

AGENDA

FOR THE

ORDINARY MEETING OF COUNCIL

27 JULY 2023

NOTICE OF MEETING

Dear Council Member,

The next Ordinary Meeting of Council will be held on Thursday, 27 July 2023 in the Council Chambers, Corner Weld and Haas Streets, Broome, commencing at 5:00PM.

Regards,

S MASTROLEMBO
Chief Executive Officer

21/07/2023

Our Mission

"To deliver affordable and quality Local Government services."

DISCLAIMER

The purpose of Council Meetings is to discuss, and where possible, make resolutions about items appearing on the agenda. Whilst Council has the power to resolve such items and may in fact, appear to have done so at the meeting, no person should rely on or act on the basis of such decision or on any advice or information provided by a Member or Officer, or on the content of any discussion occurring, during the course of the meeting.

Persons should be aware that the provisions in section 5.25 of the *Local Government Act 1995* establish procedures for revocation or rescission of a Council decision. No person should rely on the decisions made by Council until formal advice of the Council decision is received by that person. The Shire of Broome expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any resolution of Council, or any advice or information provided by a Member or Officer, or the content of any discussion occurring, during the course of the Council meeting.

Should you require this document in an alternative format please contact us.

SUMMARY:

The draft Arts and Culture Strategy (2023 – 2028) was endorsed for a four-week public comment period at the Ordinary Meeting of Council held on 27 April 2023. Feedback received during the public comment period and proposed amendments were presented to the Arts, Culture and Heritage Community Reference Group on 17 July 2023 for consideration and endorsement of the final document.

This report requests Council consider the feedback submitted and adopt the final Arts and Culture Strategy and Action Plan (2023 – 2028) as recommended by the Arts, Culture and Heritage Community Reference Group.

BACKGROUND

Previous Considerations

The Shire commenced work on the development of an Arts and Culture Strategy in 2018. Information and background on all previous Council considerations are available in the Council minutes listed below:

SMC 3 November 2020	Item 6.2.1
OMC 10 December 2020	Item 11.11.1
OMC 28 October 2021	Item 5.4.1
OMC 24 February 2022	Item 9.1.1
OMC 27 April 2023	Item 9.1.1

To support the development of the Arts and Culture Strategy the Arts Culture and Heritage Community Reference Group (ACHRG) was reconvened in February 2022.

In early 2022 Shire officers conducted a Request for Quotation (RFQ) process for the development of an Arts and Culture Strategy. Element Advisory were appointed as the successful consultants for this project in April 2022.

At the Ordinary Meeting of Council (OMC) held 27 April 2023 Council endorsed to advertise the draft Arts and Culture Strategy for a 4 week public comment period.

COUNCIL RESOLUTION:

(REPORT RECOMMEDATION)**Minute No. C/0423/004****Moved: Cr D Male****Seconded: Cr H Tracey****That Council:**

- 1. Endorses the release of the Draft Arts and Culture Strategy 2023 – 2028 for public comment for a four (4) week period subject to minor amendment;**
- 2. Requests the Chief Executive Officer provide a report to the Arts, Culture and Heritage Community Reference Group on the submissions received through the public consultation period and seek final endorsement of the Arts and Culture Strategy and Action Plan 2023 – 2028;**
- 3. Requests the Chief Executive Officer presents the final Arts and Culture Strategy and Action Plan 2023 – 2028 for Council consideration of adoption; and**
- 4. Notes that a new Arts, Culture and Heritage Reference Group Chairperson will be appointed at Item 9.4.4 in the Agenda.**

COMMENT

The draft Arts and Culture Strategy (2023 – 2028) recognises the importance of arts, culture, and heritage to the region whilst determining the sector's needs and long-term ambitions.

Working in partnership with the local sector and the community, the Strategy develops a strategic pathway for how the Shire's arts and cultural resources can most effectively be used to strengthen and support local arts and culture and reflect the significant value of the sector.

The following vision statement was developed to reflect the shared goal for arts and culture in the shire of Broome. The vision is aspirational and looks five years into the future where the arts and culture sector's current strengths are maintained and enhanced, development areas are improved, and potential is nurtured.

In five years' time, the Shire of Broome is:

A place where diverse arts, culture and heritage create a vibrant future for everyone.

The following priorities of the Strategy were developed through stakeholder consultation and respond to the needs of the arts and culture sector and the Shire's overarching strategic goals:

- Celebrate cultural diversity
- Strengthen collaboration and advocacy
- Increase engagement and advocacy
- Increase engagement and accessibility
- Build sector sustainability
- Develop creative spaces

The draft Arts and Culture Strategy (2023 – 2028) was endorsed for a four-week public comment period at the Ordinary Meeting of Council held on 27 April 2023.

The public comment period was advertised from 8 May – 5 June 2023. During the public comment period officers executed the following activities to promote the Arts and Culture Strategy and requested feedback:

- Social media (16 May, 20 May, and 22 May)

- Press release (16 May)
- Shire website
- Newspaper (Broome Advertiser)
- Newsletter
- Targeted mail outs to the Arts and Culture industry (5 June)
- Arts Industry information session (22 May)
- Broome Boulevard Stall (26 May)

A pop-up information stall was held at the Broome Boulevard on Friday 26 May 2023, where the CEO and officers engaged with the community on the draft strategy. The stall was promoted by Shire officers on the Shire website and social media.

The Shire of Broome held an Arts Industry evening on Monday 22 May 2023 to provide an overview of the draft strategy and enable questions to be asked of the Shire and the strategy Consultant, Element Advisory. Key stakeholders attended from several local organisations including:

- Kimberley Arts Network
- Shinju Matsuri
- YUCK Circus
- Theatre Kimberley

Public comment submissions were reviewed by officers and Element Advisory. A copy of the Public Submission Summary is attached to this report (**Attachment 1**).

Relevant amendments were made to the draft strategy and presented to the ACHRG on 17 July 2023 for consideration.

The ACHRG resolution follows:

RESOLUTION:

That the Arts, Culture and Heritage Community Reference Group:

1. Notes the feedback on the Arts and Culture Strategy and Action Plan (2023 – 2028) received through the public consultation period; and

2. Recommends that Council adopts the final Arts and Culture Strategy and Action Plan (2023 – 2028). Subject to the following revision: 'Broome cluster schools' to be replaced with 'All schools within the shire of Broome' within actions 3.4, 3.14, and 3.16.

CARRIED BY GENERAL CONSENSUS

This revision has been made to the final Arts and Culture Strategy 2023 – 2028 (**Attachment 2**).

Further to this, one of the public submissions suggested that a concise version of the strategy, specifically outlining the relevance to remote communities, be developed in the hopes that this would be disseminated amongst community members more effectively. This was supported by officers and Element Advisory have since developed a remote community action extract (**Attachment 3**).

Officers recommend that Council notes the feedback received through the public consultation period and adopts the final Arts and Culture Strategy and Action Plan (2023 – 2028).

CONSULTATION

Element Advisory were appointed as consultants to develop the Arts and Culture Strategy. The full consultation report is attached to this report **(Attachment 4)**.

STATUTORY ENVIRONMENT

Nil

POLICY IMPLICATIONS

Public Art Policy

FINANCIAL IMPLICATIONS

While the Arts and Culture Strategy has been developed to be implemented within current Shire resources, it was recommended that additional financial support was considered to deliver certain elements of the action plan.

RISK

Community dissatisfaction with strategy

As the arts sector rejected the draft Arts Strategy released for public comment in 2020, there is a risk that this will be the case again. However, this risk has been mitigated by significantly improved engagement with the community and a well promoted public comment submission period.

STRATEGIC ASPIRATIONS

People - We will continue to enjoy Broome-time, our special way of life. It's bursting with energy, inclusive, safe and healthy, for everyone

Outcome 4 - An inclusive community that celebrates culture, equality and diversity

Objective 4.1 Grow knowledge, appreciation and involvement in local art, culture and heritage.

Objective 4.2 Align services to meet diverse community needs.

VOTING REQUIREMENTS

Simple Majority

REPORT RECOMMENDATION:

That Council:

1. *Notes the feedback on the Arts and Culture Strategy (2023 – 2028) received through the public consultation period **(Attachment 1)**;*
2. *Supports the recommendation of the Arts, Culture and Heritage Community Reference Group and adopts the Arts and Culture Strategy (2023 – 2028) **(Attachment 2)**; and*

3. *Requests the Chief Executive Officer to formally thank individual members of the Arts, Culture and Heritage Community Reference Group for their contributions through the process.*

Public Comment Submissions - Draft ArtA1:G25s & Culture Strategy					
Number	Name/	Submission comments	Summary of Submission	Local Government Comment	Local Government Recommendation
1	Nathan McIvor – Djarindjin Aboriginal Corporation	General Very thorough documents, excellent reading and obvious consultation completed.	Professional document.	Positive feedback.	Noted, no changes required.
		Documents are professional information is succinct and inclusive.			
		Remote Art Recognition Concern there are no photos of remote art installations or workshops that have occurred in the Shire, too Broome centric.	Lack of photos of remote art installations.	Shire officer to contact respondent and request photos of remote art installations for inclusion in the plan.	Two photos provided by Djarindjin community added (now page 22 and 23)
		Remote Art Organisations Obviously, a high-level document, not something that most remote councils would read to its entirety and unlikely to be disseminated amongst community members.	High level document Consideration of challenges for remote art organisations.	Develop a 'strategy on a page' summary that would directly reference actions relating to remote arts organisations.	Element to develop summary of strategy for remote arts organisations.
		Actions must be attainable, in a Broome context this would be achieved, remotely this would take some work, I believe this needs to be recognised a little more. i.e. arts organisations are very active in Broome, not so much remotely and their access to audiences is underpinned by their very remoteness and sometimes inaccessibility.			
	Funding It would be interesting to know what percentage of funding is provided for remote art projects, whether this is factored in or ad hoc. No criticism here just a question.	Funding for remote art projects.	There is no funding pre-allocated. Shire officer to review guidelines for Community Development Fund to include 'Arts and Culture' as a priority area.	Noted, no changes required.	

2	Martin Johnston - Community member	<p>Kimberley Centre of Art, Culture and Story Medium term aim to establish a Kimberley Centre for Art.(Hub)</p> <p>This could be an existing building such as Courthouse (if relocated), current Museum, (if relocated). Both have good visitor location, access & indoor /outdoor 'Creative space'.</p> <p>Longer term alternative, work with Yawuru to develop on Prison site. (Location, access)</p>	Location of Kimberley Centre of Art, Culture and Story.	The Shire has partnered with Nyamba Buru Yawuru to develop a business case for the Kimberley Centre of Art, Culture and Story which is currently under review. Potential locations have been explored.	Noted, no changes required.
		<p>Visitor Engagement 400,000 visit Broome annually, spend 200 million (Broome investment document) Many stay with Broome & Cable Beach commercial Accommodation providers. Most are looking to experience some Broome culture and have money to spend! They are also relatively easy to reach via their 'Accommodation providers'.</p> <p>Shire 'Engagement Officer' could prepare a weekly 'What's On' News A4 & A3 (Poster) formats, email to Accommodation Providers (nominated coordinator for Visitor info)</p> <p>Location & Be Bus 'how to get there & back' info should be included. Often presumption is made Visitors know what's on , what to do , how to get around, Many DON'T & leave Broome, not having the experience they could have.</p> <p>Accommodation providers can / should Help convey this info. If anything, Be Bus should receive some funding to be even more effective. The Golf Club would be a MUST VISIT. Horse races couldn't exist without Be Bus Service.</p>	Increase visitor engagement.	The Shire's Economic Development Strategy (2021-2026) identifies existing strengths to be maximised and potential opportunities to be pursued, while mapping out a future path to affluence and prosperity. An action within the Economic Development Strategy includes: <i>Fund a financial contribution to the operations of Broome Visitor Centre, Australia's North West Tourism and Cruise Broome.</i>	Noted, no changes required.
		<p>Economic Development Shire Strategic Objective: Arts&Culture/general Limit over-reliance & costs of funding by boosting Attendances & \$Spend Be PROACTIVE to communicate to & engage Visitors in Broome Arts & Culture</p> <p>Be PROACTIVE to improve Visitor experiences, appreciation, endorsement of Broome & Cable Beach. Important to focus on Economic development & improving Economic viability.</p> <p>Some actions don't have to cost a lot of money, just management direction & coordination. Opportunity for this document to be presented in a manner to positively portray Broome as a future Arts & Culture HUB for the Kimberley.</p>	Economic Opportunities.	The Broome Growth Plan (Growth Plan) is a key component of the Western Australian (WA) State Government's Regional Centres Development Program (RCDP). The RCDP aims to bring sustainable, long-term growth to regional centres by stimulating business and innovation in key regional towns.	Noted, no changes required.

3	Clancy McDowell - Kimberley Arts Network	<p>Digital platform for remote communities' art sales</p> <p>Action 1.4 - This requires a great deal more consideration. This is a large-scale undertaking and would require ongoing daily web management and funding (and responsibility for this is undetermined). Individual art centres traditionally run their own websites. A more viable and targeted approach would be to advocate for opportunities or support for individual communities who are actively developing their own art centres – that way they can run and manage their own online platform.</p>	<p>Consideration of action 1.4 - <i>Advocate for a digital platform for remote communities' art sales.</i></p>	<p>Reword action 1.4 as per respondents' recommendation.</p>	<p>Element to reword action 1.4 - <i>'Advocate for art centres to create digital platforms for remote art sales'</i></p>
		<p>Bi-annual arts and culture sector networking and professional development evenings</p> <p>Action 2.3 - Initially this indicates that there would only be one meeting every 2 years, but I understand it's twice a year. Clarity around the phrasing here is advised.</p>	<p>Bi-annual terminology.</p>	<p>Reword action 2.3 as per respondents' recommendation.</p>	<p>Element to reword action 2.2 - <i>Advocate for arts and culture sector networking and professional development evenings to be hosted in different arts spaces twice a year.</i></p>
		<p>Recognition of Visual Arts programs</p> <p>Action 3.13 - KAN is strongly in favour of this – however, it needs to indicate that arts includes VISUAL ARTS and not simply physical theatre or circus. KAN is currently working on ways to deliver arts programs for youth and this point is directly relevant to that current issue: lack of funding or support is styming ability for young people to engage in visual arts.</p>	<p>Consideration of action 3.13 - <i>Partner with organisations providing youth programs to seek funding for subsidised program participants and Advocate for the introduction for a Kidsport-like program for arts activities.</i></p>	<p>Reword action 3.13 to 'Arts and Culture activities' and change wording throughout plan for consistency.</p>	<p>Element to reword action 3.13 - <i>Partner with organisations providing youth programs to seek funding for subsidised program participants and Advocate for the introduction for a Kidsport-like program for Arts and Culture activities.</i> Element to change 'arts activities' to 'Arts and Culture activities' throughout plan for consistency.</p>
		<p>Creative Spaces</p> <p>Again, the visual arts have been disregarded. The opening line states "The presentation of locally-created, nationally and internationally renowned performances in Broome can be supported to reach its full potential through a strategic focus on creative spaces". During the community forum and direct conversations with Element and Shire (as well as knowing what other visual artist and communities have discussed), there was a repeated emphasis to develop better exhibition space and even a Regional Gallery. However, this Priority appears to indicate that performing arts are the only artform that requires dedicated space. While the necessity for fit-for-purpose exhibition space is acknowledge in dot point 5, this opening line should state "The presentation of locally-created, nationally and internationally renowned visual and performing arts in Broome can be supported to reach their full potential through a strategic focus on fit-for-purpose creative spaces".</p>	<p>Recognition of Visual Arts in Priority: De</p>	<p>Reword description on Page 58 as per respondents recommendation.</p>	<p>Element to reword description on page 60 - <i>The presentation of locally-created, nationally and internationally renowned visual and performing arts in Broome can be supported to reach their full potential through a strategic focus on fit-for-purpose creative spaces.</i></p>
		<p>Regional Arts Hub Coordinator</p> <p>One final note is about how the Strategy is rolled out. This point was raised in the community meeting and KAN concurs: there are many points in which the role of the Regional Arts Hub Coordinator plays a part. That Hub role is funded philanthropically via a not-for-profit organisation (RAWA) and is currently only for 2 days a week. The actual capacity of that role to undertake all the actions mentioned in this strategy is quite optimistic. There appears to be a lot of eggs placed in that basket and there is no guarantee that that role is going to continue functioning in the same way, or growing to encompass that items identified in this strategy. Without additional support (e.g. from DLGSC) it is difficult to see how all that can be achieved within the limited scope of that current role.</p>	<p>Capacity of Regional Arts Hub Coordin</p>	<p>Actions in plan have been developed in collaboration with Regional Arts Hub Coordinator who has confirmed capacity and actions. Action 2.6 relates to supporting the development of the role - <i>Advocate for the State and Federal Government to increase support for the Regional Arts Network Hub through coordinated advocacy activity with relevant partners.</i></p>	<p>Noted, no changes required.</p>

4	Claire Wilson - Australia's North West Tourism	<p>General</p> <p>Thank you for publicly sharing your Arts and Culture Strategy and Action Plan (2023-2028). Australia's North West are pleased to see the strategy addresses the future needs of the local community and feels as though you have given reasonable consideration to all of the relevant stakeholders. We believe it aligns well with some of our key objectives in our Operational Plan and look forward to continuing to work collaboratively in developing our Shire.</p>	Future needs and key objectives.	Positive feedback.	Noted, no changes required.
5	Hannah Trewartha - Broome North Primary Music Specialist / Broome Town Band	<p>General</p> <p>Action 2.1 - Having a letter as a guide for all community groups and artists to seek funding is hugely helpful and Broome Town Band would be most grateful to be part of the list of those who have access to this.</p> <p>Action 2.4 - An ongoing group is so essential and it would be great to see a wider range of members from each of the Arts and cultural groups in Broome, including the Broome Town Band.</p> <p>Action 4.3 - Facilities in Broome are limited and often beyond a community group's budget. This is great to see and acknowledge that you are supporting local groups. It would be nice if this could support the education sector too as hiring venues for schools takes the budget far beyond allowing them to hire them.</p> <p>Action 4.10 - An annual showcase is a wonderful thing. Including the education sector in this would automatically bring you an audience through family and friends of the children involved. And if there is a way that this could be beyond just a 'visual' arts showcase somehow that would be another drawing factor to bringing in people to it.</p> <p>Action 5.2 - Fabulous for Broome Town Band to tap into.</p> <p>Recognition of schools</p> <p>Action 3.4 - Please include all schools in this dot point. You may like to cover this by saying Broome Cluster schools and St Mary's College. This dot point should not be exclusive to the high school system.</p> <p>Action 3.14 - As 3.4, all schools to be involved</p> <p>Action 3.16 - As 3.4, all schools to be involved. Wording to be extended to 'connections between visiting visual and performing artists/artworkers'... the performing arts feels as though it has been ignored in this dot point.</p> <p>Musical instruments</p> <p>Action 3.11 - I love this dot point but find it very left of field in comparison to everything else on the strategy. How can this be furthered to have more direction and a focal area. Is it focused on the communities or local Broome region. What kind of instruments? How will there be an education to support the access to them? What is the purpose of the instruments being provided? As the coordinator of the Broome Instrumental School Services Brass Band program I would like to offer a conversation to see if I can help you further this.</p> <p>Recognition of Visual Arts programs</p> <p>Action 4.15 - The wording of artist and artworkers feels very limiting to visual arts only. Could this be changed to 'all artists and artworkers' as performing arts to have a right to seek funding. Potential partners here needs to have Artist of the Kimberley as well.</p> <p>In-kind venue hire</p> <p>Action 5.1 - Why is this limited to 'junior' services only?</p>	<p>Support for actions.</p> <p>Recognition of all schools in Broome.</p> <p>Consideration of action 3.11 - <i>Advocate for improved access to musical instruments for children and young people in the shire.</i></p> <p>Consideration of action 4.15 - <i>Partner with funding bodies and industry experts to deliver an arts business professional development program for artists and artworkers including those within remote communities.</i></p> <p>Consideration of action 5.1 - <i>Provide in-kind hire of rehearsal and activity space at the Broome Recreation and Aquatic Centre to arts and cultural activities servicing 'juniors' and investigate the extension of this provision to not-for-profit arts activities for young people at the Broome Civic Centre.</i></p>	<p>Positive feedback.</p> <p>Reword potential partners against actions 3.4, 3.14 and 3.16 as per respondents recommendation. Reword action 3.16 to align with terminology throughout plan 'Arts and Culture'.</p> <p>Action 3.11 was developed in consultation with Tonchi McIntosh from Grass Roots Records.</p> <p>Reword action 4.15 to align with terminology throughout plan 'Arts and Culture'.</p> <p>Consistent with Shire Council position on waiving junior fees to increase youth participation.</p>	<p>Noted, no changes required.</p> <p>Element to reword potential partners against 3.4,3.14 and 3.16 - <i>Broome Cluster Schools and St Marys College. Element to reword action 3.16 - Facilitate connections between visiting arts and culture workers and local schools to value-add visits and engage students with the sector.</i></p> <p>Noted, no changes required.</p> <p>Element to reword action 4.15 - <i>Partner with funding bodies and industry experts to deliver an arts business professional development program for arts and culture workers including those within remote communities.</i></p> <p>Noted, no changes required.</p>

6	Jacqueline Twomey - Kimberley Development Commission	Kimberley Arts and Culture Strategy	Removing the mention of the Kimberley	Remove action 2.2 - <i>Partner with Kimberley Development Commission to develop the Kimberley Arts and Culture Strategy</i> . Reword action 2.10 to remove mention of Kimberley Arts and Culture Strategy.	Element to remove action 2.2 - <i>Partner with Kimberley Development Commission to develop the Kimberley Arts and Culture Strategy</i> . Element to reword action 2.9 - <i>Advocate for the Kimberley's arts and culture needs to be appropriately included in State and Federal government policy and programs, participation in region-wide advocacy activities, and building advocacy relationships with neighbouring Local Government Authorities</i> .
		Action 2.2 - KDC are no longer developing a Kimberley Arts and Culture Strategy. Instead the direction is to focus on developing a published study that examines the social return / investment of creative arts in the region. The study will enable stakeholders to advocate for increased funding and investment. Jacqueline Twomey from KDC is a contact who can answer any questions - jacqueline.twomey@kdc.wa.gov.au			
		2.10 - Remove wording of Kimberley Arts and Culture Strategy			
		Potential partner Action 2.13 - Consider including Dept Local Government Sport and Cultural Industries as potential	Consideration of potential partner against action 2.13 - <i>Advocate for shared arts and Culture impact measurement tools across regional WA</i> .	Include Department of Local Government, Sport and Cultural Industries as a potential partner against action 2.13.	Element to add Department of Local Government, Sport and Cultural Industries as a potential partner against action 2.12 - <i>Advocate for shared arts and Culture impact measurement tools across regional WA</i> .
Additional changes made to final document, not directly linked to individual public submissions					<p>Additional text added to pop-out box on Introduction page: Throughout this document, the term 'arts and culture' has been used to encompass all artforms, including but not limited to visual arts, performing arts, literature, music, and screen arts.</p> <p>Page 29: deleted 'showing the key consultation points feeding into each priority', as these were removed in a previous round of edits</p> <p>Page 42 - fixed typo in fourth dot point</p> <p>Action 3.5 fixed typo in action wording</p>

Acknowledgment of Country

The Shire of Broome acknowledges the Yawuru people as the native title holders of the lands and waters in and around Rubibi (the town of Broome) together with all native title holders throughout the Shire.

We pay respect to the Elders, past, present, and emerging, of the Yawuru people and extend that respect to all Aboriginal Australians living within the shire of Broome.

The Shire acknowledges the immense and vital contribution Aboriginal people make to the arts and culture sector of the shire of Broome, and deeply respects the ongoing and dynamic expression of Aboriginal culture through arts and culture.

Shire President Foreword

The Shire of Broome has long proven that remoteness is no barrier to enjoying a strong arts and culture scene. Our attractive location and climate have lured many artists to travel across Australia and the globe to perform or gain inspiration.

Broome also punches above its weight for community organisations and individuals who create and inspire art and demonstrate that there is more to our beautiful part of the world than its natural beauty.

While many goods and skills can be in short supply in Broome, we are rich in painters, film makers, photographers, traditional carvers, sculptures, textile printers, storytellers, dancers, and more. Whether their local links trace back tens of thousands of years; from the diverse diaspora of the pearling heyday or more recently from other parts, their creativity brings joy and gives voice to our identity.

Like mining, tourism and pearls, our arts and cultural services make a considerable contribution to the development and wellbeing of the Shire of Broome community by bringing us together and tackling social exclusion, encouraging active and healthy lifestyles, engendering a sense of civic pride, and boosting the local economy.

I encourage all Shire of Broome residents to celebrate and value arts and cultural activities across the shire and to join with Council in fulfilling our Arts and Culture Strategy and Action Plan, which will play a key role in realising the Shire's vision of creating a vibrant future for everyone.

Shire of Broome Arts and Culture Strategy and Action Plan

Executive Summary

‘Strong cultural foundations, history and culture are central to the world-class standard of arts in Broome... Broome arts and culture is rooted in a strong connection to place.’

Consultation participant

The shire of Broome is home to a rich multicultural and diverse community, shaped by the lands, seas and skies cared for by Aboriginal and Torres Strait Islander people since time immemorial.

The shire’s distinctive landscape and weather, remoteness, and the cultural depth of the history and community gives rise to an incredibly vibrant arts and culture sector, recognised nationally and internationally for its strength and uniqueness across multiple artforms. The shire of Broome is known for producing compelling, high-quality and innovative artworks, grounded in the rich cultural context of the region.

Priorities

Celebrate cultural diversity	Strengthen collaboration and advocacy	Build sector sustainability	Increase engagement and accessibility	Develop creative spaces
------------------------------	---------------------------------------	-----------------------------	---------------------------------------	-------------------------

The arts and culture sector is a key economic, tourism and community contributor and a major industry within the region. The Shire of Broome respects the immense value and impact of the sector on the liveability, economy, and health and wellbeing of our community.

In recognition of the importance of arts, culture and heritage to the region, the Shire of Broome has developed an Arts and Culture Strategy and Action Plan. The Strategy determines the sector’s needs and long-term ambitions, and how they can be supported and enhanced by Shire investment and action to reach their full potential for impact. Through the Strategy and Action Plan, the Shire seeks to contribute to a thriving arts and culture sector, supported to reach its full potential for impact.

The Shire of Broome is proud to share and promote the stories and world-class creativity of our region and strengthen the capacity of the local arts and culture sector.

Working in partnership with the local sector and the community, this document develops a strategic pathway for how the Shire’s arts and cultural resources can most effectively be used to strengthen and support local arts and culture and reflect the significant value of the sector.

Vision

Looking five years into the future, the shire of Broome is...

A place where diverse arts, culture and heritage create a vibrant future for everyone.

Charlie’s Swim by Edith Wright and Charmaine Ledden-Lewis, Magabala Books 2022.

Introduction

Throughout this document, the terms 'Shire' and 'shire' have been used with the following distinction:

Shire refers to the Local Government Authority the Shire of Broome as an organisation and administrative body

shire refers to the physical area that the shire of Broome encompasses

Throughout this document, the term 'arts and culture' has been used to encompass all artforms, including but not limited to visual arts, performing arts, literature, music, and screen arts.

The Arts and Culture Strategy and Action Plan document is presented in two parts:

Section One: Context

Part one of the document provides the contextual setting for the Strategy and Action Plan, establishing what is meant by arts, culture and heritage for the purposes of this document and providing a snapshot of the vast and diverse arts and cultural sector in the shire of Broome. A summary of the consultation completed for this document is included, and the current arts and cultural infrastructure within the shire are outlined, including identification of opportunities for improved or expanded use of this infrastructure.

Part one summarises the alignment of the Arts and Culture Strategy and Action Plan with existing Shire strategies, policies and plans and the Shire's broad goals and priorities. Alignment with the Federal Government's National Cultural Policy is also included. The Shire's support of arts and cultural activity 2020 – 2023 is included in summarised form.

Section Two: Strategy and Action Plan

Part two includes the vision, priorities and outcomes developed from consultation with the Reference Group, local arts and culture sector, and general community. An overarching vision for arts and culture in the shire leads into five priority areas which address the key consultation themes. Eight desired outcomes for the shire's arts and cultural future are identified, linking back to the vision.

Part two includes the Action Plan to accompany the Strategy, with a comprehensive list of actions organised under the five priority areas. Short, medium and long-term timeframes have been determined for the listed actions, reflecting a staged approach to ambitious goals and consideration of the Shire's staff resources. Potential partnerships for each action have also been included to ensure the Shire's investment in arts and cultural activity is aligned with the local sector and impact is maximised.

Addendums:

Consultation Report: a comprehensive consultation report details the engagement activities undertaken prior to development of this document, and the key findings from the consultation process.

Shire Strategic Alignment: relevant goals, priorities and actions from existing Shire documents have been collated into one document to easily demonstrate the broader strategic relevance and impact of the Arts and Culture Strategy and Action Plan.

Shire of Broome Arts and Culture Strategy and Action Plan

Aboriginal Culture

For time immemorial, the country on which the shire of Broome sits has been home to rich and diverse Aboriginal and Torres Strait Islander Cultures and peoples. The land, ocean and skies of the shire of Broome have been cared for and shaped by Aboriginal people. This connection to country is the beating heart of the contemporary cultural identity of the area.

Aboriginal people continue to be the custodians of the living cultural landscape of the shire. The diversity of language groups and cultural practices throughout the area are interconnected and dynamic, and reflect an enduring deep relationship with country.

The sovereignty of Aboriginal peoples in the shire of Broome and their strong traditional and continuing ties to country are reflected in a significant range of native title determinations.

There are 84 Aboriginal communities within the shire of Broome, with 78 classified as remote. Approximately 28% of shire residents identify as Aboriginal or Torres Strait Islander, which is significantly higher than most Western Australian local government areas. The remote Aboriginal population in the shire has 5 main community centres - Beagle Bay, Ardyaloon, Lombadina, Djarindjin, and Bidyadanga. While the borders of Aboriginal language groups are not clearly defined, the shire is home to multiple Aboriginal language groups indicated on the adjacent map.

12

Shire of Broome Arts and Culture Strategy and Action Plan

'We are the traditional owners of this land, sharing cultural traditions with our neighbours. Created and given form by Bugarrigarra, our country is the source of our spirit, our culture, our language, and it where our spirits return to when we die. From Bugarrigarra it is our responsibility to look after the country and to ensure that our traditions are passed on to future generations'

Yawuru Cultural Management Plan

The Yawuru people are the Native Title holders for the townsite of Rubibi/ Broome, and have lived along the foreshores of Roebuck Bay, across the pindan plains, inland as far as the Walan-garr and along the fringes of the Great Sandy Desert for thousands of years. Yawuru country is a living cultural landscape with which Yawuru people have a dynamic and enduring relationship, stretching back to Bugarrigarra, the force which gave shape, meaning and form to the Yawuru country landscape.

'Culture' in the shire of Broome cannot be considered without acknowledgement of the impacts of European colonisation and the policies and actions which sought to separate Aboriginal people from their culture, and suppress expressions of Aboriginal culture. The Catholic Missions established in the Broome area in the late 1800s were the sites of trauma and the removal of Aboriginal children from their families and culture. The impact of the stolen generation caused language and skin groups to blur and disruption to the continuation of culture and traditions in the region's Aboriginal communities. Despite this, Aboriginal cultures in the shire of Broome are resilient, continuing, and thriving.

The Shire of Broome recognises that the term 'culture' has complex and specific meaning within Aboriginal communities, and is an active practice tied to ceremonies, traditions and connections to country which are not always appropriate for sharing with the broader community or promoting through publicly available arts. For the purposes of this Strategy, the use of the term 'culture' respectfully includes the rich and diverse Aboriginal cultural aspects determined by each Aboriginal community to be appropriate for inclusion in the public arts and cultural remit of the Shire.

Shire of Broome Arts and Culture Strategy and Action Plan

Culture

The shire of Broome's highly multicultural, contemporary community is tied to a multi-layered history of economic immigrants and the uses of land and ocean in the Broome area.

While industrial activity in the areas of livestock, agriculture, minerals, oil and gas have attracted successive waves of immigrants, the pearling industry has had the greatest effect on the cultural identity of the shire following colonisation.

From the 1880's and throughout most of the 20th century, the booming pearl industry built significant Chinese, Japanese, Malay, Sri Lankan, Timorese, Indonesian and Filipino communities in Broome. The incredibly profitable industry attracted workers internationally. Pearling Masters sought and were granted exemptions from the *Immigration Restriction Act 1901*, resulting in Broome becoming a diverse multicultural community while White Australia policies were enforced elsewhere throughout Australia.

The treachery of the nature of work in Broome birthed a notable underground culture to enable connection and cultural practices. Strong kinship and relationships were formed between local Aboriginal people and the Asian nationalities who

were brought or immigrated to Broome, creating a cultural exchange of customs and traditions that continue to exist today.

Broome's Chinatown precinct has been a central community hub since the 1880s. During the pearling boom, Chinatown was the primary commercial centre for Broome, and today continues to be a bustling town centre and tourist attraction. Many of the original buildings still stand, with the Chinatown area now heritage listed.

The multilayered history of the shire's culture is continually interpreted, and the rich cultural fabric of the current community is celebrated through events, festivals, education and cultural tourism. Celebrations such as Shinju Matsuri, combine the origins of Japanese Obon Matsuri, Malaysian Hari Merdeka, and Chinese Hang Seng cultural celebrations and attracts thousands of people to the region each year. Student exchanges between Broome and Japan continue to strengthen the cultural connection. The cultural melting pot created by industry and policy throughout the pearling industry boom, resulting in the shire having a unique cultural identity, continues to be one of Broome's most treasured features.

A Taste of Broome dancers, Goolarri Media Enterprises.

Heritage

The Aboriginal and Torres Strait Islander heritage of the shire of Broome stretches back thousands of years, with customs, traditions and stories travelling along song lines. Despite the disruptions and traumas caused by colonisation and damaging policy, the shire of Broome is home to the custodians of multiple Aboriginal languages, stories and traditions which form the context for which all Broome heritage is considered.

William Dampier's ship *The Cygnet* landed in 1688, acclaimed as the first landing of Englishmen in Australia. Dampier's ship *The Roebuck* then sailed past the La Grange Bay in 1699. The French explorer Nicholas Baudin, and sailors from *The Beagle* visited the area in the early 1800s. The townsite of Broome was gazetted in 1883, consisting of a few pearling camps near Dampier Creek and resided in by the Malay pearling lugger crews and the European owners of pearling boats. In 1889, a telegraph cable was established at Roebuck Bay, linking Broome with England, Singapore, India, and more. Broome was soon known as the pearling capital of the world.

Centred around the pearling industry, Broome grew as a highly multicultural yet segregated community. The port of Broome developed into the principal cargo port for north Western Australia by the late 1890s. Broome also had a significant place in the pastoral industry, with a large meat processing plant shipping meat overseas and livestock to southern pastures and factories. Established in 1939, the meatworks ran for 54 years and provided a significant amount of employment in Broome.

Broome's position on the north-west coast caused it to be used as a refuelling station during World War II, and subsequently become one of only five locations in Australia to be targeted for air raid attacks during the war.

The rich heritage of the shire of Broome is highly valued by the local community, and is a key point of interest for visitors and tourists. The ongoing interpretation and promotion of the shire's heritage is led by key organisations including the Broome Historical Society and Museum, Nyamba Buru Yawuru, and Broome Visitor's Centre. Recent projects such as the Jetty to Jetty app and Lurujarri Heritage Trail allow residents and visitors to learn about Broome's heritage through interactive, engaging activities tying in oral histories, significant heritage locations, and connection to the landscape. In 2021, the Shire of Broome launched the 'Explore Broome' app, an interactive tool for residents and visitors to explore Broome's history, heritage, culture and environment.

The shire of Broome includes significant built and physical heritage, including Aboriginal cultural sites, rock shelters, and many examples of early 20th century buildings created during the pearl industry boom. The shire of Broome includes 227 registered Aboriginal Heritage Sites, and many additional sites of Aboriginal significance not included on the registered list.

The scope of 'heritage' in this Strategy and Action Plan addresses intangible heritage, and focuses on the ongoing preservation, promotion and interpretation of Broome's cultural heritage and stories. While the Strategy and Action Plan's heritage content inevitably intersects with the built and physical heritage of the shire of Broome, this document's scope does not extend to specific consideration of tangible heritage assets.

Arts

The shire of Broome is known for its vibrant and diverse arts sector, with nationally and internationally renowned arts organisations and individual artists creating a reputation and artistic profile for Broome.

The shire is well-known for the rich Aboriginal and Torres Strait Islander culture expressed through the arts, and has grown strong organisations for the development and promotion of Aboriginal art through visual arts, dance, performance, and literature. Broome is home to Australia's leading Indigenous publishing house, Magabala Books, and globally renowned Indigenous intercultural dance theatre company Marrugeku. Jimmy Chi's seminal musical Bran Nue Dae was the first Aboriginal Australian musical which was made into a highly popular 2009 movie.

Broome is home to nationally renowned production company Goolarri Media, which has grown a strong local radio, film, TV, music and events culture in the community, developing Indigenous and non-Indigenous communications in the Kimberley region and delivering accredited training and certificates in media. Broome's unique landscape and cultural identity has attracted numerous films and TV shows, providing the setting for Australian hits such as Mystery Road and The Circuit.

The shire of Broome has a vibrant music community, fostering a unique sound through festivals including Stompem Ground and Saltwater Music Festival, which present local musicians and bands, and showcase contemporary Aboriginal music. Multi-arts and cultural festival Shinju Matsuri attracts a significant visitor audience as well as being a treasured local event honouring the multicultural identity and history of Broome. The Broome Fringe Festival, run by Kimberley Arts Network, provides an annual festival of local talent across artforms, with development and collaborative programs creating important entry points to the local arts industry.

Broome has a reputation for producing high-quality circus performances and developing career pathways in performance and technical production. Theatre Kimberley creates large-scale partnership productions and remote community residencies. Theatre Kimberley engages and upskills children and young people, with The Sandfly Circus a leading youth circus in WA. Cutting-edge all-female organisation YUCK Circus exports Broome circus nationally and internationally.

The shire of Broome has a nationally and locally-recognised visual arts community, creating a key point of interest for visitors. The artwork of the Aboriginal communities within the shire is treasured as an expression of the unique cultural identity of the region, and supported and developed through organisations such as Bidyadanga Community Arts Centre, Lombadina Gallery, Ardiolarts and Broome Circle. Broome townsite is home to a significant amount of individual visual artists, whose work can be viewed and purchased through local galleries. Broome also has a leading reputation for textiles through the work of Nagula Jarndu, a social enterprise and women's resource centre developing hand-crafted textiles with local Aboriginal women which are sold across Australia.

The Shire of Broome has developed a Fine Art Collection acquired through the Shinju Matsuri Art Prize. The Shire has a treasured collection of public artworks which interpret and celebrate the cultural, social and physical sites on which they sit. The most recent public artwork acquisitions include a series of artworks as part of the Chinatown revitalisation, historical interpretation/memorial artwork at Town Beach, and an 800m² artwork on the new Town Beach jetty.

Shire of Broome Arts and Culture Strategy and Action Plan

Cultural Infrastructure

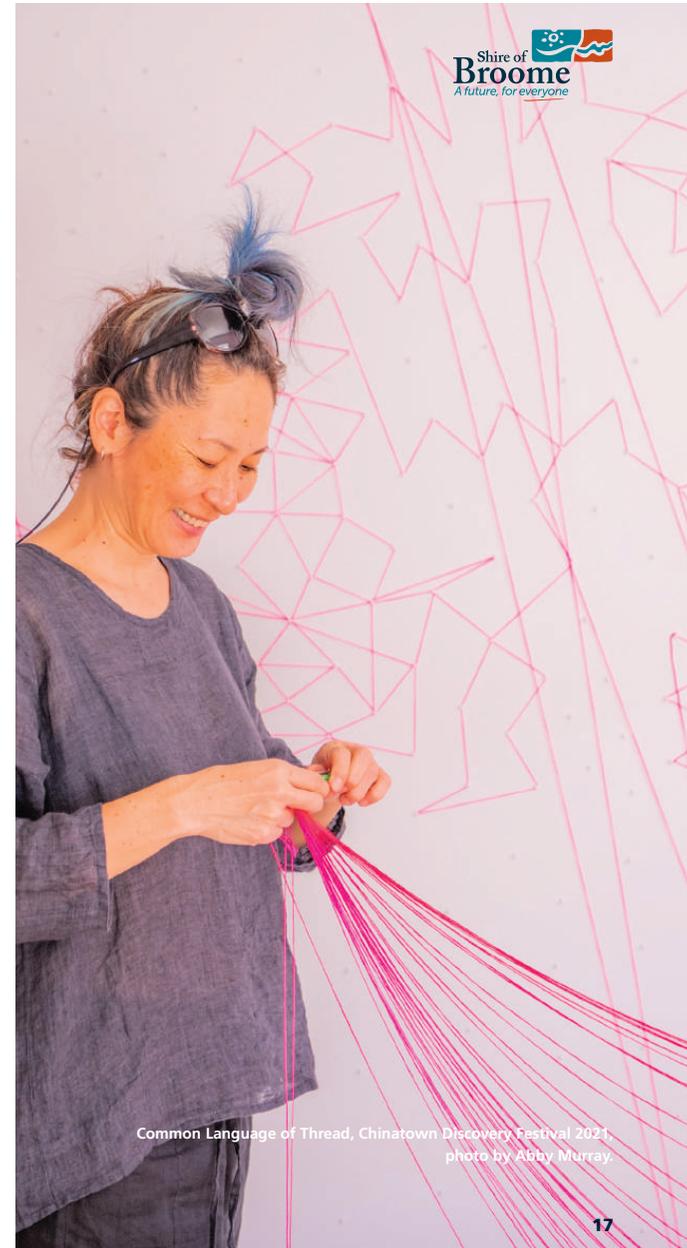

The shire of Broome's arts and culture sector produces world-class artistic outcomes in a remote location, meeting the challenges of limited cultural infrastructure available and responding to the built and natural environment in innovative ways.

The Shire of Broome owns and operates venues utilised for arts and cultural activity, including the Broome Civic Centre, Broome Recreation and Aquatic Centre (BRAC), and the Broome Library. The Shire manages an annual program of performances and screenings at the Broome Civic Centre, as well as hosting an arts organisation in residence. BRAC is utilised by circus and performance organisations for rehearsal and class space.

Shire-owned buildings are also used for arts and cultural purposes through peppercorn or subsidised rental agreements. The Broome Museum, run by the Broome Historical Society, includes the main museum, the Sailmaker's Shed and a courtyard area and is a key source of research and tourist attraction. Magabala Books includes the offices and shopfront for Australia's leading Indigenous publisher and is the central hub for Magabala's vast cultural development and artistic projects. The Kimberley Arts Network shed has been transformed into a multi-use visual arts space, hosting workshops, events, and creative development space. The Broome Lock Up is a secure storage space available to be leased by not-for-profit and community groups.

The cultural infrastructure that is owned/operated by arts and cultural organisations, private sector and education forms a significant part of the sector landscape in the shire. Goolarri Media Enterprises includes recording studios and the Gimme Club performance and event space. The Broome Museum, Sun Pictures Museum, Pearl Luggers Museum and SSG Heritage Centre house significant historical collections. Privately run art galleries include Short St Gallery, The Bungalow, Broome Gallery and Black Stump Gallery. Food and beverage businesses including the Diver's Tavern and The Roebuck Hotel program live music in their venues. The Broome Convention Centre is utilised as a live music and performance venue, and community organisation Broome Circle provides artistic space for remote community artists in Broome.

During the dry season, Broome's outdoor cultural spaces are heavily utilised. These include the Short Street Stage, the Napier Terrace public space, the Town Beach stage, seating and jetty, and the Cable Beach Foreshore Amphitheatre (scheduled to be redeveloped in 2025).

Strategy and Policy context

Shire of Broome documents

Strategic Community Plan 2021 – 2031

The Shire's Strategic Community Plan (SCP) recognises the role of the Shire in providing services and facilities including community buildings, history, heritage and museum services, festivals, events, and arts and culture. A desired outcome of the SCP is an inclusive community that celebrates culture, equality and diversity, with an objective to grow knowledge, appreciation and involvement in local art, culture and heritage. The SCP also lists advocating support for Nyamba Buru Yawuru to build the Kimberley Centre for Art, Culture and Story as an action, and acknowledges the role of arts and culture in increasing tourism.

Corporate Business Plan

The Shire's Corporate Business Plan includes implementation of the Arts and Culture Strategy and Action Plan as an action, as well as actions related to broader goals of the Strategy including maximising use of the Broome Civic Centre, providing diversionary activities, funding grants for events, and celebrating culture through inclusivity.

Broome Growth Plan

The Broome Growth Plan recognises the rich arts and cultural offering of the area as a key attraction which contributes to liveability, wellbeing, increased economic activity, and activating the Dampier Peninsula. Arts and Culture are included as one of five major industry clusters. Opportunities for growth are identified, including developing arts policies and partnerships, enhancing Aboriginal art markets, and

investigating the feasibility of establishing a cultural centre in Broome. The Plan lists accessibility, world-class venues, and links to global markets as long-term outcomes for the shire arts and culture sector.

Community Safety Plan 2021-25 and Youth Plan 2021-2025

The Plans identify youth diversionary initiatives as a key action area, including advocating for external funding to ensure the ongoing delivery of diversionary activities and facilities to keep youth on country.

Economic Development Strategy 2021- 2026

The Economic Development Strategy recognises arts and culture as one of the elements required to drive economic growth in Broome, and acknowledges that the strong reputation for arts and culture enhances the character and lifestyle of Broome. The development of an Arts and Culture Strategy is listed as an action item.

3 Year Broome Recovery Plan

The Broome Recovery Plan includes the Kimberley Centre for Art, Culture and Story as a signature project, identifying it as being transformative on a generational scale and triggering long-term further investment and jobs. Project benefits include closing the Aboriginal employment gap, responding to market desire for Aboriginal cultural experiences, and creating an engaging and accessible way to share Aboriginal culture.

Public Art Policy

The Public Art Policy creates guidelines for the implementation of public art in the Shire, recognising the role of public art in the expression of local identity, sense of place, and celebrating cultural heritage and diversity. The policy positions public art as having an important role in town planning and design, tourism, employment, and community participation.

Local Planning Policy 8.20: Provision of Public Art

The policy requires developments in the shire meeting specific criteria to contribute a percentage of construction costs toward public art. The contribution can be made via providing public artwork on site, or by paying the cash equivalent to the Shire for use on public art in the locality.

Major Events Strategy

The Major Events Strategy includes key goal areas relating to facilitating the development of events in Broome, increasing event visibility and local capacity, and building and retaining local events knowledge.

Identifying Opportunities for Events in Broome

The document identifies cultural events, especially those with an Indigenous focus, as a key area of event opportunity in Broome. Event goals are listed as bringing visitors to Broome for events, enriching the experience of visitors, connecting with the community and creating a vibrant atmosphere.

External Documents

Federal Government of Australia's National Cultural Policy: Revive

The Australia Government released its landmark National Cultural Policy – Revive: a place for every story, a story for every place, on 30 January 2023. Revive is a 5-year plan to renew and revive Australia's arts, entertainment and cultural sector.

The policy is organised into five 'pillars':

- **First Nations First:** recognising and respecting the crucial place of First Nations stories at the centre of Australia's arts and culture
- **A Place for Every Story:** reflecting the breadth of our stories and the contribution of all Australians as the creators of culture
- **Centrality of the Artist:** supporting the artist as worker and celebrating artists as creators
- **Strong Cultural Infrastructure:** providing support across the spectrum of institutions which sustain our arts, culture and heritage
- **Engaging the Audience:** making sure our stories connect with people at home and abroad

The Shire of Broome's Arts and Culture Strategy contributes to this national vision for arts and culture, aligning with the broad pillars of the National Cultural Policy and reflecting national priorities within a local and unique context. The Shire of Broome's strategic alignment with the National Cultural Policy increases opportunities for partnership, investment and national collaboration.

Regional and State Government

The Shire of Broome Arts and Culture Strategy is also strategically aligned to key regional and State government documents, including:

- **Kimberley Development Commission** – Strategic Plan
- **Department of Local Government, Sports and Cultural Industries** – Western Australian Cultural Infrastructure Framework 2030+
- **Tourism WA** – Jina: WA Aboriginal Tourism Action Plan 2021 – 2025

A full list of the strategic and policy documents and their relevant points considered during the development of this document can be found as an Addendum to this document.

Place Activations	\$449,747.00
 Advocacy	
Letters of support for arts and cultural organisations seeking external funding	
Promotion of activities and successes of the arts and culture sector	

Shire of Broome Arts and Culture Strategy and Action Plan

Section 2: Strategy and Action Plan

Jurrungu Ngan-ga, Marrugeku. 2021 Images by Abby Murray.

Strategy

Vision

The vision is an aspirational statement, looking into the future and describing the intended state of arts and culture in the shire of Broome.

Priorities

The priorities of the Arts and Culture Strategy are drawn from the consultation process, and from the Shire's established strategic and community goals.

The priorities are an agreement of the focus areas the Strategy is aiming to address in order to achieve the vision.

Outcomes

The desired outcomes link to the vision statement, and the Shire's overarching community priorities.

Action

Short, medium and long term actions address the priority areas and create a staged approach to achieving the Strategy's vision. Actions are clearly defined, able to be implemented, and identify both the Shire's role and required partnerships.

Vision

The following vision statement has been developed to reflect the shared goal for arts and culture in the shire of Broome. The vision is aspirational and looks five years into the future where the arts and culture sector's current strengths are maintained and enhanced, development areas are improved, and potential is nurtured.

In five years' time, the shire of Broome is:

A place where diverse arts, culture and heritage create a vibrant future for everyone.

What does this *vision* look like in our community?

General community

The community's understanding and experience of the Aboriginal and Torres Strait Islander cultures, and multilayered histories of the shire is deepened through arts and cultural activities, creating a community where **Broome's unique culture and stories are shared and treasured**. The community is engaged through accessible entry points to experiencing and appreciating arts and culture, and are actively encouraged as participants and audience members. The varied and high-quality arts and culture opportunities available to the public enables **a community engaged in local arts and culture**.

Shire of Broome

The Shire's investment in arts and culture significantly contributes to broader Shire goals, creating **a welcoming place to live, work and play**. The shire's community is enriched by locally-produced arts and cultural experiences which are celebrated by residents, businesses, visitors and audiences. The arts and culture sector plays an important and quantifiable role in creating **a safe and inclusive community** for everyone by increasing civic pride, by improving community cohesion through creating opportunities for cross-cultural and generational exchange and by providing alternative creative education and employment pathways for disengaged youth.

Arts and culture organisations

Arts and culture is celebrated as a major industry contributing to community wellbeing, a strong economy, and job creation. The sector's impact is measured and evaluated. The diverse arts and culture organisations within the shire are part of **a thriving and resilient creative economy** and are supported to achieve their strategic goals. Opportunities for collaboration, resource-sharing and artistic exchange are created and valued, with organisations enhanced by **a connected arts and culture sector**.

Individual artists

Individual artists have the opportunities and support to develop a long-term and full career in the arts and culture sector in the shire of Broome. The shire is an attractive home for diverse individual artists who significantly contribute toward Broome being **a destination for arts and culture**. Artists have access to avenues for presenting art outside of Broome, including performance, festivals, exhibitions and markets, with **innovative arts and culture a valued export**.

Outcomes

Priorities and Actions

The findings from the extensive consultation process were analysed and interpreted alongside desktop research and national trends to identify five priority areas for this Strategy and Action Plan. The priority areas respond to the needs of the arts and culture sector, the Shire’s overarching goals, and set the focus for achieving the vision statement.

Priorities

- ✓ Celebrate cultural diversity
- ✓ Strengthen collaboration and advocacy
- ✓ Increase engagement and accessibility
- ✓ Build sector sustainability
- ✓ Develop creative spaces

The Priorities are set out in detail below, including, a statement of ‘what’ and ‘why’, and the resulting Actions for each priority.

The Shire recognises there is significant cross-over for actions within priority areas, which is reflective of the holistic, inter-connected approach of the Strategy. Secondary priority areas have been identified within the Action Plan.

Due to the collaborative nature of the development of the Strategy and Action Plan, there is strong representation from the arts and culture sector within the actions included. Where appropriate, potential partnerships for action delivery have been included to demonstrate the shared ambition and approach.

The Action Plan indicates the timeframe for achieving each action, in the periods 0-1 years, 2-4 years, and 4-5+ years. Actions which will be implemented annually or in an ongoing manner have been flagged for delivery over all three timeframes.

The Shire of Broome uses an established framework for actions, clearly indicating the Shire’s role in achieving the action as per below:

Advocate: We are a voice for the local community, promoting local interests

Facilitate: We help to make it possible or easier to meet community needs

Fund: We help to fund organisations to deliver essential community services

Partner: We form strategic alliances in the interests of the community

Provide: We directly provide a range of services to meet community needs

Regulate: We regulate compliance with legislation, regulations and local laws

Priority: Celebrate cultural diversity

What:

The rich multicultural communities of the shire are a significant part of the arts and cultural sector's identity. The diversity of cultures, stories and histories are a strength of the shire and the sector. This priority area includes:

- Professional development and capacity-building activities for the shire's remote Aboriginal communities
- Creating and fostering opportunities for cultural exchange
- Celebrating and exploring local cultural identities through public art, festivals and events
- Increasing external awareness and understanding of the cultural identity of the shire, including in State and Federal government
- Creating opportunities to showcase the shire's rich cultural identity to the local community and visitors
- Supporting the ongoing exploration, interpretation and promotion of the shire's history and heritage

Why:

- To respect and recognise the Aboriginal cultures of the shire and their immense contribution to the artistic identity of the region
- To preserve, promote and celebrate the unique cultural identity and stories of the shire
- To recognise and harness the multicultural nature of the shire as a significant asset for the arts and cultural sector, tourism and the broader community
- To ensure that the arts and cultural activity supported by the Shire is representative of the multicultural community

Action Plan: Celebrate cultural diversity

Continuing Actions

The following are Actions already being completed by the Shire, and will continue as part of the implementation

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required

Priority: Strengthen collaboration and advocacy

What:

The impact of the shire's vibrant sector can be strengthened by increasing collaboration and reflecting the sector's shared vision in advocacy. This priority builds a deeper understanding of the sector's contribution to the Broome community, and the value it creates in the Shire's broader goals. This priority area includes:

- Elevating the shire's arts and culture sector's voice in State and Federal government strategy and policy
- Articulating and promoting alignment between government strategy, policy and goals and the Shire's Arts and Culture Strategy
- Identifying and facilitating opportunities for shared resources, sector collaboration and ongoing communication amongst the local arts and culture sector
- Connecting the arts and culture sector with other industries for mutual benefit
- Measuring and evaluating the impact of arts and culture on economic development, health, wellbeing and community safety

Why:

- To identify and quantify how arts and culture contribute to the Shire's community priorities to improve advocacy activity
- To develop a strong position for collective advocacy to State and Federal government, funding bodies and the private sector
- To increase opportunities for leveraging the success of Broome's renowned artist and arts organisations
- To develop mutually beneficial partnerships that will increase sector sustainability
- To create opportunities for critical conversations that will contribute to a robust, accessible and innovative arts and culture sector
- To enable the Shire to support arts and culture activities which contribute toward the community's safety, wellbeing, health, and economic development

Action Plan: Strengthen collaboration and advocacy

Continuing Actions

The following are Actions already being completed by the Shire, and will continue as part of the implementation.

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required

Broome Air Raid Memorial event.

Priority: Increase engagement and accessibility

What

The Shire has a key role to play increasing the community's engagement with arts and culture, including participants, audiences, creatives, businesses, and strategic partners. Increasing accessibility sit alongside this, ensuring the opportunities for engagement with arts and culture are welcoming and appropriate. This priority area includes:

- Audience and market development
- Providing a diverse range of entry points to appreciating and participating in creativity and supporting activities which appeal to a broad audience
- Promoting the activities, successes and benefits of the local arts and culture sector
- Increasing accessibility in terms of physical accessibility, distance/location, cost, appeal and understanding
- Developing and encouraging youth participation and creative pathways

Why:

- To develop a broad appreciation and understanding of arts and culture within the shire, and new and increased markets
- To maximise community engagement with arts and culture to develop a strong local audience for events, exhibitions and performances
- To increase engagement between the shire's remote communities and the Broome townsite
- To create opportunities for artistic and cultural exchange
- To ensure the rich multicultural history and contemporary community of the shire is reflected in arts practitioners and audiences
- To increase youth engagement in arts and culture and provide diversionary activities for young people

Action Plan: Increase engagement and accessibility

Continuing Actions

The following are Actions already being completed by the Shire, and will continue as part of the implementation.

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required
3.1 Provide a review and management plan for the Shire's art collection (fine and public)	<ul style="list-style-type: none"> Determine a plan for maximising the community and tourism benefit of a key Shire asset Conserve and protect the collection from environmental damage 	<ul style="list-style-type: none"> Build sector sustainability 	<ul style="list-style-type: none"> A community engaged in local arts and culture Broome's unique culture and stories are shared and treasured Broome is a destination for arts and culture 		✓

3.18 Provide access to creative resources and arts and culture activities within the Broome Library	<ul style="list-style-type: none"> Provide a key access point into arts and culture for the broad local community Engage existing library user with arts and culture Utilise an existing Shire asset to achieve Strategy goals 	<ul style="list-style-type: none"> Increase engagement and accessibility 	<ul style="list-style-type: none"> A safe and inclusive community A welcoming place to live, work and play A community engaged in local arts and culture 	<ul style="list-style-type: none"> Broome Library 	✓	✓	✓	

Priority: Build sector sustainability

What:

Resilient, supported artists and arts and cultural organisations are recognised as vital to the sustainability and vibrance of the shire's sector. A priority focus on developing and exploring creative ways to build financial sustainability and support the sector through capacity-building and career development is required to meet this goal. This priority area includes:

- Supporting activities which contribute to the ongoing financial health and stability of artists and arts and cultural organisations
- Exploring creative and alternative sources of arts and cultural income, including through private sector government funding and earned revenue
- Building and supporting the sustainability of staff and volunteer resources
- Advocating for and developing the connections between tourism and the local sector
- Increasing the visibility and viability of arts and cultural careers
- Creating and supporting arts and cultural career pathways and development

Why:

- To contribute towards income generation for artists and arts and culture organisations
- To develop longstanding connections between the arts and culture and private sector contributing toward sustainability
- To create a local arts and culture sector of supported organisations, staff and volunteers
- To increase and maintain the health and wellbeing of arts and culture sector workers and reduce burn-out
- To increase and support the longevity of arts and cultural organisations, programs and events
- To increase the amount of sustainable arts and cultural careers in the shire
- To make the shire a place where artists and artworkers can live a full career of growth and development
- To diversify income sources and improve the sustainability and resilience of the sector

Action Plan: Build sector sustainability

Continuing Actions

The following are Actions already being completed by the Shire, and will continue as part of the implementation.

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required
4.1 Fund an acquisitional art prize as part of Shinju Matsuri	<ul style="list-style-type: none"> Continue a longstanding contribution toward the local visual arts sector Continue to build a locally-relevant Shire Acquisitive Art Collection Provide an opportunity for income generation and promotion for local artists 	<ul style="list-style-type: none"> Increase engagement and accessibility 	<ul style="list-style-type: none"> A thriving and resilient creative economy A welcoming place to live, work and play A community engaged in local arts and culture Broome is a destination for arts and culture Innovative arts and culture are a valued export 	<ul style="list-style-type: none"> Shinju Matsuri 	✓	✓	✓	
4.2 Advocate for the Department of Local Government, Sport and Cultural Industries to provide a dedicated staff position for Kimberley arts and culture	<ul style="list-style-type: none"> Increase the staff resourcing of the arts and culture sector in the region Strengthen an avenue for State Government support and funding for arts and culture in the region 	<ul style="list-style-type: none"> Increase engagement and accessibility 	<ul style="list-style-type: none"> Broome is a destination for arts and culture A welcoming place to live, work and play A community engaged in local arts and culture 	<ul style="list-style-type: none"> Kimberley Development Commission Regional Arts WA 	✓			

New Actions

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required
4.3 Provide a 50% discount on indoor Shire venues and facilities, and ticketed events at Shire reserves, and Provide a 100% discount for non-ticketed, not-for-profit arts and cultural activity held on Shire outdoor reserves	<ul style="list-style-type: none"> Increase economic viability of arts and cultural events Foster partnerships between the Shire and sector organisations Improve access to activities that align with the Arts and Culture Strategy 	<ul style="list-style-type: none"> Strengthen collaboration and advocacy Increase engagement and accessibility 	<ul style="list-style-type: none"> A welcoming place to live, work and play A safe and inclusive community A community engaged in local arts and culture 	<ul style="list-style-type: none"> Arts and culture organisations within the shire of Broome Broome Recreation and Aquatic Centre, Broome Library, Broome Civic Centre 	✓	✓	✓

Priority: Develop creative spaces

What:

The presentation of locally-created, nationally and internationally renowned arts and culture activities in Broome can be supported to reach its full potential through a strategic focus on creative spaces. The Shire recognises that a staged approach to long-term solutions is required. This priority area includes:

- Developing a pathway toward fit-for-purpose performance spaces with specifications for theatre, dance and circus
- Advocating for external investment in arts and culture infrastructure
- Identifying and researching the arts and culture infrastructure needs of the community
- Developing opportunities for visual arts exhibition space, multi-artform rehearsal spaces, and arts workshops spaces
- Developing a pathway for a permanent visual arts exhibition space
- Improving current arts infrastructure to meet the needs of the local arts and culture sector
- Identifying opportunities for space-sharing and use of existing infrastructure assets within the shire
- Developing opportunities for spaces to facilitate artist exchange and residencies

Why:

- To create significant benefit to the community through access to high-quality arts and cultural experiences
- To enable the local community to experience the full benefits of their home-grown artists
- To contribute toward the shire's growing tourism industry by broadening the scope of arts performances staged in the shire
- To grow Broome as a recognised destination for arts and culture, increasing tourism and income for local artists and organisations
- To increase and protect the physical and mental safety of local artists
- To contribute towards arts and culture sector sustainability through allowing space for growth and greater income generation
- To provide pathways for young people to explore all possible arts and culture careers

Action Plan: Develop creative spaces

Continuing Actions

The following are Actions already being completed by the Shire, and will continue as part of the implementation.

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required
5.1 Provide in-kind hire of rehearsal and activity space at Broome Recreation and Aquatic Centre to arts and cultural activities servicing ‘juniors’ and investigate the extension of this provision to not-for-profit arts and culture activities for young people at the Broome Civic Centre	<ul style="list-style-type: none"> Contribute toward the ongoing financial feasibility of arts and cultural activity in the shire Utilise a Shire-owned asset to provide space for diversionary youth arts activity 	<ul style="list-style-type: none"> Increase engagement and accessibility Build sector sustainability 	<ul style="list-style-type: none"> A safe and inclusive community A thriving and resilient creative economy A welcoming place to live, work and play 	<ul style="list-style-type: none"> Theatre Kimberley Broome Recreation and Aquatic Centre Broome Civic Centre 	✓	✓	✓	
5.2 Provide arts and culture organisations with equitable access to opportunities to apply for available peppercorn/subsidised rent opportunities within Shire buildings	<ul style="list-style-type: none"> Investigate Shire-led solutions to a key arts infrastructure need Create ongoing partnerships with arts and culture organisations for mutual benefits Support the sustainability of key organisations for long-term community impacts Ensure established and equitable process for rental agreements 	<ul style="list-style-type: none"> Strengthen collaboration and advocacy Build sector sustainability 	<ul style="list-style-type: none"> A thriving and resilient creative economy Broome is a destination for arts and culture A community engaged in local arts and culture A safe and inclusive community A welcoming place to live, work and play 	<ul style="list-style-type: none"> Local arts and culture organisations 	✓	✓	✓	

Shire of Broome Arts and Culture Strategy and Action Plan

Action	Strategic Intent	Secondary Priority Areas	Outcomes	Potential Partnerships	0-2	3-4	4-5+	External funding required
5.3 Facilitate and promote use of the community storage shed at the Broome Recreation and Aquatic Centre by arts and culture organisations	<ul style="list-style-type: none"> Provide a budget efficiency for the local arts and culture sector Provide a short-term solution to an arts infrastructure need 	<ul style="list-style-type: none"> Strengthen collaboration and advocacy 	<ul style="list-style-type: none"> A connected arts and culture sector A thriving and resilient creative economy 		✓	✓	✓	
5.4 Provide peppercorn rent to Broome Historical Society for the Broome Museum building	<ul style="list-style-type: none"> Contribute toward the ongoing financial feasibility of a key piece of cultural infrastructure and tourist attraction Support a key source of promoting and exploring the region's unique culture and history 	<ul style="list-style-type: none"> Build sector sustainability Strengthen collaboration and advocacy Increase engagement and accessibility 	<ul style="list-style-type: none"> Broome's unique culture and stories are shared and treasured Broome is a destination for arts and culture A thriving and resilient creative economy A community engaged in local arts and culture 	<ul style="list-style-type: none"> Broome Historical Society 	✓			
5.5 Provide peppercorn rent to Kimberley Arts Network for the KAN shed	<ul style="list-style-type: none"> Continue support of a key source of arts workshops accessible to the community Activate an under-used space for community benefit 	<ul style="list-style-type: none"> Build sector sustainability Celebrate cultural diversity Increase engagement and accessibility 	<ul style="list-style-type: none"> Broome's unique culture and stories are shared and treasured Broome is a destination for arts and culture A thriving and resilient creative economy A community engaged in local arts and culture 	<ul style="list-style-type: none"> Kimberley Arts Network 	✓	✓

Shire of Broome Arts and Culture Strategy Consultation Report

March 2023

DRAFT

The Shire of Broome acknowledges the Yawuru people as the native title holders of the lands and waters in and around Rubibi (the town of Broome) together with all native title holders throughout the Shire.

We pay respect to the Elders, past, present and emerging, of the Yawuru people and extend that respect to all Aboriginal Australians living within the Shire of Broome.

Consultation Activities

From May 2022 - March 2023, element and the Shire of Broome conducted a comprehensive consultation process.

The following is a summary of the consultation activities completed, the number of people and organisations reached throughout the consultation process, and the consultation findings.

The consultation findings are a summary of what we heard, grouped into common themes and sentiments. These findings will be used in the development of the Arts and Culture Strategy and Action Plan.

Shire of Broome Arts and Culture Strategy Consultation Report

Elected Member Engagement

Regular engagement with Shire of Broome council is planned into the project. Consultation to date is as follows:

- Council workshop: Tuesday 10 May 2022
- Council workshop: Tuesday 24 May 2022
- Council workshop: Tuesday 12 July 2022
- Council workshop: Tuesday 7 March 2023

Arts, Culture and Heritage Reference Group Engagement

The Shire of Broome created the Arts, Culture and Heritage Reference Group (ACHRG) for the purpose of providing feedback and input into the development of the Shire's Arts and Culture Strategy. The ACHRG included three individual community members, as well as representatives from the following organisations:

- Broome Historical Society
- Goolarri Media
- Kimberley Arts Network
- Magabala Books
- Marrugeku
- Nagula Jarndu
- Nyamba Buru Yawuru
- Regional Arts WA
- Shinju Matsuri
- Theatre Kimberley

The ACHRG is a vital element of the Strategy consultation and development process, and was engaged with in the following formats to date:

- 2 x formal ACHRG meetings:
 - 9 May 2022
 - 10 August 2022
- 7 x workshop sessions with the ACHRG:
 - 25 May 2022
 - 20 July 2022
 - 19 September 2022
 - 14 November 2022
 - 12 December 2022
 - 6 February 2023
 - 16 March 2023

Workshops: Targeted and Public In-Person Workshops

- Artists and Creatives x 2
- Youth Advisory Council
- Businesses and Commerce
 - WAITOC
 - Broome Chamber of Commerce
 - Australia's North West

Shire of Broome Arts and Culture Strategy Consultation Report

Meetings: One to One and Group Meetings with Key Stakeholders

- Nyamba Buru Yawuru
- Theatre Kimberley
- Regional Arts WA (Hub Coordinator, CEO and Network Coordinator)
- Goolarri Media
- St Mary's High School
- Broome Senior High School
- Broome Historical Society
- Broome Fringe Festival
- Kimberley Arts Network
- Magabala Books
- Marrugeku
- Broome Circle
- Broome Chinese Community Inc
- Screenwest
- North Regional TAFE
- Saltwater Music Festival

Remote Communities

On the 18th and 19th July, Councillor Nik Wevers, Gwen Knox (Regional Arts WA Hub Coordinator) and Michaela Nutt (Shire of Broome Place Activation and Engagement Coordinator) visited four remote Aboriginal communities on the Dampier Peninsula: Beagle Bay, Ardyaloon, Lombadina and Djarindjin. Bidyadanga was visited on 15th August by Councillor Nik Wevers, Sam Mastrolemba (Shire of Broome Chief Executive Officer), Gwen Knox, and Michaela Nutt.

On 28 February and 1 March, the Shire President, Cr Foy, Cr Matsumoto, the CEO and Shire Officers visited the Aboriginal communities of Beagle Bay, Lombadina, Djarindjin and Ardyaloon and on 8 March, the CEO and the Place Activation & Engagement Coordinator visited Bidyadanga, to present back the emerging strategy and identify how the communities' key strengths, challenges and opportunities had been considered within the strategy.

Industry Night

On 20th July, the Shire in partnership with Goolarri Media and Regional Arts WA hosted an Industry Consultation Night, open to anyone involved or interested in the arts and culture sector in Broome.

Attended by 36 people representing a diverse range of artforms, organisations and interest areas, the consultation activities centred around four key discussion boards, covering:

- Mapping of the current arts and cultural activity, organisations, individuals, and assets in the shire
- Identifying and discussing the character of the arts and culture sector in Broome
- Identifying sector priorities for the Strategy
- Discussing the roles of individuals, organisations, private sector, local, State and Federal Government in driving or supporting Strategy goals

Shire of Broome Arts and Culture Strategy Consultation Report

Survey

A public online survey hosted by Survey Monkey was open for submissions from July 15th and closed on August 22nd. The survey was promoted on the Shire's website and social media pages, and sent to existing Shire contact lists. The ACHRG were encouraged to circulate the survey link to their local networks.

The survey received 47 responses, 22 identifying as part of the arts and cultural community and 25 as general community.

Pop-up Engagement Board

A pop-up engagement board designed for interaction with passers-by and the general public was created, asking participants 'What is your big idea for arts and culture in Broome?'

The pop-up engagement board was utilised at the STRUT fashion event at Town Beach, capturing the thoughts of attendees.

We consulted with...

14 Arts and Cultural Organisations

25 General Community Members

6 Young People

41 Individual Artists/Artworkers

3 Education Providers

28 Remote Aboriginal Community Members

2 Community Organisations

22 Additional Anonymous Survey Responses

What We Heard

The following consultation findings have been grouped under common themes or categories, and include feedback that was strongly represented across the scope of consultation activities. The consultation findings will be used in the development of the Strategy's priorities, themes and actions.

Shire of Broome Arts and Culture Strategy Consultation Report

Strengths

Community and Audience	Physical Environment	Diverse Community	Strength of Organisations	Place, Culture and Stories	Collaboration	Diverse Artforms
<ul style="list-style-type: none"> The shire's community is engaged with and supportive of the arts and culture sector The shire's significant tourist and visitor numbers create captive audiences and participants for arts and cultural activities Tourists and visitors are genuinely interested in the authentic culture and heritage of the region 	<ul style="list-style-type: none"> The region's natural environment is an important creative muse The shire's natural environment is the context and framing for all local arts and cultural activity The small size of Broome brings an intimacy and immediateness to the arts and cultural community The dry season weather creates and expands options and opportunities for arts and culture 	<ul style="list-style-type: none"> The community is highly multicultural, with a rich multicultural history Broome is a 'cultural melting pot' Diverse cultural identities are strong within the community and expressed through arts and cultural activities The unique lifestyle of Broome attracts interesting people 	<ul style="list-style-type: none"> The shire is home to high-quality, nationally and internationally regarded arts and cultural organisations Local arts and cultural organisations have demonstrated longevity and strength The experience and skills of the people working in the local arts and culture sector is a significant asset for the shire The shire has a strong, resilient local community Arts and cultural organisations in the shire are driving initiatives and projects that capture Broome's history and unique community 	<ul style="list-style-type: none"> Local communities have strong cultural foundations, leadership and traditions First Nations culture in the region is rich with history and stories The community's connection to country is strong and valuable The global connections of the diverse multicultural community are an important asset The region has a wealth of untold stories that could be explored through the arts 	<ul style="list-style-type: none"> The local arts and culture sector has a strong sense of community which contributes to partnerships and skills - and resource-sharing Local artists and organisations have developed creative solutions to facing a lack of infrastructure and resources The shire's isolation creates self-sufficiency and uniqueness in the local arts and culture sector The local arts and cultural community is open to sharing, genuine creativity, and new ideas and people There is a strong local community of talented and experienced artists and arts workers with extensive external networks 	<ul style="list-style-type: none"> The shire stands out for having strong representation of a diverse range of artforms, and a range of organisations that excel in their specialist artform

Shire of Broome Arts and Culture Strategy Consultation Report

Barriers

Location and Cost	Lack of Arts Infrastructure	Valuing and Recognition	Funding	Capacity-building	Accessibility
<ul style="list-style-type: none"> The shire's isolation and community size creates distance from industry peers and the wider WA arts and culture market The area can be expensive to visit, with accommodation hard to find during dry season – this creates a significant barrier for visiting artists and touring productions The shire's population is seasonal, expanding significantly over dry season and creating a high turnover of residents The isolation and uniqueness of the community can be a barrier for State and national funding body understanding Climate change and increased flooding are a growing concern for the arts and cultural community It is expensive for local arts and culture organisations to operate and tour within the region 	<ul style="list-style-type: none"> There is no large performance space that suits the artforms Broome is well-known for (dance, circus, music) Available performance spaces are not fit-for-purpose for many arts activities Rehearsal and workshop space is often shared with sports and recreation There is no permanent fine arts exhibition or storage space Affordable arts and culture organisation office space is difficult to find and lacking longevity 	<ul style="list-style-type: none"> Lack of communication and collaboration between the Shire, private sector, sector organisations and the arts and culture sector The social, cultural, economic and health benefits created by the local arts and culture sector are not recognised or understood outside of the sector The national and international successes of local artists and arts organisations are not celebrated locally Desire for improved partnership between the Shire and local arts and culture organisations Need for Shire advocacy to State and Federal Government on behalf of the local arts and culture sector 	<ul style="list-style-type: none"> Arts and culture organisational funding is scarce and highly competitive The cost of delivering arts and cultural projects in the remote region is significantly higher than in metro areas, and continues to increase The local arts and culture sector is limited by a lack of funding investment locally, regionally and nationally Local arts and culture organisations are competing with each other for funding opportunities The sector's heavy reliance on grant funding can dictate the direction and content of programs, projects and artworks as criteria and funding body requirements are met 	<ul style="list-style-type: none"> There is a lack of local arts training opportunities and programs resulting in a shortage of skilled young people in the local sector The area has a small pool of skilled arts workers, particularly in production and administration Volunteer, staff and artist burn out is common across the local arts and culture sector, with people often performing multiple roles Young people leave the area to access greater arts and culture work opportunities Employment opportunities in the local arts and culture sector are often casual, short-term or seasonal contracts, creating a lack of financial security and sustainability. This is further exacerbated by the area's remoteness 	<ul style="list-style-type: none"> Successful and popular local arts classes are over-subscribed and have waiting lists The cost of classes and performances can be a barrier to participation for community members Emerging musicians under 18 years old cannot access performance opportunities in pubs Primary – high school aged community members rely on being driven to arts and cultural participation opportunities due to lack of public transport

Shire of Broome Arts and Culture Strategy Consultation Report

Opportunities

Tourism and the Arts and Culture Sector	New Industries	Shared Resources	A Shared Vision
<ul style="list-style-type: none"> • There is an existing and growing tourism market in the region with the opportunity to more strategically connect income-generating opportunities for local artists and arts organisations • Increased partnerships between the Broome Chamber of Commerce, private sector tourism operators, tourism sector bodies, and the local arts and culture sector have the potential to be mutually beneficial • The increasing tourist demand for, and State Government focus on, cultural tourism can be leveraged in the shire • There is a demand for a central arts and cultural centre to generate audiences for cultural tourism and art. The proposed Kimberley Centre for Art, Culture and Story has the potential to fill this gap 	<ul style="list-style-type: none"> • There is the opportunity to build upon existing digital, film and youth development activities in the shire to become a leader in film, television, radio and digital arts • Gaming and virtual reality youth engagement and career pathways could be supported and developed in the shire 	<ul style="list-style-type: none"> • There is potential for shared solutions to common problems or barriers across the local arts and culture sector – e.g. shared office spaces, equipment, staff, storage • Co-ordinated marketing, online resources, and databases could create greater connection to and accessibility for the wider community • Training and professional development opportunities may be more viable through identification of shared needs and splitting costs 	<ul style="list-style-type: none"> • The Shire’s Arts and Culture Strategy is an opportunity to develop a shared vision for the local arts and culture sector, with clear roles and pathways • Increased strategic collaboration amongst the local arts and culture sector has the potential to create opportunities for State and national advocacy and funding

Shire of Broome Arts and Culture Strategy Consultation Report

Key Survey Findings

Words that describe the arts and culture offer in Broome:

- Community-driven
- Locally-created
- Diverse
- Unique
- Resourceful

Arts and culture is important in Broome for...

- Contributing to community health and wellbeing
- Celebrating cultural diversity
- Youth development
- Developing community cohesion
- Encouraging civic pride
- Telling the stories of the area
- Education

On a scale from 1-10, how well do you feel the development of arts and cultural organisations and artists is supported in Broome?

Average
4/10

How satisfied are you with the opportunities to actively participate or engage in arts and culture activities in Broome?

Average
5.5/10

How greatly do you perceive independent artists/arts organisations to be contributing to arts and culture in Broome?

Average
8/10

What do you believe should be the Shire's priorities for arts and culture in Broome?

- Enabling financial support for arts and cultural events and projects
- Supporting the strategic goals and activities of local arts and cultural organisations
- Advocating for State and Federal Government investment in Broome arts and culture
- Enabling financial support for arts and cultural organisations
- Providing access to arts skills and professional development opportunities
- Facilitating partnerships between the arts and cultural sector and other industries

Shire of Broome Arts and Culture Strategy Consultation Report

Vision for the future

What is the vision for arts and culture in the shire in five years' time?

Arts and Culture Organisations

- The Broome area is nationally and internationally recognised as an arts and cultural hotspot
- The local arts and cultural sector's social impact and economic contribution to the shire is measured, recognised, and valued
- First Nations art and culture is supported, promoted, and treasured as a unique cultural asset
- Fit-for-purpose performance and exhibition spaces allow local arts and culture to reach their full potential within their community
- The Shire understands and supports the strategic goals of local arts and cultural organisations through collaboration, resources and promotion

Individual Artists

- Independent artist careers are sustainable in the region through consistent paid opportunities
- Artists have access to professional development opportunities without needing to leave the region
- Artists are supported in their practice with the infrastructure and in-kind resources required to reach the potential of their artistic impact in their community
- Artists have the opportunity to collaborate with a range of artists, organisations, and government bodies

Shire of Broome Arts and Culture Strategy Consultation Report

Remote Communities

- Artists in remote communities are equipped with arts business information and resources regarding copyright, contracts, and re-sale royalties
- Emerging and contemporary Aboriginal artists are supported in creative professional development
- Connections with the wider arts and culture sector are fostered through residencies and skill-sharing opportunities
- Artists and arts organisations in remote communities are supported to seek funding through project and grant application advice
- Remote communities are connected with opportunities for arts and cultural income generation through cultural tourism and artwork sales

Young People

- Opportunities to participate in arts workshops are accessible for local young people in cost, location and capacity
- Young musicians are provided with performance opportunities in age-appropriate venues
- Local young people are supported to access visible arts and culture career pathways
- There are more ongoing, regular arts activities for young people to do outside of school

9.1.2 DISABILITY ACCESS AND INCLUSION PLAN FOR FINAL ENDORSEMENT (2023 - 2028)

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	COS09.1
AUTHOR:	Place Activation & Engagement Officer
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Chief Executive Officer
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

The draft Disability Access and Inclusion Plan (2023 – 2028) was released for a four-week public comment period. The community feedback received has been reviewed and considered when producing the final document. This report requests Council consider the feedback submitted and adopt the Disability Access and Inclusion Plan (2023 – 2028).

BACKGROUND*Previous Considerations*

OMC 22 March 2018	Item 9.1.3
OMC 23 May 2023	Item 9.1.1

The *Disability Services Act 1993* (Act) requires all local governments in Western Australia to develop, implement, and report on a Disability Access and Inclusion Plan (DAIP). DAIP's act as a framework for the implementation of strategies and initiatives to ensure people with disability are supported to have the same opportunities as others to access services, facilities, and information. Under the Act, local governments are required to review and update their DAIP every five years. The Shire's existing DAIP expires in 2023.

DAIPs contain strategies in 7 key outcome areas, which are established in the Disability Services Regulations 2013 (Regulations). The seven outcome areas are:

- Access to services and events.
- Access to buildings and other facilities.
- Access to information.
- Quality of service provided by the local government.
- Opportunity to make complaints.
- Opportunity to participate in public consultation.
- Employment at the local government.

Extensive consultation with officers and community members was undertaken to develop the draft DAIP as further outlined in the consultation section of this report. At the Ordinary Meeting of Council (OMC) held 23 May 2023, Council endorsed the draft DAIP for the purposes of a 4-week public comment period.

COUNCIL RESOLUTION:**(REPORT RECOMMENDATION)****Minute No. C/0523/014****Moved: Cr D Male****Seconded: Cr H Tracey****That Council:**

- 1. Endorse the draft Disability Access and Inclusion Plan 2023-2028 for the purposes of public advertising; and**
- 2. Requests the Chief Executive Officer to:**
 - a) commence a four-week public comment period to enable community input into the draft DAIP; and**
 - b) present feedback received during the public comment period for consideration at the July 2023 Ordinary Meeting of Council.**

CARRIED UNANIMOUSLY 7/0**COMMENT**

The Shire of Broome is committed to its Vision 'a Future for Everyone' and aims to be an accessible and inclusive place, not only for people living with a disability, but also our seniors and minority groups.

The DAIP is structured in accordance with the Regulations and includes the required 7 key outcome areas.

Following endorsement by Council, a 4-week public comment period was advertised from 31 May – 28 June 2023. During the public comment period, officers executed the following activities to promote the availability of the DAIP and requested feedback:

- Shire of Broome website (31 May 2023)
- Facilitated a pop-up engagement stall at the Broome Boulevard (15 June 2023)
- Promotional post on Facebook (1 June 2023 and 15 June 2023)
- Printed advertising at Shire of Broome facilities
- Multiple emails to stakeholders and Shire of Broome staff
- Feature of Shire News in the Broome Advertiser (8 June 2023).

Seven submissions were received during the 4-week public comment period. A copy of the Public Submission Summary is attached to this report (**Attachment 2**).

Public comment submissions were reviewed and considered when developing the final draft of the DAIP. A copy of the final DAIP is attached to this report (**Attachment 1**).

Officers recommend that Council notes the feedback received through the public consultation period and endorses the final DAIP.

Once adopted, the DAIP will then be forwarded to the Disability Services Commission for endorsement.

An internal implementation plan has been developed for delivery of the DAIP. It will be reviewed quarterly by responsible officers to track its progress and achievements, assisting with the annual report to the Department of Communities.

CONSULTATION

Extensive consultation was conducted with Shire of Broome officers and community members to identify access and inclusion barriers and develop strategies for the new DAIP. The consultation included surveys, postcard feedback, interviews, meetings, phone calls, emails, and community forums. A total of 108 submissions were received. Demographic information was collected, with some respondents indicating disabilities or being family members or carers of individuals with disabilities.

STATUTORY ENVIRONMENT

Local Government Act 1995

Disability Services Act 1993

Requires all local governments and selected State Government agencies to develop a Disability Access and Inclusion Plan (DAIP) and review and/or amend or replace the Plan every 5 years. Failure to review and update the DAIP could result in a breach of the Act.

Disability Services Regulations 2004

Schedule 2 – Standards for Disability Access and Inclusion Plans

The DAIP is also aligned with the WA Equal Opportunity Act 1984.

POLICY IMPLICATIONS

Nil.

FINANCIAL IMPLICATIONS

The implementation of the DAIP is integrated into the Shire's mainstream programs and services as part of normal operating procedures and budgets.

RISK

Local governments are required under the Act to update their DAIP every five years. The Shire's DAIP was last updated in 2018, and a timely completion of this review is imperative to ensure the Shire is compliant with legislative requirements.

STRATEGIC ASPIRATIONS

People - We will continue to enjoy Broome-time, our special way of life. It's bursting with energy, inclusive, safe and healthy, for everyone

Outcome 2 - Everyone has a place to call home

Objective 2.1 Promote access to safe, affordable accommodation to meet all needs, including itinerants, homeless people, those at risk, youth and the elderly.

Outcome 3 - A healthy, active community

Objective 3.1 Improve access to health facilities, services and programs to achieve good general and mental health in the community

Objective 3.2 Improve access to sport, leisure and recreation facilities, services and programs.

Objective 3.3 Grow community capacity through volunteer support and recognition.

Outcome 4 - An inclusive community that celebrates culture, equality and diversity**Objective** 4.2 Align services to meet diverse community needs.**VOTING REQUIREMENTS***Simple Majority***REPORT RECOMMENDATION:***That Council:*

1. *Notes the feedback on the Disability Access and Inclusion Plan (2023 – 2028) received through the public consultation period; and*
2. *Adopts the Disability Access and Inclusion Plan (2023 – 2028) (**Attachment 1**).*

Shire of Broome Overview

The Shire of Broome is located in the Kimberley, covering approximately 56,000 square kilometres and with 900 kilometres of coastline.

The town of Broome is situated on the end of a peninsula, surrounded by ocean, and land-locked by distance, some 2,200 kilometres north of Perth. White sandy beaches are framed on one side by blue ocean waters and on the other by red pindan soils, providing a stunning backdrop for recreational, cultural and tourist activities.

Founded as a pearling port over a hundred years ago, Broome boasts a multicultural population with Koepanger, Malay, Chinese, Japanese, European and Aboriginal cultures all blended to create Broome's captivatingly friendly and flamboyant character. Around 28% of residents identify as Aboriginal or Torres Strait Islander. This is significantly higher than Western Australia (3.9%) and illustrates the central and significant position of Aboriginal people in the character and culture of the Broome community and economy. There are five Aboriginal communities, including the largest in Western Australia, and numerous Aboriginal outstations across the Shire.

Broome is the service and trade hub of the region, servicing agricultural, pastoral, mining, oil and gas production, and conservation jobs across the Kimberley. It also serves as the gateway for tourists and visitors to the Kimberley, including international visitors by cruise ship and aircraft.

The Shire of Broome is committed to ensuring that Broome is accessible and inclusive for everyone, including people with disability, their families and carers and other members of the community who have access considerations. The aim of this Disability Access and Inclusion Plan (DAIP) is to help the Shire with the coordination of planning and activities to ensure all community members have equal access to:

1. Services and events
2. Buildings and facilities
3. Information
4. Customer service
5. Complaints processes
6. Public consultations
7. Employment opportunities at the Shire

People with Disability in Broome

The Western Australian Disability Services Act (1993) defines disability as a condition that:

- Is attributable to an intellectual, cognitive, neurological, sensory or physical impairment or a combination of those impairments;
- Is permanent; and
- May or may not be episodic in nature.

Disability may result in a person having a substantially reduced capacity for communication, social interaction, learning or mobility and a need for continuing support services in daily life. Some disabilities, such as epilepsy, are hidden, while others, such as cerebral palsy, may be visible.

The Shire of Broome is committed through our Vision statement – a future for everyone. The strategies and actions in this document have been produced in conjunction with our community. The purpose of this DAIP is to ensure our community is accessible and inclusive of people with a disability, seniors, the multicultural community, and their families and carers.

The Australian Bureau of Statistics conducts a survey of Disability, Ageing and Carers every five years. Data from the 2018 Survey estimated that **17.7%** of the Australian population (4.4 million), have a disability. If you add to that the estimated 2.65 million Australians who are carers, then disability impacts approximately one third of the population.¹

The Shire of Broome was home to 16,907 people in 2019 so approximately 3,000 residents plus carers are likely to be impacted by disability. However, the seasonal population of Broome can at times far exceed its residential population. Accounting for tourism visitors, short-stay workers and business travellers and other workers and people from around the Kimberley and North West using Broome as a base, the population of Broome can fluctuate between 30,000 and 60,000 people on any given day so many more people would be impacted by disability.

Progress in access and inclusion since 2018

The Shire of Broome has implemented a number of initiatives over the years to improve access and inclusion. Some examples follow.

Improving access to services and events

- A Scanning Reader Pen was purchased for the library which is a device that converts printed text into speech.
- The event application form was amended to include a question requesting that the applicant outline what actions have been taken to ensure the event is accessible to people with a disability. The Disability Services Commission – Accessible Events Checklist is provided as an online link for easy reference.
- The Broome Recreation and Aquatic Centre (BRAC) installed an all-access refrigerated drink foundation.
- An International Day of People with Disability event was delivered in partnership by the Shire of Broome and Far North Community Services. The event raised awareness and celebrated the achievements of those living with disabilities in Broome.
- The library expanded its collection of Large Print books to ensure ongoing access to quality literature.
- When hosting events at the Shire, staff undertake a risk assessment that includes an additional review of the site and event to consider accessibility.
- The Shire adopted a new vision - A future for everyone, which ensures the organisation's commitment to representing and servicing all people. This commitment is reinforced within two of the six core values - For Everyone - inclusive and welcoming to all people, and Respectful of everyone.
- The Shire advocated to the Transport Minister Rita Saffioti on behalf of the community about the lack of wheelchair taxis. The Minister has since increased grant funding opportunities in regional areas as a result. The Shire has been promoting these grants to local taxi companies.

¹ Disability, Ageing and Carers, Australia: Summary of Findings, 2018 | Australian Bureau of Statistics (abs.gov.au)

- The Shire continued to partner with Building Inclusive Communities WA (BICWA). The project focussed on supporting the Shire and local community organisations through capacity-building, mentoring and a range of practical supports to ensure all people, regardless of ability, race, ethnicity, gender, or sexual orientation, feel a sense of belonging, can actively participate in the community and play a valued role in their local community.
- The learnings from the BICWA partnership culminated in the Broome Sport in Focus Conference which devoted one of its three streams to discussing inclusion with local sporting groups. The Shire partnered with Inclusion Solutions to discuss inclusion in sport, including a presentation from an athlete with a disability providing a firsthand account of his positive experiences.

Improving access to buildings and facilities

- Consideration was given to providing accessible beach access as part of the Cable Beach Foreshore Masterplan.
- Significant upgrades during Stage 1 and Stage 2 of the Chinatown Revitalisation project in conjunction with disability consultants. A major focus was improving access throughout the CBD including a new ramp installed in Shekki Lane and improved access into Johnny Chi Lane from Dampier Terrace to allow for unassisted access to the shops along the laneway.
- The new playground at Solway Park includes footpath access to the play equipment and an accessible picnic table.
- The Shire reception has an all-access workstation, accessible toilet and signage that indicates that guide dogs are welcome.
- Successfully applied for \$170,000 from the Department of Communities to expand the network of changing places into the Cable Beach precinct.
- The town's new cemetery ablution block was designed and constructed incorporating universal access to toilets.
- New Beach Accessible Wheelchair purchased for Cable and Town Beach use.

Improving access to information

- The Shire's website moved to an Opencies platform which is WCAG 2.0 compliant.
- The Shire's website has an Access and Inclusion section which includes links to the DAIP, facilities and services, disability services contacts, and information on the Beach and Aquatic wheelchairs.
- Important communication, marketing and advertising material is distributed through both radio and written communication methods (press releases, social media) to ensure that the content can be delivered to all members of the community. News and updates on major projects are increasingly being relayed to the community via videography and include subtitles.
- Promoted the alternative formats available.
- Revision of the Shire's Style Guide to incorporate accessible guidelines.
- Continued to ensure that all Shire documents/flyers had information noting availability of alternative formats.
- Provided promotion of disability services and events such as Parkinson's WA, Activ and Motor Neurone Society on Shire social media.
- A Corporate Communications and Engagement Strategy was endorsed and includes how best to communicate with, inform and engage with all members of the Broome community.

Improving staff skills

- The Shire library coordinator participated in webinars including “Disability Programs and Services in libraries” and “Training for library staff to better understand and meet the needs of children and adults living with disability.”

Improving access to complaints and consultation mechanisms

- Community Development Officers have commenced a review of the Community Engagement Policy and are developing a new Framework with accessible and inclusive engagement approaches to be included, developed through research and consultation with key stakeholders.
- Recognition of International Day of People with Disabilities with multiple stories shared on social media.
- Relationship formed with NDIS to work together on promoting services and events in Broome including International Day for People with Disabilities.
- Partnership established with Football Futures Foundation to support a disability soccer program in Broome and across the Kimberley
- An NDIS Information session held at the Shire in partnership with Nirrumbuk. The information session gave community members, community groups and service providers an opportunity to learn about the NDIS referral process, eligibility and the support that the Nirrumbuk Remote Community Connector’s team can offer.

Improving access to employment

- The Shire has three volunteers with a disability. These people assist in the library and in the main administration area.

Alignment of the DAIP

The DAIP is a legislative requirement under the Western Australian Disability Services Act (1993) and supports a number of international and local legislative and good practice initiatives including:

- United Nations Convention on the Rights of Persons with Disabilities 2006.
- Australian Human Rights Commission Act 1986.
- Commonwealth Disability Discrimination Act 1992.
- Fair Work Act 2009.
- National Disability Insurance Scheme Act 2013.
- National Disability Strategy 2021 - 2031.
- State Disability Strategy 2020 - 2030.
- Public Sector employment requirements – People with disability: Action Plan to Improve WA. Public Sector Employment Outcomes 2020–2025.
- The Shire of Broome Strategic Community Plan 2021-2031, and Corporate Business Plan 2022-2026.

Stakeholder consultation for the DAIP 2023-2028

Methodology

A consultation was carried out with Shire of Broome staff and community members to identify barriers to access and inclusion as well as potential strategies to be incorporated into the new DAIP.

Staff and community members could have their say by:

- Completing an online or hard copy survey.
- Providing feedback on a postcard asking for feedback on disability access and inclusion.
- Attending an interview or meeting in person or online.
- Phoning or emailing feedback.
- Attending one of two community forums.

The promotion of the consultation included:

- Advertising on the Shire's website over February/March 2023.
- Advertising in the Broome Advertiser on 16 February 2023.
- Direct communications to stakeholders in the community with an interest in disability or potential staff or clients with disability.
- Social media posts.

The findings of the consultation were discussed with a staff working group for further input and suggestions on strategies for the new DAIP.

Demographics of Respondents²

A total of 108 submissions were received during the consultation including:

- 32 community surveys
- 38 staff surveys
- Community forums x 13
- Staff working group x 23
- Other (email, interview) x 2

Demographic details were collected in the surveys. Eleven respondents to the community survey said they had a disability and fourteen said they were a family member or carer of a person with disability. Some respondents preferred not to answer these questions.

Three respondents to the staff survey said they had a disability and three said they were a family member or carer of a person with disability. Staff survey respondents came from work areas including:

- Administration
- Community Engagement
- Office of the CEO
- Library
- Engineering
- Development Services
- Facilities and programs
- Place Activation & Engagement
- Nursery
- Special Projects
- Indoor
- Health, Emergency and Rangers
- Environmental health
- Waste Management
- Corporate
- Development
- Infrastructure
- Planning

Consultation Findings

The findings from the consultation are summarised under each of the seven mandated DAIP Outcomes.

² Not all survey respondents answered every question

Outcome 1

People with disability have the same opportunities as other people to access the services of, and any event organised by, a public authority.

44% of community survey respondents and 53% of staff respondents said that they agreed or strongly agreed that the Shire of Broome is welcoming and inclusive of people with disability.

Suggestions to improve access and inclusion for people with disability to services and events included:

- Greater wheelchair access to services, events and taxis/transport.
- More accessible and inclusive programs and services e.g. men's shed, sports, options for various abilities and ages.
- Improve access and inclusion at events e.g. information, quiet spaces/chill zones, use of companion card, accessible venues, family friendly, dedicated accessible parking, transport, Auslan interpreters.
- Training for staff and volunteers about providing accessible and inclusive events.
- Promotion of accessible and inclusive options for events, accommodation, services etc to show Broome as an accessible destination.
- Create a register of vulnerable people including people with disability who need specific assistance in an emergency or disaster.

Outcome 2

People with disability have the same opportunities as other people to access the buildings and other facilities of a public authority.

Suggestions to improve access and inclusion for people with disability to buildings, facilities, outdoor environments and other public spaces included:

- Improve ACROD parking e.g. number of bays, policing of use.
- Improve footpaths.
- Provide more accessible play spaces and equipment.
- Provide more accessible facilities e.g. water fountains, shaded seating, toilets.
- Improve access to the beaches.
- Consult with people with disability and access consultants in the review of buildings and facilities.

Outcome 3

People with disability receive information from a public authority in a format that will enable them to access the information as readily as other people are able to access it.

Suggestions to improve access and inclusion for people with disability to written/printed information included:

- Promote what accessible formats are available e.g. larger print, easy read etc, in a variety of ways e.g. signs, newsletter, social media, information at airport, via service providers.
- Improve community awareness of the needs of people with disability.
- Provide easy read options of bills and compliance notices.
- Improve the website e.g. easier to find the information about disability access and inclusion.

Outcome 4

People with disability receive the same level and quality of service from the staff of a public authority as other people receive from the staff of that public authority.

47% of staff agreed or strongly agreed with the statement "Shire of Broome staff have the skill and knowledge to welcome and include people with disability". 24% of staff disagreed or strongly disagreed with this statement.

Suggestions for improvement included:

- Raise staff awareness about what access and inclusion means for people with all different types of disabilities, not just physical; and the services and supports available for people with disability.
- Improve staff skills in communicating with a variety of community members including people who are deaf or hearing impaired and people who are not English speakers.
- Provide resources to support staff e.g. a specialist staff member, guidelines, details of disability service providers.
- Include disability access and inclusion as part of everyday business e.g. a standing agenda item for meetings; good news stories in Shire newsletters/communications.

Outcome 5

People with disability have the same opportunities as others to provide feedback to a public authority.

AND

Outcome 6

People with disability have the same opportunities as other people to participate in any public consultation by a public authority.

Suggestions to improve access and inclusion for people with disability to opportunities to provide feedback or make complaints included:

- Seek regular input from people with disability and service providers e.g. a DAIP reference group.
- Partner with disability services to build connections with people with disability.
- Ensure consultations and feedback mechanisms are accessible e.g. multiple feedback options, support to provide feedback.

Outcome 7

People with disability have the same opportunities as other people to obtain and maintain employment with a public authority.

Suggestions to improve access for people with disability to employment opportunities in Shire of Broome workplaces included:

- Improve accessibility of Shire's workspaces.
- Create opportunities to employ more diverse people including people with disability e.g. redesign roles, traineeships, flexible conditions.
- Build relationships with disability employment providers and schools.
- Review recruitment process so attract people with disability.

DAIP Strategies 2023-2028

The following strategies address the outcomes mandated in the WA Disability Services Act (1993) amended in 2004 and 2014. They are not in order of priority, and all are equally important.

Outcome 1: People with disability have the same opportunities as other people to access the services of, and any event organised by, the Shire of Broome.

Strategies

1. Provide greater access for people with disability to events.
2. Advocate for or provide more accessible programs, services and equipment.
3. Ensure people with disability are considered in emergency and disaster planning.

Outcome 2: People with disability have the same opportunities as other people to access the buildings and other facilities of the Shire of Broome as other people.

Strategies

1. Continue to audit buildings, facilities and pedestrian networks and prioritise improvement works.
2. Provide more accessible play spaces and equipment.
3. Incorporate best practice in access and inclusion when upgrading buildings and facilities.

Outcome 3: People with disability receive information from the Shire of Broome in a format that will enable them to access the information as readily as other people are able to access it.

Strategies

1. Improve the accessibility of the Shire website.
2. Provide training and support for staff on providing accessible information.
3. Promote Broome as an accessible destination.

Outcome 4: People with disability receive the same level and quality of service from the staff of the Shire of Broome as other people receive from the staff of the Shire of Broome.

Strategies

1. Ensure that Shire staff have the appropriate level of awareness and training to provide a high level of customer service to people with disability.
2. Provide useful information about disability access and inclusion on the intranet to support staff to provide quality customer service.

Outcome 5: People with disability have the same opportunities as others to provide feedback to the Shire of Broome.

AND

Outcome 6: People with disability have the same opportunities as other people to participate in any public consultation by the Shire of Broome.

Strategies

1. Establish an informal DAIP working group for regular input in DAIP initiatives.
2. Partner with disability services to build connections with people with disability.
3. Promote commitment to a future for everyone and welcome feedback from all.

Outcome 7: People with disability have the same opportunities as other people to obtain and maintain employment with the Shire of Broome.

Strategies

1. Review the recruitment process to attract people with disability.
2. Provide training for HR and hiring staff on employing people with disability.

Governance

Implementation

An internal implementation plan has been developed for delivery by all of the Shire's business units. It will be reviewed quarterly by the Shire to track the progress and achievements of the DAIP and assist with the annual reporting to the Department of Communities. Updates on DAIP progress will be posted on the Shire's website.

Resourcing

The DAIP is to be resourced through normal operational funding. Opportunities to secure external incomes such as grants will also be sought.

Promotion

The Shire of Broome will promote the availability of the new DAIP by:

- Notice in the Broome Advertiser newspaper.
- On the Shire of Broome website.
- To all staff via email and intranet notification.

Agents and contractors used by the Shire will be advised about the DAIP through procurement documentation.

Reporting

The DAIP will be lodged with the Department of Communities, reported on annually and reviewed at least every five years.

Public Comment Submissions - Draft Disability Access and Inclusion Plan					
	Name/Organisation	Submissions Comments	Summary of Submission	Local Government Comment	Local Government Recommendation
1	Cheryl Mascall	THE SHIRE'S UPDATED DISABILITY ACCESS AND INCLUSION PLAN - I STILL THINK A SAFE CROSSING IN CHINATOWN ON CARNARVON ST IS EXTREMELY NECESSARY - FOOTPATHS DOWN PORT DRIVE ARE NEEDED ALL THE WAY TO THE PORT FOR SAFETY	Pedestrian access Chinatown and Port Drive.	Noted. During the Chinatown Revitalisation Project there was broad community consultation through a master planning process and with a stakeholder reference group. In addition, an Access consultant was also engaged to review the plans. The Shire has a 10 Year Trails masterplan that categorized a footpath along Port Drive as a medium priority. However, it should be noted that the Shire does not have any jurisdiction over Port Drive.	Shire officers to consider comments in future footpath strategies. However, they will not be revisiting the Chinatown crossing points in the near future.
2	Michael O'Leary	WHEELCHAIR ACCESSIBLE VEHICLES BROOME - DOES THE BROOME TOWNSHIP HAVE WAV AS YET - MICHAEL O'LEARY	Wheelchair accessible vehicles	Noted. And part of actions related to Outcome 3. Improve community awareness of the needs of people with disability.	Shire to continue to advocate for change to legislation around WAV. No change required.
3	Anne Taylor	DISABILITY TRANSPORT- HAD THE MISFORTUNE TO ARRIVE IN BROOME ON 19 MAY 2023 - MYSELF AND A FRIEND BOTH IN ELECTRIC WHEELCHAIRS WERE WAITING AT THE AIRPORT FOR A WHEELCHAIR TAXI ONLY TO BE TOLD THEY'RE ARE NONE - OUR HOLIDAY TURNED OUT OKAY BUT WE WERE RESTRICTED BY THE LACK OF TRANSPORT - HOPE IN THE NOT TOO DISTANT FUTURE YOU CAN RESOLVE THIS ISSUE AND MAKE IT A WELCOMING PLACE FOR ALL TO VISIT WITHOUT DISCRIMINATION.	Wheelchair accessible vehicles	Noted. And part of actions related to Outcome 3. Improve community awareness of the needs of people with disability. The Shire have been advocating for WAV taxis to be funded in Broome and have sent numerous letters to both the Minister for Transport and Minister for Disability Services to both increase available funding for WAV services and encourage local companies to consider applying.	Shire to continue to advocate for change to legislation around WAV. No change required.

4	Emma Martinskis	ALSO PLEASE RAISE MY CONCERNS WITH WHOM IT MAY CONCERN - THE SHARP AND SAME-COLOURED STEPS IN CHINATOWN NEAR THE BOOKSHOP (ACROSS FROM THE ROEY BOTTLESHOP) ARE DANGEROUS - WHEN I WAS VISION IMPAIRED I ALMOST FELL DOWN THEM AND IF MY HUSBAND WAS NOT THERE I WOULD HAVE LIKELY SUSTAINED SIGNIFICANT TRAUMATIC INJURIES.	Unsafe steps in Chinatown.	Noted and part of actions related to Outcome 2. Improve footpaths.	Concern raised with relevant Shire officers. Steps to be assessed. No changes required.
5		I AM EXCITED TO READ THAT THE LIBRARY WILL GET MORE LARGE PRINT BOOKS AS I WILL UTILISE THEM AND IF MY VISION WERE TO DETERIORATE AGAIN WOULD MAKE USE OF THE SCANNING PEN. I HAVE MS AND RECURRING OPTIC NERVE NEURITIS, SO I HAVE HAD EXPERIENCE WITH PHYSICAL DISABILITY WITH THE VISION LOSS AND DIFFICULTY WITH BALANCE AND MOBILITY AT TIMES.	Positive comment about large print books at library and scanning pen.	Noted. Postive feedback	No changes required.
5	Richard Struik	The document is easy to follow, the language is well targeted, its well presented and engaging. We are not able to confirm accessibility fully, this is something your Comms area may do. While not all of the consultation feedback is reflected in the strategies, its clear that the consultation has driven the priorities and that your consultation was able to elicit useful feedback, and that the Shire intends to act on the feedback. The document mentions connection with your Strat Community Plan and Corporate Business Plan. While emphasising this further is not a requirement by any means, we are aware that it can be challenging to help ensure all staff have ongoing understanding of the DAIP, and what its expectations are of staff, policies and projects of the Shire. It may not be required in the plan itself, but you will likely have an approach to raise awareness once adopted. The connection between economic development and access and inclusion is great to see, and we feel its particularly important in the Shire's context given it's a popular and iconic destination. Any role the Shire could see itself playing in advocating better access across the entire community and its stakeholders can impact on economic and tourism potential. (there are some resources in this regard, let me know if this comes up for you). The governance is very clear and the commitment to publishing regular reports is a very transparent way of operating. There are no aspects of the plan which appear contrary to the provisions and intent of the Disability Services Act 1993. As you mention its intended to go to Council in July, you may intend its carriage to me from June 30 2023 or cover the whole of this year. This is up to the Shire. We'll note an expiry of 5 years from the date its lodged with us, unless the authority advises of an earlier timeframe.	Positive comments on the document in general and the connection between economic development and inclusion and the importance of raising internal awareness of the DAIP.	Noted. Postive feedback. Noted and part of actoins related to Outcome 4 include disability access and inclusion as part of everyday business.	Shire officers to lodge Final DAIP document with the Deprt of Communities. No changes required.

Maureen Cook	More ACROD bays required. Need an easier uncomplicated way of reporting people/cars parking without an ACROD sticker or permit	ACROD parking bays	Noted and part of actions related to Outcome 2 Improve ACROD parking. Outcome 6 Ensure consultations and feedback mechanisms are accessible. The Shire recently promoted an ACROD parking campaign on social media, that was undertaken by the Rangers. During the campaign, individuals parked in an ACROD bay without the relevant permit, were fined. This resulted in a subsequent decrease in ACROD parking infringements.	Noted. Shire officers to consider comments in future developments. No changes required.
	The town needs more caravan friendly parking so they're not taking up space where they shouldn't across 5 car bays.	Parking	Noted and part of actions related to Outcome 2 Improve ACROD parking. The Chinatown Carparking plan was reviewed in consultation with the community and additional RV/Caravan bays were allocated at the Broome Visitor's Centre.	Noted. Shire officers to consider comments in future developments. No changes required.
	Affordable events for seniors. ie subsidise fee for Broome Circle room venue	Affordable events	Noted and part of actions related to Outcome 1 Improve access and inclusion at events.	Noted. Shire officers to communicate with Broome Circle re cost of venue hire. No changes required.
	Home help for pensioners - provide a list of services including gardening, cleaning fans and windows (local businesses)	Services for seniors	Noted and part of actions related to Outcome 3 Improve community awareness of the needs of people with disability.	Noted. No changes required.
	Text friendly businesses for the hard of hearing.	Services for seniors	Noted and part of actions related to Outcome 3 Improve community awareness of the needs of people with disability.	Noted. No changes required.

Lesley Westlake	E scooters are dangerous. Children/people ride three a breast on the footpath, ride on the road and at night without lights and do not wear helmets.	E Scooter safety concerns	Noted and part of actions related to Outcome 3 Improve community awareness of the needs of people with disability.	Noted. No changes required.
	Retirement villages can not be used in reverse mortgage agreements	Housing concerns	Noted and part of actions related to Outcome 3 Consult with people with disability and access consultants in the review of buildings and facilities.	Noted. Information passed on to Shire officers. No changes required.
	Public question June 29 How will the Shire of Broome demonstrate that its goal of achieving a "Future for Everyone" matches its outcomes with those of An Age Friendly W.A State Seniors Strategy 2023-2033 and its Disability Access and Inclusion Plan 2023-2028 where outcomes of these and their subsequent and continuing plans reflect: Seniors in the Shire of Broome have disabilities Seniors in the Shire of Broome are multicultural Seniors in the Shire of Broome will continue to age' and their needs will change Seniors in the Shire of Broome require social interactional engagements Seniors in the Shire of Broome require transport to meet their needs Seniors in the Shire of Broome have a voice That the Shire of Broome's planning, budgeting and staffing levels demonstrate through its actions at each meeting that seniors are indeed "The Pearls of Broome" and will generationally continue to be so, and that Seniors are valued and appreciated, that no-one is excluded by race, geography, culture, language, gender, sexuality, ability or socioeconomic status? By this commitment, the Shire of Broome can truly say it embeds itself in " A Future for Everyone."	Seniors in the Shire of Broome require social interactional engagements will be addressed through Outcome 1 More accessible and inclusive programs and services. Improve access and inclusion at events. Promotion of accessible and inclusive options for events and services. Seniors in the Shire of Broome require transport to meet their needs will be addressed through Outcome 1 Improve access and inclusion at events including transport. It is important to note that while the Shire endeavours to promote and provide a future for everyone, aspects of social service delivery are outside of the scope of responsibilities of Council. Public transport and health are 2 examples where service delivery to seniors, and the rest of the community, are delivered by other tiers of government and are outside of Council jurisdiction. In these situations, Council takes on an advocacy role on behalf of the community.	Noted. The DAIP will clearly acknowledge that seniors are amongst the groups the plan aims to focus on, that they have disabilities, are multicultural and will continue to age and therefore needs may change.	
	Annual electors meeting - What steps does the Council now have for the receipt and distribution of information supplied to the Council in light of the Age Friendly WA: State Seniors Strategy where digital is one way for communication? It is not the only way.	Support for seniors	The Shire of Broome DAIP provides a number of actions related to how the Shire intends to provide communication and seek feedback including Outcome 3 Promote what accessible formats are available. Improve community awareness of the needs of people with disability. Outcome 3 Improve community awareness of the needs of people with disability.	

9.1.3 APPLICATION FOR RENEWAL OF TRADING IN PUBLIC PLACES PERMIT - PILBARA FISH TRUCK

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	HEA001
AUTHOR:	Coordinator Environmental Health
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Director Development Services
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

The Shire received an application from the Pilbara Fish Truck for the renewal of a Trading Licence, under the *Trading, Outdoor Dining and Street Entertainment Local Law 2016*. Pilbara Fish Truck operates a mobile food business selling frozen seafood from a refrigerated truck. The proposed trading location for the truck is within the Old Broome Road road reserve adjacent to Reserve R42309 for which the Shire has a management order for Drainage and Recreation purposes. This report provides an overview of the application for Council's consideration.

BACKGROUND

Previous Considerations

OMC 27 July 2017

Item 9.2.1

Council first granted Pilbara Fish Truck approval to trade for one year at its current location at the Ordinary Meeting of Council on 27 July 2017. The location selected on Old Broome Road is unchanged from previous years and is considered satisfactory given the size and weight of the truck (see figures below).

The renewal application proposes continued use at this location.

All Shire trading licences are renewed annually. Where Council approval for a trading licence is required, it can set a period of more than one year for the trading term and delegate the annual renewal to the Chief Executive Officer thus reducing administrative load on Council.

COMMENT

The operator of the Pilbara Fish Truck has applied for renewal of an Annual Trading Licence for the 2023-24 financial year. The location proposed is the same as previous years and is identified in figures 1 and 2 below.

The Pilbara Fish Truck is a mobile food business selling frozen seafood from a 16 metre long refrigerated truck (figure 3 below). The business markets itself as selling 'local quality healthy seafood direct from the boats'. The Pilbara Fish Truck is registered as a food business with the City of Karratha and currently travels to towns within the Pilbara including South Hedland, Port Hedland, Karratha, Paraburdoo, Tom Price, Newman, Onslow, Pannawonica

and Wickham, on a monthly basis. The operator seeks an approval for continued trading in Broome on 21 weekends per year. The applicant provides their own power while trading and does not require local water supply or disposal.

The documents submitted meet the requirements for assessing of a trading in public places application. The applicant has provided evidence of public liability insurance, current food business registration (City of Karratha) both of which have been confirmed as current for the 2023-24 year.

The Shire received one complaint from a fixed business operator in 2018 regarding the Pilbara Fish Truck's approval to trade. This was addressed at officer level. No complaints have been recorded since that time.

Figure 1 Requested trading location for Pilbara Fish Truck.

Figure 2 Close up aerial view of requested trading location for Pilbara Fish Truck.

Figure 3 Pilbara Fish Truck

This Item recommends Council approves a three year period to July 2026 subject to annual renewal under officer delegation.

CONSULTATION

Nil

STATUTORY ENVIRONMENT

Trading, Outdoor Dining and Street Entertainment Local Law 2003
Local Government Property and Public Places Local Law 2016
Food Act 2008

POLICY IMPLICATIONS

In accordance with the **Trading in Public Places Local Law 2003**, approval of trading in a public place outside of the Shire of Broome's approved trading zones is made by Council.

FINANCIAL IMPLICATIONS

Given the activity is proposed to be 21 weekends per year and is not in a high usage area, it is proposed that the medium intensity licence fee of \$1102.00 per annum will be applicable.

RISK

There is no risk to the Shire due to the operations of this business. Any risks associated with the business are borne by the applicant. The applicant has developed a Risk Assessment and Management Plan to mitigate risks.

As part of the terms of the trading licence, the licensee is required to maintain public liability insurance to the value of \$10,000,000 (\$10 million) for the trading activity.

In light of these mitigation measures, the risk to the Shire in approving the activity is considered Low.

The trader is required to be registered as a food business with a local government. A Shire of Broome officer has confirmed with the City of Karratha that the Pilbara Fish Truck hold current registration as a low risk food premises – selling pre-packaged frozen seafood.

STRATEGIC ASPIRATIONS

Prosperity - Together, we will build a strong, diversified and growing economy with work opportunities for everyone.

Outcome 9 - A strong, diverse and inclusive economy where all can participate

Objective 9.4 Support business growth, innovation and entrepreneurship.

Actions 9.4.2 **Facilitate** innovation and entrepreneurship, positioning Broome to be able to respond to future changes in the economy, technology, environment and population.

people • place • prosperity

Licence Conditions:

1. The trader must comply with the provisions of the *Trading, Outdoor Dining and Street Entertainment Local Law 2016* and the *Trading in Public Places Policy*.
2. The Licence expiry date is 31 July 2024. Prior to the expiry, the trader may apply for the renewal of the licence. The trader shall be subject to an annual Trading Licence fee as set by Council. The licence may be cancelled should the fee not be paid within the time set out on the invoice.
3. The issuing of this trading licence does not give the trader exclusive possession or use of the approval trading area.
4. The Shire of Broome reserves the right to vary licence conditions at any time as required, or to cancel this licence at any time in accordance with the *Trading, Outdoor Dining and Street Entertainment Local Law 2016*.
5. Trading is not allowed when there are works being undertaken within the approved trading area. The Shire gives no undertaking to provide prior notice of such works but will make all reasonable efforts to inform the trader in advance.
6. The trader must remove any refuse and litter associated with the operation of the trading activity and ensure the site is left in a clean and safe condition. Waste must not be disposed of in public space rubbish and recycling bins.
7. The trading activity must not have an unreasonable impact on traffic flow, pedestrians or the public's use of the space.
8. The trader will be responsible for the repair, restoration or reinstatement of any damage to Shire property arising from the trading activity or caused by the customers of the trading activity. Such repair, restoration or reinstatement of damage must be carried out as directed by the Shire and to the Shire's satisfaction.
9. The trader must display respectful and reasonable behaviour towards members of the public, other traders and authorised officers at all times.
10. Public liability insurance cover to the value of \$10,000,000 (\$10 million) must be held at all times.
11. The trader may place only one portable sign within the approved trading area. That sign must:
 - a. Not exceed 750mm in height;
 - b. Not exceed 0.9 square metres double sided area (eg. 750mm x 600mm each face);
 - c. Not indicate or display any matter other than the nature of the trading activity;
 - d. Be placed so as not to cause interference or be hazardous to vehicular traffic or cause any interference or hazard or impede pedestrians;
 - e. Be of sound construction, maintained in good condition, neatly written and fixed in position to the satisfaction of the Shire's Building Surveyor;
 - f. Be removed from the land in the event of a cyclone threat; and
 - g. Be removed at the end of each trading session.
12. The licence is not transferable or renewable without the approval of Council and there is to be no expectation of continuance of the licence by the licence holder.
13. The trading activity is to occur within the area approved for the trading activity as detailed on the plan attached to this trading licence.
14. The trader must immediately comply with any lawful direction given at any time by the Chief Executive Officer of the Shire of Broome or his or her delegate, or an Authorised Officer, including the Shire of Broome Rangers.

9.2 PLACE

9.2.1 WATER SUPPLY AGREEMENT - NON-POTABLE WATER SCHEME

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	WTR001
AUTHOR:	Director Infrastructure
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Director Infrastructure
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

The Shire currently utilises effluent reuse water for the irrigation of the BRAC and Haynes Oval playing fields and extends the supply to St Marys College for use on their senior campus recreational areas. As a result of the closure of the Broome South Wastewater Treatment Plant, the Water Corporation are replacing the effluent reuse water scheme with a new non-potable water scheme.

This report seeks authority to enter into a Water Supply Agreement with Water Corporation for the non-potable water scheme and seeks authority to supply a portion of the Shire's allocation to St Marys College in line with current practice.

BACKGROUND

Previous Considerations

The use of effluent reuse water scheme has been operational since 2006 and was a collaboration between the Water Corporation, the Broome Golf Club and the Shire to alleviate the capacity issues at the Broome South Wastewater Treatment Plant (WWTP). As a benefit for assisting the Water Corporation the effluent reuse water was supplied without charge.

At the Ordinary Meeting of Council (OMC) held 11 May 2006, Council resolved to approve the supply of effluent reuse water to St Marys College and to enter into a legal agreement confirming the water supply. That agreement was finalised and signed on 18 October 2006 and the Shire has supplied effluent reuse water to St Marys College thereafter.

In January 2018, Broome experienced higher than average rainfall with approximately 941mm of rain received that month. At the end of January 2018 and as result of the high rainfall the Broome South WWTP overflowed. The wastewater mixed with surrounding rainfall runoff and flowed into Roebuck Bay.

Following the overflow there was increasing pressure on the Water Corporation to resolve all issues at the Broome South WWTP to ensure there were no more discharges of wastewater to Roebuck Bay. As a result of its investigations the Water Corporation decided to close the Broome South WWTP and divert all flows to the new Broome North WWTP located on Crab Creek Road.

The decision to close the Broome South WWTP meant that effluent reuse water would no longer be available and that the Shire and Broome Golf Club would need to switch to the town water scheme at a full cost of approximately \$400,000 and \$800,000 per annum respectively.

In the case of the Shire, the cost increase would not have been able to be absorbed in the existing operational expenditure and the shortfall would have had to be sourced directly through an increase to rates of approximately 1.6% per annum. Where rates could not be raised, the Shire would have had to significantly reduce the level of service across its parks and reserves.

Knowing this, the Shire began to lobby the Water Corporation and the State Government to continue to supply re-use effluent to both the Shire and the Broome Golf Club. Several options were investigated by the Water Corporation as the Shire continued to lobby for a solution that maintained the water supply without increased costs, or at least minimal costs, to the Shire and Broome Golf Club.

In August 2020, in response to the Shire's sustained lobbying, the Western Australian state government announced that in conjunction to funding the \$23.3million closure of the Broome South WWTP a further \$9.7million would be allocated towards a new non-potable water scheme to replace the effluent reuse water scheme.

The new non-potable water scheme was then designed to replace the flows and volumes provided through the effluent reuse water scheme of an average of 1,221kL/day for the Broome Golf Club and an average of 630kL/day for the Shire, including the volumes delivered to St Marys College.

COMMENT

In late 2023 the transition from the effluent reuse water scheme to the non-potable water scheme will be complete. This will mean the completion of the decommissioning of the Broome South WWTP, the diversion of effluent from the Broome South WWTP to the Broome North WWTP and the commissioning of a new non-potable water main from the Broome bore fields to the delivery point located adjacent to the current Broome South WWTP.

In preparation for the transition to non-potable water the Water Corporation has prepared a Water Supply Agreement. The Water Supply Agreement formalises the contractual arrangements between the parties. The key terms of the Water Supply Agreement are summarised below;

Commencement date	31 July 2023 or commissioning of the non-potable scheme
Termination date	15 years from the commencement date
Permitted uses	Irrigation of Haynes Oval, Broome Recreation and Aquatic Centre, other future public open spaces and on supply to St Marys College
Daily Entitlement	520kL per day Matches the current supply rate
Maximum Allowable Instantaneous Rate	15L per second
Base Rate	28.32 cents per kL
Review of base rate	Recalculation every 5 years based on the Consumer Price Increase from the last review date

The draft Water Supply Agreement is included as confidential **Attachment 1**.

In addition to the Water Supply Agreement the Water Corporation have provided a Nutrient Operational Management Plan (NOMP) (**Attachment 2**). The NOMP has been developed to guide the management of water and nutrients from the non-potable water scheme.

The NOMP identifies that non-potable water has a lower nutrient content compared to effluent reuse water and that increased fertilising will be required in the future. The NOMP recommends the months for which the additional fertiliser should be applied and the recommended application rates in kg/ha/yr.

The NOMP also identifies that the Shire undertake regular inspections of the irrigation area, the irrigation system, the irrigation rates plus record monthly water and fertiliser usage.

Supply of water to St Marys College

In 2001, as a part of the effluent mainline upgrade past the Broome Cemetery, the Shire included a take off point for St Marys College for the eventual delivery of effluent water to the school. At the OMC held 11 May 2006 Council resolved to approve the supply of effluent reuse water to St Marys College and on 18 October 2006 a Memorandum of Understanding (MoU) was executed allowing the Shire to provide effluent reuse water to St Marys College for a term of five years.

The MoU was not extended past the expiry date however the Shire has continued to supply effluent reuse water to St Marys College in line with the terms of the MoU. As of 2022 the Shire was providing approximately 75,000kL per annum of effluent reuse water to St Marys College.

Shire officers have met with St Marys College and confirmed that the school would like to receive non-potable water from the new scheme in the same manner and at the same volume that they received the effluent reuse water. St Marys College noted that losing access to free effluent reuse water or reduced cost non-potable water would have a significant impact on the school's budget.

The comparative costs for St Marys College for the separate schemes are provided in the following table;

	Effluent Reuse scheme	Non-potable scheme	Town scheme
Unit Rate	Nil	\$0.2832	\$2.797
Annual charge - 75,000kL per annum	Nil	\$21,240	\$209,775

Shire officers also discussed with St Marys that in future the Shire would look to utilise all its allocation of non-potable water on public parks and reserves to minimise the Shires water charges. Whilst this approach was noted by St Marys College, the resultant financial impact was concerning to them and is something they have not factored into any of there financial planning.

Shire officers recommend that the Shire enter into a formal agreement with St Marys College for the provision of non-potable water for a term of up to five years and at the same base rate and review clauses as the Water Supply Agreement with the Water Corporation. The daily allocation would need to be determined in consultation with Shire officers and St Marys

College employees based on the watering rates and surface areas. The daily allocation would be no greater than the current volume supplied.

It is also recommended that within the agreement a clause is provided stating that the Shire can terminate the agreement at its discretion but must provide 24 months notice to St Marys College. The addition of this clause gives St Marys College the opportunity to factor in increased water charges to its financial planning.

In addition, the agreement would recognise the maintenance and renewal costs for the Shire owned mainline that supplies the non-potable water. Currently the Shire covers all costs associated with the mainline and it's proposed that through the agreement the costs are shared on a proportionate basis between the Shire and St Marys College.

The mainline is 5.5km long and has a replacement value of \$2,750,000 and a current annual allocation in the Shire's Asset Management Plan of \$34,000. Historical operational expenditure for repairs over the last three years has averaged \$2,000 per annum based on a single repair each year.

Broome Golf Club

The non-potable water scheme has been designed to replace the current volumes taken at the Broome Golf Club and the Shire. The Broome Golf Club allocation is approximately twice the Shire's allocation at approximately 440,000kL per annum.

The Broome Golf Club are expecting to pay as much as \$120,000 per annum for non-potable water from 2023/24 onwards. In discussions with the Shire, the Broome Golf Club has expressed a desire to reduce the amount of water used and to minimise the water charges. The reductions would occur through capital improvements to their mainline and reticulation system as well as improved watering and turf practices.

It has been discussed that should the Broome Golf Club be able to reduce the volume of non-potable water that the surplus allocation could then be transferred to the Shire for use on public parks and reserves which would result in lower operational costs for the Shire.

It is recommended that the Shire support the Broome Golf Club to reduce water usage and that Shire officers continue to advocate to the Broome Golf Club for the future transfer of a portion of their non-potable water allocation to the Shire.

CONSULTATION

Following the decision to close the Broome South WWTP, the Water Corporation has maintained constant consultation with the Shire and the Broome Golf Club. Whether it was the scoping and design of the scheme, the project planning and construction or the development of the Water Supply Agreement the Water Corporation maintained clear and professional consultation throughout.

Likewise, the Shire has maintained communication with St Marys College regarding the project and the potential impacts.

STATUTORY ENVIRONMENT

In accordance with the **Local Government Act 1995 9.49a Execution of Documents**, a document is duly executed by a local government if it is signed on behalf of the local

government by a person or persons authorised by resolution (or under delegation) to sign documents on behalf of the local government.

POLICY IMPLICATIONS

Nil

FINANCIAL IMPLICATIONS

The funding of the capital expenditure for the transition from effluent reuse water to non-potable water was fully funded by the State Government at an estimated cost of \$9,700,000.

To date the Shire has received effluent water for free however in accordance with the terms of the Water Supply Agreement the Shire will need to pay for non-potable water at the rate of \$0.2832 per kL.

The financial implications are as follows;

	BRAC	Haynes Oval	St Marys College
Volume Per annum	95,000kL	50,600kL	75,000kL
Annual charge - \$0.2832/kL	\$29,904	\$14,330	\$21,240

The service charges for non-potable water were included in the budget for 2023/24. The income from the on supply of non-potable water to St Marys College has not been included in 2023/24 budget and will be recognised as additional income once the non-potable water scheme commences.

There are financial implications associated with the ownership of the mainline. The mainline is 5.5km long and has a replacement value of \$2,750,000 and a current annual allocation in the Shire's Asset Management Plan of \$34,000. Historical operational expenditure for repairs over the last three years has averaged \$2,000 per annum based on a single repair each year.

It is recommended that the renewal and maintenance costs of the mainline are incorporated into the supply agreement with St Marys College on a proportionate basis. It is further recommended that once the amount is known the Shire will review and incorporate the updated mainline renewal costs in its Asset Management Plan.

RISK

There is a low risk when entering into the Water Supply Agreement with Water Corporation as the agreement guarantees supplies and sets the base rate and rise and fall mechanism of the rate.

There is a risk that should Council chose not to enter into the Water Supply Agreement with Water Corporation that the Shire would lose access to the non-potable water. This risk is mitigated by entering into the Water Supply Agreement.

There is a reputational risk for the Shire that St Marys College will oppose the long-term approach to utilise the entire non-potable water allocation on Shire parks and reserves. This risk can be mitigated through entering into an agreement with St Marys College for the on

supply of the non-potable water and by including clear notice clauses in the agreement regarding termination of the agreement.

STRATEGIC ASPIRATIONS

Place - We will grow and develop responsibly, caring for our natural, cultural and built heritage, for everyone.

Outcome 5 - Responsible management of natural resources

Objective 5.3 Adopt and encourage sustainable practices.

Actions 5.3.4 **Partner** with the Water Corporation to transition to fit for purpose non-potable water supply on parks and reserves.

VOTING REQUIREMENTS

Simple Majority

REPORT RECOMMENDATION:

That Council:

1. *Acknowledges the State Government's funding for the non-potable water scheme in Broome and requests the Chief Executive Officer write to the Water Corporation and the Minister for Training, Water, Youth thanking them for their support;*
2. *Authorises the Chief Executive to execute the attached **(Attachment 1)** Water Supply Agreement with Water Corporation;*
3. *Request the Chief Executive prepare and execute a Water Supply Agreement with St Marys College for the on supply of non-potable water to St Marys College.*
4. *Requests the Chief Executive support the Broome Golf Club to reduce water usage.*
5. *Request the Chief Executive Officer continue to liaise with the Broome Golf Club on the opportunity to obtain a portion of their non-potable water allocation for use on the Shire's parks and reserves.*

Attachments

1. Water Supply Agreement (*Confidential to Councillors and Directors Only*)
This attachment is confidential in accordance with section 5.23(2) of the Local Government Act 1995 section 5.23(2)(c) as it contains "a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting".
2. Schedule 5 - Nutrient Operational Management Plan

Schedule 5: Shire of Broome – Non-Potable Water Scheme

Nutrient Operational Management Plan

This Nutrient Operational Management Plan (NOMP) provides an easy reference sheet to guide the management of water and nutrients from the Broome Non-Potable Water Scheme. It is intended for operational users and is site specific. When considering the guidance in this NOMP and the application of nutrients to the proposed reuse site, it is recommended that the scheme operators consult with an agronomist or turf specialist to provide site-specific advice.

Table 1 Reuse scheme site details

Irrigation Site	Size (ha)	Turf category ^{1,2}	Nominal crop factor
Broome Recreational and Aquatic Centre (BRAC)	8.0	High-use Active (Sports Turf)	0.6
Haynes Oval	3.5	High-use Active (Sports Turf)	0.6

Irrigation Volume

Table 2 presents the recommended annual irrigation volume and a monthly breakdown based on replacing 60% of historical daily pan evaporation. These values are suggestions for water budgeting purposes only. They are intended to provide a guide based on average climatic conditions and plant growth characteristics in the Broome Non-Potable Water Scheme. Monthly irrigation volumes will vary year to year depending on actual rainfall, evaporation and plant growth.

Table 2 Recommended annual and monthly irrigation volumes

Site	Recommended irrigation volume												
BRAC	Total Annual Volume: 120,000 kL/year												
	Units	J	F	M	A	M	J	J	A	S	O	N	D
	kL	8043	6196	8848	9910	9890	8717	9468	10520	11199	12775	13216	11218
Haynes Oval	Total Annual Volume: 52,500 kL/year												
	kL	3519	2711	3871	4335	4327	3814	4142	4603	4900	5589	5782	4908

Irrigation Schedule

An indicative schedule for the irrigation system is given in Table 3. The station run times (minutes) have been calculated from the average precipitation rate of the irrigation system to deliver the daily application targets (mm) for each month, derived from the estimated turf water demand (i.e., 60% of daily pan evaporation). There is flexibility to reduce the frequency of watering, provided the run times are adjusted to supply the equivalent amount of water on a weekly basis (e.g., 30 mm/week can be applied with 4.3 mm/day x 7 days or 6 mm/day x 5 days).

Table 3 Recommended daily irrigation schedule

Site	Recommended irrigation schedule												
BRAC	Units	J	F	M	A	M	J	J	A	S	O	N	D
	mm/day	4.7	4.3	4.4	4.4	4.1	3.7	3.8	4.2	4.6	5.1	5.6	5.3
	minute s ²	8	7	7	7	7	6	6	7	7	8	9	9
Haynes Oval	Units	J	F	M	A	M	J	J	A	S	O	N	D
	mm/day	4.7	4.3	4.4	4.4	4.1	3.7	3.8	4.2	4.6	5.1	5.6	5.3
	minute s ²	19	17	18	18	17	15	15	17	19	21	23	22

²Daily station run times based on average precipitation rates measured in 2018: 37.2 mm/hour at BRAC; 14.7 mm/hr at Haynes Oval.

Nutrient Loading

The low nutrient content in the non-potable water supply will greatly increase the fertilising requirements of turf. Table 4 indicates the potential nitrogen fertiliser requirement for the Broome Non-Potable Water Scheme.

- The estimated nitrogen load from irrigation is based on an average concentration (3.8 mg/L) for the proposed supply wells collected over 20 years, and an annual irrigation volume of 15,000 kL/ha.
- For couch grass in Broome, the recommended maximum annual loading of nitrogen is 300 kg N/ha, based on an average monthly uptake by the turf of 25 kg N/ha over 12 months.
- Based on a non-potable water loading of 57 kg N/ha/yr, additional fertilisation of up to 243 kg N/ha/yr may be required.

¹ GoWA 2014 'Western Australian environmental guidelines for the establishment and maintenance of turf grass areas' (Table 2 and Table 4)

- Due to the history of treated wastewater usage on scheme sites, the application of phosphorus fertiliser should not be required.

Table 4 Annual nutrient loads

Irrigation Scheme	Inorganic-N (kg/ha/yr)		
	Recommended maximum	Non-potable water	Fertilisation
Broome Non-Potable Water Scheme	300	57	243

Fertiliser Application

Table 5 provides an indicative annual rate of nitrogen fertilisation for high-use active turf and includes suggested monthly application rates. These values are intended as a guide only and may vary depending on actual turf growth. The following table also provides guidance on general fertiliser management practices.

Table 5 Recommended fertiliser application

Site	Recommended fertiliser application												
	BRAC & Haynes Oval	Annual Inorganic-N: 240 kg/ha/yr											
Units		J	F	M	A	M	J	J	A	S	O	N	D
	Kg/ha	0	0	0	50	40	30	0	30	40	50	0	0
General guidance													
Frequency	Application of granular nitrogen fertiliser should be up to six times per year.												
Timing	Fertilising is recommended from April to October for turf growth during the period of most intense usage. Avoid fertilising from November to March unless it is necessary to prevent a decline in the condition of turf. Fertilising during the wet season increases the potential for nutrient losses and excessive turf growth.												
Rate	The rate of nitrogen should not exceed 40 kg/ha in any one application, e.g., a fertiliser of 20% N applied at 200 kg/ha.												

General Management & Responsibilities

The following actions are the general actions which are required to ensure efficient and environmentally sustainable application of non-potable water and fertilisers. Responsibilities of action are defined in Table 6.

Table 6 Responsibilities

Factor	Water Corporation responsibility	Shire of Broome responsibility
Non-potable water monitoring	Quality monitoring as per DWER Licence.	
Irrigation volume monitoring		Monthly record of irrigation volume.
Irrigation systems		Irrigation applications should be adjusted in response to rainfall events (manual shutoff of irrigation following rain). Undertake regular inspections of the irrigation area for signs of erosion, spray-drift, surface water runoff and ponding and adjust the irrigation system. On-going inspection and maintenance of irrigation systems to ensure efficient water use (correct scheduling, sprinkler operation, leak repairs etc). Conduct catch-cup testing to measure average precipitation rates following any modifications to the irrigation systems.
Fertiliser application		Monthly record of fertiliser usage. Soil analysis should be conducted in September to monitor pH, salinity and nutrient levels. Leaf testing should be undertaken in March and September to support refinement of fertiliser application. Application of phosphorus fertiliser should be avoided unless a deficiency is identified in the turf leaf analysis. Fertiliser regime to be reviewed and adjusted with consideration of the guidelines, soil and leaf testing results, and nutrient application rates described herein.
Turf maintenance		Annual turf grass renovation should be completed in October to assist with water penetration. Green waste should be disposed of at an appropriate recycling facility. Apply soil wetting agent at least three times per year in April, July and October to treat water repellent soil during the dry season.
Reporting		Annual total and monthly record of water supply to third party. Record of fertiliser use and irrigation volume.

² DPIRD online irrigation calculator for turf uptake considers soil, climate (rainfall, temperature), turf and irrigation variability and provides broad guidance for water requirements

Supporting Information

Environmental Setting – Figure 1

Irrigation Site	Environmental Setting	Details
BRAC	Soil	Soil at the site was last investigated in 2012 after 4 years of irrigation. The PRI results were estimated to be 2.3 to 8.0 mL/g. Investigations conducted in 2018 at the Golf Course which is situated on similar geology indicated that PRI results were estimated to be 5.2 mL/g (low) in Pindan Sand and 1.7 mL/g (very low) in the Broome Sandstone unit. The PRI results indicate some to little capacity to absorb soluble-P from fertilisers.
	Groundwater	The depth to groundwater is unknown at the site. As the site is in the centre of Broome Peninsula, the groundwater has the potential to be in either a west or east direction.
	Surface water	BRAC is located 1.8 km east of Cable Beach and 2 km west Roebuck Bay. Roebuck Bay is a RAMSAR site and has historically had algal blooms.
Haynes Oval	Soil	Soil at the site was last investigated in 2012 after 14 years of irrigation. The PRI results were estimated to be 0.5 to 3.8 mL/g. Investigations conducted in 2018 at the Golf Course which is situated on similar geology indicated that PRI results were estimated to be 5.2 mL/g (low) in Pindan Sand and 1.7 mL/g (very low) in the Broome Sandstone unit. The PRI results indicate some to little capacity to absorb P.
	Groundwater	The depth to groundwater is unknown at the site. Inferred groundwater direction is south-east towards Roebuck Bay.
	Surface water	Roebuck Bay a RAMSAR site is located 1.2 km to the south-east of Haynes Oval. Algal blooms have historically occurred within the bay.

9.4 PERFORMANCE

9.4.1 2023 - 2038 LONG TERM FINANCIAL PLAN

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	ACC01
AUTHOR:	Director Corporate Services
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Director Corporate Services
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

The Long Term Financial Plan (LTFP) has been prepared based on a number of objectives and assumptions that are outlined in this report and supporting attachments. Strategies, priorities, issues, and risks are all dynamic influences in relation to any planning and as such the LTFP is reviewed and adjusted annually to reflect material changes.

This plan is set against economic uncertainty and will be reviewed every 12 months to reflect the prevailing economic conditions and changing community demands placed on the Shire. Consideration has been given to the economic drivers that will influence the future cost of providing infrastructure, facilities and services for the period 2023/24 to 2037/38. The values disclosed in this plan represent estimated future costs.

The LTFP is a modelling tool to project the Shires financial commitments over the next 15 years as a means of helping to ensure financial sustainability. It is a dynamic tool which analyses financial trends over a 15 year period on a range of assumptions and provides information to assess the impacts of current decisions and budgets on future financial sustainability.

Officers are recommending that Council adopts the Long Term Financial Plan 2023 - 2038 as attached.

BACKGROUND

Previous Considerations

OMC 15 December 2022	Item 9.4.2
SMC 11 July 2023	Item 5.4.1

The LTFP is a 15-year rolling plan that informs the Corporate Business Plan (CBP) and allocates the necessary resources to ensure that the Shire's priorities are achieved. From these planning processes, annual budgets that are aligned with strategic objectives can be developed. It provides the basis for the preparation of the annual budget and reflects the known impacts of projects included in Council's informing plans and strategies.

The Shire constructed an operating baseline by using the 2022/23 budget and removing one off expenditure and carry-overs to obtain a minimum level of revenue and expenditure that the Shire requires to operate current service levels. Capital and new operating initiatives with accompanying funding sources were then incorporated with key consideration for renewal requirements and meeting the initiatives of the recently revised

CBP. Strategic decisions have been made to distribute funds to new capital and operating projects or changes to existing services, repayment of loan debt or transfers to reserves, with particular focus in the first 4 years on Stages 1 and 2 of the Cabe Beach Foreshore Redevelopment, development of the new waste management facility (Regional Resource Recovery Park, RRRP), Broome Recreation and Aquatic Centre dry facility upgrades and construction of a new Shire Depot.

The outer years of the LTFP beyond the 4 year CBP timeframe provide an estimate of future financial impacts of strategic decisions and identify options to ensure a balanced and sustainable financial approach. The development of the LTFP assists in the management of the local government's growth and provides guidance on the management of cash flows, funding requirements, community assets and risk. There is a high level of accuracy in the first 2 - 3 years of the plan, however as the plan extends the level of accuracy is reduced. For this reason the LTFP is reviewed and updated annually to ensure that current economic impacts are considered.

This LTFP indicates our long-term financial sustainability, allows for early identification of financial issues and their longer-term impacts, shows the linkages between specific plans and strategies, and enhances the transparency and accountability of the Council to the community.

This iteration of the LTFP is modelled over 15 years in an effort to ensure the ongoing financial sustainability of the Shire over a period 5 years beyond the 10 year Strategic Community Plan horizon.

COMMENT

Financial strategies and principles are applied to Council's strategic planning processes. These strategies and principles need to be reviewed annually to ensure they maintain relevance and appropriateness in line with the ever changing environment in which Council operates. The strategies ensure that the Shire maintains:

- an established approach to the management of finances that is consistent with the expectations of the general ratepayers and residents of the district
- the delivery of outcomes, strategies and initiatives articulated in the SCP, CBP and LTFP; and
- a balanced approach to operational and capital expenditure that is affordable and in line with revenue raising capacity.

Through the development of the 2023 – 2038 LTFP the Shire has identified key economic drivers that will influence the future cost of providing infrastructure, services and facilities and estimated revenue generated from rates, fees and charges and asset sales. This information has been compiled into the LTFP and provides a financial roadmap detailing the Shire's capacity to meet the competing demands of services and facilities required by the community. The plan identifies a variety of measures available to enable the Shire to achieve its objectives. The LTFP balances the funding needs for renewal and new infrastructure assets, current service levels, rating expectations, fees and charges aligned to CPI, appropriate use of debt, use of funds held in reserve and strategic sale of assets. The Shire undertakes the management of its financial portfolio in line with the following 5 core strategies.

- Sustainability: Ensuring the Shire can afford to pay for all its services and manage its assets over the long term
- Responsibility: Making financial decisions that provide the greatest value for the Shire and its community

- Accountability: Ensuring compliance with all required financial management legislation and regulations
- Transparency: Ensuring full and proper disclosure of the Shire's financial arrangements at all times
- Innovation: To find creative ways to maximise opportunities to increase revenue or reduce costs.

In addition, the LTFP is underpinned by a number of principles used to ensure alignment to the core strategies:

- Maintain tight control over expenditure growth
- Enhance operating results with the aim of long term financial sustainability
- Maintain a fair and equitable rating framework
- Regular review of operational service levels balancing community needs with affordability
- Build cash reserves to meet future needs
- Strategic use of borrowings to fund intergenerational assets or those assets with the capacity to generate revenue
- Use of Developer Contribution Schemes to fund key community infrastructure
- Advocacy for government support of capital works
- Continuous improvement through technology to drive efficiencies and reduce costs
- Fund asset renewal in line with the Shire's Asset Management Plan
- Focus on revenue diversification.

Asset Management

The Shire's Asset Management Plan (AMP) contains comprehensive information regarding Council's infrastructure assets and includes actions required to provide an agreed level of service in the most cost-effective manner while outlining associated risks. The plan defines the services to be provided, how the services are provided and what funds are required to provide the services generally over a 20-year planning period.

Infrastructure asset classes comprise of Roads, Footpaths, Buildings, Parks and Reserves, Drainage, and costal and miscellaneous infrastructure. The combined asset value across all asset classes is \$538,684,236. Plant, ICT and Landfill Facility costs are excluded from these asset classes and managed separately through specific allocations within the LTFP.

The forecast lifecycle costs necessary to provide the services covered by this Asset Management Plan (AMP) includes operation, maintenance, renewal, acquisition, and disposal of assets over the 15-year planning period is \$356,231,110 or \$23,748,740 on average per year. This is 98% of the cost to sustain the current level of service at the lowest lifecycle cost.

LTFP Scenario Modelling and Assumptions

The LTFP has been modelled using a conservative growth Scenario in line with Council's approach over the past several years.

- Inflation modelled at 5% between 2023/24 and 2026/27, decreasing to 2.5% from 2027/28 onwards.

- Rate rises capped at CPI.
- Population growth within the Shire remains relatively static.
- Total Capital Works program \$353M over the LTFP term.
- New capital works of \$257M over the LTFP term
- Renewal capital works of \$96M over the LTFP term
- Total capital works grants of \$171M
- Total new borrowings of \$39M
- No increase in FTE, noting that this approach is not realistic and a comprehensive review of the Shire Workforce Plan is required.
- Reserve Balances maintained above \$20M over the LTFP term, extending to \$36M by 2037-38.

Alternate models considered included subdued growth and aspirational growth. The moderate growth scenario is considered to be most appropriate as it reflects Councils historic approach, contemplates current and future issues from a balanced perspective while encouraging financial sustainability.

While this approach may be considered to be optimistic or alternately risk averse, the annual review of the LTFP allows Council to adjust should economic or operational circumstances change. This is a more pragmatic approach than assuming negative or accelerated growth which may not occur.

The 2023 – 2038 LTFP has been developed with the following underlying “Moderate Growth” assumptions:

- Balanced Annual Budget
- No change to operating service levels
- No change to staff levels
- Employee costs at EBA or CPI capped at 2.5%
- 5% inflation on Fees and Charges decreasing to 2.5% from 2027/28 onwards
- 4% Investment Interest Rate
- 5% Default Borrowings Interest Rate
- 6% annual increase in utility costs decreasing to 2.5% from 2027/28 onwards
- Average AMP net replacement costs over 15 years (including inflation)
- Capital works aligned to available funds
- \$500,000 annually in Additional Operating Expense
- \$250,000 annual transfer to Housing Reserve
- \$100,000 annual transfer to Insurance and Resilience Reserve.
- Transition to ICT equipment leases reduces capital investment however increases operational expense by \$400,000 (\$150,000 in year 1 followed by an additional \$150,000 in year 2 and \$100,000 in year 3 for a total increase to operational costs of \$400,000).

Financial Ratios and Financial Statements

The LTFP contains several financial indicators required to be included in the Shire's Annual Financial Report in accordance with section 6.4(2) of the *Local Government Act 1995* and Regulation 50 of the *Local Government (Financial Management) Regulations 1996*. These are intended to provide a high level indicator of a Council's financial performance across several key measures.

A number of detailed financial statements have been prepared for the 15 year period of the plan and are presented in Appendix 2 – 7:

- Statement of Comprehensive Income by Nature and Type
- Statement of Comprehensive Income by Program
- Financial Activity Statement (previously known as the Rate Setting Statement)
- Statement of Financial Position (Balance Sheet)
- Statement of Equity

Capital Works Schedule

The LTFP contains a capital works schedule detailing capital project timing and funding strategy across the 15 year plan.

The LTFP contains \$353 Million projected spend on significant new assets and infrastructure. Successful delivery of these developments will require the strategic use of borrowings, careful management of assets and substantial advocacy for state and federal grant investment to ensure the Shire's long term financial sustainability.

The LTFP is a critical document that underpins and influences the direction of the Shire's spending and investment now and going forward, ensuring the Shire remains a financially sustainable local government into the future. Officers recommend that the document is adopted by Council, noting the requirement for an annual cycle of review.

CONSULTATION

A Community Scorecard (Scorecard) was conducted in June 2022 to kick off the community engagement for the desktop review of the 2023 – 2038 Strategic Community Plan (SCP) and CBP. The 2022 Scorecard was sent to all of Broome's ratepayers by email, with hard copy Scorecards delivered to all PO boxes via unaddressed mail. Additional hard copies were sent to the major Aboriginal communities and placed at key locations around town.

A total of 1056 completed Community Scorecards were received by community members. Shire officers undertook an engagement process from May 9 – May 27 2022 and used a range of methods to ensure community buy-in and participation.

The information obtained through this process was used to inform the 2023-2027 SCP, CBP and LTFP review.

STATUTORY ENVIRONMENT

Local Government Act 1995

Section 5.56(1) and (2) requires that each local government is 'to plan for the future of the district', by developing plans in accordance with the regulations.

It is noted that the proposed timespan for Council's LTFP is 15 years rather than the 10 years as stipulated under legislation. The longer lifespan of the LTFP is intended to provide an extended horizon for proposed capital projects enabling planning and funding strategies to be developed well in advance.

Local Government (Administration) Regulations 1996

Section 19 outlines what is required of Planning for the Future documents.

POLICY IMPLICATIONS

Nil.

FINANCIAL IMPLICATIONS

The adoption of the Long Term Financial Plan does not have any financial implications; however, the document is used to guide development of the annual budget.

The LTFP also documents the financial sustainability for the Shire over a 15 year period and the financial implications of the assumptions that underpin the plan.

RISK

In preparing the LTFP, the Shire has considered the likely impact of material risks. Risk events may arise from several areas, including legislative changes, extreme environmental events, cyber security events, significant changes to economic and financial conditions, major health, and safety risks. The quantification of financial and economic risks over longer periods of time is hampered by uncertainty; however, the Shire regularly reviews its risk profile to mitigate against new and emerging risks.

Key risks and opportunities have been identified within the Plan and are listed below. The LTFP is not intended to provide mitigations to each of these risks however the assumptions utilised to form the LTFP are intended to reflect Council's risk appetite in relation to these strategic risks:

- Economic conditions, locally and at the state and federal level
- High levels of unemployment
- Adjustments to projected rate percentage increases
- Higher than projected employment costs
- Changes / increases in service levels
- Lack of projected grant funding / grant funding not secured
- Inclusion of unplanned major projects
- Changes / decreases to interest on investments
- Major asset revaluations
- Further COVID – 19 restrictions.

STRATEGIC ASPIRATIONS

Performance - We will deliver excellent governance, service & value for everyone.

Outcome 13 - Value for money from rates and long term financial sustainability

Objective 13.1 Plan effectively for short- and long-term financial sustainability

Actions 13.1.1 **Provide** sound long-term financial planning and transparent, regular financial reporting.

VOTING REQUIREMENTS

Simple Majority

REPORT RECOMMENDATION:

That Council:

- 1. Adopt the Long Term Financial Plan 2023 – 2038;*
- 2. Requests the Chief Executive Officer undertake an annual review of the Long Term Financial Plan as part of the Corporate Business Plan review.*

Executive Summary

The Shire of Broome is committed to transparent, responsible and accountable financial management. To achieve this, in 2009 the Shire implemented the Integrated Planning and Reporting Framework introduced by the Department of Local Government, which requires all Western Australian local governments to prepare a long term financial plan linked to a strategic community plan and a corporate business plan.

A key component of the Shire's Integrated Planning and Reporting Framework, the Long Term Financial Plan (LTFP) has been developed to ensure the financial sustainability of the Shire into the future. It facilitates the delivery of the commitments made in our Strategic Community Plan 2023 – 2033 and Corporate Business Plan 2023 – 2027, allowing the Shire to deliver strategic priorities within its financial resources.

The current economic outlook is challenging; characterised by high inflation and relatively low unemployment rates, significant demand for housing, tourism and commercial sectors experiencing resourcing pressure, significant increases in cost of materials and delays in accessing goods and services. In addition, the uncertainty associated with the COVID-19 pandemic remains a constant threat. These and other challenges have been considered in the development of the LTFP assumptions and the plan reflects Council's assessment of, and conservative response to, these issues.

The plan is set in an environment of economic uncertainty and as such is reviewed every twelve months to reflect changes in conditions and community demands placed on the Shire.

With net assets of more than \$538 Million, the Shire must ensure that carefully planned and well considered maintenance and renewal strategies are in place to ensure assets are adequately managed for future generations to enjoy. The Shire is committed to continuing to meet the needs of our community while simultaneously driving efficiencies, maintaining tight control over expenditure, maximising operating revenue and limiting rate increases.

The LTFP contains \$353 Million projected spend on significant new assets and infrastructure. Successful delivery of these developments will require the strategic use of borrowings, careful management of assets and substantial advocacy for state and federal grant investment to ensure the Shire's long term financial sustainability.

The LTFP is a critical document that underpins and influences the direction of the Shire's spending and investment now and going forward, ensuring the Shire remains a financially sustainable local government into the future.

1. Purpose of a Long Term Financial Plan

Long term financial planning is a key element of the Integrated Planning and Reporting Framework. It enables local governments to set priorities based on their resourcing capabilities for the delivery of short, medium and long term community priorities.

The Long Term Financial Plan (LTFP) is a 15 year rolling plan that informs the Corporate Business Plan to activate Strategic Community Plan priorities. From these planning processes, Annual Budgets that are aligned with strategic objectives can be developed.

The LTFP indicates a local government’s long term financial sustainability, allows early identification of financial issues and their longer term impacts, shows the linkages between specific plans and strategies, and enhances the transparency and accountability of the Council to the community.

The following figure illustrates how the LTFP informs the Integrated Planning and Reporting Framework:

This iteration of the LTFP is modelled over 15 years in an effort to ensure the ongoing financial sustainability of the Shire over a period 5 years beyond the 10 year Strategic Community Plan horizon.

2. Community Profile, Vision and Objectives

Long term financial planning is a key element of the Integrated Planning and Reporting Framework. It enables local governments to set priorities based on their resourcing capabilities for the delivery of short, medium and long term community priorities.

The Long Term Financial Plan (LTFP) is a 15 year rolling plan that informs the Corporate Business Plan to activate Strategic Community Plan priorities. From these planning processes, Annual Budgets that are aligned with strategic objectives can be developed.

The LTFP indicates a local government's long term financial sustainability, allows early identification of financial issues and their longer term impacts, shows the linkages between specific plans and strategies, and enhances the transparency and accountability of the Council to the community. The following figure illustrates how the LTFP informs the Integrated Planning and Reporting Framework:

Our Aspirations

To achieve our vision we have four supporting aspirations. Our aspirations align with our core pillars – people, place, prosperity and performance. These pillars are interrelated and each must be satisfied to deliver excellent quality of life in Broome.

- People**
We will continue to enjoy Broome-time, our special way of life. It's laid-back but bursting with energy, inclusive, safe and healthy, for everyone.
- Place**
We will grow and develop responsibly, caring for our natural, cultural and built heritage, for everyone.
- Prosperity**
Together, we will build a strong, diversified and growing economy with work opportunities for everyone.
- Performance**
We will deliver excellent governance, service and value, for everyone.

Broome at a Glance

The Shire of Broome has an extraordinary prehistoric presence preserved by isolation. It has fossilised tracks made by dinosaurs 130 million years ago, some of the oldest recorded Aboriginal art in Australia and some of the earliest recorded European visits.

The Shire of Broome is located in the Kimberley covering approximately 56,000 square kilometres. The town of Broome is situated on the end of a peninsula, surrounded by ocean, and land-locked by distance, some 2,200 kilometres north of Perth. White sandy beaches are framed on one side by blue ocean waters and on the other by red pindan soils, providing a stunning backdrop for recreational, cultural and tourist activities.

Founded as a pearling port over a hundred years ago, Broome boasts a multicultural population with Koepanger, Malay, Chinese, Japanese, European and Aboriginal cultures all blended to create Broome's captivatingly friendly and flamboyant character. Around 28% of residents identify as Aboriginal or Torres Strait Islander. This is significantly higher than Western Australia (3.9%) and illustrates the central and significant position of Aboriginal people in the character and culture of the Broome community and economy.

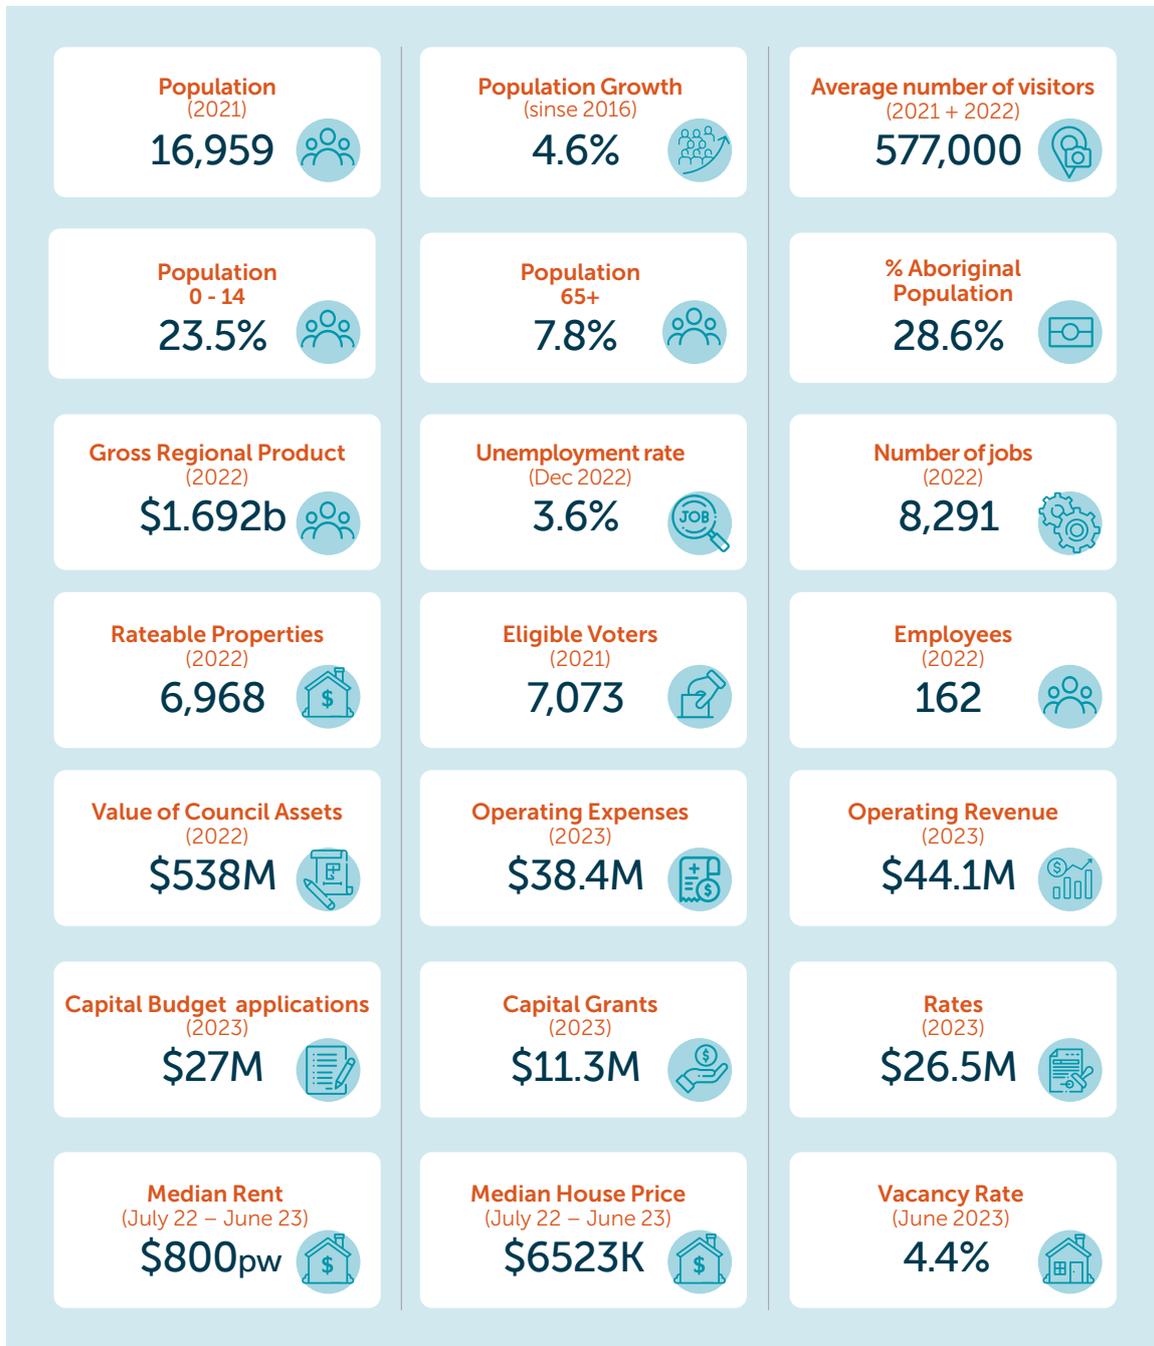

Broome is the service and trade hub of the region, servicing agricultural, pastoral, mining and oil and gas production, and conservation jobs across the Kimberley. It also serves as the gateway for tourists and visitors to the Kimberley, including international visitors by cruise ship and aircraft. The Shire of Broome was home to 16,969 people in 2021 and current projections indicate the population will reach 18,591 by 2031. However, the seasonal population of Broome can at times far exceed its residential population. Accounting for tourism visitors, short-stay workers and business travellers and other workers and people from around the Kimberley and North West using Broome as a base, the population of Broome can fluctuate as high as 30,000 people on any given day.

The residential population of the Shire is younger than the rest of Western Australia, with 0-14 years accounting for almost one in four residents. In contrast, Broome has a significantly lower share of residents aged 65 and over and has a below average share of people aged 15-24. This is linked to a trend in regional towns of sending older school age students to Perth and other locations for secondary and tertiary education.

The socio-economic attributes of the Broome population are marginally below national averages, primarily owing to the Shire's relative remoteness and lower access by households to economic resources. Despite this, personal wage and salary incomes are generally higher than the rest of Western Australia, with a median personal income of \$56,056 in 2021, and a median family income of \$126,256; 7.8% and 9.1% higher than the State average respectively. In 2021, the Shire of Broome was home to almost 8,291 jobs, up from 7,400 in 2016, 7,050 in 2011 and 5,965 in 2006. Jobs growth increased during the last Census, leading population growth over the same period. Being highly reliant on dry seasonal tourism, the Shire was deeply impacted by the COVID-19 pandemic, experiencing an estimated loss of 250 jobs or around 3.2% of all jobs.

2.1 Key Statistics

3. Our Services

The Shire delivers a wide range of services to the community. Local Government revenue and expenditure is classified in accordance with the *Local Government Act 1995* and the *Local Government (Financial Management Regulations) 1996*.

In order to discharge its responsibilities to the community Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of the Shire's activities / programs.

Estimates of expenditure and revenue have been calculated for each of the programs in the LTFP.

Program Name	Explanation
Governance	Objective: To provide a decision-making process for the efficient allocation of scarce resources. Activities: Includes the activities of elected members and the administrative support available to Council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific council services.
General Purpose Funding	Objective: To collect revenue to allow for the provision of services. Activities: Rates, general purpose government grants and interest revenue.
Law, Order and Public Safety	Objective: To provide services to help ensure a safer and environmentally conscious community. Activities: Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.
Health	Objective: To provide an operational framework for environmental and community health. Activities: Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.
Housing	Objective: To provide and maintain staff housing Activities: Provision of staff housing
Education & Welfare	Objective: To provide services to disadvantaged persons, the elderly, children and youth. Activities: Provision and maintenance of youth services, disability services and other voluntary services.
Community Amenities	Objective: To provide services required by the community. Activities: Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes and public conveniences.
Recreation & Culture	Objective: To establish and effectively manage infrastructure and resource which will help the social wellbeing of the community. Activities: Maintenance of public halls, civic centres, aquatic centre, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens, and playgrounds. Operation of library, museum, and other cultural facilities.
Transport	Objective: To provide safe, effective, and efficient transport services to the community. Activities: Construction and maintenance of roads, footpaths, lighting, and cleaning of streets.
Economic Services	Objective: To help promote the Shire and its economic wellbeing. Activities: Tourism and area promotion, rural services and building control.
Other Property and Services	Objective: To monitor and control Council's overhead operating accounts. Activities: Provide works operation, plant repair and operation costs and engineering operation costs.

4. Financial Strategies and Principles

Financial strategies and principles are applied to Council’s strategic planning processes. These strategies and principles need to be reviewed annually to ensure they maintain relevance and appropriateness in line with the ever changing environment in which Council operates.

The strategies ensure that the Shire maintains:

- an established approach to the management of finances that is consistent with the expectations of the general ratepayers and residents of the district.
- the delivery of outcomes, strategies and initiatives articulated in the SCP, CBP and LTFP.
- a balanced approach to operational and capital expenditure that is affordable and in line with revenue raising capacity.

Through the development of the 2023 – 2038 LTFP the Shire has identified key economic drivers that will influence the future cost of providing infrastructure, services and facilities and estimated revenue generated from rates, fees and charges and asset sales. This information has been compiled into the LTFP and provides a financial roadmap detailing the Shire’s capacity to meet the competing demands of services and facilities required by the community. The plan identifies a variety of measures available to enable the Shire to achieve its objectives. The LTFP balances the funding needs for renewal and new infrastructure assets, current service levels, rating expectations, fees and charges aligned to CPI, appropriate use of debt, use of funds held in reserve and strategic sale of assets.

The Shire undertakes the management of its financial portfolio in line with the following 5 core strategies.

In addition, the LTFP is underpinned by a number of principles used to ensure alignment to the core strategies:

- Maintain tight control over expenditure growth
- Enhance operating results with the aim of long term financial sustainability
- Maintain a fair and equitable rating framework
- Regular review of operational service levels balancing community needs with affordability
- Build cash reserves to meet future needs
- Strategic use of borrowings to fund intergenerational assets or those assets with the capacity to generate revenue
- Use of Developer Contribution Schemes to fund key community infrastructure
- Advocacy for government support of capital works
- Continuous improvement through technology to drive efficiencies and reduce costs
- Fund asset renewal in line with the Shire's Asset Management Plan
- Focus on revenue diversification.

5. Asset Management

5.1 Managing our Assets

Asset management planning is a comprehensive process to ensure the sustainable management of Council's asset portfolio.

The Shire's Asset Management Plan (AMP) contains comprehensive information regarding Council's infrastructure assets and includes actions required to provide an agreed level of service in the most cost-effective manner while outlining associated risks. The plan defines the services to be provided, how the services are provided and what funds are required to provide the services generally over a 20-year planning period.

Infrastructure asset classes comprise of Roads, Footpaths, Buildings, Parks and Reserves, Drainage, and coastal and miscellaneous infrastructure. The combined asset value across all asset classes is \$538,684,236. Plant, ICT and Landfill Facility costs are excluded from these asset classes and managed separately through specific allocations within the LTFP.

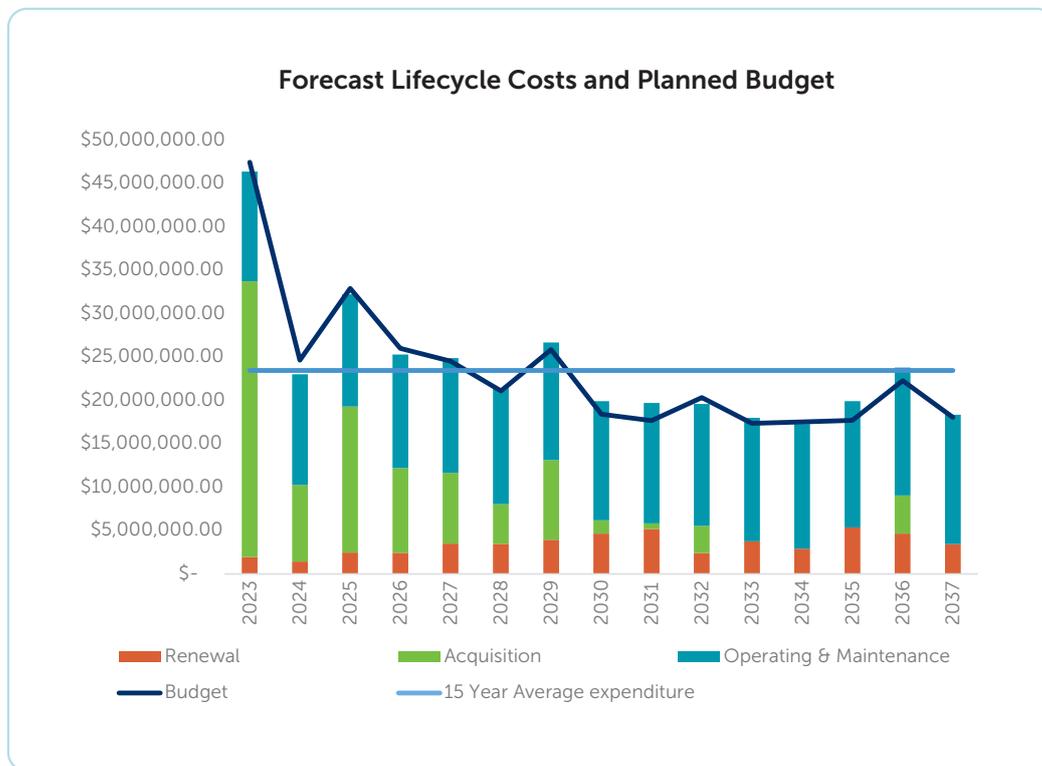

Asset Category	Subcomponent	Dimension	Replacement Value
Roads	Carpark	97,344m ²	\$11,161,538
	Kerb	247 km	\$21,941,526
	Sealed Roads	167 km	\$233,441,436
	Signs	2,421items	\$271,520
Footpath	Bituminous Seal	5,015 m ²	\$677,025
	Concrete	231,218 m ²	\$28,902,250
	Brick Paving	8,885m ²	\$1,910,404
	Exposed Aggregate	15,414m ²	\$4,115,724
	Pram Ramps	1,505 items	\$1,881,250
Buildings	Amenities Building	7 buildings	\$1,549,300
	Child Care Buildings	3 buildings	\$2,241,800
	Commercial Leased	19 buildings	\$23,061,000
	Community Buildings	24 buildings	\$31,749,800
	Operational Buildings	21 buildings	\$18,600,300
	Sports/Club Buildings	59 buildings	\$40,242,300
Public Open Space	Irrigation	Various items	\$14,583,072
	Furniture and plant	Various items	\$21,664,025
Drainage	Pipes/culverts & open drains	66,013lm	\$43,245,485
	Stormwater Pits	1,084 items	\$9,677,735
Miscellaneous Infrastructure	Bus shelters	29 items	\$742,466
	Lighting Poles	407 items	\$12,313,896
	Footbridges	31 items	\$963,567
Coastal Infrastructure	Seawall	608m	\$7,509,286
	Jetties	2 Items	\$5,154,913
	Other items	Various items	\$1,126,315
TOTAL			\$538,684,236

The forecast lifecycle costs necessary to provide the services covered by this Asset Management Plan (AMP) includes operation, maintenance, renewal, acquisition, and disposal of assets over the 15-year planning period is \$356,231,110 or \$23,748,740 on average per year. This is 98% of the cost to sustain the current level of service at the lowest lifecycle cost.

The infrastructure reality is that only what is funded in the long term financial plan can be provided. The emphasis of the Asset Management Plan is to communicate the consequences that this will have on the service provided and risks, so that decision making is informed.

The difference between what the Shire spends on asset renewal and what it needs to spend to maintain the current average condition and service level of its assets is called the renewal gap. The anticipated planned budget leaves a renewal gap of \$311,234 on average per year of the forecast lifecycle costs required to provide services in the AMP compared with planned budget currently included in the Long Term Financial Plan (this is shown in the figure below). The renewal gap is addressed in the LTFP and will be the focus of future annual budgets and LTFP reviews.

Continued funding allocated towards the renewal of assets as well as asset maintenance and upgrades will result in a positive investment for the community into the future and ensure long term sustainability. New assets and capital works projects are funded from cash reserves, rates, waste revenue or government grants such as Roads to Recovery.

6. Assumptions

6.1 LTFP Scenario Modelling

The LTFP has been modelled using a moderate growth Scenario in line with Council's approach over the past several years.

Moderate Growth Scenario

- The Western Australian economy is experiencing moderate growth with inflation at 5% between 2023/24 and 2026/27, decreasing to 2.5% from 2027/28 onwards.
- Rate rises capped at CPI.
- Population growth within the Shire remains relatively static.
- Total Capital Works program \$353M over the LTFP term.
- New capital works of \$257M over the LTFP term
- Renewal capital works of \$96M over the LTFP term
- Total capital works grants of \$171M
- Total new borrowings of \$39M
- No increase in FTE
- Reserve Balances maintained above \$20M over the LTFP term, extending to \$36M by 2037-38.

Alternate models considered included subdued growth and aspirational growth. The moderate growth scenario is considered to be most appropriate as it reflects Councils historic approach, contemplates current and future issues from a balanced perspective while encouraging financial sustainability.

While this approach may be considered to optimistic or alternately risk averse, the annual review of the LTFP allows Council to adjust should economic or operational circumstances change. This is a more pragmatic approach than assuming negative or accelerated growth which may not occur.

6.2 Assumptions

The 2023 – 2038 LTFP has been developed with the following underlying "Moderate Growth" assumptions:

- Balanced Annual Budget
- No change to operating service levels
- No change to staff levels
- Employee costs at EBA or CPI capped at 2.5%
- 5% inflation on Fees and Charges decreasing to 2.5% from 2027/28 onwards
- 4% Investment Interest Rate
- 5% Default Borrowings Interest Rate
- 6% annual increase in utility costs decreasing to 2.5% from 2027/28 onwards
- Average AMP net replacement costs over 15 years (including inflation)
- Capital works aligned to available funds
- \$500,000 annually in Additional Operating Expense
- \$250,000 annual transfer to Housing Reserve
- \$100,000 annual transfer to Insurance and Resilience Reserve.
- Transition to ICT equipment leases reduces capital investment however increases operational expense by \$400,000 (\$150,000 in year 1 followed by an additional \$150,000 in year 2 and \$100,000 in year 3 for a total increase to operational costs of \$400,000).

7. Risk Management

Risk management is an integral part of business planning and an essential element of sound corporate governance.

Effective risk management will help to ensure the Shire minimises the impact of the risks it faces, thereby improving the Shire's ability to deliver on its Strategic Community Plan and improve outcomes for the community.

To effectively manage risk, the Shire will continue to develop its Risk Management Framework aligned to AS/NZ ISO 31000. This includes development and review of the following policy and plans:

- Risk Management Policy
- Risk Management Plan for Strategic Risk
- Risk Management Plan for Enterprise Risk
- Risk Management Plan for Project Risk

Our Enterprise Risk Register, a Cloud-based solution, has been developed to streamline risk identification and management across the Shire on a live basis. This will help to increase control assurance and testing.

Risk owners monitor individual risks with the frequency determined by the residual risk rating. The Enterprise Risk Register is formally reviewed by the Audit & Risk Committee on an annual basis.

In preparing the LTFP, the Shire has considered the likely impact of material risks. Risk events may arise from several areas, including legislative changes, extreme environmental events, cyber security events, significant changes to economic and financial conditions, major health, and safety risks. The quantification of financial and economic risks over longer periods of time is hampered by uncertainty; however, the Shire regularly reviews its risk profile to mitigate against new and emerging risks.

The key risks and opportunities identified within the Plan are:

- Economic conditions, locally and at the state and federal level
- High levels of unemployment
- Adjustments to projected rate percentage increases
- Higher than projected employment costs
- Changes / increases in service levels
- Lack of projected grant funding / grant funding not secured
- Inclusion of unplanned major projects
- Changes / decreases to interest on investments
- Major asset revaluations
- Further COVID – 19 restrictions.

8. Financial Ratios

Several financial indicators are required to be included in the Shire's Annual Financial Report in accordance with section 6.4(2) of the Local Government Act 1995 and Regulation 50 of the Local Government (Financial Management) Regulations 1996.

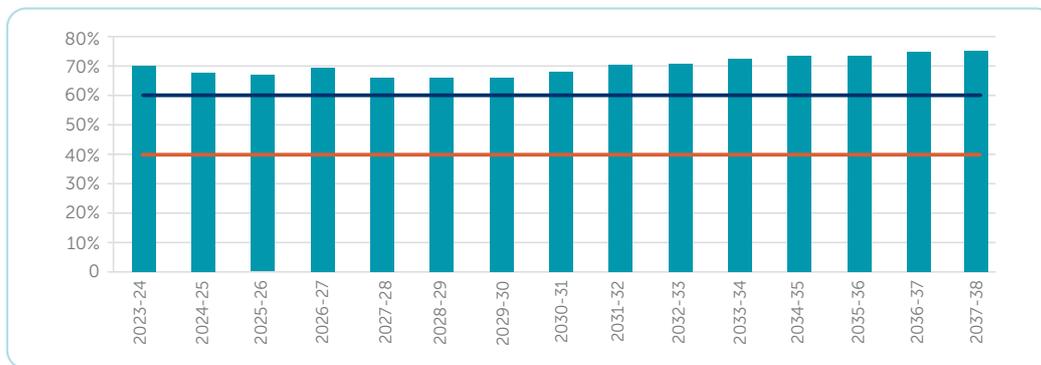

Operating Surplus Ratio

Measures the extent to which revenue raised not only covers operational expenses, but also provides for capital funding. The basic standard is between 0% and 15% and the advanced standard is with a ratio greater than 15%.

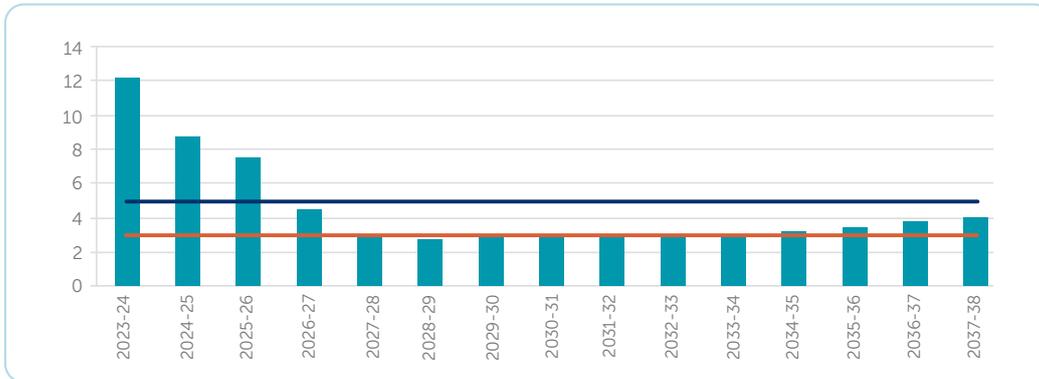

Own Source Revenue Coverage Ratio

Measures revenue derived from local government operations that exclude third party grants and subsidies. The basic standard is achieved if the ratio is between 40% and 60% (or 0.4 and 0.6), intermediate standard is achieved if the ratio is between 60% and 90% and the advanced standard is achieved if the ratio is above 90%.

Debt Service Coverage Ratio

Measures the Shire’s ability to generate sufficient cash to cover its debt payments. A basic standard is achieved if the ratio is greater than or equal to 2. An advanced standard is achieved if the ratio is greater than 5.

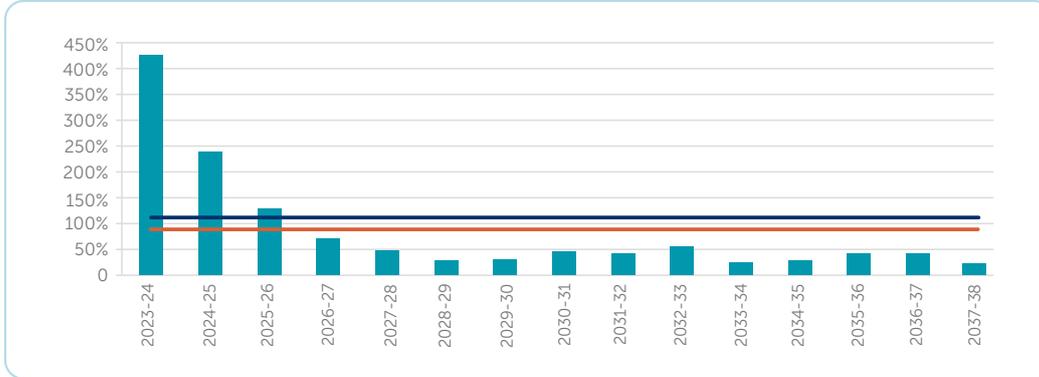

Current Ratio

Measures the Shire’s ability to meet its short-term financial obligations out of unrestricted current assets. The standard is met if the ratio is 90% (0.90). Standard is exceeded if the ratio is between 90% and 110% (or 0.90 and 1.10).

Asset Sustainability Ratio

Measures the rate at which the Shire spends capital expenditure on replacement versus depreciation.

Asset Consumption Ratio

Measures the extent to which depreciable assets have been consumed by comparing their written down value to their replacement cost.

9. Detailed Financial Statements

A number of detailed financial statements have been prepared for the 15 year period of this plan and are presented in Appendix 2 – 6.

Statement of Comprehensive Income by Nature and Type [Appendix A1]

Identifies the cost of goods and services and the extent to which costs are recovered against revenues. The classification of programs is defined within the provisions of the Local Government Act WA 1995.

Statement of Comprehensive Income by Program [Appendix A2]

Identifies the inputs by nature/type of revenue or expense. Descriptions are defined within the provisions of the *Local Government Act WA 1995*.

This statement is prepared on an accrual basis and recognises income as it is earned and expenses as they are incurred providing a more accurate reflection of the transactions occurring during the accounting period.

Depreciation is an expense charged in the Statement of Comprehensive Income, reflecting the value of capital assets consumed during the accounting period.

Australian Accounting Standard *AASB 1004 Contributions* requires contributions to be recognised as revenue when the Shire obtains control over the assets comprising the contributions, notwithstanding that those contributions may be for a capital item. Based on this requirement, grants for capital works have the potential to significantly affect the operating result for a particular year.

Financial Activity Statement (Rate Setting Statement) [Appendix A4]

This statement summarises the operating, capital, debt and reserves transactions. Importantly, it utilises the same reporting procedures required in the formulation of the Shire's Annual Budget under the *Local Government Act WA 1995*. The Statement identifies the funds necessary to balance the budget in each financial year through the collection of rates.

Statement of Financial Position (Balance Sheet) [Appendix A5]

The purpose of the Statement of Financial Position is to provide a snapshot of the overall financial position of the Shire. This statement is constructed according to defined accounting principles embodied in the Australian Accounting Standards. The Ratepayer equity in the Shire can be calculated by deducting the total liabilities from the total assets.

Statement of Equity [Appendix A6]

The purpose of this Statement is to report the changes in equity over an accounting period. The LTFP uses this to show changes in accumulated funds and reserves over the next fifteen years.

9.4.2 CHIEF EXECUTIVE OFFICER PERFORMANCE REVIEW 2022/23 - FINAL REPORT

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	PO34374
AUTHOR:	Manager People & Culture
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Director Corporate Services
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

Each year Council must review the performance of the Chief Executive Officer (**CEO**), in accordance with section 5.38 of the *Local Government Act 1995*, the CEO's Contract of Employment (**Contract**), and Council's Chief Executive Officer Performance Review policy.

This report requests Council to consider the Annual Review undertaken and the associated recommendations. Further, it requests Council consider recommendations regarding review and amendment to the Policy and the extension of the CEO's Contract.

BACKGROUNDPrevious Considerations

OMC 23 February 2017	Item 12.3
OMC 30 July 2020	Item 9.4.2
OMC 25 May 2023	Item 9.4.1

Each year the CEO is required to undergo a performance and remuneration review and evaluation by Council, pursuant to the CEO's Contract, and section 5.38 of the *Local Government Act 1995*.

The process of the Annual Review is set out in Council's Chief Executive Officer Performance Review policy (**Policy**).

Pursuant to the Policy, at the Ordinary Meeting of Council on 25 May 2023, Council appointed Councillor Taylor as the third member of the Review Panel, to sit alongside the Shire President and Deputy Shire President. Concurrently, Price Consulting Group Pty Ltd (Natalie Lincolne – Senior Consultant), was appointed as the independent Consultant to conduct the Annual Review for 2022/23.

COMMENT

This report provides a summary of the Annual Review 2022/23, including feedback received and key focus areas for 2023/24. This also includes a remuneration review and associated recommendations regarding the CEO's Total Reward Package, in line with the 2023 Salaries and Allowances Tribunal Determination.

It also recommends amending the Policy as per **Attachment 2 (Council's Chief Executive Officer Performance Review Policy – proposed amendments)**, to make the Annual Review

process more efficient regarding appointment of the Review Panel and the role of the Review Panel in the Annual Review. In particular:

- Amendments to allow for the appointment of the third Review Panel member in the month following a local government election, with appointments valid for a two-year period.
 - This will allow for the Review Panel to be appointed concurrently to the appointment of committees generally, which occurs following an election.
 - It provides for consistency and continuity of the Review Panel members over a two-year period, again streamlining the overall process.
- Amendments to delegate authority for the appointment of the independent Consultant to the Review Panel, in lieu of Council.
 - This clarifies and solidifies the role of the Review Panel in the Annual Review process.
 - It prevents the need for unnecessary Council resolution in the appointment of the Consultant, again streamlining the overall process.

Subsequently to the Annual Review 2022/23, the CEO and Review Panel also discussed the CEO's remaining tenure under the Contract, which is currently set to 30 July 2025. In that meeting the CEO requested a renewal of the Contract for a five-year term to 2028, based on current tenure, election dates and sustained high performance across key focus areas. The Review Panel indicated they would be supportive of this. Accordingly, this report includes recommendations for this purpose.

The period of the Annual Review is December 2022 to June 2023.

The Annual Review 2022/23 was undertaken between June and July 2023. In that time the CEO provided a self-assessment report to the Consultant and all Councillors were invited to provide individual feedback via an online questionnaire and telephone interview. It is not compulsory for Councillors to provide feedback. Five of the seven Councillors provided feedback to the Annual Review 2022/23.

Concurrent to the above, the Consultant also undertook a remuneration review as outlined in the Policy. This included a review of the CEO's Total Reward Package, against the *Salaries and Allowances Tribunal: Local Government Chief Executive Officers and Elected Members Determination No 1 of 2023* (as applicable to Band 2), and current WA economic indicators.

The Consultant collated the feedback and provided a draft report to the CEO and Review Panel. The Consultant then facilitated meetings with the Review Panel and CEO individually and collectively to discuss the feedback, remuneration review and key focus areas for 2023/24. A copy of the final Summary Report is attached at **Attachment 1 (Confidential – CEO Annual Performance Review 2022/23)**. This report includes specific recommendations to Council regarding the Annual Review 2022/23, the CEO's Total Reward Package and key focus areas for the 2023/24 review period.

Overall, Mr Mastrolembro was assessed as having met the requirements of the role of CEO to a high level for the review period 2022/23.

With regard to the CEO's request for a renewal of the Contract for a five-year term to 2028, having consulted with Acting Manager Governance, Strategy and Risk, this is a reasonable request in accordance with:

- The terms of the Contract, which provide a mechanism for the CEO to request an extension or renewal prior to the expiry date of the Contract.

- The Local Government Act, whereby individual contracts of employment for senior employees such as the CEO may be for maximum period of five years (as the current Contract is already for a five-year term this would need to be a renewal rather than an extension).
- The Model Standards for CEO recruitment, performance and termination, which allow for the renewal of the Contract without the need for a recruitment process, provided that:
 - The CEO has not yet completed ten years' continuous service (Mr Mastrolembo will not reach this milestone until 2027); and
 - The CEO's current contract does not reach ten years' continuous service overall upon expiry (Mr Mastrolembo's Contract expires 30 July 2025).

 CEO Performance Review Panel

STATUTORY ENVIRONMENT

Local Government Act 1995

5.38 Annual review of employees' performances

(1) A local government must review the performance of the CEO if the CEO is employed for a term of more than 1 year.

5.39 Contracts for CEO and senior employees

(1) Subject to subsection (1a), the employment of a person who is a CEO or a senior employee is to be governed by a written contract in accordance with this section.

(2) A contract under this section —

- a) in the case of an acting or temporary position, cannot be for a term exceeding one year;
- b) in every other case, cannot be for a term exceeding 5 years.

(7) A CEO is to be paid or provided with such remuneration as is determined by the Salaries and Allowances Tribunal under the *Salaries and Allowances Act 1975* section 7A.

Local Government (Administration) Regulations 1996

18FA Model standards for CEO recruitment, performance and termination (Act s5.39A(1))

Schedule 2 sets out model standards for local governments in relation to the following –

- a) The recruitment of CEOs;
- b) The review of the performance of CEOs;
- c) The termination of the employment of CEOs.

Schedule 2 – Model standards for CEO recruitment, performance and termination

13. Recruitment to be undertaken on expiry of certain CEO contracts

(2) This clause applies if –

- a) Upon the expiry of the contract of employment of the person (the incumbent CEO) who holds the position of CEO –
 - i. the incumbent CEO will have held the position for a period of 10 or more consecutive years, whether that period commenced before, on or after commencement date; and

- ii. a period of 10 or more consecutive years has elapsed since a recruitment and selection process for the position was carried out, whether that process was carried out before, on or after commencement day;
- and
- b) the incumbent CEO has notified the local government that they wish to have their contract of employment renewed upon its expiry.

18. Endorsement of performance review by local government

Following a review of the performance of the CEO, the local government must, by resolution of an absolute majority of the council, endorse the review.

Salaries and Allowances Act 1975

7A Determinations as to remuneration of local government CEOs

- (1) The Tribunal is to, from time to time as provided by this Act, inquire into and determine, the amount of remuneration, or the minimum and maximum amounts of remuneration, to be paid or provided to chief executive officers of local governments.

Salaries and Allowances Tribunal Local Government Chief Executive Officers and Elected Members Determination No 1 of 2023 (11 July 2023).

POLICY IMPLICATIONS

The Annual Review 2022/23 has been undertaken in line with Council's Chief Executive Officer Performance Review Policy.

FINANCIAL IMPLICATIONS

The Annual Review 2022/23 is an annual occurrence and is budgeted in Account 142048 HRM Consultancy.

The CEO's salary is budgeted as part of the Annual Budget process at the current rate of pay. Any decision to adjust employment benefits may have a budgetary impact which will need to be considered by Council as part of future quarterly budget reviews.

RISK

Risk associated with non-compliance with the *Local Government Act 1995*, including audit and investigation by the Department of Local Government, Sport and Cultural Industries, with associated action up to and including referral to the Corruption and Crime Commission, State Administrative Tribunal, suspension of Council and prosecution.

Risk associated with non-compliance with the CEO's Contract of Employment, including industrial claims for breach of contract. This would have significant cost and time implications as well as possibly reputational damage to the Shire.

Risk associated with breach of the *Salaries and Allowances Tribunal Local Government Chief Executive Officers and Elected Members Determination No 1 of 2023*, as well as financial and budgetary implications.

STRATEGIC ASPIRATIONS

Performance - We will deliver excellent governance, service & value for everyone.

Outcome 15 - An engaged and effective workforce that strives for service excellence

Objective 15.1 Support employee wellness and foster a positive workplace culture.

Outcome 11 - Effective leadership, advocacy and governance

Objective 11.1 Strengthen leadership, advocacy and governance capabilities.

Objective 11.2 Deliver best practice governance and risk management.

Outcome 14 - Excellence in organisational performance and service delivery

Objective 14.3 Monitor and continuously improve performance levels.

VOTING REQUIREMENTS

Absolute Majority

REPORT RECOMMENDATION:

That Council:

1. *Notes that the appraisal of Sam Mastrolembo, Chief Executive Officer, has been completed for the period December 2022 to June 2023.*
2. *Endorses the recommendations of the Summary Report as presented by Price Consulting as set out in Confidential Attachment 1, acknowledging Mr Mastrolembo's high level of performance over the review period.*
3. *Accepts the recommended changes to Council's Chief Executive Officer Performance Review policy as per Attachment 2.*
4. *Endorses a renewal of the Chief Executive Officer's Contract of Employment for a five-year term to 30 July 2028.*

Attachments

1. CEO Annual Performance Review 2022/23 (*Confidential to Councillors and Directors Only*)
This attachment is confidential in accordance with section 5.23(2) of the Local Government Act 1995 section 5.23(2)(c) as it contains "a contract entered into, or which may be entered into, by the local government and which relates to a matter to be discussed at the meeting".
2. Council's Chief Executive Officer Performance Review Policy - proposed amendments

COUNCIL POLICY

Chief Executive Officer Performance Review

Policy Objective

The *Local Government (Administration) Amendment Regulations 2021* (CEO Standard Regulations) require the Shire and the Chief Executive Officer (CEO) to agree and set out in a written document the process by which the CEO's performance will be reviewed.

The purpose of this Policy is to set out the CEO performance review process in a consistent, transparent manner and to provide overall guidance for process.

Policy Scope

This Policy is applicable to the review of the CEO's performance in accordance with section 5.38 of the *Local Government Act 1995* and the CEO Standards.

Policy Statement

1. Performance Review Panel

1.1 The Council shall establish a CEO Performance Review Panel (the Panel) to have oversight of the Annual Review Process.

1.2 The Panel shall comprise of three members:

- a) The Shire President
- b) The Deputy Shire President
- c) A Council appointed Elected Member

~~1.2.1.3~~ The ~~third~~ Panel ~~member~~ shall be appointed by a simple majority resolution of Council in the month following a local government election. Panel appointments are valid for a two year period from appointment each year ahead of the review being undertaken.

~~1.3.1.1~~ The Panel shall comprise of three members:

- a) The Shire President
- b) The Deputy Shire President
- c) A Council appointed Elected Member

1.4 The primary functions of the Panel are to:

- a) Appoint the Consultant in accordance with Section 2 below;
- b) Manage the Consultant appointed by Council;

Formatted: Indent: Left: 1.27 cm, No bullets or numbering

- b)c) Review the results of the performance review process and remuneration review and provide a recommendation to Council on these; and
- e)d) Discuss possible KPIs and measurements with the CEO for reporting to Council.

2. Appointment of Consultant

- 2.1 ~~The Panel/Council~~ shall appoint a suitably qualified and experienced consultant to assist with the conduct of the performance review process in an independent manner.
- 2.2 To ensure the review process is commenced in a timely manner, ~~the Panel/Council~~ will make the decision to appoint a consultant by no later than April to allow the review to be finalised prior to July of the same year.
- 2.3 The appointed consultant shall, as a minimum, undertake the following as part of the performance review process:
 - a) Prepare and distribute an electronic questionnaire to all current Elected Members to provide feedback on:
 - i. The extent to which the CEO is considered to have achieved the KPI's and measurements that applied during the review period;
 - ii. the CEO's responsibilities during the review period;
 - iii. the extent to which the CEO is considered to have modelled the Shire values during the review period;
 - iv. the organisation's performance during the review period; and
 - v. suggested KPI's for the upcoming review period.
 - b) Prepare and distribute an electronic questionnaire to the CEO to provide a self assessment/feedback on:
 - i. The extent to which they have achieved the KPI's and measurements that applied during the review period;
 - ii. their responsibilities during the review period;
 - iii. the extent to which they have to have modelled the Shire values during the review period;
 - iv. the organisation's performance during the review period; and
 - v. suggested KPI's for the upcoming review period
 - c) Conduct a review of the CEO's remuneration package in line with the Salaries and Allowance Tribunal (SAT) determinations;
 - d) Convene and attend at least one meeting between the consultant and the CEO to discuss the feedback received;
 - e) Convene and attend at least one meeting between the consultant and the Panel to discuss the feedback received;
 - f) Convene and attend at least one meeting between the consultant, the Panel and the CEO to discuss the feedback received;
 - g) Provide to the Panel and the CEO an Annual Performance Review report incorporating the results of the review exercise; and
 - h) Conduct a review of the CEO's KPI's and recommend draft KPI's and measurements for the upcoming review period in discussion with the CEO and the Panel.

3. Administrative support

- 3.1 Administrative support for the process will be provided by the Manager People and Culture.

- 3.2 The Manager People and Culture will use this policy as the scope to request quotes from suitably qualified consultants to undertake the review. Quotes will be provided to [the Panel Council](#) for their consideration and selection.

4. Performance Review Outcomes

- 4.1 Within one month of the conclusion of the performance review process, the performance review findings and recommendations will be presented as a confidential report (in accordance with section 5.23 of the Act) for endorsement by Council
 - a) In accordance with section 18 of the *Local Government (Administration) Amendment Regulations 2021* the review must be endorsed by resolution of an absolute majority of the Council.
- 4.2 Any areas that require attention or improvement must be identified, discussed with the CEO, and a plan agreed to address the issues.
- 4.3 The plan should outline the actions to be taken, who is responsible for the actions and timeframes.
- 4.4 Regular discussion and ongoing feedback on any identified performance issues should be scheduled to ensure improvements are being made.

9.4.3 MONTHLY PAYMENT LISTING - JUNE 2023

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	FRE02
AUTHOR:	Coordinator Financial Operations
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Acting Chief Executive Officer
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

This report recommends that Council receives the list of payments made under delegated authority, as per the attachment to this report, for June 2023.

BACKGROUND

The Chief Executive Officer (CEO) has delegated authority to make payments from the Municipal and Trust funds as per the budget allocations.

COMMENT

The Shire provides payments to suppliers by either Electronic Funds Transfer (EFT & BPAY), cheque, credit card or direct debit. Attached is a list of all payments processed under delegated authority during June 2023.

CONSULTATION

Nil.

STATUTORY ENVIRONMENT**Local Government (Financial Management) Regulations 1996**

13. *Payments from municipal fund or trust fund by CEO, CEO's duties as to etc.*

- (1) *If the local government has delegated to the CEO the exercise of its power to make payments from the municipal fund or the trust fund, a list of accounts paid by the CEO is to be prepared each month showing for each account paid since the last such list was prepared —*
 - (a) *the payee's name;*
 - (b) *the amount of the payment; and*
 - (c) *the date of the payment; and*
 - (d) *sufficient information to identify the transaction.*

- (2) *A list of accounts for approval to be paid is to be prepared each month showing —*
 - (a) *for each account which requires council authorisation in that month —*
 - (i) *the payee's name; and*
 - (ii) *the amount of the payment; and*

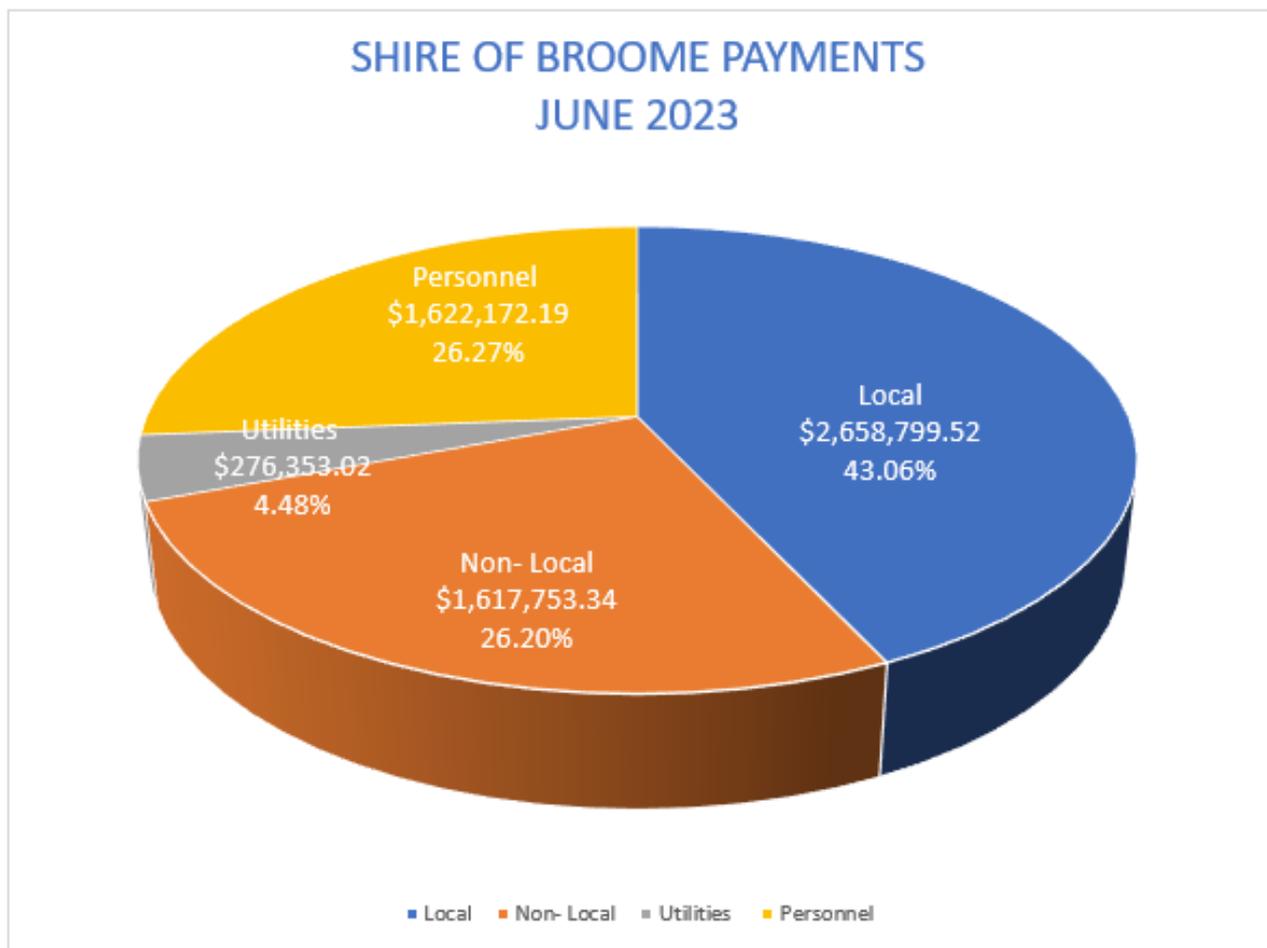

- (iii) sufficient information to identify the transaction; and
 - (b) the date of the meeting of the Council to which the list is to be presented.
- (3) A list prepared under sub regulation (1) or (2) is to be —
- (a) presented to the Council at the next ordinary meeting of the Council after the list is prepared; and
 - (b) recorded in the minutes of that meeting.

POLICY IMPLICATIONS

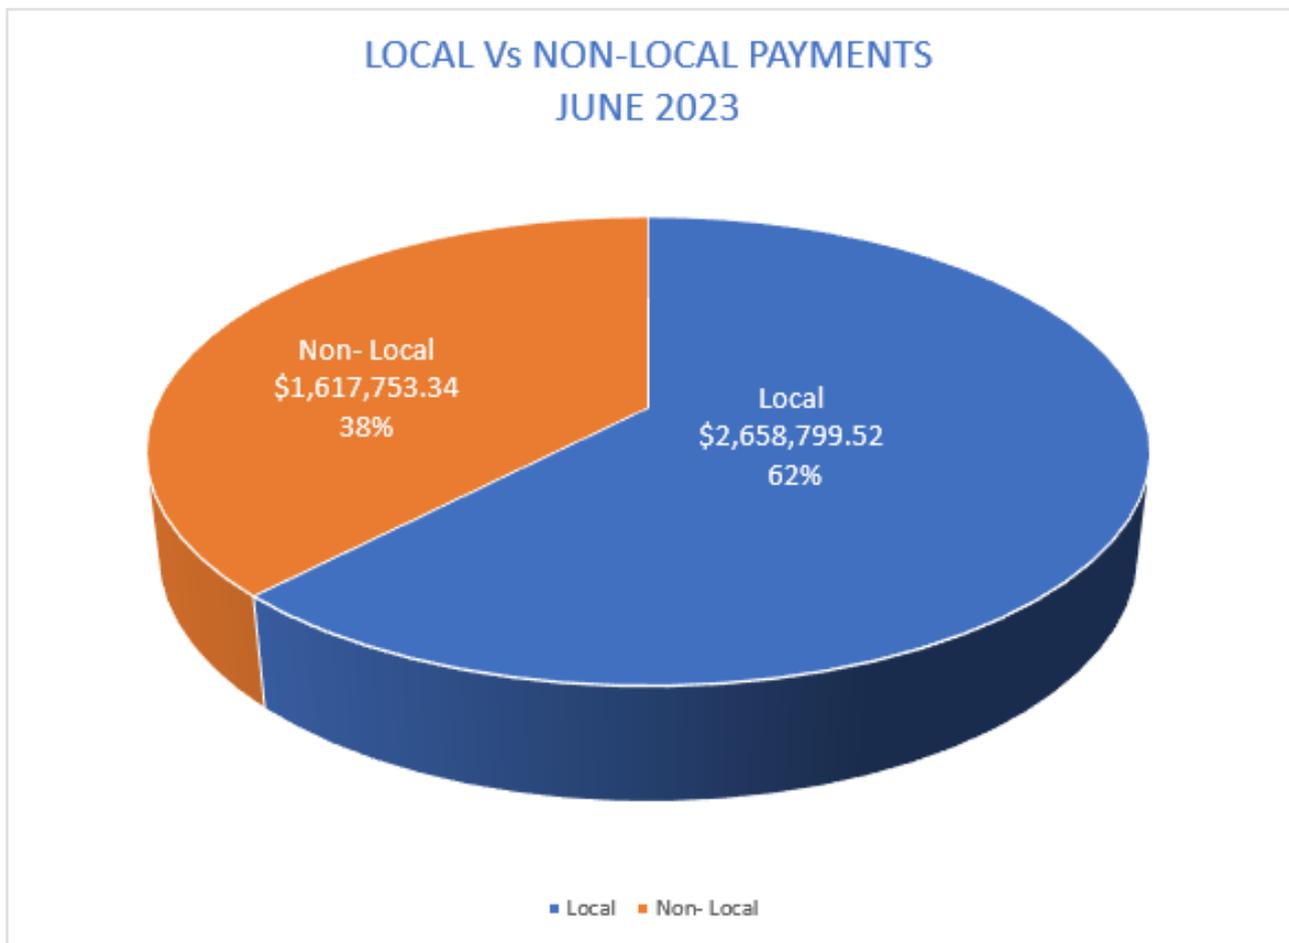

Nil.

FINANCIAL IMPLICATIONS

List of payments made in accordance with budget and delegated authority. Payments can also be analysed as follows:

Note: Personnel payments in this analysis include payroll, superannuation (contained within Direct Debit type payments), payroll tax and other deductions (contained within the EFT Payments type payments).

The above graph shows the percentage of local spend in comparison to non-local and recoupable spend for June 2023 after \$1,622,172.19 in personnel payments, \$276,353.02 in utilities and other non-local sole suppliers were excluded.

YEAR TO DATE CREDITOR PAYMENTS

The below table summarises the total payments made to creditors year to date:

Month	Cheques	EFT Payments	Direct Debit	Credit Card	Trust	Payroll	Total Creditors
Jul-22	\$ 5,314.00	\$ 3,047,351.62	\$ 171,200.46	\$ 15,398.08	\$ -	\$ 1,364,058.69	\$ 4,603,322.85
Aug-22	\$ 25,568.89	\$ 2,848,898.04	\$ 174,797.34	\$ 27,115.77	\$ -	\$ 1,093,335.48	\$ 4,169,715.52
Sep-22	\$ 9,920.50	\$ 3,056,121.57	\$ 173,868.29	\$ 37,681.34	\$ -	\$ 1,079,117.52	\$ 4,356,709.22
Oct-22	\$ 13,212.10	\$ 2,793,790.64	\$ 170,971.65	\$ 38,481.39	\$ -	\$ 1,093,182.67	\$ 4,109,638.45
Nov-22	\$ 2,788.50	\$ 3,190,550.76	\$ -	\$ 27,908.69	\$ -	\$ 1,089,624.00	\$ 4,310,871.95
Dec-22	\$ 719.10	\$ 3,133,956.03	\$ 208,135.90	\$ 21,574.62	\$ -	\$ 1,140,459.19	\$ 4,504,844.84
Jan-23	\$ 995.50	\$ 2,597,431.54	\$ 532,241.63	\$ 14,510.88	\$ -	\$ 1,082,477.83	\$ 4,227,657.38
Feb-23	\$ 1,522.22	\$ 2,408,673.90	\$ 267,648.47	\$ 16,299.94	\$ -	\$ 1,121,410.11	\$ 3,815,554.64
Mar-23	\$ 309.45	\$ 2,572,696.54	\$ 88,547.59	\$ 47,685.29	\$ -	\$ 730,225.58	\$ 3,439,464.45
Apr-23	\$ -	\$ 1,654,324.18	\$ 170,195.64	\$ 35,092.23	\$ -	\$ 784,765.24	\$ 2,644,377.29
May-23	\$ 68,157.32	\$ 1,694,054.57	\$ 78,296.64	\$ 27,031.21	\$ -	\$ 710,626.75	\$ 2,578,166.49
Jun-23	\$ 55,088.89	\$ 4,611,796.98	\$ 432,621.99	\$ 25,727.40	\$ -	\$ 1,049,842.81	\$ 6,175,078.07
TOTAL	\$ 183,596.47	\$ 33,609,646.37	\$2,468,525.60	\$ 334,506.84	\$ -	\$ 12,339,125.87	\$ 48,935,401.15

RISK

The risk of Council not adopting this report is extreme as this will result in non-compliance with Regulation 13 of the *Local Government (Financial Management) Regulations 1996*.

The likelihood of this ever occurring is rare due to the CEO's implementation of procedures to ensure payment details are disclosed to Council in a timely manner, as well as Procurement and Purchasing policies which ensure these payments are made in accordance with budget and delegated authority and comply with *Local Government (Financial Management) Regulations 1996*.

STRATEGIC ASPIRATIONS

Performance - We will deliver excellent governance, service & value for everyone.

Outcome 13 - Value for money from rates and long term financial sustainability

Objective 13.2 Improve real and perceived value for money from rates.

VOTING REQUIREMENTS

Simple Majority

REPORT RECOMMENDATION:

That Council:

1. *Receives the list of payments made from the Municipal and Trust Accounts in June 2023 totalling in \$6,175,078.07 (Attachment 1) per the requirements of Regulation 12 of the Local Government (Financial Management) Regulations 1996 covering:*
 - a) *EFT Vouchers EFT 70150 – EFT 70706 totalling \$4,637,524.38;*
 - b) *Municipal Cheque Vouchers 57803 - 57812 totalling \$55,088.89;*
 - c) *Trust Cheque Vouchers 0000-0000 totalling \$0.00; and*
 - d) *Municipal Direct Debits DD32196.1 – D32293.03 including payroll totalling \$1,482,464.80.*
2. *Notes the local spend of \$2,658,799.52 included in the amount above, equating to 62% of total payments excluding personnel, utility and other external sole supplier costs.*

SUMMARY:

This report recommends that Council receives the Monthly Statement of Financial Activity Report for the period ended 30 June 2023, as required by Regulation 34(1) of the *Local Government (Financial Management) Regulations 1996 (FMR)*.

BACKGROUND

Council is provided with the Monthly Financial Activity Report which has been developed in line with statutory reporting standards and provides Council with a holistic overview of the operations of the Shire of Broome.

Supplementary information has been provided in the form of Notes to the Monthly Report and a General Fund Summary of Financial Activity, which discloses Council's Revenue and Expenditure in summary form, by Programme (Function and Activity).

COMMENT

The 2022/23 Annual Budget was adopted at the Special Meeting on 5 July 2022. The following are key indicators supporting the year to date (YTD) budget position with respect to the Annual Forecast Budget:

Budget Year elapsed	100%
Total Rates Raised Revenue	100% (of which 97.44% has been collected)
Total Other Operating Revenue	115%
Total Operating Expenditure	88%
Total Capital Revenue	96%
Total Capital Expenditure	60%
Total Sale of Assets Revenue	52%

More detailed explanations of variances are contained in Note 2 of the Monthly Statement of Financial Activity. The commentary identifies material variations between the expected year-to-date budget position and the position at the reporting date.

Based on the 2022/23 Annual Budget presented at the Special Meeting on 5 July 2022, Council adopted a balanced budget to 30 June 2023. Amendments to the Original Budget include three (quarterly) Finance and Costing Reviews, carry overs and amendments resolved directly by Council; the specific amendments are listed in Note 5 of the Monthly Statement of Financial Activity.

The audited annual financial report was adopted by Council at the April 2023 Ordinary Meeting of Council (OMC), recognising a closing position for 2021/22 of \$2,891,583. This includes a net deficit of \$787,906. Recommendations endorsed at the February 2023 OMC immediately reduced the deficit by transferring \$397,211 from the Public Open Space (POS) Reserve, and the remainder was identified to be remediated through the Finance and Costing Review (FACR) processes.

For the financial year ended 30 June 2023, the following are significant variances from YTD actual against Budget:

Operating Revenues

The full year operating revenue budget was \$40,728,101 with an actual YTD received of \$43,068,992, a total variance of \$2,340,890. Noteworthy items include:

- Operating Grants \$2,275,933

An advance payment of \$2,643,234 for the 2023/24 Financial Assistance Grant was received late June (consisting of general purpose and roads allocations). This was budgeted to be received in full in the 2023/24 annual budget, and will be a permanent variance for 2022/23, with a future budget amendment to reduce the grant revenue, offset by an increase to the final closing surplus.

McMahon Estate Structure Plan grant of \$200,000, budgeted for 2023/24 was received in advance.

DRFAWA - 2018 event – awaiting receipt of final portion of the claim (\$309,896).

- Interest Earnings \$550,919

Reserve interest higher than budget, due to increased interest rates and the progress of some capital projects funded partially or fully by reserve funds. Reserve interest is held in reserves for future projects. Increased returns from municipal fund interest have already been adjusted through 22/23 quarterly finance and costing review processes.

- Profit on Disposal of Assets (\$110,946)

Delivery delays for budgeted fleet changeover in the last two financial years have also delayed the associated trade-in of plant and vehicles. Profit and loss on disposals are below budget, and changeover that has not occurred within 2022/23 has been budgeted as carry over in the 2023/24 budget.

Operating Expenses

The full year operating expense budget was \$52,754,179 with an actual YTD spend of \$46,576,239, a total variance of \$6,177,944. Noteworthy items include:

- Employee Costs (\$746,788)

End of year salaries and wages accruals are yet to be processed and variances due to vacancies within the organisation.

- Materials and Contracts (\$1,335,150)

Lower than budgeted expenditure on some operating accounts, including grant and reserve funded projects, which have been carried over into the 2023/24 annual budget. These include A Sporting Chance, Civic Centre minor assets, refuse site remediation, audit fees, McMahon Estate structure plan, Sanctuary Road design, and precinct structure planning.

- Depreciation on Non-current Assets (\$3,818,904)

Lower than budgeted due to timing of budgeted large projects not commencing or being completed during 2022/23. Capitalisation of work in progress assets and the calculation of June depreciation will occur during the end of financial year finalisation.

- Loss on Disposal of Assets (\$228,342) – Timing Variance

Delivery delays for budgeted fleet changeover in the last two financial years have also delayed the associated trade-in of plant and vehicles. Profit and loss on disposals are below budget, and changeover that has not occurred within 2022/23 has been budgeted as carry over in the 2023/24 budget.

Capital Expenses

The full year capital expenditure budget was \$18,320,539 with an actual YTD spend of \$10,926,553, a total variance of \$7,393,986. Projects that have not been finalised at 30 June 2023 have been re-budgeted as carry overs in the 2023/24 annual budget. Final carry over amounts are subject to change as the end of year finalisation and audit occur. Noteworthy projects include:

- Roads, Footpaths & Bridges \$2,271,619
Frederick Street carpark and Port-Guy Intersection upgrade.
- Land & Buildings \$1,558,689
Surf Club Building upgrade, BRAC Dry detailed design, various buildings aircon renewal.
- Recreation \$1,093,752
Cable Beach redevelopment.
- Mobile Plant \$2,273,118
Vehicle and Plant fleet changeover (delayed delivery).

Transfers to Reserves \$483,351 and Transfers from Reserves (\$1,968,851)

End of financial year processes will determine final transfers between reserve and municipal funding, based on actual spend on capital projects. Some transfers have been carried over to the 2023/24 budget where the project expenditures have also been carried over.

Comments to the closing position

The statements presented within the attachment as at 30 June 2023 show a closing position of \$9,685,383. It should be noted that the Shire of Broome is currently in the process of preparing its Annual Financial Statements. This requires several processes to occur which can affect the Shire's end-of-year financial position. As these processes are underway, the financial position presented in this report cannot be relied upon as the final position for the Shire of Broome. The audited final position for the Shire of Broome will be presented to Council as part of the Annual Financial Statements at a later date.

CONSULTATION

Nil.

STATUTORY ENVIRONMENT

Local Government Act 1995

Section 6.4 – Financial report

Section 6.8 – Expenditure from municipal fund not included in the budget.

Local Government (Financial Management) Regulations 1996

Reg 34. Financial activity statement report — s. 6.4

POLICY IMPLICATIONS

Nil.

FINANCIAL IMPLICATIONS

The financials statements attached reflect the culmination of historic transactions for the 2022/23 financial year. The final 30 June 2023 position is subject to change post end of year accrual and non-cash adjustments. The final closing position and statements will be presented as the audited annual financial report.

RISK

The Financial Activity Report is presented monthly and provides a retrospective picture of the activities at the Shire. Contained within the report is information pertaining to the financial cost and delivery of strategic initiatives and key projects.

In order to mitigate the risk of budget over-runs or non-delivery of projects, the Chief Executive Officer (CEO) has implemented internal control measures such as regular Council and management reporting and the quarterly Finance and Costing Review (FACR) process to monitor financial performance against budget estimates. Materiality reporting thresholds have been established at half the adopted Council levels, which equate to \$5,000 for operating budget line items and \$10,000 for capital items, to alert management prior to there being irreversible impacts.

It should also be noted that there is an inherent level of risk of misrepresentation of the financials through either human error or potential fraud. The establishment of control measures through a series of efficient systems, policies and procedures, which fall under the responsibility of the CEO as laid out in the *Local Government (Financial Management Regulations) 1996* regulation 5, seek to mitigate the possibility of this occurring. These controls are set in place to provide daily, weekly and monthly checks to ensure that the integrity of the data provided is reasonably assured.

STRATEGIC ASPIRATIONS**Performance – We will deliver excellent governance, service and value, for everyone.****Outcome 11 – Effective leadership, advocacy and governance:****Objective** 11.2 Deliver best practice governance and risk management**Outcome 12 – A well informed and engaged community:****Objective** 12.1 Provide the community with relevant, timely information and effective engagement**Outcome 13 - Value for money from rates and long term financial sustainability:****Objective** 13.1 Plan effectively for short and long term financial sustainability

13.2 Improve real and perceived value for money from rates

Outcome Fourteen – Excellence in organisational performance and service delivery:

Objective 14.3 Monitor and continuously improve performance levels.

VOTING REQUIREMENTS

Absolute Majority

REPORT RECOMMENDATION:

That Council receives the Monthly Financial Activity Statement Report for the period ended 30 June 2023 as attached, noting the financials are unaudited and the final position for the year is subject to change.

Comments

1. Liquidity refers to the Shire of Broome's ability to meet its financial obligations within the current year. Liquidity increased at the start of the financial year by \$22.228M due mainly to the issuance of rates. Liquidity is a combination of unrestricted cash, Current Debtors (including Rates), and Current Creditors. The Shire of Broome's current position (representing liquidity) can be found in Note 3.

2. Rates were raised in July with payment due 35 days after issuing. Total Rates raised for the year was \$24.99M with total outstanding rates YTD at \$0.64M.

This information is to be read in conjunction with the accompanying Financial Statements and notes.

Monthly Summary Information
 For the Period Ended 30 June 2023

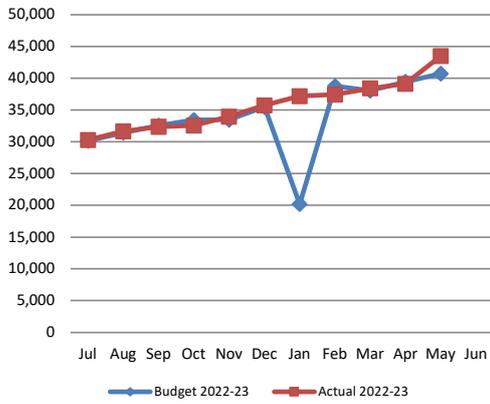

Comments

*Amended Budget Closing balance is the forecast of the closing balance after all budgeted transfers to and from reserve have been performed. At this time there have been no transactions to or from reserve other than to recognise interest earned on reserve investments. All interest earned on Reserve investments is recorded on reserve at the end of each month.

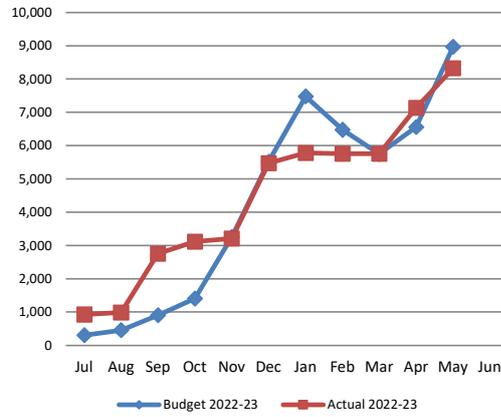

This information is to be read in conjunction with the accompanying Financial Statements and notes.

For the Period Ended 30 June 2023

Note 2: EXPLANATION OF MATERIAL VARIANCES

Reporting Program	Var. \$	Var. %	Var.	Timing/ Permanent	Explanation of Variance
Operating Revenues	\$	%			
Governance	189,015	658.27%	▲	Timing	Mainly due to McMahon Estate Grant received not budgeted
General Purpose Funding - Rates	(24,798)	(0.10%)			
General Purpose Funding - Other	1,967,904	336.03%	▲	Permanent	Financial Assistance Grants related to 2023/24 received in advance in June 2023
Law, Order and Public Safety	(29,816)	(22.43%)	▼	Timing	Animal fines & penalties, dog impound fees and recoup from Surf Club are all tracking below budget
Health	145	0.07%			
Education and Welfare	(20,628)	(20.03%)	▼	Timing	Various grant income not received
Housing	12,647	2.08%			
Community Amenities	278,589	4.34%			
Recreation and Culture	(123,377)	(7.56%)		Timing	BRAC have been impacted due to low staff and reduction of operation hours leading in lower revenue than budgeted,
Transport	483,096	38.29%	▲	Permanent	Financial Assistance Grants (Roads) related to 2023/24 received in advance in June 2023
Economic Services	(405,396)	(30.93%)	▼	Timing	Broome Visitor Centre internal journal not yet processed for subsidised rental agreement.
Other Property and Services	452,221	14.77%	▲	Permanent	Rent & outgoings more than budget, reserve interest higher than expected as well as insurance reimbursements and workers compensation
Operating Expense					
Governance	343,769	13.60%	▲	Timing	Youth development program additional grant funding to be used in the next financial year, audit fees have not been invoiced, community sponsorship awarded at April OCM and consultants to be engaged for McMahon Estate Structure Plan.
General Purpose Funding	87,869	19.52%	▲	Timing	Admin allocation costs are under budget
Law, Order and Public Safety	(16,603)	(1.11%)			
Health	43,892	5.39%			
Education and Welfare	(44,136)	(5.52%)			
Housing	(110,430)	(13.44%)	▼	Timing	Admin allocation costs and staff housing costs are over budget
Community Amenities	1,291,045	12.14%	▲	Timing	Less expenditure than budgeted mainly due to admin allocations, salary remuneration, fixed asset depreciation, refuse & recycling operations, contaminated site remediation at Wattle Drive and drainage maintenance
Recreation and Culture	3,325,370	19.07%	▲	Timing	Less expenditure than budgeted for various parks and reserves maintenance, weed control, admin costs, depreciation less than budgeted and festival and events contributions for events in Broome less than budgeted
Transport	3,243,145	26.71%	▲	Timing	Less operating expenses than budgeted due to depreciation being less than budgeted. In addition, urban and rural road maintenance, road operation expenses lower than budget due to timing.
Economic Services	331,150	11.56%	▲	Timing	Broome Visitor Centre In Kind donation not yet processed, Sanctuary Road phase 1 not yet started and A Sporting Chance youth diversionary program under budget
Other Property and Services	(2,316,898)	(83.75%)	▼	Permanent	Private works, more than budgeted, admin costs
Capital Revenues					
Grants, Subsidies and Contributions	(301,486)	3.66%			
Proceeds from Disposal of Assets	(346,747)	47.63%	▼	Timing	Less disposals in FY2022/23 than budgeted

Comments - Net Current Funding Position

The budget was adopted at the Special Meeting held on 05 July 2022. It was presented to Council with a predicted carried forward surplus of \$4,145,052.

The Rounding and Timing Adjustment is calculated by subtracting the sum of current assets less current liabilities and cash reserves from the YTD funding surplus (see page 7).

Comments/Notes - Investments

*Note - The total of Restricted Cash balances to the reserves on Note 7.

**NOTE - Payment Timing adjustments indicate payments that have been recorded on the ledger but have yet to be paid out of the bank. The bank accounts are reconciled monthly to ensure no discrepancies occur.

‡Note - A discrepancy between Trust balance and the balance of Note 11 is a result of money in transit, either as a refund or a payment, or an unrepresented cheque.

Comments - Rating Information

NOTE - This note represents the budgeted rating and back rating revenue expected for the 2022/23 financial year. The Statement of Financial Activity (by Reporting Program) examines the reporting program for rates which also includes other items, such as debt recovery and rates instalments charges, which are not represented in this table as they do not form part of ordinary rates modelling.

SHIRE OF BROOME
Monthly Statement of Financial Activity
For the Period Ending 30 June 2023

Appendix A: SUPPLEMENTARY NOTES TO THE MONTHLY REPORT

NOTES TO THIS MONTH'S REPORT

OVERVIEW

For the period ended 30 June 2023, the following are key indicators supporting the year to-date budget position with respect to the Annual Forecast Budget:

Budget Year elapsed	100%
Total Rates Raised Revenue	100% (of which 97.44% were collected)
Total Other Operating Revenue	115%
Total Operating Expenditure	88%
Total Capital Revenue	96%
Total Capital Expenditure	60%
Total Sale of Assets Revenue	52%

The budget was adopted at the Special Meeting of Council held on the 5th of July 2022. Council adopted a balanced annual budget, which included a net carried forward balance of \$4,145,052 being \$2,607,572 of carry-over projects, plus \$1,537,480 Financial Assistance Grants received in advance.

More information on the Shire's current position can be found on Note 3 of these Financial Statements.

ADJUSTMENTS TO DETERMINE THE CASH POSITION

CURRENT POSITION

Currently, to the end of June 2023, the current position stands at \$9.6M

Cash

Total Cash Assets are now \$50.4M being \$1.1M decrease from prior month.

The major collections this month include receipt of:

- \$2.6M Financial Assistance Grants advance payment
- \$561K Education Department of Western Australia
- \$250K Cleanaway
- \$201K Various rates

The major expenditure items this month include payments of:

- \$650K Construction of Roundabout (RFT 21/10) – Roadline Civil Contractors
- \$502K Road Reseal Program (RFT22-03) – Karratha Asphalt
- \$92K BRAC Tennis Courts Lights Upgrade (RFQ 22/28) – Coast & Country Electrics

Receivables

Sundry debtors including GST refundable stand at \$92K.

Rates and rubbish debtors stand at \$550K. Annual rates were raised on 14th July 2022 with due date of 18 August 2022. Rates & Rubbish debtors that have not paid their rates for the financial year 2022/23 will be followed up in the coming financial year. Outstanding debtors are encouraged to liaise with Rates Officers who can offer options to reduce their arrears; outstanding debts follow the Shire's debt collection policy and may progress to debt collection.

Other Assets

These stand at \$40K having a \$29K decrease since the previous month.

Cash Liabilities

This stands at \$0, there are no obligation on our outstanding loans for 22/23.

Creditors and Payables

Sundry Creditors are \$2M, due to continued major infrastructure works in progress.

Other Payables comprising Tax Payable, FESA Levy Collected, Accrued Loan Interest, Prepayments Received and accruals stand at \$2.87M.

Employee Provisions and Accruals

In the normal course of events, these figures are adjusted in June and July each year by end of year accounting adjustments.

Current leave provisions are \$0 (non-current leave provisions are \$267K). Accruals to reflect the year end position will be completed in the coming months for the 2022-2023 year.

10. REPORTS OF COMMITTEES

10.1 MINUTES AND RECOMMENDATIONS FROM LOCAL EMERGENCY MANAGEMENT COMMITTEE MEETING HELD ON 20 JUNE 2023

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	EMS02
AUTHOR:	Executive Support Officer - Development Services
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Chief Executive Officer
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

This report presents for Council consideration the minutes from the Local Emergency Management Committee meeting held on 20 June 2023.

BACKGROUND

Previous Considerations

The Local Emergency Management Committee (**LEMC**) is established by Council under section 38 of the *Emergency Management Act 2005 (Act)*. In accordance with section 39 of the Act, the functions of the LEMC are:

- (a) to advise and assist the local government in assuring that local emergency management arrangements are established for its district;
- (b) to liaise with public authorities and other persons in the development, review and testing of local emergency management arrangements; and
- (c) to carry out other emergency management activities as directed by the State Emergency Management Committee or prescribed by the *Emergency Management Regulations 2006*.

COMMENT

The minutes of the LEMC meeting held 20 June 2023 are included as **Attachment 1** of this report.

At the meeting, the LEMC discussed the following items:

Item 5.1 LEMC Document Updates

Members were reminded to send any changes/additions to the LEMC Secretariat for the following documents:

- Resource Register
- Incident Report (None to report)
- Training Schedule

The Contact list was sent with the request for Agenda items, and an updated list was sent with the Minutes. Members were reminded to send any further updates as required, to the Secretariat.

Item 5.2 LEMC Status Report

The 2023 Status Report was discussed – there are currently no items outstanding on the Status Report

Item 5.3 Items for Discussion from the Shire of Broome

Officers provided an update on the outstanding action on the Status Report and discussed opportunities to apply for Resilience Funding.

Item 5.4 Djarindjin Scheme Working with RSS

Djarindjin CEO, Nathan McIvor informed the Committee about a new Scheme they are developing, working with Resolute Security Systems.

Item 5.5 Update on New Australian Warning System

DFES Officer, Tayissa Sweetlove provided an overview of the Nationwide Australian Warning System which is being developed as a national approach to warnings for natural hazards, including bushfire, storm, cyclone, severe weather, and heatwave.

Item 5.6 Updates from LEMC Members

A round table discussion was conducted allowing Committee members to give an update on their agencies, and any relevant matters

CONSULTATION

Local Emergency Management Committee members.

1. STATUS REPORT 2023

LEMC Status Report 2023				
MEETING DATE/ITEM NUMBER	DETAILS	STATUS	COMMENT	ESTIMATED COMPLETION
15/03/2023 – Item 5.3	Floodway at Milliamara	In Progress	Cr Mitchell to provide an update at the Regional Roads Group Meeting.	April 2023

5.3 ITEMS FOR DISCUSSION FROM THE SHIRE OF BROOME

FOUR MILE CROSSING

In recent discussion with Main Roads WA it has been indicated that the floodway at 'Four Mile' on the Broome Highway is being considered for upgrades that will reduce the risk of the highway being closed during relatively small events. Design has yet to be completed, and timeframes remain unclear, however this will improve access to the town site from 12-mile residents and Roebuck during these incidents.

FOR DISCUSSION - RESILIENCE FUNDING

The Shire has received an indication that it may be eligible for some funding to assist with emergency resilience. The funding would be over two years and must be used for capital expenditure not operational requirements.

Given the funding requirements, the following options are being reviewed:

Sandbag filler

To assist with preparation for emergencies and minimise the impact of flooding prior to an event, a sandbag filler would enable community members to source prefilled sandbags, as well as allow emergency responders to focus on other important preparation prior to an incident.

Sandbags would also minimise impact of flooding to assets and allow for a more expedient return to premises, both residential and commercial.

Electronic Signage

To alert the community to imminent incidents and improve awareness of risks, signage could be implemented at key locations to provide alerts. Options include a large sign outside the Shire office on Hammersley Street, a central location near Chinatown, as well as secondary signage at key locations - a clear advantage would be the potential for signage on the Dampier peninsula and remote communities to ensure wide coverage.

Signage could be used for any incident, including flood warnings, cyclone warnings, fire warnings, pandemic advice, heatwave warnings, crocodile and shark sightings and others, and could also include road closures and status updates for other assets. The signage would utilise a web interface with GSM capability within the signs, so can be updated by anybody with a login, and could be updated automatically or with scheduled updates, and include separate messages for separate locations.

This allows for an improved preparation level, again providing for minimisation of damage and faster reopening post incident if the community is better prepared.

These are just options that have been discussed at an internal level at the Shire for consideration, and all ideas are welcomed – please contact Steve Kipkurgat with any other ideas.

ACTION - Steven Longo raised a query in relation to electronic signage that could be installed at the BVFRS to assist with access and egress from the station – internal discussion to continue with Mark Shepherd and Jeremy Hall to see where this got to.

Attachments

Nil

5.4 DJARINDJIN SCHEME WORKING WITH RSS

A new scheme may possibly be rolled out in Djarindjin working with Resolute Security Systems (**RSS**). Djarindjin Aboriginal Corporation (**DAC**) have been given the go ahead by the community to trial a new “warden” operation primarily funded by the organisation.

This service would provide security services and youth engagement in community. It will also have a Community Service component. It will not be connected in any way to the Courts or Justice System; this will be a program designed by community for the community in direct response to the growing disappointment in the Justice system.

It will not be modelled on Night Patrol, the model will be community led with specific KPI's being decided by the community for the community.

Attachments

Nil

5.5 UPDATE ON NEW AUSTRALIAN WARNING SYSTEM

Tayissa Sweetlove from DFES presented an update on the new Australian Warning System.

The AWS is a national approach to warnings for natural hazards including, bushfire, storm, cyclone, severe weather and heatwave.

DFES are available to assist with the transition to the new warning system. There will also be a marketing campaign to raise awareness when the launch date of the new system is known.

If the roll out doesn't happen prior to December 1 – it will not be rolled out until after the cyclone season – May/June 2024.

Steve Longo reiterated concern about the roll out date being December 1 – being too late for organisations to make the necessary changes to emergency procedures.

A known roll out date will be known by early August and will be communicated.

Emergency WA website will remain in place, and DFES are looking into the development of an App.

The presentation will be sent with the minutes

Attachments

Nil

5.6 UPDATES FROM LEMC MEMBERS

Members were given the opportunity to provide an update at the meeting.

James Sherriff – Brome Hospital – highest activity ever seen in the past 4 months. Trying to reduce wait times.

Erin McManis - Dept. Communities – Kelly McIntyre is leaving the Kimberley Flood recovery team to allow the team to return to business as usual. Developing a region wide training schedule, aiming to have 75% of all staff to be able to open and run an evacuation centre. Updating Local Welfare Plans for each of the remote communities. Mass audit of emergency stock across the region to prepare for the rest of the year.

Steve Longo - DFES – just starting to get back to business as usual following flood and cyclone activity - have had assistance from metro areas. First fire event was a few weeks ago at Thangoo, threatening Barn Hill and Eco Beach. Mitigation burns are taking place at the moment around town. Bush has dried out and there is plenty of fuel – be vigilant and aware. High season fleet arrived yesterday – increased appliances available for use.

Dave Serafini - MRWA – moving back towards business as usual - Fitzroy Crossing bridge works have been handed over to the alliance. Goal is for the bridge to be trafficable by the end of the year – worst case scenario is that this doesn't occur, and an alternative crossing will need to occur, possibly the single lane crossing or barge system pending rain etc.

Nathan Green -Water Corporation – sewer main running under the river in Fitzroy – running as normal. Broome North Waste Water upgrades still ongoing

AJ Scott - DBCA – almost finished remote aerial burns. Additional plant on the way from Perth for the season.

Rachael Donovan - SES – some new members coming on board from the recruitment drive earlier in the year. 30 July recruitment activity at Gantheaume with marine rescue. Volunteers interested to diversify if there are training opportunities with other organisations.

Steve Kipkurgat - Shire of Broome – behind on bush fire inspections due to staff shortages.

Muddi Nazir Ahmed – Horizon Power - new power poles at the jetty in Derby. Thanks to MRWA for assistance in Fitzroy Crossing for the location of new power poles. Funding received for some upgrades for undergrounding of power. Preparing for wet season ahead.

DISCLOSURE OF INTEREST:	Nil

SUMMARY:

This report presents for Council consideration the minutes from the Bush Fire Advisory Committee meeting held on 20 June 2023.

BACKGROUND

Previous Considerations

The Bush Fire Advisory Committee (**BFAC**) meets quarterly to provide advice to the Shire of Broome on:

1. All matters relating to the prevention, controlling and extinguishing of bushfires.
2. The planning and layout of fire breaks in the district.
3. Prosecutions for breaches of the *Bush Fires Act 1956*.
4. The formation of Bush Fire Brigades.
5. Coordination and cooperation between agencies within the district.

COMMENT

The minutes of the BFAC meeting held 20 June 2023 are included as **Attachment 1** of this report.

At the meeting, the BFAC discussed the following items:

Item 5.1 BFAC Status Report

The 2023 Status Report was discussed.

Item 5.2 Updates from BFAC Members

A round table discussion was conducted allowing Committee members to give an update on their agencies, and any relevant matters.

1. Status Report - 2023

Item 5.1 - STATUS REPORT

BFAC STATUS REPORT 2023				
MEETING DATE/ITEM NUMBER	DETAILS	STATUS	COMMENT	ESTIMATED COMPLETION
10 June 2020 – Round Table	DFES raised concerns about contamination at Demco, and fire risk.	In Progress	SoB to update BFAC on Demco progress. 08.09.21 – MEHER to investigate further and respond to DFES and DBCA prior to next meeting. Mar 2022 – DDS to continue investigations December 2022 – Shire of Broome to meet internally to discuss and provide update to DFES.	March 2023
14/12/2022 – Round table	Re-advertise Community representative positions – including social media	In progress	Social media posts and advertised on Shire of Broome website. Ongoing – posts will continue until vacant community positions are filled.	Ongoing

Item 5.1 - STATUS REPORT

Item 1 - Update provided by Steven Kipkurgat on this item – included in the minutes. Update to be sought from Land Tenure Officer and email to be sent to BFAC with the latest update from DPLH.

Item 2 – Vacant positions have been advertised – action to remain open until all positions are filled.

New Action – Acronym list to be created and included in agendas/minutes

5.2 UPDATES FROM BFAC MEMBERS

Members will have the opportunity to provide an update at the meeting.

Keith Williams – SoB – fire mitigation meeting was held with DBCA and NBY and other BFAC members. **Action** - Request for DBCA, DFES to notify of mitigation burns so the Shire can publish it on the Shire social media. Inspections are a bit behind schedule due to staff shortages.

Steve Longo – DFES – Mitigation activities are well underway. The season will be challenging with a lot of growth after the wet season. Fire at Thangoo a few weeks ago – led to road closure for a period of time. Barn Hill and Eco Beach were under threat – early in the season for such a hot fire. High season appliances are here now as well as a 12,000 litre tanker – great for remote areas, stationed at the Bush Fire Brigade.

Cait Westlake – Coconut Well Community Representative – setting up process to communicate effectively to the residents using Whatsapp and email to notify them of burns.

Trevor Fish – 12 Mile Community Representative – Fire breaks have been completed by NBY.

Nathan McIvor – Djarindjin – Burning taking place at the moment and travelling well.

7. MEETING CLOSURE

There being no further business the Chairman declared the meeting closed at 11:56am.

10.3 MINUTES AND RECOMMENDATIONS FROM KIMBERLEY REGIONAL GROUP MEETING HELD ON 15 JUNE 2023

LOCATION/ADDRESS:	Nil
APPLICANT:	Nil
FILE:	KRG01
AUTHOR:	People & Culture Advisor
CONTRIBUTOR/S:	Nil
RESPONSIBLE OFFICER:	Director Corporate Services
DISCLOSURE OF INTEREST:	Nil

SUMMARY:

This report presents for Council endorsement the Minutes from the joint meeting of the Kimberley Zone of the Western Australian Local Government Association (WALGA) and Kimberley Regional Group held on 15 June 2023.

BACKGROUND

A copy of the minutes from the Kimberley Zone of WALGA (Kimberley Zone) and the Kimberley Regional Group (KRG) meeting held 15 June 2023 are attached for Council consideration (**Attachments 1 and 2**).

As a result of a past decision of the group, both the Kimberley Zone and KRG meetings occur consecutively.

It should be remembered that the Kimberley Zone is a group established to represent regional issues to the State Council of WALGA. This group includes the four Kimberley Shires in addition to the Shires of Christmas Island and Cocos Keeling Islands.

The KRG is a group defined through a deed of agreement between the four Kimberley local governments with the Minister for Local Government.

The Shire of Wyndham East Kimberley accepted the Secretariat role for the Kimberley Zone / KRG late in 2021.

COMMENT

The minutes and respective background information are attached to this report and the following comments are made in relation to the resolutions passed by the Group. Additional recommendations have been made where necessary for Council's consideration.

Kimberley Zone Meeting Minutes – 15 June 2023

The Kimberley Zone considered and supported the recommendations on Matters for Decision that were contained within the 5 July 2023 WALGA State Council agenda as summarised below:

	Matters for Decision	WALGA Recommendation
4.1	Minutes of the State Council meeting held 3 May 2023	That the Minutes of the WALGA State Council meeting held on Wednesday, 3 May 2023 be confirmed as a true and correct record of proceedings.

<p>4.2</p>	<p>Flying Minute – WALGA Submission for 2023 State Wage Case</p>	<p>That the Flying Minute – Submission for 2023 State Wage Case be confirmed as a true and correct record of proceedings.</p> <p>4.2.1 Business arising from the Flying Minute – Submission for 2023 State Wage Case</p>
<p>7.1</p>	<p>Review of Urban Forest Advocacy Position</p>	<p>That WALGA endorse a new Advocacy Position 4.6 Urban Forest as follows:</p> <p>To promote the growth of Western Australia's urban forest the State Government should:</p> <ol style="list-style-type: none"> 1. Identify a lead agency with responsibility for setting the strategic direction and oversight of urban forest initiatives. 2. In consultation with Local Government: <ol style="list-style-type: none"> a. Develop an Urban Forest Strategy, based on the overarching principles of a resilient, connected, expanded and equitable urban forest including: <ol style="list-style-type: none"> i. an overall tree canopy target for the Perth and Peel regions, ii. robust and contemporary data to inform decision making, iii. funding mechanisms to support growth in urban canopy. b. Develop contemporary legislative and policy mechanisms to enable the protection and growth of urban forest, including: <ol style="list-style-type: none"> i. an effective and efficient regulatory mechanism that allows Local Government to consider the removal or alteration of a significant tree as a form of development. ii. prioritisation of trees and vegetation as a key structural element in the design of new neighbourhoods to facilitate climate resilient and liveable communities. iii. consideration of public realm design to maximise opportunities for tree retention and new planting consistent with any tree canopy targets. 3. Work with Local Government and other stakeholders to increase community awareness and promote behaviour change in relation to urban forest growth and retention to support State and Local Government targets and action. 4. Provide recurrent funding for a comprehensive and accessible Urban Greening Grant program to support Local Government investment in public realm planting, focusing on high urban heat areas and enhancing biodiversity outcomes. <p>Executive Summary</p> <ul style="list-style-type: none"> • It is proposed that the 2017 Advocacy Position 4.6 Urban Forestry be replaced with a new position that reflects Local Governments' urban forest advocacy priorities.

		<ul style="list-style-type: none"> The new position has been prepared in collaboration with the officers of the Local Government Urban Forest Working Group and has been endorsed by both the People and Place Policy Team and Environment and Waste Policy Team at a special joint meeting on 31 May 2023.
<p>7.2</p>	<p>State Planning Policy 3.7 Bushfire</p>	<p>That WALGA endorse the submission on State Planning Policy 3.7 Bushfire and the Planning for Bushfire Guidelines.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> State Planning Policy 3.7 Bushfire (SPP3.7) directs how land use and planning proposals should address bushfire risk in Western Australia. It applies to all land designated as bushfire prone, which is approximately 93% of the state. The Department of Planning, Lands and Heritage has released a revised version of SPP3.7 and Planning for Bushfire Guidelines for public comment. Future changes to the Map of Bush Fire Prone Areas are planned that will create a revised mapping standard for lower risk areas, such as significantly built-up urban areas. The revised SPP 3.7 and Guidelines propose a nuanced response compared to the existing policy framework, with the intent of better reflecting the type of planning or development proposal and the level of bushfire risk. WALGA's submission generally supports the revised SPP3.7 and Guidelines. The more nuanced policy response better reflects the level of bushfire risk across the State and is a positive evolution of policy design. Several matters of concern and technical comments are raised in the submission.
<p>7.3</p>	<p>Reforming WA Disability Legislation Submission</p>	<p>That WALGA endorse the submission to the Department of Communities relating to the Consultation Paper – Reforming WA Disability Legislation.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> In March 2023, the Department of Communities (DoC) released the consultation paper 'Reforming WA Disability Legislation'. DoC is developing new disability legislation for Western Australia, largely driven by the State Disability Strategy 2020-2030 and the recommendations of the Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability. Under the current Disability Services Act 1993 (DSA), Local Governments are legislated to implement Disability Access and Inclusion Plans (DAIPs). WALGA has consulted with the sector and developed a submission with 11 key recommendations. The recommendations make the case for additional measures to support Local Governments implement DAIPs to deliver enhanced access and inclusion outcomes within local communities through

		<p>standardized governance, training, support and funding.</p>
<p>7.4</p>	<p>Landfill Bans Advocacy Position</p>	<p>That WALGA endorse the following Landfill Ban Advocacy Position: Landfill bans are not supported in the absence of effective product stewardship schemes, or other funding mechanisms, for products which would be subject to the ban. Executive Summary</p> <ul style="list-style-type: none"> • The State Government has committed to delivering a state-wide E-waste ban to landfill by 2024, with the aim of improving management and recycling of e-waste produced by households and businesses across the State. • Consultation has occurred on the proposed ban and a WALGA Submission on this matter was endorsed by State Council in March 2023. • A key recommendation of this and previous WALGA Submissions is that any material subject to landfill bans must be covered by a fully effective product stewardship scheme prior to ban implementation. • Without effective product stewardship arrangements in place for items covered under landfill bans, the burden of managing the product at end of life falls disproportionately to Local Governments. • A new advocacy position is proposed that makes it clear that landfill bans are not supported in the absence of effective product stewardship schemes, or other funding mechanisms, for products which would be subject to the ban. • A contemporary and clear advocacy position on landfill bans will enable WALGA to strongly discourage this policy approach and advocate to the Government for the range of conditions necessary to increase resource recovery and reduce disposal of material to landfill.
<p>7.5</p>	<p>Audit Experience Survey Results Summary and Advocacy Position</p>	<p>That:</p> <ol style="list-style-type: none"> 1. State Council note the Audit Experience Survey Results Summary; and 2. WALGA advocate to the Office of the Auditor General (OAG) to reform the audit process for Local Governments by seeking: <ol style="list-style-type: none"> a. Audits of Local Governments are completed and reported on in a timely manner and that the processes, procedures and scope of audits are consistently applied. b. That the OAG review the requirements for pre-audit information with a view to reducing the need for additional information where possible; c. That the OAG review their costing formulae for Local Government audits and show constraint in audit cost increases;

		<p>d. That the OAG provide a breakdown on the cost of the audit and justification for any variance to the estimate to the Local Government as part of the final billing process;</p> <p>e. That auditors be required to improve their communication and information management and avoid repeated requests for information that has already been provided;</p> <p>That Local Governments only be required to communicate with contract Auditors (unless the OAG is directly auditing the Local Government) and the onus be placed on the contract Auditors to confirm their advice with the OAG before instructing the Local Government; and</p> <p>g. In-conjunction with the Department of Local Government, Sport and Cultural Industries, review the application of Fair Value principles in the context of the audit.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • In April, WALGA in partnership with LG Professionals WA conducted a survey of the Local Government sector to seek feedback on the annual audit process. • A range of views were captured in the feedback, both positive and negative. <ul style="list-style-type: none"> • The responses highlighted five key emerging issues in the audit process: <ul style="list-style-type: none"> o timeframe and delays; - additional workload on Local Government staff; cost; - inconsistent advice from contract Auditors and the OAG; and - asset valuation requirements. • WALGA and LG Professionals will continue to work with the OAG to reform the audit process in line with sector feedback, with a particular focus on those issues above.
<p>7.6</p>	<p>Amendments to WALGA's Constitution</p>	<p>That State Council endorse putting two items to the 2023 Annual General Meeting that:</p> <ol style="list-style-type: none"> 1. propose a new Constitution to give effect to the alternate governance model as per the attached; and 2. amend the Constitution to retain the current governance model with necessary changes, as per the attached mark-up. <p>VOTING REQUIREMENT: 75% SPECIAL MAJORITY</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • At its last meeting, State Council resolved for two sets of constitutional changes to be developed for consideration by State Council, with the intention that Members would consider both sets of amendments at the 2023 Annual General Meeting: <ul style="list-style-type: none"> o One set to give effect to the alternate model, as per the Best Practice Governance Review Final Report; and

		<p>A second set to refine the current Constitution to address inconsistencies and other issues while maintaining the current governance model.</p> <ul style="list-style-type: none"> • The constitutional changes have been prepared by legal firm, Jackson McDonald. <p>Amendments to the Association Constitution require both a special (75 percent) majority at State Council and a special (75 percent) majority at a General Meeting of Members.</p> <ul style="list-style-type: none"> • Consequently, if the proposed sets of amendments are endorsed by State Council, they will be put to the 2023 Annual General Meeting on Monday, 18 September.

Dated: 25 May 2023

Financial Report

That the Kimberley Regional Group notes the Interim Financial Report to 30 April 2023, the \$104,284 year to date budget deficit, due mainly to yearly invoices being issued late, and the overall \$194,151 surplus position.

Presentations

The following presentations were received from key stakeholders:

Minister for Emergency Services

Hon. Stephen Dawson MLC, Minister for Emergency Services; Innovation and the Digital Economy; Science; Medical Research; Minister assisting the Minister for State and Industry Development; Jobs and Trade.

Topic: Flood recovery Disaster Funding enquiries

Office of the Auditor General

The KRG resolved in light of WALGA's advocacy position proposed in the State Council Agenda, the Kimberley Regional Group will keep a watching brief on this item.

Banned Drinkers Register

The KRG noted the progression of the Liquor Control Amendment (Banned Drinkers Register) Bill; and will write to the Minister and the Opposition to support the progress of the Bill and to

reinforce the KRG's policy positions. The Executive team will also seek clarification whether the banned drinkers register will be enforced in public bars.

The Shire of Broome is to send through a copy of their current restrictions to the Shire of Derby West Kimberley.

BBY and WKFEC invitation to present to KRG.

The Executive team will draft a letter inviting the CEO's of Binarri-binyja Yarrowoo and West Kimberley Futures – Empowered Communities to present at Kimberley Regional Group meetings.

Aboriginal Cultural Heritage Bill 2021

The KRG will continue to watch the brief on this item.

KRG MOU and Governance Models

The KRG Executive team agreed to remain as a voluntary organisation and to simplify the governance compliance papers and to raise the item in 12 months time. The members noted the report.

Kimberley Regional Group Priority Action List

The KRG confirmed the priority focus areas and key actions that are to be progressed by the KRG over the next twelve months. Members review the original project list attached and rankings assigned and advise of any additional actions that may be considered for progression.

The KRG members are to provide any feedback to the Executive Team before the 7/7/ 2023. And, to scope out project costings for additional consultancy work as required.

Natural Disaster Resilience and Recovery Inquiries

The Executive Team will seek to engage with the WALGA Working Group on behalf of the KRG, Members note that the KRG will make a written submission to the two inquiries taking into consideration the State Emergency Services Minister's advice, Members approved the drafting of an Emergency Services position paper.

State and Federal Budget Overview – Kimberley Perspective

The KRG noted the initiatives in the 23-24 Federal and state budget.

Kimberley Crime Statistics

The KRG noted the regional crime statistics as presented and agreed to continue presenting the crime statistics as they become available for future meetings.

Website and social media

The KRG members are to provide any feedback on the KRG website and Linked In pages by 29/06/2023 for potential go-live date on 1/07/2023.

Executive Officer Report

This report provided an update on the Executive Officer services provided for the period April 2023 - May 2023 which was noted by the KRG.

4.1 Presidents Report – Attachment 1

President's Report July 2023

Introduction

I recently travelled to Canberra with the WALGA CEO ahead of an ALGA Board Meeting. Given the importance of the relationship between the Commonwealth and Local Government we took the opportunity to engage with several key Ministerial offices during the visit.

An in-person meeting with the Minister for Local Government Kristy McBain, provided an important opportunity to highlight our concerns regarding the recently announced Independent Strategic Review (the Review) of the Infrastructure Investment Program. Advice that key programs including Roads to Recovery and Federal Black Spot were within scope of the review is of concern and I advocated strongly that WALGA have the opportunity to provide a submission to the Review panel. I'm pleased that this opportunity has now been provided demonstrating the importance of constructive relationships with Commonwealth Offices.

Successful meetings were also held with the offices of the Minister for Emergency Services and Minister for Infrastructure and Development. I also met with the Shadow Minister for Local Government ensuring there is a bipartisan understanding of the challenges facing the sector in WA. The consistent message I received in Canberra was the importance of WA voices being heard in the Nation's Capital. The strength of numbers from WA attending this year's Annual General Assembly should ensure that objective is met this year.

It has been a busy time politically in WA with the resignation of former Premier Mark McGowan and the appointment of the Hon Roger Cook as Premier of WA. Premier Roger Cook has announced his new Cabinet, on 7 June 2023, with the full list [here](#).

There is one new Cabinet appointment, and of most interest to Local Government, that of David Michael MLA as the Local Government Minister. He also takes on the portfolios of Ports; Road Safety and Minister assisting the Minister for Transport. Many of you would remember Minister Michael as a member of State Council for eight years from 2009–2017, as well as a Stirling Councillor from 2005–2017.

Outgoing Local Government Minister John Carey MLA is now Minister for Planning; Lands; Housing; and Homelessness. As anticipated Deputy Premier Rita Saffioti MLA is promoted to Treasurer, retains Transport and adds Tourism. Premier Cook assumes the portfolios of State and Industry Development, Jobs and Trade; Public Sector Management; and Federal-State Relations, arguably the more traditional portfolios associated with the role of Premier.

From a Local Government perspective, most of the other key portfolios to our sector are business as usual with Minister Dawson retaining Emergency Services, Minister Punch Regional Development and Minister Johnston Industrial Relations.

Advocacy

Western Power Street Lighting Prices

On 27 April, the Economic Regulation Authority (ERA) published Western Power's draft 2023-24 price list, which included a proposed 43.85% hike in street lighting prices. This was met with universal swift condemnation by WALGA and many vocal Local Governments. CEO Nick Sloan emailed all Local Government CEOs on 28 April encouraging all Local Governments to tailor a submission to the ERA, highlighting the financial impacts of such an increase in street lighting tariffs.

Kimberley Country Zone: Minutes 15 June 2023

WALGA wrote to ERA CEO Steve Edwell highlighting strong concerns about the proposed increase by Western Power, noting it was significantly higher than the 2.81% assumed charge in the 2022-23 Budget papers, was without justification and was ill-timed as most Local Governments were close to completing their annual budgets. WALGA wrote to the Ministers for Energy and Local Governments also, highlighting its dissatisfaction at Western Power's request.

The story broke in The West Australian on 3 May, featuring my comments on behalf of the sector and was followed up by most media the following day, with further comments and interviews. Many Local Governments also made their views known. On 17 May the ERA published its price list, with the increase in street lighting tariffs kept to 7.5%. The media again picked up on the story, with our comments again appearing in many metropolitan and regional news publications and television news bulletins.

State and Federal Budgets

The Federal and State Budgets handed down in May 2023 had a strong focus on providing cost of living relief to households while trying to not to add to inflation.

The Federal Budget retained its commitment to a number of important programs for Local Government but there were few new spending announcements. It was disappointing that the Government did not deliver on its commitment to a fair and reasonable increase in Financial Assistance Grants. This year, \$3.1 billion has been provided for Financial Assistance Grants funding, with WA to receive \$376.9 million. Financial Assistance Grants now represent 0.5% of total Commonwealth Tax revenue, down from 0.52% in 2022-23. The Government has indicated that it will continue to work with states in relation to the financial sustainability of the Local Government sector, including advancing 75% of funding "earlier than would usually occur".

The State Budget provided funding for a number of important areas identified in WALGA's State Budget Submission and ongoing policy and advocacy work, including funding for the Urban Greening Grants Program, Government Regional Officers Housing and the Community Sport and Recreation Facilities Fund and to support the implementation of the new *Aboriginal Cultural Heritage Act 2021*. Unfortunately, there was no additional funding allocated for the Community Emergency Services Manager (CESM) Program which would have boosted Local Governments' capacity to support their communities in the preparation, response and recovery from emergency events such as bushfires and flooding.

Regional GP Services

We were successful with our advocacy requesting a tender exemption for rural GP's. The Minister for Local Government listen to the sector and introduced amendments to the Local Government Functions and General Regulations to provide an exemption from the requirement to seek public tenders where a Local Government is extending, varying, or renewing a contract. This will make it easier for Local Governments to vary and extend contracts relating to the provision of medical services. However, Local Governments will still need to go through a public tender process when first engaging a General Practitioner.

In respect to the tender for first engaging a GP, WALGA is preparing a template tender document to assist Local Governments and General Practitioners in responding to a tender.

Local Government Amendment Act 2023

The Local Government Amendment Act 2023 received assent in May, however very few of the provisions have commenced at the time of writing. The priority of the Government will be to commence Act provisions and introduce new regulations relating to the election process and this is expected by the end of June 2023.

Two specific amendments will not commence for the 2023 elections:

- Caretaker Provisions are planned to commence in time for the 2025 Local Government elections; and
- Owner Occupier roll amendments that will introduce new provisions requiring specific 'right of occupancy' legal instruments that will determine enrolment eligibility also to be introduce for the 2025 elections.

Kimberley Country Zone: Minutes 15 June 2023

WALGA is also collaborating with the WA Electoral Commission and Department of Local Government, Sport and Cultural Industries in practical election preparations including planning for a state-wide Candidate Information Briefing, delivery of in-house candidate briefings organised by Local Governments and a webinar on the Owners and Occupiers Roll.

Aboriginal Cultural Heritage Act

The new *Aboriginal Cultural Heritage Act 2021* commences on 1 July. I have written to the Minister for Aboriginal Affairs requesting support for the sector in the transition to the new Act through the provision of a dedicated Local Government ACH Act Facilitator, training, guidance materials, additional DPLH regional officers and an extension of grant funding project timeframes.

Convention

The website for the 2023 WALGA Convention has been launched, registrations opened, and three speakers announced – Melbourne Cup winning jockey Michelle Payne (Tuesday breakfast), Futurist and Author Gihan Perera (Mayors & Presidents Forum) and Business Disruptor and Transformer Dominic Thurbon (Keynote). Speakers for the two Plenary Sessions on Regional Housing and Active Mobility are being secured and Sponsorship Prospectuses have been finalised and sent out.

Cr Karen Chappel JP
WALGA President

- Glen Chidlow, Director Industry and Infrastructure

4.2 Reports from Kimberley Country Zone

The following table provides a summary of Matters for Decision that will be considered at the WALGA State Meeting on 5th July, 2023, and provides an update on Matters for Noting. For full details of items, including background material and discussions, please see separately attached WALGA State Council Agenda (Attachment 2).

4.2.1 Item/Matters for Decision

Item / Matters for Decision	WALGA Recommendations
4.1. Minutes of the State council meeting held 3 May 2023	<i>That the Minutes of the WALGA State Council meeting held on Wednesday, 3 May 2023 be confirmed as a true and correct record of proceedings.</i>
4.2 Flying Minute – Submission for 2023 State Wage Case	<p><i>That the Flying Minute – Submission for 2023 State Wage Case be confirmed as a true and correct record of proceedings.</i></p> <p>4.2.1 Business arising from the Flying Minute – Submission for 2023 State Wage Case</p>

Item / Matters for Decision	WALGA Recommendations
<p>7.1 Review of Urban Forest Advocacy Position</p>	<p><i>That WALGA endorse a new Advocacy Position 4.6 Urban Forest as follows:</i></p> <p><i>To promote the growth of Western Australia's urban forest the State Government should:</i></p> <ol style="list-style-type: none"> <i>1. Identify a lead agency with responsibility for setting the strategic direction and oversight of urban forest initiatives.</i> <i>2. In consultation with Local Government:</i> <ol style="list-style-type: none"> <i>a. Develop an Urban Forest Strategy, based on the overarching principles of a resilient, connected, expanded and equitable urban forest including:</i> <ol style="list-style-type: none"> <i>i. an overall tree canopy target for the Perth and Peel regions,</i> <i>ii. robust and contemporary data to inform decision making,</i> <i>iii. funding mechanisms to support growth in urban canopy.</i> <i>b. Develop contemporary legislative and policy mechanisms to enable the protection and growth of urban forest, including:</i> <ol style="list-style-type: none"> <i>i. an effective and efficient regulatory mechanism that allows Local Government to consider the removal or alteration of a significant tree as a form of development.</i> <i>ii. prioritisation of trees and vegetation as a key structural element in the design of new neighbourhoods to facilitate climate resilient and liveable communities.</i> <i>iii. consideration of public realm design to maximise opportunities for tree retention and new planting consistent with any tree canopy targets.</i> <i>3. Work with Local Government and other stakeholders to increase community awareness and promote behaviour change in relation to urban forest growth and retention to support State and Local Government targets and action.</i> <i>4. Provide recurrent funding for a comprehensive and accessible Urban Greening Grant program to support Local Government investment in public realm planting, focusing on high urban heat areas and enhancing biodiversity outcomes.</i> <p>Executive Summary</p> <ul style="list-style-type: none"> • It is proposed that the 2017 Advocacy Position 4.6 Urban Forestry be replaced with a new position that reflects Local Governments' urban forest advocacy priorities. • The new position has been prepared in collaboration with the officers of the Local Government Urban Forest Working Group and has been endorsed by both the People and Place Policy Team and Environment and Waste Policy Team at a special joint meeting on 31 May 2023. <p>Attachments</p> <ul style="list-style-type: none"> • Issues Paper: Local Government Approaches to Tree Retention • New Urban Forest Advocacy Position

Item / Matters for Decision	WALGA Recommendations
<p>7.2 State Planning Policy 3.7 Bushfire</p>	<p>That WALGA endorse the submission on <i>State Planning Policy 3.7 Bushfire</i> and the <i>Planning for Bushfire Guidelines</i>.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • <i>State Planning Policy 3.7 Bushfire</i> (SPP3.7) directs how land use and planning proposals should address bushfire risk in Western Australia. It applies to all land designated as bushfire prone, which is approximately 93% of the state. • The Department of Planning, Lands and Heritage has released a revised version of SPP3.7 and <i>Planning for Bushfire Guidelines</i> for public comment. • Future changes to the <i>Map of Bush Fire Prone Areas</i> are planned that will create a revised mapping standard for lower risk areas, such as significantly built-up urban areas. • The revised SPP 3.7 and Guidelines propose a nuanced response compared to the existing policy framework, with the intent of better reflecting the type of planning or development proposal and the level of bushfire risk. • WALGA's submission generally supports the revised SPP3.7 and Guidelines. The more nuanced policy response better reflects the level of bushfire risk across the State and is a positive evolution of policy design. Several matters of concern and technical comments are raised in the submission. • The public comment period closes on Monday, 17 July 2023. <p><u>Attachments</u></p> <ul style="list-style-type: none"> • WALGA submission on State Planning Policy 3.7 Bushfire • Planning for Bushfire Guidelines • State Planning Policy 3.7 Bushfire and Planning for Bushfire Guidelines
<p>7.3 Reforming WA Disability Legislation Submission</p>	<p>That WALGA endorse the submission to the Department of Communities relating to the <i>Consultation Paper – Reforming WA Disability Legislation</i>.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • In March 2023, the Department of Communities (DoC) released the consultation paper 'Reforming WA Disability Legislation'. • DoC is developing new disability legislation for Western Australia, largely driven by the State Disability Strategy 2020-2030 and the recommendations of the <i>Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability</i>. • Under the current <i>Disability Services Act 1993</i> (DSA), Local Governments are legislated to implement Disability Access and Inclusion Plans (DAIPs). • WALGA has consulted with the sector and developed a submission with 11 key recommendations. • The recommendations make the case for additional measures to support Local Governments implement DAIPs to deliver enhanced access and inclusion outcomes within local communities through standardized governance, training, support and funding. <p><u>Attachments</u></p> <ul style="list-style-type: none"> • WALGA Submission: Reforming WA Disability Legislation • Consultation Paper: Reforming WA Disability Legislation, March 2023 • State Disability Strategy 2020-2030

Item / Matters for Decision	WALGA Recommendations
<p>7.4 Landfill Bans Advocacy Position</p>	<p>That WALGA endorse the following Landfill Ban Advocacy Position:</p> <p><i>Landfill bans are not supported in the absence of effective product stewardship schemes, or other funding mechanisms, for products which would be subject to the ban.</i></p> <p>Executive Summary</p> <ul style="list-style-type: none"> • The State Government has committed to delivering a state-wide E-waste ban to landfill by 2024, with the aim of improving management and recycling of e-waste produced by households and businesses across the State. • Consultation has occurred on the proposed ban and a WALGA Submission on this matter was endorsed by State Council in March 2023. • A key recommendation of this and previous WALGA Submissions is that any material subject to landfill bans must be covered by a fully effective product stewardship scheme prior to ban implementation. • Without effective product stewardship arrangements in place for items covered under landfill bans, the burden of managing the product at end of life falls disproportionately to Local Governments. • A new advocacy position is proposed that makes it clear that landfill bans are not supported in the absence of effective product stewardship schemes, or other funding mechanisms, for products which would be subject to the ban. • A contemporary and clear advocacy position on landfill bans will enable WALGA to strongly discourage this policy approach and advocate to the Government for the range of conditions necessary to increase resource recovery and reduce disposal of material to landfill.
<p>7.5 Audit Experience Survey Results Summary and Advocacy Position</p>	<p>That:</p> <ol style="list-style-type: none"> 1. State Council note the Audit Experience Survey Results Summary; and 2. WALGA advocate to the Office of the Auditor General (OAG) to reform the audit process for Local Governments by seeking: <ol style="list-style-type: none"> a. Audits of Local Governments are completed and reported on in a timely manner and that the processes, procedures and scope of audits are consistently applied. b. That the OAG review the requirements for pre-audit information with a view to reducing the need for additional information where possible; c. That the OAG review their costing formulae for Local Government audits and show constraint in audit cost increases; d. That the OAG provide a breakdown on the cost of the audit and justification for any variance to the estimate to the Local Government as part of the final billing process; e. That auditors be required to improve their communication and information management and avoid repeated requests for information that has already been provided;

Item / Matters for Decision	WALGA Recommendations
	<p>f. That Local Governments only be required to communicate with contract Auditors (<i>unless the OAG is directly auditing the Local Government</i>) and the onus be placed on the contract Auditors to confirm their advice with the OAG before instructing the Local Government; and</p> <p>g. In-conjunction with the Department of Local Government, Sport and Cultural Industries, review the application of Fair Value principles in the context of the audit.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • In April, WALGA in partnership with LG Professionals WA conducted a survey of the Local Government sector to seek feedback on the annual audit process. • A range of views were captured in the feedback, both positive and negative. • The responses highlighted five key emerging issues in the audit process: <ul style="list-style-type: none"> ○ timeframe and delays; ○ additional workload on Local Government staff; ○ cost; ○ inconsistent advice from contract Auditors and the OAG; and ○ asset valuation requirements. • WALGA and LG Professionals will continue to work with the OAG to reform the audit process in line with sector feedback, with a particular focus on those issues above. <p><u>Attachment</u></p> <ul style="list-style-type: none"> • Audit Experience Survey Results Summary
<p>7.6 Amendments to WALGA's Constitution</p>	<p>That State Council endorse putting two items to the 2023 Annual General Meeting that:</p> <ol style="list-style-type: none"> 1. propose a new Constitution to give effect to the alternate governance model as per the attached; and 2. amend the Constitution to retain the current governance model with necessary changes, as per the attached mark-up. <p>VOTING REQUIREMENT: 75% SPECIAL MAJORITY</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • At its last meeting, State Council resolved for two sets of constitutional changes to be developed for consideration by State Council, with the intention that Members would consider both sets of amendments at the 2023 Annual General Meeting: <ul style="list-style-type: none"> ○ One set to give effect to the alternate model, as per the Best Practice Governance Review Final Report; and ○ A second set to refine the current Constitution to address inconsistencies and other issues while maintaining the current governance model. • The constitutional changes have been prepared by legal firm, Jackson McDonald.

Item / Matters for Noting	WALGA Recommendations
	<ul style="list-style-type: none"> • Developing effective responses to barriers and challenges to achieving timely and on-budget deliver of funded road projects in conjunction with Regional Road Groups; • Revising and providing updated tools, model policies and advice to Local Governments concerning heavy vehicle cost recovery, including options available to Councils considering extending access to concessional mass vehicles; • Improving the implementation and effectiveness of Disaster Recovery Funding Arrangements, noting that there are currently three ongoing inquiries or reviews initiated by the Commonwealth, and a need to resolve implementation issues with the Department of Fire and Emergency Services; • Addressing management of road works during Total Fire Bans.
<p>8.4 People and Place Policy Team Report</p>	<p>That the matters considered by the People and Place Policy Team be noted.</p> <p>Matters for State Council Decision</p> <p>At the meeting on 3 May, the People and Place Policy Team Policy Team noted the request from the Goldfields Esperance Country Zone on Advocacy on Building Issues and endorsed actions to be undertaken by WALGA Secretariat.</p> <p>At the meeting on 31 May, the People and Place Policy Team:</p> <ul style="list-style-type: none"> • In conjunction with the Environment and Waste Policy Team, endorsed a new Urban Forest advocacy position for consideration by State Council (see Agenda Item 7.1); • Endorsed the WALGA submission on Consistent Local Planning Schemes and an updated Planning Reform advocacy position for consideration by State Council via the Flying Minute process; • Noted a matter referred from Peel Country Zone on the establishment of a Coastal Hazard Risk Management and Adaptation Plan (CHRMAP) Taskforce and endorsed actions to be undertaken by WALGA Secretariat, including the preparation of a discussion paper on the matter; and • Endorsed the WALGA submission to the Department of Communities on Reforming WA Disability Legislation (see Agenda Item 7.3). <p>Matters for State Council Noting</p> <p>At the meeting on 3 May, the People and Place Policy Team:</p> <ul style="list-style-type: none"> • Received a presentation from the Planning and Building Team on Non-Residential Car Parking Requirements – Draft Interim Guidance; • Received a presentation from the Planning and Building Team on Local Government Planning and Building Performance for the 2022-23 reporting year (see Agenda Item 9.3); • Received an update from the Planning and Building Team on WALGA's work on planning fees and charges; and • Received an update from the Planning and Building Team on Urban Forest.

Item / Matters for Noting	WALGA Recommendations
<p>8.5 Municipal Waste Advisory Council (MWAC) Report</p>	<p>That State Council note the resolutions of the 19 April 2023 Municipal Waste Advisory Council.</p> <p>Matters for State Council Decision</p> <ul style="list-style-type: none"> • Submission on WA Container Deposit Scheme Expansion • Policy Position Landfill Bans <p>Matters for Discussion</p> <ul style="list-style-type: none"> • Release of the draft State Waste Infrastructure Plan • Review of Waste Policy Statements • Packaging Product Stewardship and national advocacy on flexible plastic recycling • WALGA's investigations into e-cigarette disposal options and the regulatory framework for used and disposal of these products and advocacy underway. • Contingency Planning for waste management, including the development of a Mutual Assistance Memorandum of Understanding (MoU) for Local Governments and WALGA Preferred Suppliers of waste fleet. • Waste management and biosecurity, including: <ul style="list-style-type: none"> ○ working with Department of Primary Industries and Regional Development (DPIRD) on undertaking preparedness activities for any disposal requirements resulting from Foot and Mouth Disease (FMD), such as landfill capacity and resourcing, logistics and communications as part of a coordinated emergency response. • the expansion of the Quarantine Area, for the invasive Polyphagous Shot-hole Borer, impacts 25 Local Government FOGO, GO and verge collections.
<p>9.1 Flying Minute – Submission to 2023 State Wage Case</p>	<p>That State Council note the WALGA 2023 State Wage Case submission, as endorsed by State Council via Flying Minute.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • Annually, the Western Australian Industrial Relations Commission (WAIRC) in Court Session issues a decision setting the WA minimum wage. • WALGA has an opportunity to file a submission with the WAIRC containing Local Government specific information and economic data for the WAIRC to consider when making its decision. • The provision of a submission is important because Local Governments are now the second largest employer in the State industrial relations (IR) system (after the State Government) and the decision issued may impact on Local Government employee wages. • State Council endorsed the WALGA 2023 State Wage Case submission by way of Flying Minute on 15 May. <p>Attachments</p> <ul style="list-style-type: none"> • WALGA submission for the 2023 State Wage Case

Item / Matters for Noting	WALGA Recommendations
<p>9.3 Local Government Performance Monitoring Project</p>	<p>That State Council note the results of the 2021-22 Local Government Performance Monitoring Project.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> WALGA initiated the Local Government Performance Monitoring Project in 2018. WALGA has continued and expanded the Project producing subsequent Reports in 2019, 2020, 2021 and 2022. 36 Local Governments participated in the Project this year. These Local Governments are home to approximately 80% of Western Australia's population and between 2001 and 2021 accounted for 83% of the state's total population growth. The 2021-22 data shows that Local Governments have maintained high performance in undertaking their planning and building functions. They provide a strong indication of how the Local Government sector in Western Australia is performing in the areas of strategic and statutory planning and building regulation. In 2022, process and technological improvements were undertaken to improve how the data is conveyed and presented. The findings of the Project are incorporated into an online interactive dashboard publicly available through the WALGA website. <p><u>Attachments:</u></p> <ul style="list-style-type: none"> 2023 Key Indicator Snapshot Performance Monitoring Dashboard
<p>9.4 Street Lighting Tariffs</p>	<p>That State Council note the update on the 2023-24 street lighting tariffs.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> In May 2023, Western Power provided its Price List to the Economic Regulation Authority (ERA) for approval, which included a proposed 43.85% increase for street lighting tariffs. The proposed increase would apply to the costs paid by Synergy to access Western Power's network, which are a large component of the final tariff paid by Local Governments to Synergy. WALGA responded quickly to the proposed increase, with the WALGA CEO and President writing to the ERA, Minister for Energy and Minister for Local Government, expressing the sector's strong concerns about the magnitude of the unjustified and unexpected increase. Local Governments also wrote directly to the ERA and spoke publicly on the impact the proposed increase would have on their communities. The ERA rejected the proposed increase, instead approving a 7.5% increase in the network component of the streetlight tariff for 2023-24, in line with their forecast of the average increase in network charges.

10 | Page

Item / Matters for Noting	WALGA Recommendations
	<ul style="list-style-type: none"> In making its decision, the ERA acknowledged Local Governments' concerns on streetlighting tariffs. Local Governments can expect to see street lighting costs rise by 4.8% in 2023-24, in line with the approved tariff increase set out in the State Budget Papers. <p><u>Attachments:</u></p> <ul style="list-style-type: none"> Letter to the ERA Letter to Minister for Housing; Lands; Homelessness; Local Government Letter to Minister for Mines and Petroleum, Energy, Corrective Services and Industrial Relations ERA Statement WALGA Media Statement
<p>9.5 2023-24 Federal and State Budgets</p>	<p>That State Council note the update on the 2023-24 Federal and State Budgets and impacts on Local Government.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> The Federal and State Budgets were handed down on 9 and 11 May 2023. The Federal Budget retained its commitment to a number of important programs for Local Government but there were few new spending announcements. The State Budget provided funding for a number of important areas identified in WALGA's State Budget Submission. <p><u>Attachments</u></p> <ul style="list-style-type: none"> WALGA Federal Budget 2023-24 Highlights WALGA State Budget 2023-24 Highlights WALGA State Budget Submission 2023-24
<p>9.6 Update on the Commencement of the Aboriginal Cultural Heritage Act 2021</p>	<p>That State Council note the update on the Aboriginal Cultural Heritage Act 2021.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> The <i>Aboriginal Cultural Heritage Act 2021</i> (ACH Act), which replaces the <i>Aboriginal Heritage Act 1972</i>, comes into effect on 1 July 2023. Since 2018, WALGA has undertaken extensive consultation and communication with the sector in relation to the development of the ACH Act, and undertaken advocacy on behalf of the sector, including three State Council endorsed submissions during the 2022 Co-Design process. WALGA's advocacy resulted in significant improvements to the activity categories, with consideration now given to many every day and emergency works that Local Governments undertake.

Item / Matters for Noting	WALGA Recommendations
	<ul style="list-style-type: none"> • WALGA's 2023-24 State Budget Submission called for funding for the establishment and ongoing functioning of the new ACH system with respect to Aboriginal Cultural Heritage Council, Local Aboriginal Cultural Heritage Services (LACHS) and Local Governments. • The WALGA President has written to the Minister for Aboriginal Affairs, requesting additional support for Local Governments in the implementation of the new legislation. • In May and June 2023, the Department of Planning, Lands and Heritage (DPLH) is delivering education workshops throughout the State to support implementation of the new legislation, including a Local Government specific session co-hosted with WALGA on 10 May. • WALGA will monitor the impact of the ACH Act on Local Governments and will continue to advocate for ongoing support to enhance Local Government knowledge and capability with respect to implementing the new legislation. <p><u>Attachments</u></p> <ul style="list-style-type: none"> • Letter from WALGA President to the Minister for Education, Minister for Aboriginal Affairs, and Minister for Citizenship and Multicultural Interests, 1 June 2023 • WALGA ACH Act Submissions
<p>9.7 State Award Variations Impacting on Local Governments</p>	<p>That State Council note the update on the State award variation applications currently before the Western Australian Industrial Relations Commission.</p> <p>Executive Summary</p> <ul style="list-style-type: none"> • On 1 January 2023, a majority of Local Governments and Regional Councils were required to transition from the Federal industrial relations (IR) system to the State IR system due to a change in State legislation. • Both the Federal and State IR systems have awards covering Local Government employers and employees. Awards are documents which set out the minimum terms and conditions of employment for a particular industry or occupation. • There are a number of State awards that cover Local Governments however these awards contain outdated and unclear language, are very difficult to consistently interpret and are not reflective of the needs of a modern Local Government workforce. • This is unlike the Federal Local Government Industry Award 2020 (Federal Award) which has been consistently reviewed and updated since 2009. • Unfortunately, the State Government and the unions did not support a legislated State award modernisation process before Local Governments were mandated to operate in the State IR system. Further, the transitional legislation does not provide for the Federal Award to permanently transition to the State IR system. • The Western Australian Municipal, Administrative, Clerical and Services Union of Employees (commonly also known as the WA Branch of the ASU) (ASU) made an application in February 2023 to amend the State Local Government awards without employer consultation.

Item / Matters for Noting	WALGA Recommendations
	<ul style="list-style-type: none"> • Further, the Western Australian Industrial Relations Commission (WAIRC) is reviewing the scope clauses of a number of State awards which potentially cover Local Governments, in addition to the two State Local Government awards. • WALGA has commenced representing the sector and individually named Local Governments in the various applications before the WAIRC regarding proposed amendments to the State awards. • This item for noting provides an update on the status of these applications and outlines the engagement methods WALGA will be using to seek feedback from the sector on these important employment issues.

Zone	Agenda Item	Zone Resolution	WALGA Response	Update	WALGA Contact
Kimberley C	19 April 2022 Zone Agenda Item 9.7 Underground Power	That the Kimberley Regional Group requests that WALGA enter into discussions with Horizon Power in relation to programs and funding to transition overhead wires to underground power.	Development of the Targeted Underground Power Program is continuing. However, further work is required with Horizon Power that operates under a different regulatory framework and is heavily dependent on revenue from the tariff equalization arrangements.	Ongoing	Ian Duncan Executive Manager Infrastructure iduncan@walga.asn.au 9213 2031
Kimberley C	2021 20 April Zone Agenda Item 11.1 Disaster Relief and Recovery Funding Arrangements	That the Kimberley Zone: 1. Express dissatisfaction with current disaster relief and recovery funding arrangements and call for urgent action from the State Government to investigate and address these shortcomings. 2. Seek WALGA advocacy to support the motion.	The Association has endorsed advocacy positions seeking improvements to disaster relief and recovery funding including assessment periods, eligibility of certain costs and improving resilience of reconstructed infrastructure. Regular meetings with DFES and Main Roads officers are ongoing. Detailed evidence of examples where the process is not effective have been collected and continue to be. Timelines for decision-making and an escalation process would seem to be an important addition to the process. Following consideration at the Infrastructure Policy Team a working group is being established to develop recommendations to improve DRFA WA processes. Initial engagement with the DFES Assistant Commissioner, Resilience and Recovery has occurred.	Ongoing	Ian Duncan Executive Manager Infrastructure iduncan@walga.asn.au 9213 2031

Watching Brief
<p>Federal Grant Growing Regions Program – Grant opens on 5th July and closes on the 1st August. The Growing Regions Program provides grants of between \$500,000 and \$15 million to local government entities and not-for-profit organisations, for capital works projects that deliver community and economic infrastructure projects across regional and rural Australia.</p> <p>The program is open competitive with grants awarded on a merit basis. There will be a two-stage application process. Under Stage One, applicants will be required to submit Expressions of Interest which will be assessed to ensure projects meet eligibility requirements, project readiness and program suitability, and are aligned with regional priorities for the area.</p>
<p>Minister McBain Kimberley Tour – await sitting dates for Parliament (in contact with Gabrielle Said)</p>
<p>Aboriginal Heritage Act third round approx. Feb 2023. Update provided in Item 11</p>

The Aboriginal Health Council of Western Australia acknowledges the traditional custodians of this land and their continuing connection to the land, waters and community. We pay our respects to all members of the Aboriginal and Torres Strait Islander communities and their cultures; and to Elders past, present and emerging.

From: Rodwell, Simone <Simone.Rodwell@justice.wa.gov.au>
Sent: Thursday, 6 April 2023 12:28 PM
To: Klaudia Shenton <Klaudia.Shenton@ahcwa.org>
Subject: FW: KJJS Evaluation Email

Good morning,

The Western Australian Office of Crime Statistics and Research (WACSAR) would like to start by acknowledging and paying their respects to Aboriginal and Torres Strait Islander peoples as the First Peoples of Australia, whose ancestral lands and waters we work and live on throughout Australia. They honour the wisdom of, and pay respect to, Elders past and present, and acknowledge the cultural authority of all Aboriginal and Torres Strait Islander peoples across Australia.

BACKGROUND

You are being contacted to inform you of an upcoming evaluation WACSAR is planning to undertake on the Kimberley Juvenile Justice Strategy (KJJS). Importantly, WACSAR wishes to seek your support for community consultation in your region to occur as a key part of the evaluation's methodology. An application has been submitted to the Western Australian Aboriginal Health Ethics Committee for approval to conduct the evaluation. Community consultation will only occur with the Committee's approval.

Kimberley Regional Group: Minutes 15 June 2023

WACSAR is an independent body within the Department that undertakes internal evaluations of programs and initiatives. WACSAR works in partnership with Aboriginal communities and organisations to ensure the evaluations they undertake are culturally appropriate and secure and reflect the expectations of Aboriginal communities with a stake in the subject of the evaluation.

KJJS INITIATIVES

As you may be aware, the KJJS commenced in 2019-20 and is funded to provide a range of community supports for Aboriginal young people across the Kimberley region. Current place-based KJJS initiatives delivered across locations in the Kimberley region include night patrols, structured activities, on-Country camps, a program to support young people meet their Court orders, and alternative education programs.

THE EVALUATION AIMS

A key aim of the evaluation will be to assess if the KJJS initiatives are on track to deliver on intended outcomes, which include (but are not limited to):

- Improving Aboriginal Wellbeing.
- Reducing first-time offending by young people in the Kimberley region.
- Improving community safety in the Kimberley region.

Importantly, the methodology of the evaluation will be designed to develop findings and recommendations related to the KJJS initiatives that have cultural relevance and meaning for Aboriginal communities in the Kimberley region.

DATA MANAGEMENT

WACSAR ensures that no identifiable information is included in any reports, presentations or publications of evaluations. Furthermore, WACSAR acknowledges Indigenous Data Sovereignty and is committed to adhering to its C.A.R.E principles of *Collective Benefit, Authority to Control, Responsibility* and *Ethics* in the design and conduct of their evaluations.

APPOINTMENT OF AN ABORIGINAL BUSINESS ENTERPRISE (ABE) TO CONDUCT AN INDEPENDENT EVALUATION

To ensure the evaluation of the KJJS is culturally secure, WACSAR will be engaging an ABE to lead an independent evaluation of the KJJS. The selected consultant will develop the evaluation methodology from an Aboriginal perspective and engage with the Kimberley Aboriginal community through employing culturally appropriate and trauma-informed techniques. As part of the evaluation, researchers from the ABE will travel to various key locations in the Kimberley region where the KJJS initiatives are run, including Broome, Derby, Halls Creek, Kununurra, Wyndham and Fitzroy.

CONSULTATION

The researchers will observe the operation of KJJS' initiatives, interview key stakeholders and hold open community engagement forums (yarning circles) in the above locations where community members can participate and share their thoughts on the KJJS. The key focus of the evaluation is to ensure the voices and perspectives of Aboriginal people in the Kimberley communities are heard and form the basis of the findings and recommendations of the evaluation. It is anticipated the **community engagement and consultation processes will be held between June to July 2023.**

The Aboriginal Business Enterprise that WACSAR is in the process of engaging has established ties with Kimberley Aboriginal communities and with local ACCOs. They will be reaching out to ACCOs in the above locations to advise them of the evaluation separately once they are appointed, and to ensure they follow appropriate protocols in connecting with evaluation participants.

Kimberley Regional Group: Minutes 15 June 2023

Finally, WACSAR respectfully acknowledges that Kimberley Aboriginal communities have been widely consulted by the WA Government across multiple initiatives in recent years. While they understand and empathise that this has led to consultation fatigue, they consider it to be critical that your community is invited to share their sentiments and state their expectations around the KJJS initiatives to guide improvements to existing and future services provided under the KJJS.

WACSAR would very much appreciate your support of the evaluation and associated consultation in your community.

If you would like to provide your support, feedback or have any questions, please do not hesitate to reach out to Principal Evaluation and Research Officer, Ryan Ho at ryan.ho@justice.wa.gov.au or on 9264 1544.

Good morning, Paul

We met by phone a couple of weeks ago when you were meeting with Des Hill in Knx.

You mentioned at that meeting that the KRG have developed a number of position papers that are relevant to the Aboriginal Regional Governance Group (ARGG) and the Kimberley Aboriginal Youth Wellbeing Steering Committee (KAYWSC). Are you able to forward these to me for information, please?

Also, to confirm, the ARGG agree that Cr McCumstie should be invited to attend the KAYWSC as the KRG's nominated observer. We're keen to brief Cr McCumstie on the work of the ARGG prior to the next KAYWSC - can I arrange this through you, or should I contact Cr McCumstie directly?

If you'd like to discuss please phone me direct on 0418 695 300 (note personal number, not for distribution).

Kind regards

Sarah Tobias | Senior Policy Officer (ARGG and KAHPF)

Attachment 4 Correspondence In: Invitation Commonwealth Independent Disaster Funding Review Briefing

From Eleanor Robson: Stakeholder Engagement Lead, Deloitte Disaster Funding Review 2/6/2023

INVITATION: Commonwealth Independent Disaster Funding Review briefing

Robson, Eleanor <elrobson@deloitte.com.au>

2 Jun 2023,
09:38

Dear Ms O'Brien and Ms Lewis,

I hope this finds you well. My name is Eleanor and I am a manager in Deloitte's Climate and Sustainability team in Canberra.

The Australian Government has commissioned an [Independent Review of Commonwealth Disaster Funding](#) (the Review). The Review considers how Commonwealth arrangements for disaster funding can be optimised to enable a system which supports wellbeing, national productivity, prosperity, and economic security and maintains state, territory and local government roles and responsibilities in the context of projected increase in natural disasters over the coming decades. Andrew Colvin AO has been named as the Independent Reviewer and will be supported in his Review by the National Emergency Management Agency (NEMA) Review Taskforce and the Deloitte Independent Review Team.

You are invited to attend a briefing on the Review with Dr Tayanah O'Donnell (Partner supporting the Independent Reviewer) and to discuss opportunities for the members of the Pilbara Country Zone, Gascoyne Country Zone and Kimberley Country Zone to contribute their insights into this important piece of work.

The briefing will take place on Wednesday 7 June from 3:00-3:30pm (WA time) on Microsoft Teams. We appreciate and apologise for the short notice in advising of this invitation, so while we would very much appreciate having the opportunity to speak with you, please feel at liberty to delegate this invitation to a senior staff member as required. **Please advise us as soon as possible on which individuals, including their emails, you would like us to invite to the session.** An agenda and a briefing paper will be enclosed in the calendar entry.

There will be multiple opportunities to engage throughout the Review. You can also contact us at disasterfunding@deloitte.com.au or provide a written submission to the Review through the [NEMA website](#). You may be contacted throughout the course of the Independent Review, now until April 2024.

Kind regards,

Eleanor Robson

Kimberley Regional Group: Minutes 15 June 2023

Attachment 5 Correspondence Out: Tanami Road – Federal Funding

From David Menzel, Chair KRG 28/04/2023

The Hon Catherine King MP
Minister for Infrastructure, Transport, Regional Development, Local Government
PO Box 6022
House of Representatives
Parliament House
Canberra ACT 2600

Via email - Catherine.King.MP@aph.gov.au

28th of April 2023

Dear Minister

Tanami Road – Federal Funding

Thank you for your support, and the support of your government for the Kimberley region as we recover from the recent devastating floods. The floods highlighted critical issues with the resilience of our road infrastructure which impacted critical supply chains and our community's ability to respond to and recover from this natural disaster.

I write to seek your commitment that funding for the Tanami Road, which connects the Great Northern Highway at Halls Creek and the Stuart Highway near Alice Springs, has not been deferred by the government. The upgrade and sealing of the Tanami Road remains the highest priority project for the Kimberley Regional Group. Initial funding was announced by State and Federal Governments in 2019 with works commencing in 2021. In 2022, the Federal Government and State Government announced \$434.2m and \$108.6m respectively for the upgrading and sealing of Tanami Road. We urgently need this funding to be released so that we can mitigate against the impact natural disasters, particularly on our supply chains.

Due to extensive flood damage to the Great Northern Highway, road freight to East Kimberley towns, including Wyndham, Kununurra and Halls Creek, had to detour through South Australia and the Northern Territory, travelling an extra 4,500 kilometres across the return journey. At one stage this alternative route was cut off due to flooding in the Northern Territory stopping all road freight in and out of our region.

The Tanami Road will provide an alternative road route into the East Kimberley, supporting supply chain resilience and delivering significant freight cost improvements by reducing the distance from our region to the southeast of Australia by 1100km. Aboriginal communities will benefit from access to cheaper food and servicing costs reducing cost of living pressures. Agricultural interests across the Kimberley will benefit by reduced costs associated with accessing markets as well as the reduced cost of inputs such as fertilizers. The upgrade will also positively impact on the pastoral industry providing access to new land.

Kimberley Regional Group and Kimberley Zone
459 Albany Hwy Victoria Park | 0419 930 467 | info@naja.com.au

Kimberley Regional Group: Minutes 15 June 2023

Regional tourism will benefit through the creation of a more direct route for vehicles travelling from the south-east of Australia and may potentially encourage longer visitation periods resulting higher expenditure on accommodation and tourism experiences leading to local jobs and business growth. The sealing of the road will provide significant numbers of new construction jobs and opportunities for local businesses. With the expected increase in road, and particularly freight traffic from the upgrade, the Shire of Halls Creek is considering the development of a Freight Stop and Warehousing Facility. This will provide ongoing economic opportunities within the Shire, creating new jobs for local people.

It would be appreciated if you could confirm that funding for the Tanami Road has not been deferred and that the government remains committed to the release of funding for the Tanami Road upgrade.

We look forward to your response and to working with you and your government to make our supply chains more resilient to natural disasters, and to deliver great outcomes for the Kimberley region and Western Australia.

Yours sincerely

Cr David Menzel
Chair
Kimberley Regional Group

Kimberley Regional Group: Minutes 15 June 2023

Attachment 6 Correspondence Out: Local Roads and Community Infrastructure Program

From David Menzel Chair KRG 28/04/2023

Ms Karen Chappel
President WALGA
PO Box 1544,
West Perth, Western Australia, 6872

Via email – president@walga.asn.au

28th of April 2023

Dear President

Local Roads and Community Infrastructure Program

Thank you for attending the April 2023 meeting of the WALGA Kimberley Zone and Kimberley Regional Group of Councils. We appreciated your update on local government issues at a State and National level.

Further to our discussion on the Local Roads and Community Infrastructure Program (LRCIP), we would like to stress again how important this program is to deliver priority projects in our region. The program is important as it has created jobs and long-lasting benefits for Kimberley communities.

It is important that the LRCIP continues to support community infrastructure projects and is not reorientated to focus just to support road projects. The Kimberley has two distinct seasons, the wet and the dry. This creates challenges for us in delivering road infrastructure projects due the limited timeframe for construction. Also, the shortage of locally based civil construction companies can impact on project planning and delivery.

For our towns and communities to remain attractive places to live and to work, we need the LRCIP to be responsive to our local needs. It is important that we can develop projects that create lasting benefits, be they road or community infrastructure projects, in partnership with our community.

Thank you again for attending our meeting. It was greatly appreciated. Despite the critical ongoing need for increased and sustained state and federal government investment in road funding, I hope that you understand why we believe that the LRCIP should continue to support both road and community infrastructure.

Your sincerely

Cr David Menzel
Chair, Kimberley Regional Group

From KRG Executive Team 4/06/2023

Jane Lewis <jane@reditresearch.com.au>

11:00 (5 hours ago)

to Eleanor, Paul, Michelle

Good morning Eleanor,

Many thanks for your email, I have spoken to Paul Rosair, the Executive Officer for the Regional Capitals Alliance of WA and Kimberley Regional Group and he has advised that he and Michelle McKenzie from the KRG team, both CC'd above, would both like to attend. Please could you send through a Teams meeting invite and agenda through to them.

Kind regards, Jane Lewis

6. Financial Report

Item for Decision

Submitted by: Vernon Lawrence, KRG Secretariat and Felicity Heading

Attachment 9: Kimberley Regional Group Interim Financial Report to 30 April 2023

Purpose

To update the KRG members on the financial position of the Group.

Summary

This report presents the Kimberley Regional Group Interim Financial Activity Statement for the period ended 30 April 2023. The report recommends that the Kimberley Regional Group (KRG) receives the Financial Activity Statement.

BACKGROUND

Previous Considerations

The KRG adopted its annual budget for the 2022/23 Financial year at the meeting on 13 April 2023. At this meeting a report relating to the finances for the financial year to 28 February 2023 was approved by the KRG.

COMMENT

The Financial Activity Statement presents a current surplus position of \$194,151. Since the last meeting invoices for the 2022/23 financial year have been sent out to the members of the KRG of which one has been received.

Executive and Administrative consultancy invoices have been received to March 2023 and indicate that services will be delivered within budget at year end.

CONSULTATION

Nil.

STATUTORY ENVIRONMENT

Local Government Act 1995

FINANCIAL IMPLICATIONS

As at the 30 June 2022 the Kimberley Regional Group cash balance carried forward to the new financial year was \$289,435. The Kimberley Regional Group budget was put forward to this meeting as a balanced budget with the opening cash balance of \$298,435. A budget was approved to raise \$185,700 and have the same amount of expenditure for a projected end cash balance for the 2022/23 financial year of \$298,435.

Kimberley Regional Group: Minutes 15 June 2023

For the period ending 30 April 2023 expenses of \$149,284 were paid against a year to date budget of \$154,750. The KRG received \$45,000 in membership dues as the only income received against a year-to-date budget of \$154,750. The year-to-date actual budget deficit is \$104,284. Outstanding membership fees of \$135,000 is sufficient to cover this deficit and fund the remainder of the year's expenditure.

The total Kimberley Regional Group cash balance at 28 February 2023 is \$194,151.

STRATEGIC IMPLICATIONS

Governance Goal – A collaborative group demonstrating strong regional governance:

Effective governance protocols and systems for business efficiency and improved services through collaboration

Secure funding for regional initiatives

7. Formal Presentations

Submitted by: Executive Officer

Purpose

To receive presentations from key stakeholders.

Background:

In accordance with the priorities of the KRG, stakeholders have been secured to present and discuss relevant topics with the members.

Details:

Time	Name	Position	Topics for discussion
11:00 – 11:15	Hon. Stephen Dawson	Minister for Emergency Services; Innovation and the Digital Economy; Science; Medical Research; Minister assisting the Minister for State and Industry Development; Jobs and Trade.	Flood recovery Disaster Funding enquiries

The Minister was provided with the following information:

Thanks once again for organising Minister Dawson's attendance at the upcoming KRG meeting. Regarding documents for the meeting, I can confirm the following:

The members would like a verbal update on the flood recovery from a State level perspective and any other issues of note relating to the Minister's portfolio that are Kimberley related please.

We also have an agenda item (14) relating to two enquiries that are underway:

1. Independent Review of Commonwealth Disaster Funding¹ - with an 18-month timeframe; and;
2. A Senate Select Committee on Australia's Disaster Resilience to inquire into Australia's preparedness, response and recovery workforce models, as well as alternative models to disaster recovery² with an open time-frame.

I have attached a copy of the Agenda Item, and wonder if the Minister could share any insights or recommendations which may be useful in the KRG submissions.

8. Office of the Auditor General

Item for Decision

Submitted by: Executive Team

Purpose:

To provide information to inform a decision to address issues raised with audits conducted by the Office of the Auditor General.

In Summary:

- Members have consistently raised issues with the cost and lack of cost transparency of Office of the Auditor General (OAG) audits.
- Under the [Local Government Amendment \(Auditing\) Act 2017](#) the OAG has the mandate to audit all WA local governments.
- There are no regulations under the Act, and a schedule of audit fees and charges is not published.
- WALGA and LG Professionals surveyed local governments on OAG issues. 91 Local Governments responded to the survey and WALGA have advised that this will be an item for decision in the June 2023 State Council agenda.
- It would be useful to see the issue raised in the WALGA survey and their recommended approach to the OAG, to inform the KRG's approach to OAG issues.

Background:

On 28 October 2017, the [Local Government Amendment \(Auditing\) Act 2017](#) was proclaimed, giving the Auditor General the mandate to audit Western Australia's 139 local governments and nine regional councils. The Act allows the Auditor General to conduct performance audits straight away while financial audits transitioned to the Auditor General over four years, as local government's existing audit contracts expired. The 2020-21 financial year audit was the first all 148 local government entities were audited by the OAG. There are no regulations under the Act of schedule of fees and charges for the cost of audit.

The OAG advises in its Local Government Audit Fee Setting Information Fact Sheet (May 2020)³, that they charge financial audit fees for State and LG entities on a cost recovery basis, that is, they do not make a profit. Also, that they endeavour to keep additional fees to a minimum across the State and local government sector and regularly absorb small excesses, as do their contract firms. They advise that they and their contract audit firms are becoming more acquainted with the size differences, regional particularities and other complexities across the local government sector. For example, they are seeking to allocate a region to 1 or 2 audit firms to reduce travel costs, as auditors can visit several local governments in one trip. They advised that this should also promote consistent financial management advice and build local expertise and skills across a region.

³ <https://audit.wa.gov.au/wp-content/uploads/2020/05/Local-government-audit-fee-setting-information-sheet.pdf>.

Kimberley Regional Group: Minutes 15 June 2023

Details:

Key issues raised by Kimberley Councils include the cost of audit and the lack of transparency of the cost of the audit. The Shire of Broome have advised that they pay more for an audit than some large metropolitan Councils. Broome were recently advised that the OAG have agreed to review their cost, but that they would not provide a breakdown of their costs to the Shire.

Kimberley Shires are not alone in raising issues with the cost and process of audits by the OAG. WALGA advised that the following advice has been issued to 40 Local Governments regarding the OAG concerning the 21/22 financial audit:

As you would be aware, local government financial audits are legislated to be completed by 31 December. We have been working with entities, including yours, beyond this date to endeavour to resolve issues that have been delaying audit completion and to facilitate clear audit opinions wherever possible. However, this approach has resulted in excessively long delays. To uphold our auditor reporting obligations, we have decided to issue all outstanding local government financial audit opinions within the next few weeks. Your OAG engagement leader will contact you to discuss what this means for your entity.

WALGA sought input from Councils on their audit experience. They issued a survey, which received 91 responses, and this will form the basis of an item and recommendation to the WALGA State Council in June 2023. The information from the WALGA survey and WALGA's approach to the OAG can inform the KRG's approach to addressing identified issues with the OAG.

9. Banned Drinkers Register

Item for Decision

Submitted by: Executive Team, acknowledgement to Cr. Tony Chafer

Purpose

To provide an update of progression of the Liquor Control Amendment (Banned Drinkers Register) Bill.

In summary

- The Liquor Control Amendment (Banned Drinkers Register) Bill was introduced to parliament on 18 May 2023.
- Key advocacy positions of the KRG have been introduced in the Bill.
- Medical practitioners and others can apply to the Director to put someone on the Banned Drinkers Register (BDR).
- A Police officer above the rank of sergeant can put someone on the BDR
- Provision to allow the Police to provide the details of a banned person to the liquor outlets.
- The offences outlined for placing someone on the BDR.
- The periods for which someone can be put on the BDR are specified.
- The BDR order must be revoked if the charge is withdrawn, the person is found not guilty, a restraining order is removed, or no sentence is imposed by the judge.
- A sunset clause of two years on this legislation as it's still a trial.
- Legislation should be in place for the BDR by the end of 2023.
- It is recommended that the KRG write to the Minister and the Opposition reinforcing the importance of the Bill and the KRG's policy positions.

Background:

The key points made in the KRG submission to the BDR included:

- Data shows it has been ineffective as a harm minimisation tool - only 83 people are on the banned list in the Kimberley, where there is a population of 38,000 people.
- Victims of family and domestic violence and child abuse remain at significant risk of alcohol related harm.
- Urgent legislative reform of the WA BDR is critical with support in the KRG submission including the establishment of a legislative framework, mandating that all outlets in an area participate, ensuring flexibility in regulations to prescribe BDR areas, enabling protective orders to occur beyond licensed premises, delegation to Police Officers in Charge of regional stations to add people to the register, expanding the scope of who can apply for somebody to be put onto the BDR and creating an offence for supplying alcohol to people on the BDR.

It was identified that critical to the reform process is the need to;

- review of the level of support services for alcohol dependency that are currently available in the Kimberley; and

Kimberley Regional Group: Minutes 15 June 2023

- develop and implement a formal, independent evaluation framework to assess the effectiveness of the BDR in terms of the agreed outcomes. This framework should be developed through a co-design process with Kimberley based services and their clients.

Details:

We would like to acknowledge the work of Cr Tony Chafer in the preparation of this item.

As outlined in the Explanatory Memorandum⁴, the purpose of the Bill is to amend the Liquor Control Act 1988 (the Act) to establish a legislative framework related to the Banned Drinkers Register (BDR) in Western Australia, and its operation.

The Bill provides for the establishment of a register of people who are prohibited from purchasing packaged (take-away) liquor and expands the pathways for being included on the BDR. A person will now be a banned drinker if they:

- are subject to a barring notice;
- are subject to a prohibition order;
- are subject to a banned drinker order made by a police officer or the Director of Liquor Licensing; or
- have had a banned drinker order made on application by a medical practitioner, social worker or other prescribed person; or have voluntarily placed themselves on the register.

The amendments provide for banned drinker areas to be prescribed, in which participation on the BDR is mandatory for all licensees authorised to sell packaged liquor in the area. Penalties will apply for the sale, or supply, of liquor to a person on the BDR.

A banned drinker order prohibits a person from 'purchasing, possessing or consuming' alcohol during the period for which the order is in force, which can be for three, six, or 12 months. Banned drinker orders can be superseded, revoked or extended in specified circumstances and the Bill provides for the banned drinker to have the decision reviewed by the Liquor Commission.

Licensees of premises authorised to sell packaged liquor in a banned drinker area will be required to check the purchaser's identification against the BDR before selling or supplying packaged liquor. The Bill creates offences for:

- licensees to sell or supply liquor to a person on the BDR in banned drinker areas (including licensees outside the banned drinker area delivering to banned drinkers within a banned drinker area); and
- any person supplying packaged liquor to a person known to be on the BDR (secondary supply).

Penalties for committing these offences have been set in the Bill at \$10,000. The Bill allows the disclosure and use of information about a banned drinker order or banned drinker in the context of, and in support of, the banned drinkers register, despite any written law relating to confidentiality or secrecy. The Bill also imposes a fine of \$10,000 for the improper use or disclosure of that information.

Kimberley Regional Group: Minutes 15 June 2023

As the amendments are intended to facilitate the trial of the BDR program to be expanded, the legislative framework related to the BDR have a sunset period of two years after the operating provisions are proclaimed. The following key points from the Bill are highlighted as of interest:

Page 1

As the amendments are intended to facilitate the trial of the BDR program to be expanded, the legislative framework related to the BDR have a sunset period of two years after the operating provisions are proclaimed.

Page 4

senior officer to mean a police officer who is of or above the rank of sergeant;

New subsection 152YB(2) provides that a banned drinker order must be in a form approved by the Director and sets that it must state:

- (a) the name of the person who is subject to the order;
- (b) the reason for making the order;
- (c) whether the order is self-imposed, made by a police officer or made on the application of a person under Division 4;
- (d) for an order made by a police officer —
 - (i) the name, rank and place of duty of the officer; and
 - (ii) the date and time the order is made;
- (e) that the order takes effect when the order is registered, regardless of whether the person is given a copy of the order;
- (f) the period for which the order remains in force;
- (g) the consequences of a contravention of the order and a description of what constitutes a contravention;
- (h) whether the person is entitled to apply for the order to be revoked and how to apply;
- (i) whether the person is entitled to apply for review of the decision to make the order and how to apply.

Page 5

152YE. Police officer may make banned drinker order

New subsections 152YE(1) and (2) set out that a police officer can make a banned drinker order for a person who —

- (a) is charged with an alcohol-related offence; or
- (b) is bound by a family violence restraining order, if the police officer who makes the family violence restraining order believes on reasonable grounds that the person was affected by liquor at the time of engaging in the conduct to which the family violence restraining order relates; or
- (c) if the person —
 - (i) is taken into alcohol-related protective custody; or
 - (ii) is given an alcohol-related infringement notice
 and, within the previous two years, the person was:
 - taken into alcohol-related protective custody at least twice; or
 - given at least 2 alcohol-related infringement notices; or
 - taken into alcohol-related protective custody at least once and given at least one alcohol-related infringement notice.

Page 6

152YG. Period of banned drinker order

New subsections 153YG(1)-(3) set out that a first police BDO remains in force for 3 months, a second police BDO remains in force for 6 months and subsequent police BDO remain in force for 12 months.

New subsection 152YJ(3) requires that the Commissioner of Police must revoke the banned drinker order:

- (a) for a banned drinker order made for a person who is charged with an alcohol-related offence, if satisfied that:
 - (i) the charge was withdrawn, dismissed or not proceeded with; or
 - (ii) the banned drinker was found not guilty of the offence; or
 - (iii) the banned drinker was convicted of the offence and the court sentencing the banned drinker imposed no sentence or made a spent conviction order (as defined in the *Sentencing Act 1995* section 4(1));
- (b) for a banned drinker order made for a person who is bound by a police family violence restraining order, if satisfied that the banned drinker is no longer a person

Page 6

- who is bound by a family violence restraining order; or
- (c) if the revocation is required because of an administrative error.

Page 8

Division 4 – Banned drinker order made on application of certain professionals

152YQ. Application for a banned drinker order

New subsection 152YQ(1) defines:

medical practitioner as a person in the medical profession registered under the *Health Practitioner Regulation National Law (Western Australia)*; and

social worker as a person who is a member, or is eligible for membership, of the Australian Association of Social Workers Limited.

New subsection 152YQ(2) allows for a medical practitioner, a social worker, or any other person prescribed, to apply to the Director to make a banned drinker order for a person.

New subsection 152YQ(3) sets out that the application must be in writing in a form approved by the Director and contain information to demonstrate that

- (i) the person the subject of the application is misusing or has misused liquor; and
- (ii) the person's misuse of liquor is a serious risk to the health, safety or wellbeing of the person or another person.

The applicant can request for the banned drinker order to be in force for a period of 3, 6 or 12 months.

Page 14

<p><u>Division 7 – Disclosure and use of information</u></p> <p>Division 7 provides for information to be disclosed in the context of, and in support of, the banned drinkers register, despite any written law relating to confidentiality or secrecy.</p> <p>152ZC. Disclosure of information about banned drinker order or banned drinker New section 152ZC provides for a person (for example, a medical practitioner or social worker) who applies under the new Division 4 to the Director for a banned drinker order for a person, or to extend a banned drinker order for a person, to give the Director information about the person who is the subject of the application or order.</p> <p>New subsection 152ZC(2) allows a police officer or the Director to give information about a banned drinker order, and the banned drinker who is the subject of the order, to:</p> <ul style="list-style-type: none"> (a) a public service officer who is acting under a written law in relation to the banned drinker; or (b) a responsible person in relation to licensed premises; or (c) a legal representative of the banned drinker; or (d) a prescribed person in relation to the banned drinker. <p>New subsection 152ZC(3) restricts a police officer or the Director to giving information only if:</p> <ul style="list-style-type: none"> (a) the police officer or Director mentions the banned drinker order when giving the information; and
<p>Page 14</p>
<ul style="list-style-type: none"> (b) the police officer or Director believes on reasonable grounds that the information — <ul style="list-style-type: none"> (i) will assist the recipient of the information to provide a service to, or perform a function relating to, the banned drinker; or (ii) will ensure the effective and efficient enforcement of the banned drinker order; or (iii) is required for a purpose related to the administration or enforcement of this Act or another written law.

The key to success of the BDR is ongoing advocacy so that it and other actions will take the pressure off Kimberley communities who bear the brunt of the impact and hold government agencies to account to do their part. For example, to complement the register there must be a prioritisation of a health-driven responses as part of alcohol and other drug policy. Also, more investment in preventive health measures that are locally driven and informed. The limited availability of treatment and support services in the Kimberley, the complexity of peoples' needs, and the stigma, prejudice and discrimination directed at those experiencing alcohol related harm.

Kimberley Regional Group: Minutes 15 June 2023

Risk:

That amendments to the Bill do not align with the KRG position.

10. BBY and WKFEC invitation to present to KRG.

Item for Decision

Submitted by: Secretariat

Purpose

To recommend that the CEOs of the Empowered Communities for the East and West Kimberley are invited to present at Kimberley Regional Group meetings to inform the KRG of key issues and activities being undertaken by key whole of Kimberley Aboriginal organisations.

In summary

- Members of the Executive Team recently met with the Chair of BBY, Mr Des Hill, the CEO Ms Christy Hawker and the Executive Officer of the Kimberley Aboriginal Youth Wellbeing Steering Committee. At the meeting they expressed a desire to meet more formally with the KRG.
- The KRG met with politicians in Canberra to advocate for the Kimberley region. At this time the Kimberley Land Council was also in Canberra, undertaking regional advocacy. There was a missed opportunity to align effort to deliver positive outcomes for the region.
- Discussions with Aboriginal Community Controlled Organisations (ACCOs) across the Kimberley indicate an interest for stronger engagement with the KRG.
- The two Kimberley Empowered Communities organisations, Binarri-binyja yarrowoo (BBY) in the East Kimberley and West Kimberley Futures – Empowered Communities (WKFEC) are involved with pan-regional Kimberley committees.
- BBY and WKFEC are part of the Australian network of eight Empowered Communities sites across Australia, driving a place-based response to deliver better economic and social outcomes for Aboriginal people by empowering individuals, families and communities to create better lives for themselves. Their activities are done through a structured and devolved governance structure.
- BBY and WKFEC are funded by the Federal Government. Ian Trust is the National Chair of Empowered Communities. Also on the national leadership group is Des Hill from the East Kimberley, and Tyrone Garston and Anthony Watson (Kimberley Land Council) from the West Kimberley
- BBY and WKFEC are Backbone organisations for empowered communities in their region.
- BBY and WKFEC work with their members, and government through a Local Management Committee Structure to develop local and regional development agendas. They prioritise joint decision making, and support agenda implement, along with monitoring and tracking actions.
- As membership-based organisations BBY and WKFEC are in touch with what is happening with ACCOs across the Kimberley.
- Much of their regional policy and advocacy agenda aligns with the KRG.
- It is recommended that BBY and WKFEC are invited to present to the KRG with an update on their activities, and key Kimberley wide initiatives being progressed by and how the KRG, BBY and WKFEC can work together to deliver better outcomes for the Kimberley.

Kimberley Regional Group: Minutes 15 June 2023

Background:

- There are a number of key pan-Kimberley Aboriginal committees which are driving a whole of Kimberley advocacy agenda;
 - **ARRG** - The Aboriginal Regional Governance Group (ARRG), has a strong focus on youth well-being and membership includes the Kimberley Aboriginal Medical Service, Kimberley Land Council, Kimberley Aboriginal Law and Culture Centre, Kimberley Language Resource Centre, BBY, and WEFEC.
 - **KAYWSC** - The Kimberley Aboriginal Youth Wellbeing Steering Committee (KAYWSC) which Cr McCumstie attends as the observer for the KRG is an initiative with the WA Government. The Commissioner for the Mental Health Commission is they key government contact point and the Director Generals of WA Government agencies such as the Department of Communities, Local Government, Sports and Cultural Industries, Justice, Premier and Cabinet, Education, Health and the WA Police are members of this committee.
 - **KARB** - The Kimberley Aboriginal Regional Body (KARB) - Several Kimberley Aboriginal organisations have signed an MOU to design a body, the Kimberley Aboriginal Regional Body (KARB) that will act as a ‘voice’ for Kimberley Aboriginal people. It is expected that once established, the Kimberley Aboriginal Regional Body will be a place that government, industry and business can engage.

Details:

As above. The insert provides an overview of the Kimberley Aboriginal Regional Body design group process.

**Kimberley Aboriginal Regional Body
Design Group**

For over 40 years, Kimberley Aboriginal people have called for a regional body to speak strong, with one voice to government.

A strong regional body will give us a bigger say on policies and decisions that affect our people, our country, our languages, our families.

A Kimberley Aboriginal Regional Body must be designed our way, to suit Kimberley Aboriginal people for the long term.

We must take our time and be careful to respond to community, not government. We must respect the voices of local people and the principles of place-based decision-making.

A Kimberley Aboriginal Regional Body must respect our cultural traditions and the Law. It must respect the role of Traditional Owners, of existing organisations and the diversity of our community.

The time to act is now. We have come together to form a Design Group and start work on a model of regional governance.

But it is the voices of Kimberley Aboriginal people that must shape the design of a Kimberley Aboriginal Regional Body. Consultation and engagement will be key.

We look forward to working with you in coming months and years as we design and establish a Kimberley Aboriginal Regional Body.

For further information, please get in touch with your closest organisation.

Working together as part of the KARB Design Group are:

Kimberley Land Council	(Tyronne Garstone 9194 0100)
Kimberley Aboriginal Medical Services	(Vicki O'Donnell 9194 3200)

11. Aboriginal Cultural Heritage Bill 2021

Item for Discussion

Submitted by: Secretariat.

Purpose

To provide an update on the Aboriginal Cultural Heritage Act 2021 and the statutory guidelines which come into effect on 1 July 2023.

Background:

The Aboriginal Cultural Heritage Act 2021 (ACHA), passed by Parliament in December 2021, replaced the existing Aboriginal Heritage Act 1972 (AHA). Recognising the potential impact for Local Governments, and working in his capacity as the Executive Office for the Regional Capitals Alliance WA (RCAWA), and now as Executive Officer of the Kimberley Regional Group, Paul Rosair has been working with the Department of Planning, Land and Heritage and with WALGA to understand the impacts of the legislation and to advocate for a streamlined implementation of the Act with as little additional cost and red tape as possible. This involved meetings with Anthony Kannis, Director General of DPLH on 4th April 2022 and Mr Ben Harvey; Director of Aboriginal Heritage and Mr Cesar Rodriguez; Manager Heritage Projects on 3 June 2022.

The Department outlined the timeframe for the development and tabling of the regulations and that they were required to have the ACHA fully implemented by July 1, 2023. They also confirmed that there would be no regulations that imposed any obligation on Local Government to do ACHA due diligence on third party development approvals. It would be expected a proponent would tick a box confirming they had completed this themselves. Local Government will only be bound by the ACHA for its own activities. Further, Local Government planning processes would not be an activity under the act. There would be no consequential amendments under the Local Government or Planning acts.

The Department acknowledged that the establishment of the Local Aboriginal Cultural Heritage services would take a long time and that it was likely the Native Title representative bodies would continue to facilitate heritage impact assessment services in the interim. They also indicated current work was focused on the management code and underlying "activity" guidance documents.

The practical application of the activity guidelines to residential blocks above 1100m², rural residential and farms was discussed and the Department acknowledged a reasonableness test would be required in undertaking due diligence. Defences under the act would be enshrined in the regulations to protect those who undertake due diligence in good faith but later are found to have impacted heritage values.

Kimberley Regional Group: Minutes 15 June 2023

Details:

On 10th May 2023, WALGA and DPLH co-hosted an Aboriginal Cultural Heritage Education Session for the Local Government sector. The session was attended by 80 Local Government representatives.

The presentation can be found via the following link:

[https://walga.asn.au/getattachment/Policy-Advocacy/Our-Policy-Areas/People-and-Place/Aboriginal-Communities/Aboriginal-Cultural-Heritage-Act/Presentation_ACH-Workshop-10-May-\(ID-586999\)-\(ID-587653\).pdf?lang=en-AU](https://walga.asn.au/getattachment/Policy-Advocacy/Our-Policy-Areas/People-and-Place/Aboriginal-Communities/Aboriginal-Cultural-Heritage-Act/Presentation_ACH-Workshop-10-May-(ID-586999)-(ID-587653).pdf?lang=en-AU)

A recording of the workshop can be found via the following link:

<https://www.youtube.com/watch?v=0kfG1-lbWVU>

Major points raised are:

- The Act will come into effect on 1st July 2023, as will a range of Regulations. Limited functions of the 1972 Act associated with limited sections 18 applications will remain in place for a period of six months.
- New portal - ACHKnowledge
- Penalties for breaching the Act can now be up to \$10m or potential for imprisonment, and stature of limitation period has increased to 6 years
- Key components of ACH Act:
 - Aboriginal people are empowered to determine what ACH is protected (Part 1) –existing registered sites and lodged places will be transitioned to a new Directory
 - ACH Council (Part 2) –
 - two Aboriginal co-chairs (M&F); up to nine additional members; majority Aboriginal
 - designates LACHS, approves permits & agreed plans, makes recommendations to Minister
 - LACHS (Part 2) –active role for Aboriginal people in heritage management
 - one-stop shop for proponents; role in negotiating ACHMPs
 - funding for capacity building; able to charge fee for service for ACHMPs
 - Aboriginal ancestral remains and secret and sacred objects (SSO) (Part 3)
 - ancestral remains must be returned to rightful custodians
 - SSO reported to Council; government must return; can't be sold/removed from WA
 - Protected Areas for ACH of Outstanding Significance (Part 4)
 - existing 78 Protected Areas transition under new Act
 - exclusive vesting with Minister removed to allow Aboriginal groups to manage
- There are some areas where LACHS have not been established – will be more difficult to find the correct knowledge holder

Land Use Approvals (Part 6)

Tier Category	Description	Approval Pathway
Exempt Activity <i>Activities specified in the ACH Act</i>	'Small Scale Residential' 'Emergency Services', 'Recreational Activities' 'Like for Like or less'	Does not require Approval <i>Proponents encouraged to avoid ACH</i>
Tier 1 <i>Activities will be specified in the Regulations</i>	Minimal Ground Disturbance Activities	Does not require Approval <i>Proponents takes all reasonable steps possible to avoid or minimise risk of harm ACH</i>
Tier 2 <i>Activities will be specified in the Regulations</i>	Low Ground Disturbance Activities	Requires issue of <u>ACH Permit</u> by ACH Council <i>Proponents takes all reasonable steps possible to avoid or minimise risk of harm ACH</i>
Tier 3 <i>Activities will be specified in the Regulations</i>	Moderate to High Ground Disturbance Activities	Where Aboriginal Party and Proponent reach agreement ACH Council <u>approves ACH Management Plan.</u> Where Aboriginal Party and Proponent are unable to reach agreement it is <i>the decision of the Minister whether or not to authorise an ACH Management Plan</i>

- The guidelines include draft regulations on the activity categories – these will be reproduced as a table for ease of use
- Exempt activities: Development on Lots less than 1,100m² “ **under the current act there are no exemptions, if you are doing anything – cutting dead grass under the current act, you need an approval. So what we have tried to do in the new Act is be realistic and recognise that we do need to allow for some level of exemptions.**”⁵
- Flowcharts are provided for activity due diligence assessment – see DPLH / WALGA presentation
- Consultation guidelines differentiate between whether LACHS are present and outline minimum requirements including 3 meetings (although this can be negotiated).
- Knowledge holder guidelines: 1. Search the directory (which will be online by the 1st July), 2. seek advice from the Department, 3. give public notice requesting knowledge holders
- LACHS fee for service guidelines range from \$80 per hour up to \$300 per hour for other expert service providers – these are largely for Tier 3 activities.
- A section 18 consent will expire within 10 years if, following proclamation, they have failed to establish that the activity has been substantially commenced.
- There is no obligation for Local Governments to verify that due diligence has been undertaken by developers. Development applications will be based on own Local Government criteria, not on Heritage. WALGA to request that this is put in writing.
- There are, as yet, no standardised forms for Local Governments to use to document due diligence activities when they are doing their own developments – however these may be developed as part of a due diligence module.
- Due diligence on a parcel of land will not be recorded spatially, so it would need to be done again if future development is considered

⁵ Ben Harvey, DPLH presentation

Kimberley Regional Group: Minutes 15 June 2023

- Ground disturbance does not cover water or air – extraction of water is therefore not considered to be a ground disturbance activity (hence tier 1) but some of the activities surrounding that extraction may be tier 2 or 3.
- Scheme planning etcetera is not affected because it is not a ground disturbance activity
- Whoever is doing the ground disturbance work (the proponent) is responsible for doing the due diligence process, including leaseholders
- Anyone already holding a subdivision approval will be subject to these new laws from the 1st July when the Act is put in place
- DPLH are “decentralising” 5 directors to the regions and another 2 officers.
- The WALGA President wrote to the Minister for Aboriginal Affairs on 1 June 2023 to call for support for Local Governments through the provision of a dedicated Local Government ACH Act Facilitator, training, guidance materials, additional DPLH regional officers and an extension of grant funding project timeframes.
- Exemptions which will assist Local Governments are:
 - Maintaining existing infrastructure that does not involve disturbance to ground beyond that which was disturbed during the construction;
 - Maintenance of waterways and coastlines to rectify accretion and erosion of natural material; and
 - An emergency management activity intended to prevent imminent loss of life, prejudice to the safety, or harm to the health, of persons or animals.
- [The State Government has announced \\$77million investment](#) into the ACH system which will further support the successful implementation of the ACH Act.

12. KRG MOU and Governance Models

Item for Decision

Submitted by: Executive Team

Attachment 10: KRG Signed MOU

Purpose

That the governance arrangements for the Kimberley Regional Group are clear and fit for purpose.

In summary

- The Kimberley Regional Group is a Voluntary Regional Organisations of Councils (VROC)
- The Kimberley Regional Group Governance Agreement and Governance Manual outline governance arrangements for the KRG such as the appointment of delegates, voting rights, meeting procedures and the role of the host shire. No signed agreements of these two documents can be found by the Executive Team.
- A review of these documents found that whilst acknowledging that the KRG is not a separate legal entity they are written as if the Kimberley Regional Group were a local government constituted under the Local Government Act.
- As an interim measure, a MOU that outlines the spirit of co-operation and collaboration on Kimberley wide issues, which references the Governance Agreement so that governance protocols are clear has been signed. This is attached.
- Prior to reviewing and updating the KRG governance documents it is recommended that the KRG discuss how it would like to be constituted.
- Four models have been presented for discussion.
- Once a preferred model has been determined, the Executive Team will progress the appropriate governance documents for KRG consideration.

Background:

In September 2010, as part of the Western Australian State Government's local government reform agenda, the four Kimberley Shires came together as the Kimberley Regional Collaborative Group by the signing of the Agreement for the Kimberley Zone Regional Collaborative Group with the State of Western Australia for the purpose of undertaking shared regional initiatives.

KRG Vision, Mission and Objectives

The KRG's vision, mission and objectives are outlined in the current governance agreement.

Vision

- To maintain and enhance the rich diversity and liveability of the Kimberley Region and the Indian Ocean Territories for its people and the world.

Mission

- To work collaboratively for the benefit of the people and the land of the Kimberley Region

Kimberley Regional Group: Minutes 15 June 2023

Objectives

- (a) to strive to achieve the Strategic Goals and Outcomes of the KRG in accordance with the KRG’s Regional Strategic Community Plan, in a manner that enhances and assists the advancement of the Kimberley Region;
- (b) to advocate on regional issues as they are identified and supported by member Shires.
- (c) to encourage cooperation and resource sharing on a regional basis;
- (d) not to detract from the relationships a Participant holds within its community with the State and Federal Governments and other entities it interacts with in the course of usual business;
- (e) To include, if amenable, the Local Governments of the Cocos Keeling Islands and Christmas Island who are members of the Kimberley Zone, into the Kimberley Regional Group in the coming term of this agreement by mutual consent by all the parties; and
- (f) To encourage the Local Governments of the Cocos Keeling Islands and Christmas Island to participate in Kimberley Regional Group projects by mutual agreement with the associated costs of the projects to be divided in equal shares between all project participants.

Governance structure

The four local governments are represented by one delegate each to comprise the four members of the KRG, with one of these nominated as the Chairperson. The KRG is supported by a CEO advisory group. The Board does not have the powers of a local government or a Council and cannot make decisions with bind a local government in the exercise of its statutory authority.

Operational Support

Administration of the KRG is undertaken by one member Council. Administration has rotated around the members. Secretariat functions are outsourced to an external contractor. Funding for the secretariat is through annual member contributions.

Performance framework

KRG Pillars	KRG Strategies
People	Advocate
Place	Facilitate
Prosperity	Partner
Performance	Fund
	Promote
	Monitor

Details:

The KRG’s current work focus includes:

- Development and agreement on high level regional strategies and policy positions
- Regional representation and advocacy
- Development of collaborative submissions
- Collaborative funding for delivery of Kimberley wide projects based on strategy and policy– ie investment prospectus, website

Kimberley Regional Group: Minutes 15 June 2023

Criteria for considering a governance model

The following criteria are suggested for considering the governance model for the KRG;

- Delivering on KRG’s vision and mission
- Delivery on KRG’s objectives
- The administrative cost and burden
- Resourcing requirements to deliver the model
- The broader political operating environment, State and Federal regional structures and systems (Ie RDAs/RDCs)
- Complementing, not duplicating, the role of member Shires
- Delivering tangible benefits and outcomes for members
- Not running projects which may be more efficiently and effectively run by member Shires.
- A form follows function approach

Potential governance models for the KRG

Four governance models are presented for discussion.

1. A voluntary regional organisation of councils (VROC) – the current model

Regional Organisations of Councils, known as Voluntary Regional Organisations of Councils (VROC’s), are voluntary groupings of councils. VROCs usually involve collaborative partnerships between neighbouring councils in a particular area. They are diverse in size, structure and mandate, but all satisfy the criteria that members:

- join voluntarily.
- demonstrate their commitment in the form of financial and/or in-kind contributions.
- have agreed to a governance arrangement or some other formal set of objectives.
- recognise a range of common issues and interests.
- nominate representatives to the VROC’s executive board.

Advantages	Disadvantages
<ul style="list-style-type: none"> • Recognises commitment of partners • Ease of partner’s entry/exit • Can include industry partners • No regulatory oversight required • Significantly less compliance obligations than that of a regional council 	<ul style="list-style-type: none"> • Level of commitment might change with people. • Not legally binding • A host Council is required to carry out the financial control and any legal agreements.

2. A regional local government model, constituted under the Local Government Act WA.

The Local Government Act 1995 refers to Regional Local Governments in Part 3 (Division 4) Clause 3.61 as ‘Two or more Local Governments’ who may (subject to the Minister’s approval) ‘establish a Regional Local Government to do things, for the participants, for any purpose for which a Local Government can do things under this Act or any other Act’.

Under Part 3 (Division 4) Clause 3.62 the constitution and purpose of regional local government

- 1) A regional local government —
 - (a) is a body corporate with perpetual succession and a common seal; and
 - (b) is to have as its governing body a council established under the establishment agreement and consisting of members of the councils of the participants.
- 2) The purpose for which a regional local government is established (referred to in this Division as the regional purpose) is as set out in the establishment agreement.

Regional Local Governments, or Regional Councils as they are often known, normally exist in specialist areas such as waste management and are formed to oversee management of a particular function. A landfill site, for example, may serve six Local Governments, rather than each Council having individual facilities. A Regional Council may be established, consisting of members of each Council, to manage this facility. For example, the Southern Metropolitan Regional Council, comprising the LGAs of City of Cockburn, Town of East Fremantle, City of Fremantle, City of Kwinana and City of Melville was formed for waste management purposes.

Advantages	Disadvantages
<ul style="list-style-type: none"> A recognised structure under the LGA Act 1995 Operates under an ‘Establishment Agreement’. Provides a mechanism for management, administration, etc. Covers termination/dissolution including division of assets/liabilities or partner withdrawal. Is a body corporate – operate own bank accounts, invest and borrow money and make local laws. 	<ul style="list-style-type: none"> Inflexible Administrative/compliance requirements and costs. Extra level of management/administration CEO must be appointed under the LGA and salary determined by the Salaries and Allowances Tribunal.

3. An incorporated Association, model with a constitution outlining the roles and functions of the KRG and reporting requirements.

People with a common interest in activities such as sport, arts and culture, welfare, politics, or community service provision, decide to register as a 'not-for-profit' incorporated association because it enables them to create a separate legal entity through which to conduct their activities.

Section 3.60 of the Local Government act 1995 enables the formation, in specific circumstances, of an Incorporated Association.

3.60 No capacity to form or acquire control of body corporate

A local government cannot form or take part in forming, or acquire an interest giving it the control of, an incorporated company or any other body corporate except a regional local government or regional subsidiary unless it is permitted to do so by regulations.

[Section 3.60 amended: No. 26 of 2016 s. 6.]

Section 4 of the Associations Incorporation Act 2015 states that without limiting section 11(1), an association is eligible to be incorporated under this Act if:

- (a) it is formed and carried on for one or more of the following purposes:
 - (v) the purpose of establishing, carrying on or improving a community centre, or promoting the interests of a local community or a particular section of a local community;
 - (vi) the purpose of conserving resources or preserving any part of the environmental, historical or cultural heritage of the State;
 - (ix) the purpose of promoting the common interests of persons who are engaged in, or interested in, a particular business, trade or industry;
 - (x) any purpose approved by the Commissioner; and it has at least 6 members who under its rules have full voting rights; and it is not excluded by section 5 or under regulations made for the purposes of section 6.

Once an association becomes incorporated it acquires a new legal status – it becomes a legal entity in its own right, separate from the individual members. The Regional Capital Alliance of WA (RCAWA) are constituted under this model.

Advantages	Disadvantages
<ul style="list-style-type: none"> Formal agreement/constitution Rigour in structure. Allows involvement of industry groups if desired. Strong commitment. Greater flexibility than the existing regional council model. State Government has no oversight role on an incorporated association. Funding opportunities. 	<ul style="list-style-type: none"> This structure does not allow for the undertaking of legislated functions of a local government, For example, functions such as town planning, regional road construction, waste management, building and environmental health could not be undertaken by an incorporated association. Requires six members so may need more than the four Kimberley LGA's as members to be able to be formed.

Kimberley Regional Group: Minutes 15 June 2023

4. A Subsidiary Organisational Model

In 2016, the Local Government Act 1995 was amended to allow two or more local governments to establish a statutory corporation known as a regional subsidiary. A regional subsidiary is:

- managed by a board;
- governed by a charter; and
- a separate legal entity from the local governments who formed it.

The formation of a regional subsidiary is an exception to the general rule that local governments cannot acquire or form a corporation. However, a regional subsidiary can only be formed for non-commercial goals, such as providing services to the community or increasing the efficiency of existing local government operations. A subsidiary cannot borrow money from any entity aside from a member council. The debts of a subsidiary are also guaranteed by the local governments that formed it.

A regional subsidiary is designed to be a convenient way for local governments to pool their resources and cooperate more closely with neighbouring districts. In addition to increasing the efficiency of existing services, a regional subsidiary may increase the viability of new services which local governments want to provide. It may also form a mechanism for groups of local governments to come together to deal with region-specific issues. A regional subsidiary is:

- Similar to a Voluntary Regional Association of Councils (VROC) but is more binding on the participants.
- Similar to a Regional Council but has more flexibility and less reporting requirements.

The regional subsidiary is predominantly governed by its charter, which can be individually tailored to suit the subsidiary's activities and role in the community. Examples of what a regional subsidiary can potentially be formed to accomplish can include service provision; Community support; Facility management; Shared office services; Standardised procurement and tender processes; Local Road management; Regional advocacy; Tourism; Local implementation of State or Federal initiatives; and Community events and engagement.

The process for establishing a regional subsidiary is set out in the Local Government (Regional Subsidiary) Regulations 2017. This process involves: Preparing and advertising a business plan in each affected district; Drafting a charter for the subsidiary; and submitting the charter and business plan to the Minister for approval.

Once the Minister's approval is obtained, the subsidiary will exist as a legal entity from the day specified in the approval. Once a subsidiary is established, it will continue to operate as a separate legal entity until it is wound up in accordance with the charter or the Minister revokes the subsidiary's approval. The lifespan of a subsidiary will be specified in the subsidiary's charter, which in turn will depend on the role that the subsidiary is intended to perform.

Advantages	Disadvantages
<ul style="list-style-type: none"> • Formal agreement/constitution. • Governance structure. • Flexibility. • Accountability. • Allows involvement of industry groups if desired. • Designed for local government. 	<ul style="list-style-type: none"> • Currently constrained by provisions in the Local Government (Regional Subsidiaries) Regulations 2017 which: <ul style="list-style-type: none"> ○ prohibits a regional subsidiary from entering into any land transaction or trading undertaking (defined in s 3.59 of the LGA as

Kimberley Regional Group: Minutes 15 June 2023

<ul style="list-style-type: none"> • Can be used for all purposes envisaged by the PRC, and legislated functions of local government if desired down the track • Strong commitment. • Favoured by State Government, particularly if substantive local government service delivery is involved. 	<ul style="list-style-type: none"> any activity carried on by a local government with a view to producing profit); and <ul style="list-style-type: none"> ○ prohibits a regional subsidiary from borrowing money other than from one of the participating local governments. • Level of compliance, relative to Incorporated Association.

Attachment 10 KRG Signed MOU

Kimberley Regional Group Memorandum of Understanding

Background

In September 2010, the four Kimberley Shires, the Shire of Broome, Shire of Derby West Kimberley, Shire of Halls Creek and the Shire of Wyndham East Kimberley, came together as the Kimberley Regional Collaborative Group for the purpose of undertaking shared regional initiatives in the Kimberley region. Known today as the Kimberley Regional Group, the four Shires continue to show collective leadership and to work together to deliver positive outcomes and impact across the Kimberley region of WA.

Purpose of this MOU

This MOU outlines the vision, mission, objectives and shared values and principles of the Kimberley Regional Group. This MOU is to be read in conjunction with the Kimberley Regional Group Governance Agreement which outlines the governance and operational arrangements for the functioning of the Kimberley Regional Group to deliver on its vision, mission and objectives.

Our Vision

To maintain and enhance the rich diversity and liveability of the Kimberley Region for its people and the world.

Our Mission

To work collaboratively for the benefit of the people and the land of the Kimberley Region.

Kimberley Regional Group: Minutes 15 June 2023

Our Objectives

- To provide regional leadership.
- To advocate on regional issues as they are identified and supported by member Shires.
- To encourage and foster cooperation and resource sharing on a regional basis.
- To strive to achieve the Strategic Goals and Outcomes of the KRG in accordance with the KRG's Regional Strategic Community Plan, in a manner that enhances and assists the advancement of the Kimberley Region

Our Principles

- Respecting the diversity of people, environment and culture
- Working proactively
- Communicating effectively
- Valuing success
- Fostering innovation
- Adaptability
- Working efficiently
- Outcome and impact focussed.
- Consideration of the interests of all Shires

Our values

- Collaboration
- Respect
- Integrity
- Openness
- Trust

Term of the MOU

The term of this MOU mirrors the term of the Kimberley Regional Group Governance Agreement which is four years from the date of the signing of the Agreement.

13. Kimberley Regional Group Priority Action List

Item for Discussion

Submitted by: Secretariat

Attachment 11: KRG Prioritised Action List

Attachment 12: KRG Full List of Ranked Projects

Purpose

To confirm priority actions for the KRG over the next twelve months.

In summary

- In November 2022 the Kimberley Regional Group held a workshop to discuss key priorities.
- At the February 2023 meeting the KRG noted a draft action plan from the workshop.
- At the April 2023 meeting the KRG noted the Workshop Report and the Priority Action List and confirmed the priority focus areas of housing; community safety and crime prevention; government services; juvenile justice; management of alcohol and other drugs; and prosperous diverse economy, and key actions to be progressed over the next six months
- Given the extensive list of actions, the Executive Team, after discussion with the KRG secretariat, has prioritised the actions based on determining their impact and effort and their priority – this is outlined in the attached Priority Action 2023/24 list.
- Given that at the action plan was developed to reflect KRG priorities, it is recognised that these actions are all important. The comments section has outlined where other agencies may be authorised to or better placed to drive some of these actions vis a vis the KRG being the lead.
- Feedback from the KRG if the actions that have been prioritised reflects the KRG delegate's focus.
- It must be noted that the priority actions do not preclude other activities from occurring, in particular seizing opportunities as they arise.

Background:

- As above

Details:

The Executive Team undertook a workshopping exercise to go through all of the actions coming out of the Strategic Plan and applied a rigorous assessment to identify highest priority actions. This assessment applied a matrix methodology using impact and effort rankings based on feasibility and cost to determine these actions. The following activities are the key actions based on the scoring method.

Kimberley Regional Group: Minutes 15 June 2023

Risk:

- Operational - Without agreement on the priority work to be progressed by KRG members and the Executive Team opportunities may be missed

	Monitor and advocate	Understand current incentives to support local jobs in the region ie DAMA. Advocate for increased financial and tax incentives to support local business and industries.	5	3	3	11	Consultant Core role of the CCI
	Advocate	Understand government's policy for renewable energy and advocate for renewable energy options.	5	3	3	11	

Our Performance – Provision of Government Services

Objective	Strategies	Actions	I	E	P	T	Comment
Improved government planning and co-ordination of services to deliver better outcomes.	Advocate	Improved District Leadership governance and accountability.	4	2	3	9	Communities are meant to drive this.
	Advocate	Advocate for MOG initiatives around better place based regional service delivery to be progressed.	5	2	5	12	
	Advocate	Development of and whole of government reporting on Kimberley service targets.	4	1	2	7	Government and Treasury would need to drive this
	Monitor	Understand the level of subsidy Shires are providing for core government services.	5	2	5	12	Consultant
	Advocate Monitor and facilitate	Understand state and federal Government service allocation models across the Kimberley – Advocate for a community service needs assessment and a co-designed government service model. Develop a policy position on Hub and Spoke vs place-based service provision.	5	1	5	11	Consultant
Advocate	Development of the WADI to inform the allocation of funding and services.						
	Advocate	Sustainable funding of community services.	5	1	2	8	WACOSS is leading this agenda
	Monitor and Advocate	Develop a scope of works and commission research to understand the funding shortfall facing Kimberley Councils to inform an advocacy strategy for increased financial assistance from state and federal government.	5	3	5	13	Consultant
HOUSING		See Housing Section					
EMERGENCY MANAGEMENT	Advocate	Increase support for mitigation measures, infrastructure replacement to be more resilient. Removal of the distinction between ordinary and additional costs in NDR payments. Streamlined contracting and procurement processes, surety to payments, and immediate access to NDR funds.	5	3	5	13	SWEK Disaster Resilience Study may inform this Opportunity to put submissions to Senate and Funding reviews
HEALTH	Advocate	Expansion of mental health services. Expansion of family and domestic violence services. Expansion of Aged care services. Health facilities that are fit for purpose in Aboriginal communities.	5	4	3	13	Good data needed Opportunity to partner with Kimberley NGOs on joint advocacy.
EDUCATION AND TRAINING	Advocate	Advocate for the Department of Education to develop a Truancy Action Plan. Advocate for alternative educational options – is a stockman's academy/cattle and kids programs. Develop advocacy document to support the provision of enhanced post school employment pathways. Advocate for a Kimberley Schools Program that addresses the support young people need to attend school - food / fatigue / shelter.	3	3	3	9	Consultant
JUSTICE AND PUBLIC SAFETY		See Community Safety and Crime Prevention Section					

14. Natural Disaster Resilience and Recovery Inquiries

Item for Discussion

Submitted by: Executive Officer

Purpose:

To provide an update to members on current emergency management review processes and work being progressed by the KRG.

In summary

- Two Federal emergency management review processes are underway;
 1. Independent Review of Commonwealth Disaster Funding,⁶ with an 18-month timeframe; and;
 2. A Senate Select Committee on Australia's Disaster Resilience to inquire into Australia's preparedness, response and recovery workforce models, as well as alternative models to disaster recovery⁷ with an open time-frame.
- Submissions are being prepared for the KRG for both reviews, based on information provided by members.
- At a state level the State Emergency Management Committee (SEMC) and the WA Local Government Association (WALGA) are working with key stakeholders to identify issues with Local Emergency Management Arrangements (LEMA) and investigate and develop options for improving the LEMA process.
- The aim of the LEMA Review is to develop a LEMA Improvement Plan, including an implementation plan, by 30 June 2023.

Background:

Kimberley Shires have consistently raised concerns with Federal, State and local emergency management arrangements. These two inquiries provide an opportunity to again highlight the issues facing Kimberley Councils in relation to emergency management. The Secretariat will prepare a KRG submission for these inquiries based on input from members, including information in individual Council submissions and evidence presented by Councils to the inquiries.

The Senate Committee is undertaking public hearings. Hearings were held between the 15th and 17th of May 2023 in Kununurra, Fitzroy Crossing and Broome, with transcripts of these hearings on the Committee website. There was good representation from the Kimberley Regional Group with all four Shires appearing at the hearings.

People who appeared before the Senate Committee in Kununurra were

- Berger, Mr Chuck, Chief Executive Officer, Kimberley Development Commission,
- **Chafer, Mr Tony, Deputy President, Shire of Wyndham East Kimberley,**
- Jenkins, Ms Prue, Chief Executive Officer, Wunan Foundation,
- McConachy, Mr Michael, Managing Director, Aviair, and Managing Director, Helispirit,

- Ross, Mr Joe, Private capacity
- Thomas, Ms Sue, Strategic Policy Lead, Marninwarntikura Women's Resource Centre

A briefing is scheduled with the Secretariat on the 7th of June 2023 to discuss opportunities for the members of the Kimberley Country Zone to contribute their insights into this review noting that there will be multiple opportunities to engage throughout the review process.

Details:

The following provides more details on each of these inquiries.

One - Independent Review of Commonwealth Disaster Funding

The Australian Government has commissioned an [Independent Review of Commonwealth Disaster Funding](#). The Review considers how Commonwealth arrangements for disaster funding can be optimised to enable a system which supports wellbeing, national productivity, prosperity, and economic security and maintains state, territory and local government roles and responsibilities in the context of projected increase in natural disasters over the coming decades. Andrew Colvin AO has been named as the Independent Reviewer and will be supported in his Review by the National Emergency Management Agency (NEMA) Review Taskforce and the Deloitte Independent Review Team.

The KRG Executive Officer attended a WA briefing on this review held by the Deloitte's review team on Wednesday 7th June 2023. It is expected that the Review will take 18 months and there will be extensive consultation across all levels of government, as well as with industry, businesses, community groups, and the not-for-profit sector. A final report is expected to be provided to Government in April 2024.

Terms of Reference

The review is to consider and report on:

- The Commonwealth arrangements for funding disaster risk reduction, preparedness, response and recovery and identify the areas of reform required to ensure they support a system that is scalable, sustainable, effective, equitable, transparent and accessible.
- Options to embed resilience and risk reduction into response and recovery funding and how the Commonwealth can incentivise states and territories to better manage risks and mitigate recovery costs.
- Options within Commonwealth, states and local governments (including cost sharing) to encourage greater investment in disaster risk reduction and resilience to help constrain growing disaster recovery costs.
- Areas of further work (outside of the scope of the review) that would help to enhance Australia's overall disaster risk reduction, recovery and response efforts, including through the private sector.

This will include an examination of:

- Australia's funding environment, in the context of the multiple natural disasters over the last three years and the projected escalating costs of recovery due to the likely increase of natural disasters.
- Areas of duplication/gaps/opportunities to streamline funding to align with best practice.
- Processes, protocols and guidelines (e.g., funding activations, evidence and eligibility criteria, audit requirements).
- Commonwealth investments in other portfolios (as determined by the Review) which deliver disaster resilience outcomes and how transparency and reporting can be improved to provide a more complete and accurate picture of Commonwealth investment.

Kimberley Regional Group: Minutes 15 June 2023

Two - The Senate Select Committee on Australia's Disaster Resilience

This Committee was appointed by resolution of the Senate on 30 November 2022 to inquire into Australia's preparedness, response and recovery workforce models, as well as alternative models to disaster recovery. The committee will consider the role of the Australian Defence Force, volunteer groups, not-for-profit organisations and state-based services, and the support required to improve Australia's resilience and response to natural disasters.

The Chair of the Committee is Senator Jacqui Lambi. The Hon. Linda Reynolds, Senator for WA, is a committee member.

Terms of Reference

The Committee is to inquire into and report on:

- (a) current preparedness, response and recovery workforce models, including:
 - i. the role of the Australian Defence Force in responding to domestic natural disasters,
 - ii. the impact of more frequent and more intense natural disasters, due to climate change, on the ongoing capacity and capability of the Australian Defence Force,
 - iii. the impact on the Australian Defence Force in responding to domestic natural disasters, and
 - iv. the role of Australian civil and volunteer groups, not-for-profit organisations and state-based services in preparing for, responding to and recovering from natural disasters, and the impact of more frequent and more intense natural disasters on their ongoing capacity and capability;
- (b) consideration of alternative models, including:
 - i. repurposing or adapting existing Australian civil and volunteer groups, not-for-profit organisations and state-based services, and
 - ii. overseas models and best practice;
- (c) consideration of the practical, legislative, and administrative arrangements that would be required to support improving Australia's resilience and response to natural disasters; and
- (d) any related matters.

The committee is currently accepting submissions on a rolling basis with no specific closing date.

Risk:

Reputational - if key issues facing Kimberley communities are not brought before the Committees
Financial – An opportunity cost to prosecute the case for increased and more timely investment into emergency management in the Kimberley.

Attachment 13 High-level 2023/24 State and Federal Budget Summary

Federal Budget 2023 - 2024

The Federal Budget 2023/24, Stronger foundations for a better future, was handed down in May 2023. A key part of this budget was preparing to respond to structural shifts shaping the economy including the growing care and support economy, expanding use of data and digital technology, and climate change and the net-zero transformation.

The Australian Local Government Association (ALGA) welcomed the Federal Budget as a solid investment in local government, with councils receiving \$3.1 billion in Financial Assistance Grants over the next 12 months. However, ALGA stated that it is disappointing that another Federal Budget has passed without the Government delivering on their pre-election promise of 'fair increases' to these grants. ALGA commented that Councils would miss the Local Roads and Community Infrastructure (LRCI) Program, which was not extended in the Budget⁸. ALGA noted that the LRCI Program will be partially offset by two new urban funding programs – a \$200 million Thriving Suburbs Program and a \$150 million Urban Precincts and Partnerships Program, alongside the Growing Regions and Regional Precinct Funds.

WALGA stated that, *"It is disappointing the Government did not deliver on its commitment to a fair and reasonable increase in Financial Assistance Grants. This year, \$3.1 billion has been provided for Financial Assistance Grants funding, with WA to receive \$376.9 million. Financial Assistance Grants now represent 0.5% of total Commonwealth Tax revenue, down from 0.52% in 2022-23."*

The information presented below outlines budget highlights for regional WA⁹. These initiatives include funding over the forward estimates.

- Establish a **Regional Investment Framework** (People; Places; Services and Industry) and restore the **'State of the Regions'** reporting.
- \$600 million **Growing Regions** Program for community and economic infrastructure projects.
- \$200M **Disaster Ready Fund** continues.
- \$236.0 million over 10 years to remediate **flood warning infrastructure**.
- \$10 million National **Waste Education Campaign**.
- \$1.7 million to update **'Our North, Our Future: White Paper on Developing Northern Australia**.
- \$43.6 million to **establish the National Road Safety Action Grants Program**.
- \$8.5 million to increase funding for the **Regional Arts Fund**.
- \$13.5 million for **an additional round of the Remote Airstrip Upgrade Program**.
- \$83.2 million over 4 years to **establish a national Net Zero Authority**
- \$1 billion to **strengthen Australia's biosecurity system**.
- \$5.6 million to **phase out of live sheep exports**.
- \$5 million to develop a renewed Australian **Animal Welfare Strategy**
- \$199.8 million to **address entrenched community disadvantage**, which includes \$100 million to establish a **social impact investment Outcomes Fund**.

⁹ This is taken from the Regional Ministerial Budget Statement 2023–24 Working Together To Build Strong And Sustainable Regions, A Statement by The Hon Catherine King MP Minister for Infrastructure, Transport, Regional Development and Local Government and The Hon Kristy McBain MP Minister for Regional Development, Local Government and Territories, 9th May 2023

Kimberley Regional Group: Minutes 15 June 2023

Housing

- Tax deductions to encourage investment and construction in **build-to-rent**.
- \$2 billion increase to **NHFIC Government-guaranteed liability cap** to enable more low-cost loans to Community Housing Providers
- Amending NHFIC's Investment mandate to allocate a **minimum of 1,200 homes to be** in each state and territory.
- \$2.7 billion to **increase the maximum rates of the Commonwealth Rent Assistance (CRA)** allowances by 15 per cent.
- \$1 billion **Household Energy Upgrades Fund** to improve energy performance.
- \$300 million **energy performance upgrades in 60,000 social housing properties**.
- \$36.7 million to modernise and **expand energy efficiency standards**, includes expanding Nationwide House Energy Rating Scheme

WA Government Budget 2023 / 24

The WA 2023-24 Budget, handed down in May 2023, aims to deliver cost of living support for all Western Australians. It provides further investment in health, housing supply, and WA's transition to clean energy¹⁰. Budget papers indicate;

- A \$3.3 billion **net operating surplus** forecast for 2023-24 as a result of strong increase in royalty income, Commonwealth Grants, and property tax revenues. Surpluses in excess of \$2 billion are expected to be maintained across the forward estimates.
- **Net Debt** \$27.9 billion at 30 June 2023.
- An ongoing funding commitment to the **State Road Funds to Local Government**.

The information below is taken from the budget papers, WA government media releases¹¹ and WALGA's budget analysis¹². **Kimberley specific initiatives highlighted in red.**

General interest

- \$1.25 million **Urban Greening Grants** in partnership with WALGA.
- \$40 million to **accelerate critical minerals discoveries**.
- \$7.3 million **New Industries Fund**.
- \$3 billion to **decarbonise electricity production**.
- \$2.75 million **Aboriginal Tourism Fund**.
- \$3.6 million to assist with **mid-tier transport planning**.
- \$5.5m to DPLH to integrate climate adaption into policy and planning frameworks.
- Additional \$15 million to the **Community Sport and Recreation Facilities Fund**.
- Additional \$1.1 million to Department of Fire and Emergency for a new **Emergency Services Act**.
- \$81.7 million to upgrade and maintain the State's **emergency radio network**.
- \$24.4 million to appoint 29 dedicated **disaster recovery officers**.
- Additional \$52.5 million for **Family and Domestic Violence services**.

Kimberley Regional Group: Minutes 15 June 2023

- \$24.4 million to implement initiatives in **Planning Reform Phase Two**. This includes the establishment of a determination pathway for State and regionally significant developments.
- \$77 million to manage and protect **Aboriginal cultural heritage** including support for new Local Aboriginal Cultural Heritage Services.

Regional – generic

- \$2.7 billion to **subsidise the cost of water and electricity to regional residents**.
- \$20.7 million boost for **Regional Airfare Zone Cap**.
- \$29.9 million for regional **ports** upgrades.
- \$750,000 for a study into **Remote Aboriginal Community Airstrips**.
- \$6.5 million to **Implement the Aquaculture Development Plan for WA**
- Additional \$12 million for the **Regional Development Assistance Program** for residential, industrial, commercial and tourism-related land and infrastructure projects.
- \$13.6 million **Aboriginal Ranger Program**.
- \$3.7 million **Climate resilience in Aboriginal communities**.
- \$3.13 million **Rural Water Planning Program**.
- \$2.2 million **EV Smart Charger and Vehicle-to-Grid trial through Horizon Power**.
- \$2 million from the New Industries Fund to **support regional entrepreneurs** in the innovation sector.
- \$2.5 million to increase the travel accommodation allowance for **regional TAFE students**.
- \$2.9 million weekly allowance for **regional students studying a Diploma of Nursing**.

Regional health and mental health

- Over \$2.2 billion per annum on **regional health and mental health services**.
- \$28.5 million for initiatives to **attract and retain key health and mental health professionals**, primarily to work in regional WA, with **priority given to hard-to-staff sites**.
- \$24.4 million to extend the 24/7 **Mental Health Emergency Telehealth Service**.
- **\$5.4 million to continue the delivery of psychiatric services in the East Kimberley.**
- **\$8.2 million to upgrade WA Country Health Service staff housing, including safety and security upgrades in the Kimberley.**
- \$6.3 million to extend **regional cancer services**.
- Additional \$6.7 million towards **Regional Renal Support Teams**.

Housing

- \$48 million in training initiatives to **expand the residential construction workforce**.
- Additional \$61.6 million for **Government Regional Officer Housing (GROH)**.
- \$49 million to partner with community housing providers to provide **100 social homes across regional WA** in a supported landlord model for rough sleepers.
- \$450 million into the **Social Housing Investment Fund**.
- **Additional \$1.3 million through the North-West Aboriginal Health Fund to deliver more affordable accommodation for medical service employees in Halls Creek.**

Roads, ports and airports

- Additional \$407 million on regional road projects and initiatives.
- \$175 million boost to the Commonwealth-State funded Regional Road Safety Program.
- **\$15 million for upgrades at the Port of Broome, including a new concrete deck.**
- **\$1.8 million for electrical upgrades at the ports of Wyndham and Derby.**

Kimberley Regional Group: Minutes 15 June 2023

- \$800,000 to lock in a permanent **third weekly return air service between Kununurra, Halls Creek and Balgo.**
- \$2.3 million to **seal Warmun airstrip.**

Key Kimberley initiatives include:

- \$3.1 million to expand the **Heavy Vehicle Driver Training Program** to Kimberley and Pilbara.
- \$8.7 million to facilitate **agricultural development in the Ord River Irrigation Area** through managing environmental obligations.
- \$3 million to extend the **Affordable Airfares program** for a further twelve months, subsidising over 34,000 airfares from Perth to Broome and Kununurra.

Building safe, strong and fair regional communities, with initiatives in the Kimberley including:

- \$11.7 million to **extend Operation Regional Shield**, to deliver police into regional communities experiencing youth crime issues.
- \$11.8 million towards the **Kimberley Juvenile Justice Strategy**, including continuing successful night patrols and structured activities for young people.
- \$11.7 million to continue the **Target 120 rollout** across the regions.
- \$16.3 million to establish a **one-stop family and domestic violence hub in Broome.**
- \$1.1 million to continue the **Respectful Relationships Teaching Support Program** and the provision of culturally appropriate services for victims of family and domestic violence.
- \$10.4 million to enhance the **Banned Drinkers Register**, including across Kimberley.
- \$9.5 million to **consolidate accommodation in Kununurra** for WA Police and Departments of Communities and Justice.
- \$5.8 million to extend the successful **Driving Access and Equity program** to deliver driver training to disadvantaged young people.
- \$4.9 million to continue the **Regional Athlete Support Program.**
- an additional \$42.6 million for **upgrades to water and wastewater systems** in remote communities.

Tackling climate change through a \$3 billion package and protecting the environment. Kimberley initiatives include:

- \$31.3 million for an **Industry Support and Transition Package** and to support management of **the Buccaneer Archipelago Marine Parks.**
- \$2.2 million to deliver an Electric Vehicle Smart Charger and Vehicle-to-Grid trial through Horizon Power.

Flood Relief

- \$13.4 million to fund a taskforce to manage and support recovery - building on the multi-million-dollar support packages secured under joint Commonwealth-State Disaster Recovery Funding Arrangements, including funding temporary residential accommodation and a freight assistance scheme to support Kimberley businesses.

Ongoing commitments that build on the projects and programs already underway in the Kimberley, including:

- \$4.4 million for canteen upgrades and **new STEM classroom at Broome Senior High School.**
- \$10 million for a new classroom block and upgrades at **Halls Creek District High School.**
- \$51 million to **upgrade Duncan Road and Gordon Downs Road** in the Browns Range.

Kimberley Regional Group: Minutes 15 June 2023

- \$113 million for **the Ord River North, Great Northern Highway upgrades.**
- \$110 million over the next four years for **upgrades to Tanami Road**, near Sturt Creek.
- \$15 million to deliver the **Marlamanu on-country diversionary program.**
- \$6 million towards the **redevelopment of the Kununurra Aquatic and Leisure Centre.**
- \$2.3 million for upgrades to the **Warmun Community sporting facility.**

16. Kimberley Crime Statistics

Item for Noting

Submitted by: Submitted by: Secretariat

Attachment 14: Monthly Crime Statistic Trend data for 2022/23 for each Kimberley Town and Annual Crime Statistic Trend Data for Regional WA

Purpose:

To provide regional crime trend data to inform advocacy.

In summary

- The KRG Priority Action Plan lists community safety and crime prevention and juvenile just as a priority action area, with the presentation of regional crime statistics and trends at each KRG meeting.
- Trend data is presented for Kimberley towns for 2022/23, noting that this data was updated on the 4th May 2023
- Crime Statistics for Regional WA as a benchmark comparison. It must be noted that this presents annual from 2013/14, and the last column presents data for 2022/23.
- The Crime Statistics as presented are raw data. There is no whole of Kimberley statistics or analysis of them, for example offences as a percentage of the population or demographic characteristics.

Background:

- WA Police Crime statistics are updated onto the WA Police website on a quarterly basis in the last week of January, April, July and October, noting that offence count data is subject to revision as police investigations may not be finalised at the time the data is published.
- The crime statistics are reported based on the location the offence occurred.
- It must be noted that crime statistics may be influenced by a wide range of factors; including, but not limited to, population size, infrastructure (such as shopping centres and entertainment precincts), seasonal trends, and the extent to which crime is reported to or detected by police. Consideration should be given to factors influencing crime when interpreting statistics.

Details:

From the data the major offence across the Kimberley is Assault (Family). This is the case for regional WA. Other key offences are stealing, property damage, dwelling burglary and breaches of violence restraining orders. Broome has fraud and related offenses that are not seen in other towns, apart from Kununurra which is at a lower percentage. The key offences are mirrored in the crime statistics for regional WA. The key difference between the Kimberley and the regional statistics relates to graffiti and drug offences.

It would be interesting to know if the impact of the Kimberley floods led to reduced crime in Fitzroy Crossing and increasing crime in Derby and Broome in January and February 2023.

Kimberley Regional Group: Minutes 15 June 2023

Risk:

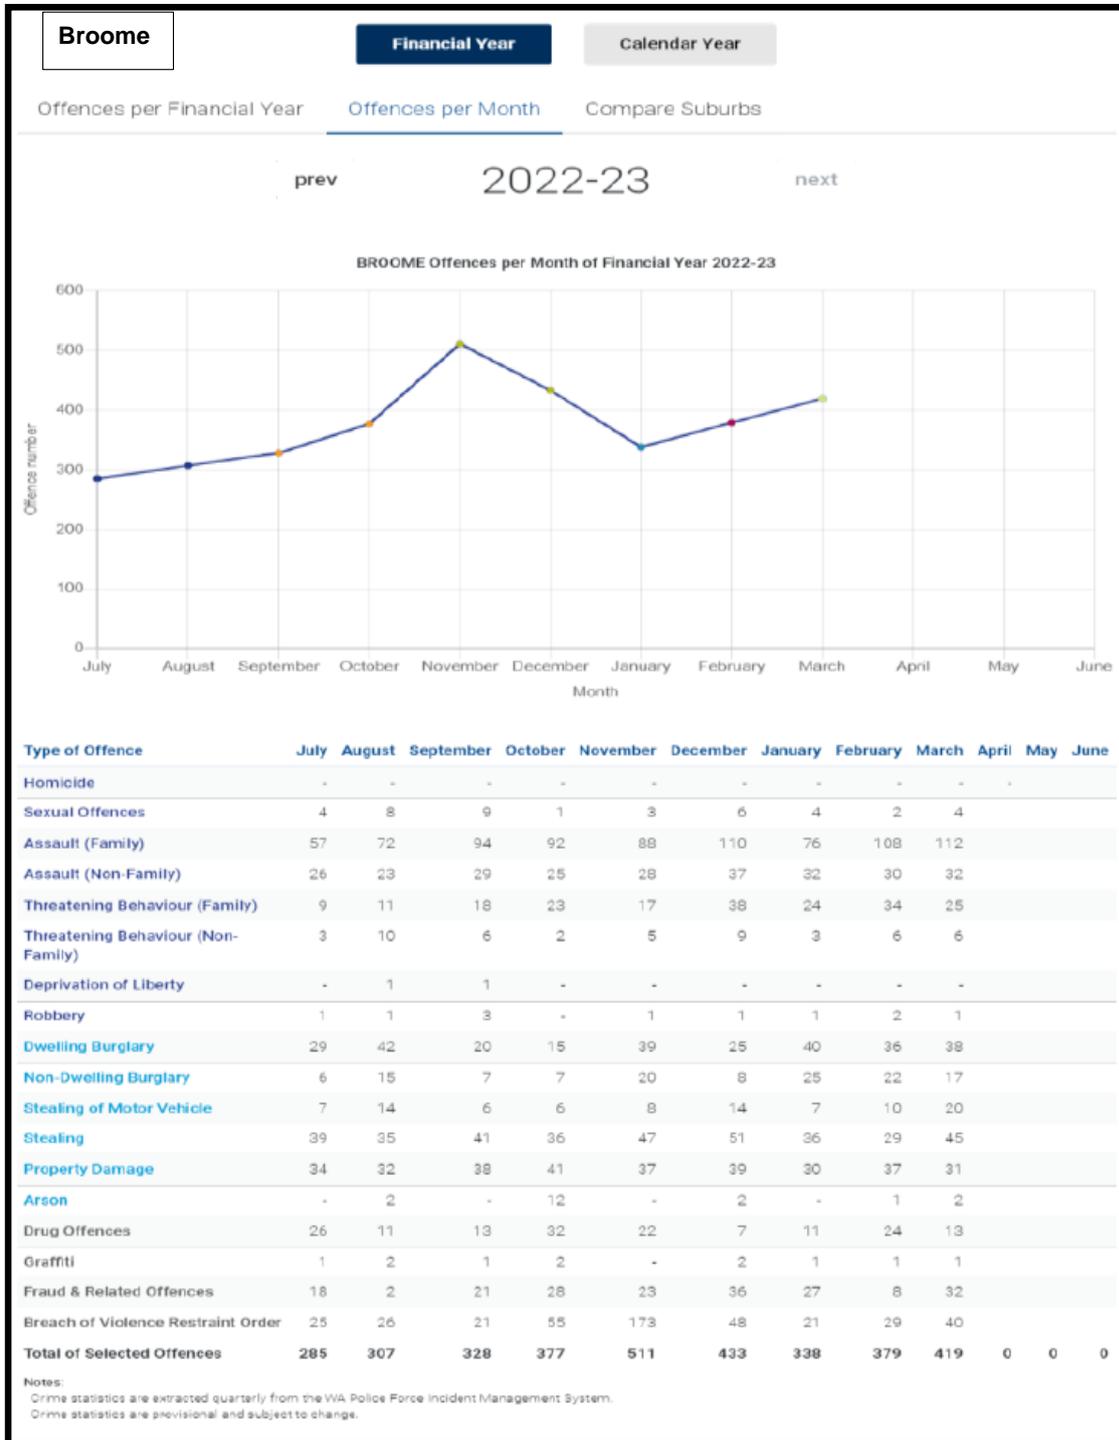

Reputational risk - Advocacy may not be credible if not informed by an evidence base.

17. Website and Social Media

Item for Noting

Submitted by: Executive Officer

Purpose:

To update the members on the status of the Kimberley Regional Group Website and Linked In account.

Background:

The KRG is a powerful voice for the Kimberley region taking a whole of region perspective on social and economic issues. To maximize opportunities to drive the KRG agenda, a communications and media policy has been developed for KRG endorsement. This policy recommends a website as a tool to raise the profile of the KRG and the KRG's policy and advocacy agenda.

The KRG members made a resolution at the February meeting to establish a website, with Eclipse Design Solutions being appointed as the web designer. Also, under the adopted communication strategy, a presence on LinkedIn was to be established and linked with the website.

Details:

The KRG draft temporary website can be viewed at: https://kimberleyrg.wpengine.com/?page_id=95. Work is still being conducted on the site in the week of 11/6/2023, so it is advised that members wait until 15/6/2023 to view it. Once feedback on the design and content is received, the site will be made live. It contains a link to the newly formed Linked In site: Kimberley Regional Group of Local Governments, which can also be viewed.

Updates to the site will be made on an as-needs basis and will include updated documents, submissions, and reporting on KRG events and advocacy.

Risk:

Reputational - Without a website, the profile of the KRG is diminished

Financial – the operational cost to keep the website contemporary is addressed by having a website that can be updated by the Executive.

19. Around the Grounds

Matter for Discussion

Submitted by: Executive Team

Purpose:

This session provides an opportunity for members to share information of a local or regional nature that may provide opportunities for collaboration, or may serve the purposes of sharing a learning that could impact the region as a whole.

Details:

Since the inception of this agenda item in February 2023, two events were deemed major enough to steer discussion: the floods and the Canberra visit. For this meeting, it has been left to each Shire to introduce a topic/s of their choice that they deem relevant for the group. It is the intention that each Shire can hold the floor for up to 5 minutes, after which the item can either be followed up out of session or raised as an agenda item for the next meeting.

Attachment 16: Funding Split & Multi-Criteria Assessment Model for RPG funding – WALGA presentation

Funding Split & Multi-Criteria Assessment Model for RPG funding

Regional Road Group (RRG) Responsibilities

SRFLG Agreement

- The RRG will make recommendations to SAC in relation to the Annual Local Roads Program for their Region
- Road Project Grants are to be used for specific projects that are assessed and prioritised by the RRG in accordance with the SRTLG Procedures and ROADS 2040.
- RRG funds are to be distributed on a priority basis using a process that is agreed to by the RRG and endorsed by SAC.

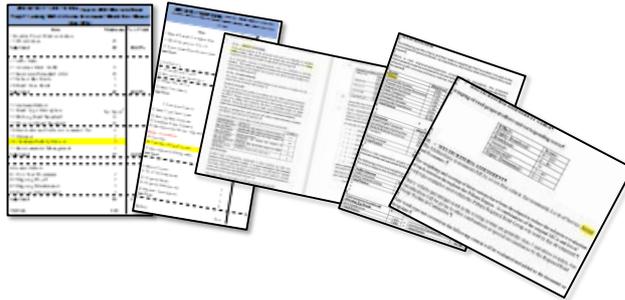

New Criteria

- 
- Sustainability
 - Road Safety

Multi-Criteria Assessment (MCA) Model

- Purpose of the MCA is to prioritise Road Project Grant funding
- Developing the annual Local Government roads program uses an MCA Model
 - Different for each region
 - Preservation / Improvement projects handled differently between regions
 - Criteria vary between regions
 - Weighting varies between regions
 - Under direction of SAC WALGA has developed a unified framework.

Regional Road Group (RRG) Responsibilities

SRFLG Procedures

- RRG responsible to regularly review project prioritisation methodologies for annual distribution of road funds...
- Road Project Grants are used for specific road projects assessed and prioritised by the RRG using their documented methodology
- Using a suitable method of project evaluation or prioritisation the RRG shall determine the particular projects recommended to SAC for funding

Steps

- **Decide funding model**—
current 4 way split does not meet Agreement conditions
- **Develop MCA weightings and scoring**
- **Draft documentation / RRG procedures**
- **Submit to RRG and SAC for approval**
- **Validation**
- **Implementation**

Possible Funding Models

- **Option 1: Funding allocation based solely on MCA**
 Advantages: Defendable
 Disadvantages: Unpredictable split
- **Option 2: Funding based on MCA but with caps and floors per Shire . E.g. min \$0.5m, max \$1.0m**
 Advantages: Defendable and fair
 Disadvantages: Unpredictable split
- **Option 3: Divide funds using APV with MCA cut off / prioritise at LG level**
 Advantages: Defendable
 Disadvantages: Substantial reduction for Broome
- **Option 4: Divide funds using 75% APV / 25% population with MCA cut off / prioritise at LG level**
 Advantages: Defendable, similar to present split
 Disadvantages:

Option 3: APV

Split based on the APV

LG	APV	%
Broome	4,718,918	15.5
SWEK	8,910,709	29.2
SDWK	9,558,415	31.3
Halls Creek	7,344,980	24.1

Option 4: APV and Population

Split based on the 75% APV + 25% population factor

LG	APV	%	Population	%	%split
Broome	4,718,918	15.5	16222	44.6	22.7
SWEK	8,910,709	29.2	7148	19.6	26.8
SDWK	9,558,415	31.3	8914	24.5	29.6
Halls Creek	7,344,980	24.1	4105	11.3	20.9

Preservation Criteria for MCA
