2 WALGA State Council Agenda and Report on State Council Actions (Separately Attached)

1.1 Presidents Report – Attachment 1

President's Report March 2025

Introduction

It's been a busy start to 2025, and the pace looks set to continue throughout the year!

2025 is the Year of the Election – with State, Federal and Local Government elections all occurring this year.

For the State Government election, WALGA has focused on advocacy around our "The West at it Best" advocacy campaign. Responses to our campaign from the major parties are outlined further in this report.

I look forward to working with everyone across the sector, as we progress Local Government initiatives and positions.

State and Federal Elections

The 2025 State Election campaign is now well under way, with all parties announcing a range of commitments in recent months.

I am pleased that WALGA's State Election Campaign has been successful in securing commitments for a number of important initiatives aligned with the priorities outlined in WALGA's *The West at its Best* policy platform. To date, these include:

Labor

- Expansion of the regional road safety program to local roads (\$125 million)
- 23 new signalised crossing to replace warden-controlled children's crossings (\$17.7 million). 10 of these align with WALGA's list of priority crossings.
- Funding for six new Community Emergency Services Manager (CESM) positions (\$3.5 million)
- Dedicated State Bushfire Mitigation Branch to undertake mitigation works on unallocated crown land, unmanaged reserves. Support LG to manage the risk on road verges and provide support during major incidents
- Commitment to double Perth's tree canopy cover to 30% by 2040, new urban canopy growth program (\$10 million) and 'treebates' to encourage Western Australians to plant native trees
- Regional housing package, including new and refurbished social housing, additional GROH homes and stamp duty relief for first homebuyers (\$145 million)
- Expansion of the PATS rebate by more than 50% and expansion to include dental services and allied health (\$34 million)
- Range of infrastructure projects to improve community sport and recreation facilities across the state (\$186 million), including \$30 million additional funding for infrastructure upgrades to support women's participation in sport

Nationals

- Emergency management initiatives including funding to clear the backlog of facility upgrades under the Local Government Grant Scheme and expansion of the CESM program with 27 additional positions (\$136 million)
- Regional headworks fund (\$1 billion)
- Safer local roads program, applying targeted treatments to 8,200km of local roads (\$276 million)
- Boost to PATS and expansion to allied health and dental services (\$100 million)
- Implement a comprehensive State Planning Policy for renewable energy, mandate community impact assessment and community benefit funds with a baseline contribution of 1.5%
- Increase the Community Sport and Recreation Facilities Fund to \$40 million per annum, and develop 10 year regional sporting plans.

Liberal

- Housing infrastructure investment fund to support enabling infrastructure such as sewerage, roads and water (\$500 million)
- Create a new Regional Housing Infrastructure Program, to support headworks in regional areas and unlock housing (\$100 million)
- Regional health initiatives including increasing PATS fuel and accommodation allowances, more career paramedics in regional WA, and patient transport in the Wheatbelt (\$87 million)

WALGA has also prepared a policy platform for the 2025 Federal Election, and has provided this to the Federal Government and WA Members of Parliament and candidates and is seeking opportunities for further discussions in coming weeks.

Polyphagous shot hole borer (PSHB)

WALGA's advocacy on this issue has continued, most recently concerns were expressed by the sector regarding inadequate access to relevant information on the location of PSHB infestations and positive traps in their areas ([WALGA boss Karen Chappel slams attempts to withhold vital biosecurity information on the invasive borer](#)). WALGA is continuing to push for Local Governments to be included in, and funded through, the national Response Plan. While we have made some progress, as outlined in the Item for Noting in the State Council Agenda, there is still considerable work to be done to eradicate this pest.

Renewable Energy

Following the Forum hosted by WALGA at the end of last year, WALGA is progressing the development of a Community Benefits and Engagement Guide to assist Local Governments when working with proponents on large scale renewable energy projects. Interested Local Governments will have the chance to provide input into the Guide over the coming months.

WALGA is continuing its advocacy work with ongoing engagement with relevant State Government Ministers and discussions with key government agencies. In January The West Australian published my 'Op-ed' piece [Locals must have input in renewable plans and the answer is blowing in the Wind](#), which stressed the need for a framework to assist industry proponents and Local Governments entering renewables discussions.

The Minister for Energy; Environment; Climate Action has responded to my correspondence on this issue, acknowledging Local Governments' concerns and reinforcing the role of Powering WA to engage with the sector to better understand the opportunities and challenges faced by their communities.

Disaster Ready Fund (DRF) Round Three

Applications for Round Three of the [Disaster Ready Fund](#) (DRF) close on 2 April 2025. The DRF significant funding source for Local Government disaster resilience and risk reduction projects, with

\$200 million of Commonwealth investment available across all jurisdictions in 2025-26. Round Two funded 17 Local Government projects WA valued at over \$23 million, including fire danger rating signage, community education, evacuation centre improvements and infrastructure projects. Round Three has a greater focus on infrastructure projects with up to \$138 million dedicated to infrastructure projects with a minimum value of \$500,000.

Local Government Legislative Reform

The Local Government Amendment Bill 2024 was Assented to on 6 December 2024.

Some of the items have come into effect immediately are:

- Clarified Roles and Responsibilities of Council, Council Members, Mayors and Presidents and CEOs
- Local Law Reforms
- Committees of Council – Councils to appoint Committee chairs
- Owner and Occupier roll changes

Regulations relating to Superannuation for Elected Members have recently been gazetted.

It is worth noting that Superannuation came into effect on 1 February 2025 as discretionary for Local Governments. Local Governments will need to make a decision by Absolute Majority if they wish to pay superannuation to Elected Members.

The regulation to mandate Bands 1 and 2 to pay superannuation to Elected Members will take effect from 19 October 2025.

Therefore, those Band 1 and 2 that have not resolved to pay superannuation, will be required to pay Superannuation to Elected Members from 19 October 2025.

Other items will require regulations and further work: including:

- Development Assessment Panel (DAP) Functions
- Office of the Local Government Inspector
- Local Government Monitors
- Independent Member and Chair of Audit, Risk and Improvement Committee
- Clarified Regional Subsidiaries Provisions
- Unreasonable / Vexatious Complaints
- Changes to Local Government Borrowing Powers

In addition, regulations relating to Tranche 1 amendments are still required:

Amendments yet to commence include:

- Council Plans
- Standardised Meeting Procedures
- Communications Agreement
- Community Engagement Charter and Surveys
- Publication of CEO Performance Review (consultation has commenced)
- New Lease and Contract Registers (consultation has commenced)

In respect to CEO Matters and Online Registers, WALGA circulated an Info Page and Discussion paper, seeking feedback on draft regulations. Responses are requested by 19 March and will inform a State Council Agenda item to go through the April round of Zone meetings.

Reconciliation at WALGA

WALGA has embedded the development and implementation of an Innovate level Reconciliation Action Plan (RAP) as a strategic initiative in the 2025-2029 Strategic Plan.

This new RAP is intended to complement the broader work already undertaken by the organisation to support the efforts of Local Governments to progress reconciliation at the local level, including the Aboriginal Engagement Forum, training and education opportunities, Employee Relations support and facilitating links to reconciliation organisations.

President Cr Karen Chappel AM JP
WALGA President

President's Contacts

The President's contacts since 6 December 2024 and scheduled before 5 March 2025 are as follows:

State and Commonwealth Government Relations

- State Road Funds to Local Government Advisory Committee Meeting
- Hon John Carey MLA, Minister for Planning; Lands; Housing; Homelessness
- Hon Hannah Beazley MLA, Minister for Local Government; Youth

Zone Meetings

- Avon Midland Country Zone Meeting
- North Metro Zone Meeting
- Pilbara Country Zone Meeting
- Central Metropolitan Zone Meeting
- Kimberley Zone Meeting
- Northern Country Zone Meeting

Local Government Relations

- State Council Meetings
 - Information Forum
 - Local Government House Trust
 - Finance and Services Committee
- ALGA
 - Board Meeting & Strategic Planning Retreat
- LGIS
 - JLT Management Committee
 - Risk and Audit Committee
- - City of Vincent - Mayor Alison Xamon & CEO David MacLennan
 - Growth Areas Perth and Peel (GAPP) Meeting
 - Lord Mayors Distress Relief Fund AGM & Board Meeting

Conferences, Workshops, Public Relations

- WALGA Wrap 2024
- WALGA Urban Forest Conference
- Certificate 3 in Local Government Virtual Graduation
- Seven West Media Leadership Matters Breakfast with Libby Mettam
- Seven West Media Leadership Matters Breakfast with Premier Hon Roger Cook MLA

1.2 Reports from Representatives

WALGA –

- Cr Karen Chappel, Manager Governance and Procurement, WALGA
- Nick Sloan, CEO
- Jaxon Ashley, Road Safety Advisor, WALGA
- Sam McLeod, Manager Commercial Services, WALGA

5.2.1 Reports from Department of Local Government, Sport and Cultural Industries Report

Report will be provided once available.

5.3 Reports from Kimberley Country Zone

The following table provides a summary of Matters for Decision that will be considered at the WALGA State Meeting on 5 March 2025, and provides an update on Matters for Noting. For full details of items, including background material and discussions, please see separately attached WALGA State Council Agenda (Attachment 2).

5.3.1 Item/Matters for Decision

Item / Matters for Decision As per State Council Agenda	WALGA Recommendations
<p>8.1 Climate Change Advocacy Position</p>	<p>That State Council replace the 2018 Climate Change Policy Statement Advocacy Position 4.1 Climate Change with the following advocacy position:</p> <p><i>Climate Change significantly impacts Local Governments’ operations and responsibilities, as well as their communities.</i></p> <p><i>Local Government is committed to taking climate action, including by:</i></p> <ul style="list-style-type: none"> • reducing operational emissions in line with Australian and Western Australian Government 2050 net zero targets • providing leadership and support to their communities to reduce carbon emissions • embedding climate risk management into their operations to enhance adaptation and build community resilience to the impacts of climate change • working with other levels of Government and key stakeholders to ensure policy and on-ground programs are effective, equitable and targeted. <p><i>WALGA calls on the Australian and Western Australian Governments to provide the necessary climate leadership, coordination, and action to:</i></p> <ol style="list-style-type: none"> 1. Ensure Australia and Western Australia meet net zero emissions targets through: <ol style="list-style-type: none"> a. enacting legislation which sets clear, measurable targets for emission reduction b. developing and funding coordinated emissions reduction policies, guidance and programs c. acknowledging the role of Local Government as an implementation partner in emissions reduction policy and planning. 2. Empower Local Government to accelerate adaptation and build resilience in their communities through: <ol style="list-style-type: none"> a. ensuring the roles and responsibilities set out under the Council of Australian Governments Roles and Responsibilities for Climate Change Adaptation in Australia are implemented and adequately resourced b. providing up to date, consistent and accessible data to enable evidence-based decision making and investment

Item / Matters for Decision As per State Council Agenda	WALGA Recommendations
	<p>c. developing national guidance on adaptation responses to facilitate coordinated and equitable planning and implementation.</p> <p>3. Provide funding and resources and support to Local Government to enable on-ground implementation, including for:</p> <ol style="list-style-type: none"> a. the implementation of the Regional Climate Alliance Program across Western Australia b. the establishment and maintenance of corporate emission inventories and action plans c. providing transformational investment to facilitate emission reduction activities d. undertaking climate risk assessments and the development of adaptation action plans e. a dedicated adaptation fund to address localised climate risks and build climate resilience. <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> • WALGA’s current climate change Policy Statement and Advocacy Position were endorsed by State Council in 2018. • There have been significant legislative and policy changes at both the Australian and State Government level since that time. The impacts of climate change are also being increasingly felt across Western Australia, putting Local Government in a challenging position with limited resources and support to mitigate emissions and adapt. • Feedback from the sector through climate surveys, undertaken every two years, and targeted consultation confirms that significant resourcing and funding gaps exist for Local Government to effectively respond to climate change. • The updated Advocacy Position focuses on the urgency and scale of climate impacts and calls for a comprehensive framework, and action, to enable Local Government to manage the impacts of climate change and build resilient communities. • The Environment Policy Team endorsed the Advocacy Position at their 11 December 2024 meeting. <p>ATTACHMENT</p> <ul style="list-style-type: none"> • Climate Change Legislative and Policy Context <p>POLICY IMPLICATIONS</p> <p>The revised advocacy position is intended to be an overarching sector position on climate change. Other advocacy positions, including Urban Forest (4.5), Renewable Energy (6.16, 6.17, 6.18), Emergency Management (8.1, 8.2, 8.11) and Coastal Planning (6.8) provide a sector position on specific climate related matters.</p> <p>The existing Policy Statement and Advocacy Position is:</p> <p>4.1 Climate Change <i>Local Government acknowledges:</i></p>

Item / Matters for Decision As per State Council Agenda	WALGA Recommendations
	<ol style="list-style-type: none"> 1. The science is clear: climate change is occurring and greenhouse gas emissions from human activities are the dominant cause. 2. Climate change threatens human societies and the Earth's ecosystems. 3. Urgent action is required to reduce emissions, and to adapt to the impacts from climate change that are now unavoidable. 4. A failure to adequately address this climate change emergency places an unacceptable burden on future generations. <p><i>Local Government is committed to addressing climate change. Local Government is calling for:</i></p> <ol style="list-style-type: none"> 1. Strong climate change action, leadership and coordination at all levels of government. 2. Effective and adequately funded Commonwealth and State Government climate change policies and programs. <p>It is proposed that the current advocacy positions be replaced with:</p> <p>Climate Change</p> <p><i>Climate Change significantly impacts Local Governments' operations and responsibilities, as well as their communities.</i></p> <p><i>Local Government is committed to taking climate action, including by:</i></p> <ul style="list-style-type: none"> • reducing operational emissions in line with Australian and Western Australian Government 2050 net zero targets • providing leadership and support to their communities to reduce carbon emissions • embedding climate risk management into their operations to enhance adaptation and build community resilience to the impacts of climate change • working with other levels of Government and key stakeholders to ensure policy and on-ground programs are effective, equitable and targeted. <p><i>WALGA calls on the Australian and Western Australian Governments to provide the necessary climate leadership, coordination, and action to:</i></p> <ol style="list-style-type: none"> 1. <i>Ensure Australia and Western Australia meet net zero emissions targets through:</i> <ol style="list-style-type: none"> a. <i>enacting legislation which sets clear, measurable targets for emission reduction</i> b. <i>developing and funding coordinated emissions reduction policies, guidance and programs</i> c. <i>acknowledging the role of Local Government as an implementation partner in emissions reduction policy and planning.</i> 2. <i>Empower Local Government to accelerate adaptation and build resilience in their communities through:</i> <ol style="list-style-type: none"> a. <i>ensuring the roles and responsibilities set out under the Council of Australian Governments Roles and Responsibilities for Climate Change Adaptation in Australia are implemented and adequately resourced</i> b. <i>providing up to date, consistent and accessible data to enable evidence-based decision making and investment</i>

Item / Matters for Decision As per State Council Agenda	WALGA Recommendations
	<p>c. <i>developing national guidance on adaptation responses to facilitate coordinated and equitable planning and implementation.</i></p> <p>3. <i>Provide funding and resources and support to Local Government to enable on-ground implementation, including for:</i></p> <p>a. <i>the implementation of the Regional Climate Alliance Program across Western Australia</i></p> <p>b. <i>the establishment and maintenance of corporate emission inventories and action plans</i></p> <p>c. <i>providing transformational investment to facilitate emission reduction activities</i></p> <p>d. <i>undertaking climate risk assessments and the development of adaptation action plans</i></p> <p>e. <i>a dedicated adaptation fund to address localised climate risks and build climate resilience.</i></p>
<p>8.2 Waste Management Legislation Advocacy Position</p>	<p>That State Council replace the Waste Management Legislation Policy Statement and Advocacy Position 7.1 Waste Management Legislation with the following advocacy position:</p> <ol style="list-style-type: none"> 1. Local Government supports Australian and State Government waste management legislation which: <ol style="list-style-type: none"> a. includes requirements for national and state waste strategies which support Local Governments to implement the strategies and achieve targets b. focuses on coordinated action and clear roles and responsibilities c. establishes a lead agency for waste management d. establishes and maintains a regulated product stewardship framework for all products entering the Australian market e. includes provisions to optimise market development and participation in waste processing. 2. Local Government calls for the Waste Avoidance and Resource Recovery Act 2007 to be amended to include: <ol style="list-style-type: none"> a. Waste education in the definition of Waste Services b. Circular Economy principles. <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> • WALGA’s current Waste Management Legislation Policy Statement and Advocacy Position were adopted in 2004. • The Policy Statement outlines Local Government's position on waste management legislation in Western Australia and sets out the key objectives waste management legislation should achieve. • WALGA used the Waste Management Policy Statement to inform advocacy on the development, and reviews, of the <i>Waste Avoidance and Resource Recovery Act 2007</i> (WARR Act). • The current Advocacy Position, and many of the elements in the policy statement, are no longer relevant as they have been achieved.

Item / Matters for Decision As per State Council Agenda	WALGA Recommendations
	<ul style="list-style-type: none"> • The revised Advocacy Position focuses on both Australian and State Government legislation and reflects the shift in focus from traditional waste management towards a circular economy approach. • The Municipal Waste Advisory Council endorsed the new Advocacy Position at its meeting on 11 December 2024. <p>POLICY IMPLICATIONS</p> <p>The existing Policy Statement and Advocacy Position is:</p> <p><i>Local Government supports waste management legislation that references the principles of Sustainability and the Waste Hierarchy.</i></p> <p><i>To be effective, waste management legislation should include the following primary objectives:</i></p> <ol style="list-style-type: none"> 1. Protection of human health and the natural environment; 2. Minimise resource consumption; 3. Minimise waste; and 4. Effect the transition to a waste-free society. <p>It is proposed that the current advocacy positions be replaced with:</p> <ol style="list-style-type: none"> 1. Local Government supports Australian and State Government Waste Management Legislation which: <ol style="list-style-type: none"> a. includes requirements for national and state waste strategies which support Local Governments to implement the strategies and achieve targets b. focuses on coordinated action and clear roles and responsibilities c. establishes a lead agency for waste management d. establishes and maintains a regulated product stewardship framework for all products entering the Australian market e. includes provisions to optimise market development and participation in waste processing. 2. Local Government calls for the Waste Avoidance and Resource Recovery Act 2007 to be amended to include: <ol style="list-style-type: none"> a. Waste education in the definition of Waste Services b. Circular economy principles.

4.3.2 Policy Team and Committee Reports and Matters for Noting

Item / Matters for Noting / Information	WALGA Recommendations
<p>9.1 Infrastructure Policy Team Report</p>	<p>That State Council:</p> <ol style="list-style-type: none"> 1. Note the report from the Infrastructure Policy Team for the 5 March 2025 meeting. 2. Determine to: <ol style="list-style-type: none"> a. Delete Advocacy Position 5.2.8 (Towards Zero Road Safety Strategy 2008 – 2020). b. Amend the title of Advocacy Position 5.2.7 from Road Safety Strategy (Imagine Zero) to Driving Change Road Safety Strategy 2020-2030. c. Delete the fourth dot point in Advocacy Position 5.2.7 “...the retention of WA’s Default Open Speed Limit at 110 km per hour and opposes the proposed reduction to 100 km per hour...” <p>MATTERS FOR STATE COUNCIL DECISION</p> <p>WALGA’s advocacy positions are reviewed and updated to ensure that they remain contemporary. The Towards Zero Road Safety Strategy 2008 – 2020 was superseded with “Driving Change, Road Safety Strategy for Western Australia 2020 – 2030”. Advocacy Position 5.2.7 refers to this, the current strategy.</p> <p>Advocacy Position 5.2.7 was endorsed by State Council during the consultation phase of the current road safety strategy. At that time the name of the strategy had not been determined. The proposed title change reflects the final name of the strategy.</p> <p>In May 2023 WALGA’s State Council adopted advocacy position 5.2.3 Speed Management Reform which provides a set of principles for guiding WALGA’s advocacy on the many and varied aspects of the complex topic of travel speeds in the context of the road networks managed by the 139 Local Governments in WA. It is proposed that this May 2023 advocacy position replaces the previous position in scope, currency and utility.</p> <p>The previous position was established on the basis of consultation and feedback (by a consultant on behalf of the WA Government) from some Local Governments in the early 2000s. Both the consultation question and the position are narrow and specific in scope.</p> <p>MATTER FOR STATE COUNCIL NOTING</p> <p>The Policy Team progressed actions and advocacy in relation to:</p> <ul style="list-style-type: none"> • Regional telecommunications service levels, including impact of closure of the 3G network. • Development of contemporary advocacy positions relating to active transport.

Item / Matters for Noting / Information	WALGA Recommendations
9.2 People and Place Policy Team Report	<p>That State Council note the People and Place Policy Team meeting report for the 5 March 2025 meeting.</p> <p>The People and Place Policy Team have not had a meeting since the last State Council meeting in December 2024.</p>
9.3 Governance Policy Team Report	<p>That State Council note the Governance Policy Team meeting report for the 5 March 2025 meeting.</p> <p>The Governance Policy Team have not had a meeting since the last State Council meeting in December 2024.</p> <p>The next meeting is scheduled for March.</p>
9.4 Environment Policy Team Report	<p>That State Council note the Environment Policy Team meeting report to the 5 March 2025 meeting</p> <p>MATTERS FOR STATE COUNCIL DECISION</p> <p>The Environment Policy Team agreed to recommend that State Council replace WALGA's existing Advocacy Position 4.1 Climate Change (see item 8.1).</p> <p>MATTERS FOR STATE COUNCIL NOTING</p> <p>Item 10.5: Polyphagous shot-hole borer Update</p> <p>The Policy Team discussed the following matters referred by Zones:</p> <ul style="list-style-type: none"> • Whale carcass management: Goldfields Esperance Country Zone requests that WALGA advocate for a government policy change to allow towing of whale carcasses before they wash ashore. WALGA notes the feedback and will investigate if there is further action on the issue. • Service Stations / Sensitive Land uses: South Metropolitan Zone requests that WALGA supports the review of the EPA and advocates for the review of the GS3. WALGA will raise the need for a review of this Guideline through its representation on the EPA Stakeholder Reference Group, then consider further advocacy on this matter. • State Planning Policy 3.6 - Infrastructure Contributions (Community Infrastructure Cap): North Metropolitan Zone recommends that WALGA advocate to the State Government for indexation of the community infrastructure cap defined in the State Planning Policy. WALGA made a submission strongly opposing the introduction of a contribution cap. WALGA is also working with the Growth Alliance Perth and Peel Local Governments to develop a set of advocacy positions in relation to the development contribution plan arrangements. <p>PORTFOLIO UPDATES</p>

Item / Matters for Noting / Information	WALGA Recommendations
	<p>WALGA staff provided the Policy Team with updates on:</p> <ul style="list-style-type: none"> • Polyphagous shot-hole borer • Review of the DAP advocacy position • Avian Influenza (H5 Clade 2.3.4.4b) • National Water Agreement. <p>The Policy Team also noted that the development of an updated Water Advocacy Position is underway.</p>
<p>9.5 Municipal Waste Advisory Council (MWAC) Report</p>	<p>That State Council note the Municipal Waste Advisory Council report to the 5 March 2025 meeting.</p> <p>MATTERS FOR STATE COUNCIL DECISION</p> <p>MWAC agreed to replace the Waste Management Legislation Policy Statement and Advocacy Position 7.1 Waste Management Legislation (see item 8.2).</p> <p>MATTERS FOR STATE COUNCIL NOTING</p> <p>MWAC considered the following matters:</p> <ul style="list-style-type: none"> • Circular Economy Advocacy Position: WALGA's advocacy in relation to circular economy has identified that action is required from all levels of Government. The development of an advocacy position on Circular Economy is far broader than the waste management considerations. Comprehensive consultation on the advocacy position is planned for 2025. • E-Cigarette Collection Study: Following the successful completion of the Collection Study, MWAC discussed advocacy options to ensure the community access to safe disposal/recycling avenues for e-cigarettes, with a focus on minimising risks to waste management collection and processing infrastructure. • Waste Processing Contingency Planning: WALGA has consistently advocated for effective contingency planning for waste management, most recently as part of the review of the State Waste Strategy. Several recent issues have highlighted the challenges facing the sector and the limited options for processing of some materials. MWAC discussed governance models and contingency planning options for Western Australia. <p>UPDATES</p> <p>MWAC noted the following updates:</p> <ul style="list-style-type: none"> • Policy Statement Review Update • Better Practice Document Review Update • Review of DWER Waste Education • Review of Recycling and Waste Reduction Act • Review of Local Government Waste Reporting Requirements • Queensland Fruit Fly (Qfly) Outbreak • MWAC 30 Year Anniversary.

Item / Matters for Noting / Information	WALGA Recommendations
10.1 2025 Federal Election	<p>That State Council note the update on the 2025 Federal Election.</p> <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> The Federal election is due to be held on or before 17 May. Recent speculation suggests that a date in mid-April is likely. The Australian Local Government Association (ALGA) will run a Federal Election Campaign and has prepared a campaign website and assets that Local Governments can use to promote and support the campaign issues. To complement ALGA's advocacy, WALGA has prepared a policy platform highlighting priority issues for WA Local Governments. The document will form the basis of WALGA's advocacy leading into the Federal election and has been distributed to WA Members of Parliament and candidates. <p>ATTACHMENT</p> <ul style="list-style-type: none"> WALGA 2025 Federal Election Priorities
10.2 2025 State Election	<p>That State Council note the update on the 2025 State Election campaign.</p> <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> WALGA's State Election campaign has been running since November 2024, and aims to secure commitments from the major parties to the priority areas identified in <i>The West at its Best</i> policy platform. Since the beginning of the year, parties have been announcing a raft of commitments for the next term. WALGA has been successful in securing commitments to a range of initiatives that are aligned with our election priorities.
10.3 Large Scale Renewable Energy Update	<p>That State Council note the update on WALGA's renewable energy policy and advocacy activities.</p> <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> Western Australia's energy industry is transforming to achieve the goal of net zero emissions by 2050. Western Australia does not have a plan or framework that provides a consistent approach to how proponents of major energy projects consult with local communities and how they can share in the benefits. State Council adopted a suite of renewable energy related advocacy positions in September 2024. WALGA has been progressing a number of initiatives to support Local Governments since State Council endorsed three energy transition advocacy positions last year. In correspondence to WALGA, the Minister for Energy; Environment; Climate Action has acknowledged Local Governments' concerns and reinforced the role of Powering WA to engage with the sector to better understand the opportunities and challenges faced by their communities.

10.5 Polyphagous Shot-hole Borer Update	<p>That State Council note the update on Polyphagous shot-hole borer response and WALGA advocacy.</p> <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> • In March 2024, State Council considered the Polyphagous shot-hole borer (PSHB) biosecurity response as an emerging issue, noting: <ul style="list-style-type: none"> ○ The significant threat PSHB presents to growth and retention of urban forests. ○ WALGA and Local Government engagement in the PSHB response. ○ The importance of shared surveillance by government, industry and community to assist with eradication efforts. ○ The need for funding to replace trees lost due to PSHB and ameliorate the long-term urban canopy impact. • Over the past year, WALGA and Local Governments have escalated PSHB advocacy and political engagement, amid concerns that insufficient resources and State Government process issues will fail to eradicate the borer. • Advocacy priorities have included: <ul style="list-style-type: none"> ○ Recognition of the impact of PSHB on the urban canopy, and funding for replacement of trees lost to PSHB infestation. ○ Increased resourcing of the eradication response, including funding for Local Government in recognition of the sector's significant (>\$2 million) investment towards response operations to date. ○ A more efficient and agile response. ○ Research on innovative control strategies, biology and behaviour in WA's environment, and new approaches to improve surveillance efficiency. • Advocacy wins have included: <ul style="list-style-type: none"> ○ The State Government's investment of \$7.2 million in the WA Tree Recovery Program for PSHB. ○ WA Agricultural Research Collaboration (WAARC) delivery of \$2 million for PSHB Research in late 2024. • Despite some progress over the past year, further action is needed. WALGA is advocating for: <ul style="list-style-type: none"> ○ More funding and resources to support the PSHB response, including for Local Government. ○ Local Government to be represented on the national body overseeing the development of the new national PSHB Emergency Plant Pest Response Plan, which will supersede the existing plan by June 2025. ○ Research and development to be embedded and funded as part of the PSHB Response Plan. ○ Removal of restrictions on access to detailed data on the location of infested premises and positive trap detections to enable Local Governments to better target surveillance efforts and assist with early detection. ○ An intensified public awareness campaign. • WALGA is currently preparing a submission to the National Consultative Committee on Emergency Plant Pests on key priorities for inclusion in the new PSHB Response Plan. <p>POLICY IMPLICATIONS</p> <p>This item is relevant to the 4.4 Post Border Biosecurity, 4.5 Urban Forest and 4.7 PSHB Advocacy Positions.</p>

<p>10.6 December 2024 Economic Briefing</p>	<p>That State Council note the December 2024 Economic Briefing.</p> <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> The latest WALGA Quarterly Economic Briefing was released in December 2024. The Australian economy grew just 0.8% in the year to September. Western Australia's economy is the standout performer nationally, with State Final Demand increasing 2.5% and employment up 4.5% in the last 12 months. The WA Treasury released the 2024–25 Government Mid-year Financial Projections Statement on 23 December 2024. Local Government costs increased 3.3% over the last 12 months, with employee costs a key driver. The next Economic Briefing will be released in March 2025. <p>ATTACHMENT</p> <ul style="list-style-type: none"> Economic Briefing
<p>10.7 Flying Minute: Submission on the Productivity Commission Inquiry – Opportunities in the Circular Economy</p>	<p>That State Council note the Submission on the Productivity Commission Inquiry – Opportunities in the Circular Economy, as endorsed by State Council via Flying Minute.</p> <p>EXECUTIVE SUMMARY</p> <ul style="list-style-type: none"> The Productivity Commission is inquiring into Australia's opportunities for a circular economy to improve materials productivity and efficiency in ways that benefit the economy and the environment. The Inquiry Terms of Reference were released on 23 August 2024 and a Call for Submissions Paper was released on 16 September 2024. The consultation closed on 1 November. WALGA requested, and received, an extension to 15 November 2024. WALGA's Submission identifies WA circular economy success stories, key circular economy opportunities, barriers for Local Government in Western Australia and roles for Government. The transition to a circular economy has the potential to reduce cost of living pressures, maximise the use of resources and reduce a range of environmental impacts associated with the manufacture, distribution and post-consumption management of products. For these benefits to be realised, action is needed from all levels of Government to change legislation and policies where required, put in place relevant incentives and lead by example. The draft Submission was endorsed by MWAC on 23 October 2024 and by State Council via Flying Minute on 13 November 2024. It was provided to the Productivity Commission on 15 November 2024. <p>ATTACHMENT</p> <ul style="list-style-type: none"> Flying Minute Submission on the Productivity Commission Inquiry. <p>POLICY IMPLICATIONS</p> <p>WALGA's Submission aligns with WALGA Advocacy Positions:</p>

6. Draft Operational Procedure 113: Operational Boundaries and Asset Maintenance Responsibilities: Rural Regions

Item for Discussion

Submitted by: Mark Bondietti, Policy Manager, Transport and Roads
Max Bushell, Senior Policy Advisor, Road Safety and Infrastructure

Attachment 3: Operational Procedure 113 Draft (attached separately)

Background

WALGA has received a draft copy of the MRWA *Operational Procedure 113: Operational Boundaries and Asset Maintenance Responsibilities, Rural Regions* (OP 113) for review and comment. The purpose of OP 113 is to provide principles and practical guidance for determining how the responsibility for maintaining the different parts of highways and main roads is to be allocated between Main Roads and Local Governments. As such, the document provides essential guidance for the limits of maintenance responsibilities for Local Governments and will be relied on to resolve disputes between the parties. It is therefore of high importance and careful scrutiny is encouraged.

OP 113 will effectively supersede the *Operational Responsibility for Public Roads in Western Australia, 2009* (OP 2009) which was the result of extensive negotiations between Main Roads WA, IPWEA and WALGA and covered both Metropolitan and Regional scenarios. This document was never formally adopted but has nevertheless guided decision making over the years.

In 2019, *Operational Procedure 112: Operational Boundaries and Asset Responsibilities, Metropolitan Region* was published by Main Roads after consultation with Metropolitan Regional Road Groups and WALGA. Operational Procedure 112 and 113 draw heavily on the content of the 2009 document and will effectively supersede it.

The document outlines the limits of responsibilities in the following situations:

- Highways in Built Up Areas
- Highways in Rural Areas
- Bridges, Pathways, and Drainage Structures
- Stormwater Infrastructure
- Lighting
- Public Transport Facilities
- Roadside Facilities
- Signs & Traffic Control Devices
- Fences
- Graffiti
- Vegetation Control in Built Up Areas
- Vegetation Control in Rural Areas.

Indicative drawings are also provided, indicating limits of responsibility.

Comment

The principles set out OP 2009 were broadly agreed by all parties at the time and WALGA has therefore reviewed OP 113 relative to OP 2009. Much of the text in OP 113 has been drawn directly from OP 2009 and the documents are in general alignment. However, WALGA has noted some discrepancies and concerns summarised below:

1. Introduction

Refers to additional works to be funded from the SRFLGA. Additional works are not defined, and any funding changes would be for SAC approval. WALGA recommends this principle be removed.

1.7 Maintenance Responsibility Guidelines

The draft OP 113 states that the “tangent point area” of a Local / State Road intersection will remain the responsibility of the LG. This principle was previously disputed and has not been tested. If the parties agree that Main Roads will maintain this area in accordance OP 113, then there is no necessity to include this statement.

Point (3) refers to funding for reseal works of the tangent area to be provided from the SRFLGA. Any changes to funding arrangements would be for SAC approval. For certain specified projects, funding could be allocated through Strategic Initiatives

2.1.4 & 2.2.5 Driveways

States that Main Roads is not responsible for the maintenance of private driveways. Main Roads is responsible for approvals and the private owner is responsible for maintenance. In built up areas Local Governments may be responsible to issue work permits. This clause needs to be expanded to confirm the role of Local Government.

2.5 Lighting

Add an additional section stating the costing arrangements as per OP 2009. In particular the principle that Main Roads will subsidise 50% of the installation, maintenance and operating cost when Local Governments install lighting on ordinary highways in built up areas.

2.6.2 Bus Passenger Facilities

Part (2) add “in accordance with the partnership agreement between WALGA and the PTA”

Figures 6,7,8,9,10,11,12 &13

The key to these figures states, “Main Roads Responsibility (resurfacing)”, resurfacing to be replaced with “maintenance”. According to the text and definitions, maintenance is defined as all works of any description required to keep the road serviceable, not just resurfacing.

Next Steps

Zones are requested to scrutinise OP 113 and provide feedback to WALGA in the following areas.

- Does current and desirable practice correspond to the principles outlined in the OP 113?
- Are there any areas of responsibility or principles not addressed in the OP 113?
- Do any of the proposed allocations of responsibility entail substantial budgetary impacts to Local Governments?
- Any additional concerns or comments.

Discussion at the Zone meeting is encouraged. Any written feedback should be provided by Friday, 28 February, to infrastructure@walga.asn.au.

This document and draft OP 113 have also been provided to all regional CEOs and Infrastructure Directors providing opportunity for feedback directly to WALGA.

Following the February 2025 round of Zone meetings, WALGA will collate all feedback and provide a consolidated submission back to Main Roads WA.

Resolution/s		Action(s)	
That the Kimberley Country Zone: 1. Notes Operational Procedure 113: Operational Boundaries and Asset Management Responsibilities, Rural Regions; 2. Notes that Local Governments may submit written feedback directly to WALGA for consideration; 3. Provide comments on Operational Procedure 113: Operational Boundaries and Asset Maintenance Responsibilities;		Members to provide any written feedback to WALGA for consideration by 28 February 2025.
