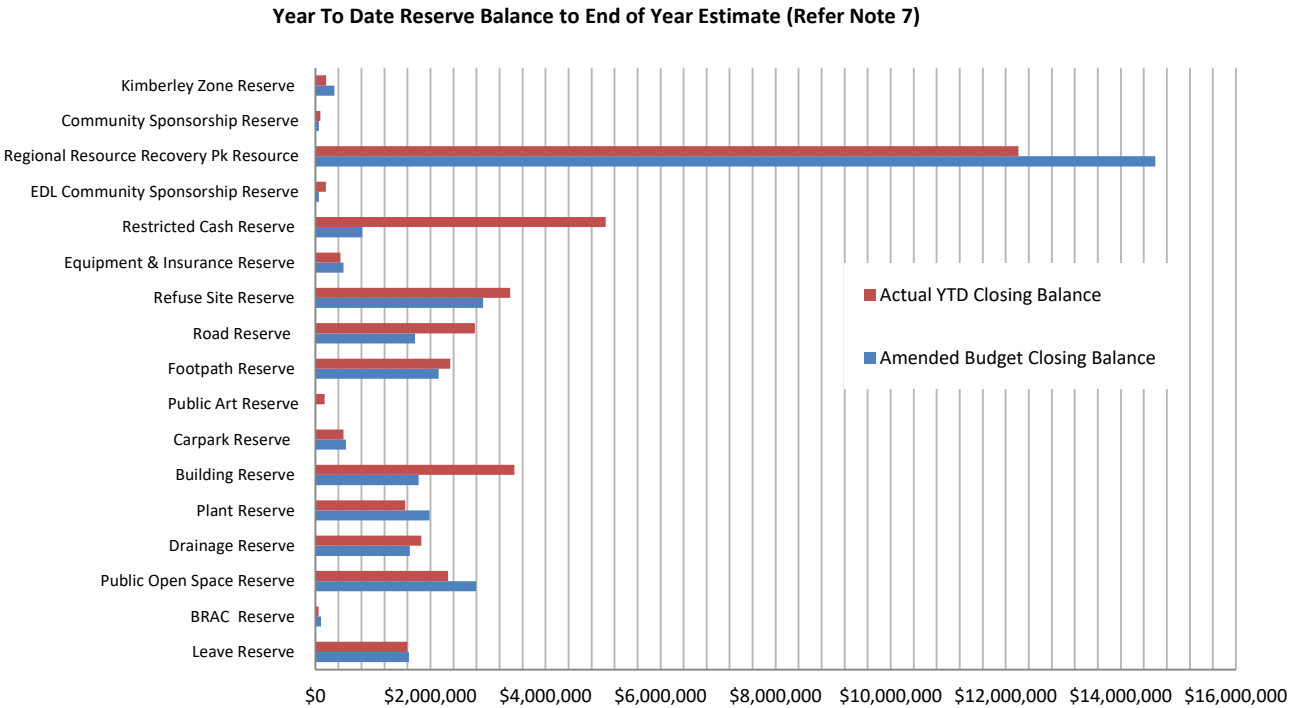

Comments

- Liquidity refers to the Shire of Broome's ability to meet its financial obligations within the current year. Liquidity increased at the start of the financial year by \$23.199M due mainly to the issuance of rates. Liquidity is a combination of unrestricted cash, Current Debtors (including Rates), and Current Creditors. The Shire of Broome's current position (representing liquidity) can be found in Note 3. The recognition of Reserve transfers has also occurred in June 2018 reducing liquidity significantly, as demonstrated by the sharp decline between May and June 2018.
- Rates were raised in July with payment due 35 days after issuing. Total Rates raised for the year was \$22.35M with total outstanding rates YTD at \$6.18M.

This information is to be read in conjunction with the accompanying Financial Statements and notes.

Shire of Broome
Monthly Summary Information
 For the Period Ended 30 November 2018

Comments

*Amended Budget Closing balance is the forecast of the closing balance after all budgeted transfers to and from reserve have been performed. At this time there have been no transactions to or from reserve other than to recognise interest earned on reserve investments. All interest earned on Reserve investments is recorded on reserve at the end of each month.

This information is to be read in conjunction with the accompanying Financial Statements and notes.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting

This statement comprises a general purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Critical Accounting Estimates

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

(b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 11.

(c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

(d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

(e) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable.

The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

(g) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

(h) Inventories

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land Held for Resale

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

(i) Fixed Assets

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead.

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

Buildings	40 to 50 years
Construction other than Buildings (Public Facilities)	40 to 50 years
Furniture and Equipment	10 years
Plant and Equipment	4 to 15 years
Roads	15 to 100 years
Footpaths	50 years
Sewerage Piping	60 years
Water Supply Piping and Drainage Systems	60 years

(k) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

(l) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

(ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

Borrowing Costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

(n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

(o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for resale where it is held as non current based on Council's intentions to release for sale.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Nature or Type Classifications

Rates

All rates levied under the Local Government Act 1995. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges.

Operating Grants, Subsidies and Contributions

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

Non-Operating Grants, Subsidies and Contributions

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

Profit on Asset Disposal

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

Fees and Charges

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

Service Charges

Service charges imposed under Division 6 of Part 6 of the Local Government Act 1995. Regulation 54 of the Local Government (Financial Management) Regulations 1996 identifies the These are television and radio broadcasting, underground electricity and neighbourhood surveillance services. Exclude rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Interest Earnings

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

Other Revenue / Income

Other revenue, which can not be classified under the above headings, includes dividends, discounts, rebates etc.

Employee Costs

All costs associate with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Materials and Contracts

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

Utilities (Gas, Electricity, Water, etc.)

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(q) Nature or Type Classifications (Continued)

Insurance

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

Loss on asset disposal

Loss on the disposal of fixed assets.

Depreciation on non-current assets

Depreciation expense raised on all classes of assets.

Interest expenses

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

Other expenditure

Statutory fees, taxes, provision for bad debts, member's fees or levies including WA Fire Brigade Levy and State taxes. Donations and subsidies made to community groups.

(r) Statement of Objectives

Council has adopted a 'Plan for the future' comprising a Strategic Community Plan and Corporate Business Plan to provide the long term community vision, aspirations and objectives.

Based upon feedback received from the community the vision of the Shire is:

"A thriving and friendly community that recognises our history and embraces cultural diversity and economic opportunity, whilst nurturing our unique natural and built environment."

The Strategic Community Plan defines the key objectives of the Shire as:

Our People Goal - Foster a community environment that is accessible, affordable, inclusive, healthy and safe.

Our Place Goal - Help to protect the natural and built environment and Cultural heritage of Broome whilst recognising the unique sense of place

Our Prosperity Goal – Create the means to enable local jobs creation and lifestyle affordability for the current and future population.

Our Organisation Goal – Continually enhance the Shire's organisational capacity to service the needs of a growing community."

(s) Reporting Programs

Council operations as disclosed in this statement encompass the following service orientated activities/programs:

GOVERNANCE

Expenses associated with provision of services to members of council and elections. Also included are costs associated with computer operations, corporate accounting, corporate records and asset management. Costs reported as administrative expenses are redistributed in accordance with the principle of activity based costing (ABC).

GENERAL PURPOSE FUNDING

Rates and associated revenues, general purpose government grants, interest revenue and other miscellaneous revenues such as commission on Police Licensing. The costs associated with raising the above mentioned revenues, eg. Valuation expenses, debt collection and overheads.

LAW, ORDER, PUBLIC SAFETY

Enforcement of Local Laws, fire prevention, animal control and provision of ranger services.

HEALTH

Health inspection services, food quality control, mosquito control and contributions towards provision of medical health services.

SHIRE OF BROOME
NOTES TO THE STATEMENT OF FINANCIAL ACTIVITY
For the Period Ended 30 November 2018

1. SIGNIFICANT ACCOUNTING POLICIES (Continued)

(s) Reporting Programs (Continued)

HOUSING

Provision and maintenance of rented housing accommodation for pensioners and employees.

COMMUNITY AMENITIES

Sanitation, sewerage, stormwater drainage, protection of the environment, public conveniences, cemeteries and town planning.

RECREATION AND CULTURE

Parks, gardens and recreation reserves, library services, television and radio re-broadcasting, swimming facilities, walk trails, youth recreation, Shark Bay World Heritage Discovery and Visitor Centre, boat ramps, foreshore, public halls and Shark Bay Recreation Centre.

TRANSPORT

Construction and maintenance of roads, footpaths, drainage works, parking facilities, traffic control, depot operations, plant purchase, marine facilities and cleaning of streets.

ECONOMIC SERVICES

Tourism, community development, pest control, building services, caravan parks and private works.

OTHER PROPERTY & SERVICES

Plant works, plant overheads and stock of materials.

Net Current Funding Position		17,602,878	4,346,502	24,947,550

Note 3 - Liquidity Over the Year

Comments - Net Current Funding Position

The budget was adopted at the OMC 28 June 2018. It was presented to Council with a predicted carried forward surplus of \$3,763,179.

The Rounding and Timing Adjustment is calculated by subtracting the sum of current assets less current liabilities and cash reserves from the YTD funding surplus (see page 7).

A full list of all budget amendments can be found Note 5.

Comments/Notes - Investments

*Note - The total of Restricted Cash balances to the reserves on Note 7

**NOTE - Payment Timing adjustments indicate payments that have been recorded on the ledger but have yet to be paid out of the bank. The bank accounts are reconciled monthly to ensure no discrepancies occur.

‡Note - A discrepancy between Trust balance and the balance of Note 11 is a result of money in transit, either as a refund or a payment, or an unrepresented cheque.

Comments - Rating Information

NOTE - This note represents the budgeted rating and back rating revenue expected for the 2017/18 financial year. The Statement of Financial Activity (by Reporting Program) examines the reporting program for rates which also includes other items, such as debt recovery and rates instalments charges, which are not represented in this table as they do not form part of ordinary rates modelling.

SHIRE OF BROOME
Monthly Statement of Financial Activity
For the Period Ending 30 November 2018

Appendix A: SUPPLEMENTARY NOTES TO THE MONTHLY REPORT

NOTES TO THIS MONTH'S REPORT

OVERVIEW

For the period ended 30 November 2018, the following are key indicators supporting the year to-date budget position with respect to the Annual Forecast Budget:

Budget Year elapsed	41.92%
Total Rates Raised Revenue	100% (of which 73.1% were paid)
Total Other Operating Revenue	39%
Total Operating Expenditure	38%
Total Capital Revenue	17%
Total Capital Expenditure	19%
Total Sale of Assets Revenue	0%

The budget was adopted at the Ordinary Meeting of Council on 28 June 2018. Council adopted a balanced annual budget, which included a net carried forward balance of \$3,763,179, being \$2,163,471 of carry-over projects, plus \$1,599,708 Financial Assistance Grants received in advance.

It should be noted that the end of financial year (EOFY) processes are now complete and the Annual Financial statements were presented to the Audit Committee on 22 October 2018 before the recommendations were presented to the Ordinary Meeting of Council on 25 October 2018. The final report included recommendations for the use of an additional \$583,320 in carried forward surplus. These recommendations were approved by Council and incorporated into the 2018-19 budget.

More information on the Shire's current position can be found on Note 3 of these Financial Statements.

The details of all amendments year-to-date can be found on Note 5 of the Financial Report.

ADJUSTMENTS TO DETERMINE THE CASH POSITION

Budget Allocations

No amendments for Wages, Overhead and Plant Costs have been made this year.

CURRENT POSITION

Currently, to the end of November, the current position stands at \$17.6M.

Cash

Total Cash Assets are now \$49.1M having decreased by \$5.28M.

The major revenue items this month include receipt of:

- \$407K from Australian Taxation Office for BAS & Fuel Tax credits for October 2018;
- \$357K from Government of WA for Financial Assistance Grants Q2,
- \$231K from Department of Infrastructure for Roads to Recovery Grant,
- \$66K from Broome Toxfree for Waste Management Facility charges,
- \$65K from Main Roads WA for Black Spot & Remote Access Road funding.

The major expenditure items this month include payments of:

- \$1.95M to Roadline Civil Contractors for Town Beach Seawall Revetment;
- \$673K to Roadline Civil Contractors for WANDRRA restoration works,
- \$622K to Roadline Civil Contractors for Napier intersection upgrade,
- \$579K to Downer EDI Works Pty Ltd for Carnarvon Street upgrade,
- \$310K to Roadline Civil Contractors for Roebuck Bay Lookout construction.

Receivables

Sundry debtors including GST refundable stand at \$3.04M, an increase of \$0.7M. This includes invoices to Main Roads WA for \$857K for WANDRRA & Black Spot funding.

Rates and rubbish debtors stand at \$6.51M. Annual rates were raised on 19 July 2018 with due date of 23 August 2018. Rates & Rubbish debtors will continue to reduce throughout the year as ratepayers on instalment and payment plans continue to pay their rates.

Other Assets

These stand at \$85.2K having increased by \$3.7K since the previous month.

Cash Liabilities

These stand at \$566K. This represents our obligation on our outstanding loans.

Creditors and Payables

Sundry Creditors are \$1.79M, as a significant portion of the increased receipt of invoices for the infrastructure works in Chinatown have been paid.

Other Payables comprising Tax Payable, FESA Levy Collected, Accrued Loan Interest, Prepayments Received and accruals stand at \$589K.

Employee Provisions and Accruals

In the normal course of events, these figures are adjusted in June and July each year by end of year accounting adjustments.

Current leave provisions are \$2.22M (Non-current leave provisions are \$469K). Accruals to reflect the year end position have been completed for the 2017-2018 year.
